### A. ORIGIN OF THE REPORT

A1. Name of contracting Party: {TOKEN:ATTRIBUTE_1}
A2. Information on national contact responsible for preparation of the report:
A2a. Title
Mr
A2a[other]. Title [Other]
A2b. Family name
Weinseiss
A2c. First name
Andreas
A2d. Full name of institution
Federal Ministry of Labour, Social Affairs, Health and Consumer Protection
A2e[A122]. Mailing address [Mailing address 1]
Radetzkystraße 2
A2e[A123]. Mailing address [Mailing address 2]
A2e[A124]. Mailing address [Post code]
1030
A2e[A125]. Mailing address [Post box]

A2e[A126]. Mailing address [City]	Vienna
A2f. Country	Austria
A2g. E-mail	andreas.weinseiss@bmgf.gv.at
A2h. Alternative email address	
A2i. Telephone number	0043171100644452
A2j. Fax number	0043171344042257
A3. Signature of government official submitting the report:	
A3a. Title	Mr
A3a[other]. Title [Other]	
A3b. Family name	Pietsch
A3c. First name	Franz
A3d. Full name of institution	Federal Ministry of Labour, Social Affairs, Health and Consumer Protection
A3e[A122]. Mailing address [Mailing address 1]	Radetzkystraße 2
A3e[A123]. Mailing address [Mailing address 2]	
A3e[A124]. Mailing address [Post code]	1030
A3e[A125]. Mailing address [Post box]	
A3e[A126]. Mailing address [City]	Vienna
A3f. Country	Austria
A3g. E-mail	franz.pietsch@bmgf.gv.at
A3h. Alternative email address	
A3i. Telephone number	0043171100644375

A3j. Fax number

## B1. TOBACCO CONSUMPTION

B1. Prevalence of tobacco use
B11. Smoking prevalence in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered, e.g. 15 years old and over, 18-64 years; see B112)
B11A[1_SQ001]. Current smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
30.2
B11A[1_SQ002]. Current smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
13.7
B11A[2_SQ001]. Current smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
24.0
B11A[2_SQ002]. Current smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
11.5
B11A[3_SQ001]. Current smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
27.0
B11A[3_SQ002]. Current smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
12.7
B11B[1_SQ001]. Daily smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
22.5
B11B[1_SQ002]. Daily smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
16.9
B11B[2_SQ001]. Daily smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
18.7
B11B[2_SQ002]. Daily smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
13.7

B11B[3\_SQ001]. Daily smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

20.6

B11B[3\_SQ002]. Daily smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]

12.7

B11C[1\_SQ001]. Occasional smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

7.7

B11C[2\_SQ001]. Occasional smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

5.2

B11C[3\_SQ001]. Occasional smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

6.4

B11D[1\_SQ001]. Former smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

31.5

B11D[2\_SQ001]. Former smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

26.7

B11D[3\_SQ001]. Former smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

29.0

B11E[1\_SQ001]. Never smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

38.3

B11E[2\_SQ001]. Never smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

49.3

B11E[3\_SQ001]. Never smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

44.0

B111. Please indicate the smoking tobacco products included in calculating prevalence for question B11:

Cigarettes, cigars, pipes.

B112[1\_SQ001]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][From]

15

B112[1\_SQ002]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][To]

99

B113A. Please indicate the year of the data used to answer question B11:

2015

B113B. Please indicate the source of the data used to answer question B11:

General Population Survey on substance use

B114[SQ001]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Current smoker]

People smoking at least one cigarette/cigar/pipe within the last 30 days, including people smoking on a daily or nearly daily basis (i.e. sum of daily and occasional smokers)

B114[SQ002]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Daily smoker]

People smoking on a daily or nearly daily basis within the last 30 days

B114[SQ003]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Occasional smoker]

People smoking on a sporadic basis within the last 30 days

B114[SQ004]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Former smoker]
People who smoked within the last 12 months but not within the last 30 days and people who did not smoke within the last 12 months but on a regular basis before
B114[SQ005]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Never smoker]
People who never smoked on a regular basis
B115. Please provide a brief explanation of the trend in smoking prevalence in the adult population in the past two years or since submission of your last report.
The data we used to answer question B11 is from 2015. After this there was only one report on smoking prevalence in the adult population (Eurobarometer 2017). The data of the Eurobarometer 2017 contains not that detailed information as asked in this questionnaire and as provided by the General Population Survey on substance use 2015. So we decided to take the General Population Survey on substance use 2015 data to answer question B11. Question B115 is not easily to answer. Due to the Eurobarometer 2017 and 2014 there has been a little increase in the number of current smokers between 2014 and 2017 (28 % current smokers 2017, 26 % current smokers 2014). Compared to ATHIS 2014 (30 % current smokers in 2014) there was a decrease, compared to the General Population Survey 2015 (27 % current smokers 2015) an increase. There is no information on daily smokers in the Eurobarometer 2017. Due to the General Population Survey on substance use 2015 and 2008 the number of current smokers (both daily and occational) was declining for both men and women between 2008 and 2015. According to the ATHIS 2014 and 2006/07 surveys there has been an increase between 2006/07 and 2014 of daily smokers (24 % 2014, 23 % 2006/07). There is no information on current smokers in ATHIS 2006/07.
B12[B12a_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
15
B12[B12a_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
19
B12[B12a_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
29
B12[B12b_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
20
B12[B12b_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
24
B12[B12b_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
36
B12[B12c_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
25
B12[B12c_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
29
B12[B12c_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
34

B12[B12d\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

30

B12[B12d\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

39

B12[B12d\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

35

B12[B12e\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

40

B12[B12e\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

49

B12[B12e\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

35

B12[B12ee\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

50

B12[B12ee\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

59

B12[B12ee\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

37

B12[B12eee\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

60

B12[B12eee\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

69

B12[B12eee\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

22

B12[B12eeee\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

70

B12[B12eeee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]	79
B12[B12eeee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	15
B12[B12f_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]	15
B12[B12f_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]	19
B12[B12f_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	32
B12[B12g_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]	20
B12[B12g_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]	24
B12[B12g_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	34
B12[B12h_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]	25
B12[B12h_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]	29
B12[B12h_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	30
B12[B12i_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]	30
B12[B12i_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]	39

B12[B12i\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

27

B12[B12j\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

40

B12[B12j\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

49

B12[B12j\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

26

B12[B12jj\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

50

B12[B12jj\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

59

B12[B12jj\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

29

B12[B12jjj\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

60

B12[B12jjj\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

69

B12[B12jjj\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

18

B12[B12jjjj\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

70

B12[B12jjjj\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

79

B12[B12jjjj\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

16

B12[B12k\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

15

B12[B12k\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

19

B12[B12k\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

30

B12[B12l\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

20

B12[B12l\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

24

B12[B12l\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

35

B12[B12m\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

25

B12[B12m\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

29

B12[B12m\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

32

B12[B12n\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

30

B12[B12n\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

39

B12[B12n\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

31

B12[B12o\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

40

B12[B12o\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

49

B12[B12o\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

31

B12[B12oo\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

50

B12[B12oo\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

59

B12[B12oo\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

33

B12[B12ooo\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

60

B12[B12ooo\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

69

B12[B12ooo\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

20

B12[B12oooo\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

70

B12[B12oooo\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

79

B12[B12oooo\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

15

B121. Please indicate the smoking tobacco products included in calculating prevalence for question B12:

Cigarettes, cigars, pipes.

B122A. Please indicate the year of the data used to answer question B12:

2015

B122B. Please indicate the source of the data used to answer question B12:

General Population Survey on substance use

B123. Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.
The data we used to answer question B12 is from 2015. After this there was only one report on smoking prevalence in the adult population (Eurobarometer 2017). The data of the Eurobarometer 2017 contains not that detailed information as asked in this questionnaire and as provided by the General Population Survey on substance use 2015. So we decided to take the General Population Survey on substance use 2015 data to answer question B12. Question B123 is not easily to answer. According to the Eurobarometer 2017 and 2014 there has been a little increase in the number of current smokers between 2014 and 2017 (28 % current smokers 2017, 26 % current smokers 2014). Compared to ATHIS 2014 (30 % current smokers in 2014) there was a decrease, compared to the General Population Survey 2015 (27 % current smokers 2015) an increase. Due to the General Population Survey on substance use 2015 and 2008 the number of current smokers (both daily and occational) was declining for both men and women between 2008 and 2015.
B13. Prevalence of smokeless tobacco use in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18–64 years; see B132)
B13A[1_B13x1]. Males [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
2.7
B13A[2_B13x1]. Males [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.8
B13A[3_B13x1]. Males [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
1.9
B13A[4_B13x1]. Males [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
21.4
B13A[5_B13x1]. Males [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
75.8
B13B[1_B13x1]. Females [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.4
B13B[2_B13x1]. Females [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.1
B13B[3_B13x1]. Females [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.3
B13B[4_B13x1]. Females [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
7.8
B13B[5_B13x1]. Females [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
91.8
B13C[1_B13x1]. TOTAL (males and females) [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
1.6
B13C[2_B13x1]. TOTAL (males and females) [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.5
B13C[3_B13x1]. TOTAL (males and females) [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
1.1
B13C[4_B13x1]. TOTAL (males and females) [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
14.4
B13C[5_B13x1]. TOTAL (males and females) [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
84.1

B131. Please indicate the smokeless tobacco products included in calculating prevalence for question B13: Chewing tobacco, snuff, snus.
B132[1_SQ001]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][From] 15
B132[1_SQ002]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][To] 99
B133A. Please indicate the year of the data used to answer question B13: 2015
B133B. Please indicate the source of the data used to answer question B13: General Population Survey on substance use
B134[SQ001]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Current user] People using smokeless tobacco products within the last 30 days (i.e. sum of daily and occasional users)
B134[SQ002]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Daily user] People using smokeless tobacco products on a daily or nearly daily basis within the last 30 days
B134[SQ003]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Occasional user] People using smokeless tobacco products on a sporadic basis within the last 30 days
B134[SQ004]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Former user] People using smokeless tobacco products at some time in their life but within the last 30 days
B134[SQ005]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Never user] People who never used smokeless tobacco products in their life
B135. Please provide a brief explanation of the trend in smokeless tobacco use in the adult population in the past two years or since submission of your last report. The data we used to answer question B13 is from 2015. After this there was only one report on smokeless tobacco prevalence in the adult population (Eurobarometer 2017). The data of the Eurobarometer 2017 contains not that detailed information as asked in this questionnaire and as provided by the General Population Survey on substance use 2015. So we decided to take the General Population Survey on substance use 2015 data to answer question B13. Question B135 is not easily to answer, because the numbers/values (percentage) are so low and for Eurobarometer 2017 we only have rounded values without decimals. Comparing Eurobarometer 2017 and General Population Survey 2015 it cannot be concluded if the amount of current users stayed the same, increased or even decreased slightly.
B14[B12a_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age] 15
B14[B12a_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age] 19
B14[B12a_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)] 7
B14[B12b_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age] 20

B14[B12b\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

24

B14[B12b\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

18,7

B161. Please indicate the tobacco products included in calculating prevalence for question B16:

- Smoking tobacco = cigarettes, cigars, pipes
- Smokeless tobacco = chewing tobacco, snuf, snus
- Other tobacco = water pipe or shisha

B162A. Please indicate the year of the data used to answer question B16:

2015

B162B. Please indicate the source of the data used to answer question B16:

2015 General Population Survey on substance use (for age groups 15-19 and 20-24); 2015 ESPAD (for age group 14-17 and the 15 year old in the last row of the table), 2014 HBSC (for the other)

B163. Please provide the definition of “current smoking/tobacco use” used to answer question B16 in the space below.

For GPS data: people smoking at least one cigarette within the last 30 days, including people smoking on a daily or nearly daily basis (i.e. sum of daily and occasional smokers)

For ESPAD data: people smoking at least one cigarette within the last 30 days, including people smoking on a daily basis

For HBCS data: daily users + users with at least one cigarette a week + users with less than one cigarette a week

B164. Please provide a brief explanation of the trend in tobacco use by young persons in the past two years or since submission of your last report.

The date we used to answer question B16 is from 2015. Till then data shows a decline of current tobacco use by young persons.

B165. Please attach the relevant documentation.

## B2-B9. HEALTH, SOCIAL AND ECONOMIC INDICATORS

B2. Exposure to tobacco smoke

B21. Do you have any data on exposure to tobacco smoke in your population?  
Yes

B22. Please provide details in the space below (e.g. exposure by gender, at home, in the workplace, on public transport).  
Exposure at home (13 %; men 13 %, women 13 %), in the workplace (8 %; men 10 %, women 7 %)  
Exposure to tobacco smoke in general (28 %; men 34 %, women 23 %), Exposure to tobacco smoke at least one hour per day (15 %; men 17 %, women 13 %)

B23A. Please indicate the year of the data used to answer question B21:  
2015

B23B. Please indicate the source of the data used to answer question B21:  
Exposure at home and in the workplace (General Population Survey on substance use 2015), Exposure in general and of at least one hour per day (ATHIS 2014)

B24. Please attach the relevant documentation.

B24[filecount]. filecount - Please attach the relevant documentation.  
2

B3. Tobacco-related mortality

B31. Do you have information on tobacco-related mortality in your population?  
Yes

B32. What is the estimated total number of deaths attributable to tobacco use in your population?  
10.5000000000

B33. If available, please provide any additional information on mortality attributable to tobacco use (e.g. lung cancer, cardiovascular diseases) in your jurisdiction.  
In 2015 2.393 men and 1.490 women died because of lung cancer due to causes of death statistics.

B34A. Please indicate the year of the data used to answer question B32 and 33:  
2015

B34B. Please indicate the source of the data used to answer questions B32 and B33:  
B32: Global Burden of Disease Monitoring - Global Burden of Disease Results Tool (Online). Institute for Health Metrics and Evaluation. University of Washington. <http://ghdx.healthdata.org/gbd-results-tool> B33: Statistik Austria - Causes of death statistics

B35. Please submit a copy of the study you refer to:  
[{"title":"","comment":"","size":"1609.057","name":"Epidemiologiebericht%20Sucht%202017\_0-Fehler.pdf","filename":"fu\_wekm56mcrrp6r8v","ext":"pdf"}]

B35[filecount]. filecount - Please submit a copy of the study you refer to:  
1

B4. Tobacco-related costs

B41. Do you have information on the economic burden of tobacco use in your population, e.g. the overall cost of tobacco use imposed on your society?  
Yes

B42. Please provide details (e.g. direct (health care-related) and indirect costs and, if possible, the method used to estimate these costs).

No new data since the 3rd report:

Based on data 2003:

Total costs: € 511.4 mio. per year (€ 118.6 mio. per year of the total cost are attributable only to exposure to second hand smoke)

Direct medical costs (health care spending): € 53.7 mio. per year

Direct non-medical costs (invalidity pensions, sickness/care allowances, etc.): € 75,1 mio. per year

Indirect (economic) costs (loss in productivity caused by sickness leaves, premature deaths and invalidity): € 1 433.9 mio. per year

Intangible costs (hypothetical compensation payments to persons exposed to second-hand smoke): € 81 mio. per year

Earnings (tobacco tax): € 1087.3 mio. per year

B43A. Please indicate the year of the data used to answer question B42:

2008

B43B. Please indicate the source of the data used to answer question B42:

Pock, Czypionka et al: Volkswirtschaftliche Effekte des Rauchens. IHS. Wien;  
www.ihs.ac.at/publications/eco/recent\_publ/rauchen\_final\_22-04-2008.pdf

B62. Do you have any information on the percentage of illicit tobacco products on the national tobacco market?  
Yes

B63. What percentage of the national tobacco market do illicit tobacco products constitute? (%)  
2.3000000000

B64. What is the trend over the past two years or since submission of your last report in the percentage of illicit tobacco products in relation to the national tobacco market?  
Strong decrease in illicit tobacco market

B65. Please provide any further information on illicit tobacco products.  
Increasing threat of illicit cigarette production in EU countries

B8. Taxation of tobacco products (with reference to Articles 6.2(a) and 6.3)

B81. What proportion of the retail price of the most popular price category of tobacco product consists of taxes (e.g. sum of excise, sales and import duties (if applicable) and value added tax/goods and services tax (VAT/GST))?  
78.9300000000

B82[SQ001]. How are the excise taxes levied (what types of taxes are levied)? [Specific tax only]  
No

B82[SQ002]. How are the excise taxes levied (what types of taxes are levied)? [Ad valorem tax only]  
No

B82[SQ003]. How are the excise taxes levied (what types of taxes are levied)? [Combination of specific and ad valorem taxes]  
Yes

B82[SQ004]. How are the excise taxes levied (what types of taxes are levied)? [More complex structure (please explain below)]  
Yes

B82a. If a more complex structure of taxes (please explain):

Austria currently applies a regime of combined taxation, consisting of a specific tax element plus an ad valorem tax element for cigarettes. The percentage of the ad valorem tax for cigarettes is 39 % of the retail price; the specific element is € 53 per 1000 pieces. The minimum taxation of cigarettes amounts to 98 % of the tobacco tax levied on cigarettes of the WAP\* (= at present: 139.73 EUR/1000 pieces).

For cigars and cigarillos an ad valorem tax of 13 % of the retail selling price applies; the minimum taxation, however, amounts to € 100 per 1000 pieces.

For fine cut tobacco the same principle as for cigars and cigarillos applies, but the ad valorem tax rate is 56 % and the minimum taxation amounts to € 100 per kg.

For all other smoking tobacco an ad valorem tax of 34 % applies.

Furthermore value added tax (VAT) of 20 % applies to all tobacco products.

\* Due to a change in EU-legislation Austria does not establish the most popular price category any longer. Instead, the weighted average price (WAP) has to be determined annually. For cigarettes the total tax (excise + VAT) was 78.93 % of the WAP in 2017. (See question B81)

B83[B83a\_B83x1]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Smoking tobacco products][Product]  
cigarettes

## C1. GENERAL OBLIGATIONS

C1. With reference to Article 5
C111. Have you developed and implemented comprehensive multisectoral national tobacco control strategies, plans and programmes in accordance with the Convention?
No
C112. Have you partially developed and implemented tobacco control strategies by including tobacco control in national health, public health or health promotion strategies, plans and programmes?
Yes
C113. Is any aspect of tobacco control that is referred to in the Convention included in any national strategy, plan or programme?
N/A
C114[C114a]. Have you established or reinforced and financed: [a focal point for tobacco control?]
Yes
C114[C114b]. Have you established or reinforced and financed: [a tobacco control unit?]
Yes
C114[C114c]. Have you established or reinforced and financed: [a national coordinating mechanism for tobacco control?]
No
C115. Please provide details (e.g. the nature of the national coordinating mechanism, the institution to which the focal point for tobacco control or the tobacco control unit belongs).
<p>In 2010, a special department for tobacco, alcohol, non-substance related addictions and international affairs of addiction, including an ombudsman's service for nonsmokers protection, within the Federal Ministry of Health (FMH) has been established and is dealing with tobacco control issues. The head of department is the national focal point for tobacco control.</p> <p>As of 1/7/2010, within the FMH an ombudsman's service for non-smokers protection/the protection from tobacco smoke has been established, where citizens and representatives of the different authorities can ask questions and receive legal information as well as address complaints about violations of smoking bans, etc.</p> <p>Apart from the FMH, relevant stakeholders (governmental and non-governmental institutions like other ministries, the provinces, the Federation of Austrian Social Insurance Entries, centres for addiction prevention, etc.) are generally involved in tobacco control activities. Furthermore, the FMH is in continual cooperation with appropriate experts and NGOs in respect of tobacco control.</p>

C116. Please provide a brief description of the progress made in implementing Article 5.1 and 5.2 (General obligations) in the past two years or since submission of your last report.

The FMH has developed a national addiction prevention strategy which was adopted by the Council of Ministers in February 2016. This strategy covers all kinds of addiction: non-substance as well as substance related addictions including alcohol and tobacco. This strategy is based on a study ("Delphi-Study") through which well-known experts and practitioners in the fields of science and addiction related matters were consulted.

On the provincial level, addiction prevention strategies are taking into account tobacco prevention measures/activities (monitored by the FMH).

The Austrian smoking cessation quitline, which in 2014 was renamed from "Rauchertelefon" ("smoking quitline") into "Rauchfrei Telefon" ("smokefree quitline"), is continuing to be offered free of charge.

Due to an amendment of the Austrian tobacco law (being set into force on 20 May 2016) which implements the regulations of the 2014 EU tobacco product directive (no. 2014/40/EU) into national law, all cigarette packages have to provide information on and help for smoking cessation.

C117. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

The Austrian tobacco law was amended in August 2015 and introduces new definitions of novel tobacco products (such as e-cigarettes, etc.). In a first step, it provides the same regulations regarding smoking bans in public places (including restaurants) for all novel tobacco products.

Since 20 May 2016, the regulations of the 2014 EU tobacco product directive (no. 2014/40/EU) and its delegated acts had to be implemented into national law. Accordingly, chewing tobacco is prohibited and a system for the authorisation of novel tobacco products has been introduced. In addition, comprehensive surveillance and control measures have been imposed. The Austrian Agency for Health and Food Safety (AGES) is tasked to manage all these obligations under the authority of the FMH.

C12. Protection of public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C121. protecting public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry?

Yes

C122. ensuring that the public has access, in accordance with Article 12(c), to a wide range of information on tobacco industry activities relevant to the objectives of the Convention, such as in a public repository?

No

C123. Please provide details in the space below.

Commercials and advertisements (audiovisual, print media, etc.) for conventional tobacco products as well as novel tobacco products (such as e-cigarettes, etc.) are still prohibited. Only the promotion of tobacco and related products in points of sale (tobacconists) and specialist shops is allowed.

C124. Please provide a brief description of the progress made in implementing Article 5.3 in the past two years or since submission of your last report.

In general, the Federal Ministry of Health is not having any direct contact as such to representatives of the tobacco industry when it comes to the drafting of law targeting the tobacco industry's interests. Nevertheless, based on constitutional law, representatives of the industry themselves (as any other citizen too) have the right to submit their positions to draft law related to their business by means of the official evaluation procedure. The attempts of the tobacco industry to undermine the existing legal provisions prohibiting advertisement and sponsoring were rejected by the legislator and by various high court decisions.

C125. Have you utilized the "Guidelines for implementation of Article 5.3 of the WHO FCTC" when developing or implementing policies in this area?

Yes

C126. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C127. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

The Austrian jurisdiction (constitutional court, higher administrative court, supreme court) confirmed in various judgements restrictive interpretations regarding the provisions for prohibition of commercials and sponsorings.

C128. Please attach the relevant documentation.

## C2. MEASURES RELATING TO THE REDUCTION OF DEMAND FOR TOBACCO

C2. With reference to Articles 6-14
C21. Price and tax measures to reduce the demand for tobacco Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:
C211. tax policies and, where appropriate, price policies on tobacco products so as to contribute to the health objectives aimed at reducing tobacco consumption?
Yes
C212. prohibiting or restricting, as appropriate, sales to international travellers of tax- and duty-free tobacco products?
No
C213. prohibiting or restricting, as appropriate, imports by international travellers of tax- and duty-free tobacco products?
Yes
C214. Please provide a brief description of the progress made in implementing Article 6 (Price and tax measures to reduce the demand for tobacco) in the past two years or since submission of your last report.
Excise duty rates on manufactured tobacco were increased in 2016 and 2017. The Tobacco Tax Act provides for further increases in 2018.
C215. Have you utilized the "Guidelines for implementation of Article 6 of the WHO FCTC" when developing or implementing policies in this area?
Yes
C216. Please provide details in the space below or refer to section H of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <a href="https://extranet.who.int/dataform/655321?token={TOKEN}&amp;en">https://extranet.who.int/dataform/655321?token={TOKEN}&amp;en</a>
C217. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
All policies are developed in the light of the pertinent EU-legislation and the guidelines.
C218. Please attach the relevant documentation.
[[{"title":"Tobacco Taxation Act","comment":"","size":"360.538","name":"Tabaksteuergesetz%201995%2C%20Fassung%20vom%2008.04.2016.pdf","filename":"fu_jrqy2qetb9pqtj","ext":"pdf" }]]

C22. Protection from exposure to tobacco smoke Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:
C221. banning tobacco smoking in indoor workplaces, public transport, indoor public places and, as appropriate, other public places ?
Yes
C222[1]. What is the type/nature of the measure providing for the ban? [national law]
Yes

C222[2]. What is the type/nature of the measure providing for the ban? [subnational law(s)]  
Yes

C222[3]. What is the type/nature of the measure providing for the ban? [administrative and executive orders]  
Yes

C222[4]. What is the type/nature of the measure providing for the ban? [voluntary agreements]  
Yes

C222[5]. What is the type/nature of the measure providing for the ban? [other measures (please specify in C223 below)]

C223. Please provide a brief explanation of the type/nature and content of the measures providing for the ban.

Indoor public places and public transport: article 12 and 13 of the Austrian Tobacco Act (incl. offices and office buildings that can be accessed by clients)

indoor workplaces:

Article 30 of the Austrian Law on Health and Safety at Work Act (ArbeitnehmerInnenschutzgesetz - ASchG, BGBl. Nr. 450/1994 i.d.g.F. BGBl. I Nr. 60/2015).

Article 20 (4) of the Law on Labour Inspection (Arbeitsinspektionsgesetz - ArbIG, BGBl. Nr. 871/1995 i.d.g.F. BGBl. I Nr. 101/2015) which enters into force on 1 May 2018. If there is a reasonable suspicion that an infringement of smoking bans according to the Austrian Tobacco Act exists in a workplace the Labour Inspectorate has to report it to the responsible authority.

Article 30 OSH Regulations for public servants (Bundesbedienstetenschutzgesetz - BBSG, BGBl. 70/1999 i.d.g.F. BGBl. Nr. 1010/2015).

Article 88h of the Farm Labour Act (Landarbeitsgesetz, BGBl. 287/1984 i.d.g.F. BGBl. I Nr. 79/2015 for indoor workplaces.

Voluntary agreements going beyond the legal requirements for protection from tobacco smoke at the workplace can be found in many companies (mainly based on Article 97 (1) Arbeitsverfassungsgesetz (ArbVG), BGBl. Nr. 22/1974, i.d.g.F. BGBl. I Nr. 71/2013.

Some municipalities have introduced smoking bans on playgrounds/outdoor public places on the basis of administrative/executive orders ("ortspolizeiliche Verordnungen").

C224. Do any of these measures provide for a mechanism/ infrastructure for enforcement?  
Yes

C225. Please provide details of this system.

Article 14 of the Austrian tobacco act provides for the possibility to impose fines on smokers and tenants of public indoor places (including workplaces accessible to the public); the district administration authorities are competent for prosecuting violations of the tobacco act.

The provisions of the Austrian law on health and safety at work act are controlled by specific inspectors ("Arbeitsinspektoren") on a regular basis and fines can be imposed if provisions for the protection of workers are violated. If there are severe threats to workers health and safety an establishment can even be closed down

C226a[1]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor workplaces: [government buildings]  
Partial

C226a[2]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor workplaces: [health-care facilities]

C226c[4]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [nightclubs]  
Partial

C226c[5]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [restaurants]  
Partial

C226c[6]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [other (please specify below)]

C226cc. Please provide a brief explanation of any "other" policies in the space below

C227. Please provide a brief summary of complete and partial measures, with specific details of the partial measures that have been implemented:

C227a. Banning tobacco smoking in indoor workplaces

According to article 30 of the Austrian law on health and safety at work act as well as article 30 OSH regulations for public servants and article 88h farm labour act to the extent permitted by the type of operation, non-smokers must be protected against the effects of tobacco smoke. Smoking is banned if smokers and non-smokers have to work in the same office-rooms or similar work rooms. Smoking is banned in sanitary or changing rooms. In common- and standby rooms non-smokers must be protected by technical or organized measures against the effects of tobacco smoke.

C227b. Banning tobacco smoking in public transport

Means of public transport are covered by a complete smoking ban according to article 13 and article 1 sect. 11 of the Austrian Tobacco Act.

For taxis a smoking ban – based on the Austrian Tobacco Act - is introduced by laws/regulations of the provinces.

C227c. Banning tobacco smoking in indoor public places

Current legal situation:

Notwithstanding employment law regulations and smoking bans pursuant to article 12 of the Austrian Tobacco Act (in facilities for teaching and training, negotiating and schools sports activities) smoking is generally forbidden in all indoor public places pursuant to article 13 of the Austrian Tobacco Act:

“indoor public places” are defined as rooms accessible to the general public (such as cultural facilities, etc.), including all rooms of means of public and private bus, rail, air and shipping transportation and additionally facilities such as business premises, office premises or similar frequented by customers/clients during office hours, such as shopping centres and many others.

Exemption: Rooms of public places are allowed to have separate, enclosed smoking rooms if a sufficient number of rooms exist and it is guaranteed that no smoke escapes from those rooms; furthermore signs have to indicate that these rooms are smoking rooms.

The possibility of providing a separate, enclosed smoking room is expressly prohibited for educational or other facilities where children and adolescents are supervised, accommodated or sheltered.

For hospitality venues specific provisions laid down in article 13a of the Austrian Tobacco Act apply:

Smoking is generally forbidden in hospitality venues with the following exemptions:

establishments that contain more than one room for serving guests, can allow for smoking in separate, enclosed rooms if the main room and at least 50 % of the places are covered by a smoking ban.

1-room-establishments with a surface of under 50 m<sup>2</sup> (in certain circumstances under 80 m<sup>2</sup> if a separation into two separate rooms is prohibited by law) can choose whether to be smoking or non-smoking venues.

The amendment of the Austrian Tobacco Act of August 2015 (Federal Law Gazette I No. 101/2015) provides that since 20 May 2016, novel tobacco products (such as e-cigarettes, etc.) are included in the already existing provisions concerning smoking bans in indoor public places.

Legal Situation as of 1 May 2018:

Extension of the total smoking ban on multiple-purpose halls, festival tents as well as at events of associations when children and young people until 18 years of age are present.

C228. Please provide a brief description of the progress made in implementing Article 8 (Protection from exposure to tobacco smoke) in the past two years or since submission of your last report.

Concerning the protection from exposure to tobacco smoke, the judiciary of the Austrian supreme courts is getting more and more strict.

Since 2016 the Austrian Tobacco Act has been further tightened by means of regulations regarding the protection from exposure to tobacco smoke through further introduction of smoking bans in various places.

C229. Have you utilized the "Guidelines for implementation of Article 8 of the WHO FCTC" when developing or implementing policies in this area?  
Yes

C2210. Please provide details in the space below or refer to section B of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C2211. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C2212. Please attach the relevant documentation.

C23. Regulation of the contents of tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C231. testing and measuring the contents of tobacco products?  
Yes

C232. testing and measuring the emissions of tobacco products?  
Yes

C233. regulating the contents of tobacco products?  
Yes

C234. regulating the emissions of tobacco products?  
Yes

C235. Please provide a brief description of the progress made in implementing Article 9 (Regulation of the contents of tobacco products) in the past two years or since submission of your last report.  
Following the transposition of the EU Tobacco Products Directive (TPD II) into national law, the Austrian Tobacco Act was amended in May 2016 concerning the regulation of the contents/emission of tobacco products including novel tobacco products such as e-cigarettes (in particular: ban of products with characterising flavours, transitional period for flavoured products with market share < 3 %, prohibition of certain additives e.g. vitamins, caffeine etc., limited regulations for smokeless tobacco products, except snus).

C236. Have you utilized the "Guidelines for implementation of Articles 9 and 10 of the WHO FCTC" when developing or implementing policies in this area?  
Yes

C237. Please provide details in the space below or refer to section C of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C238. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.  
Maximum allowance of nicotine (1 mg), tar (10 mg) and carbonmonoxide (10 mg) for cigarette smoke is defined in article 4 of the Austrian Tobacco Act. According to article 9 and 10 of the Austrian Tobacco Act, the Federal Ministry of Health can send inspectors to visit tobacco manufacturing or importing companies that are entitled to take samples of all tobacco products in order to be tested with regard to contents and emissions.  
As through the amendment of the Austrian Tobacco Act in May 2016, new allowences take into account tobacco and related products.

C239. Please attach the relevant documentation.  
[{"title":"Austrian Tobacco Act (TNRSG)","comment":"","size":"273.073","name":"TNRSG%2C%20Fassung%20vom%2028.03.2018.pdf","filename":"fu\_p4gevd24nc89ywk","ext":"pdf" }]

C239[filecount]. filecount - Please attach the relevant documentation.  
1

C24. Regulation of tobacco product disclosures Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C241[1]. requiring manufacturers or importers of tobacco products to disclose to Government authorities information about the: [contents of tobacco products?]  
Yes

C241[2]. requiring manufacturers or importers of tobacco products to disclose to Government authorities information about the: [emissions of tobacco products?]  
Yes

C242[1]. requiring public disclosure of information about the: [contents of tobacco products?]  
Yes

C242[2]. requiring public disclosure of information about the: [emissions of tobacco products?]  
Yes

C243. Please provide a brief description of the progress made in implementing Article 10 (Regulation of tobacco product disclosures) in the past two years or since submission of your last report.  
In order to transpose the EU Tobacco Products Directive (TPD II) into national law, an amendment of the Austrian Tobacco Act, which entered into force on 20 May 2016, stipulates reporting obligations for all ingredients.

C244. Have you utilized the "Guidelines for implementation of Articles 9 and 10 of the WHO FCTC" when developing or implementing policies in this area?  
Yes

C245. Please provide details in the space below or refer to section C of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C246. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.  
Since 20 May 2016 Austria participates in the new EU reporting system CEG (Central Entry Gate) enabling a common mandatory format for the reporting of ingredients and emissions within the EU (according to the TPD II).

C247. Please attach the relevant documentation.

C247[filecount]. filecount - Please attach the relevant documentation.  
0

C25. Packaging and labelling of tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C251. requiring that packaging, individual cigarettes or other tobacco products do not carry advertising or promotion?  
No

C252. requiring that packaging and labelling do not promote a product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?  
Yes

C253. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products carry health warnings describing the harmful effects of tobacco use?  
Yes

C254. ensuring that the health warnings are approved by the competent national authority?  
Yes

C255. ensuring that the health warnings are rotated?  
Yes

C256. ensuring that the health warnings are clear, visible and legible?  
Yes

C257. Does your law mandate, as a minimum, a style, size and colour of font to render the warning clear, visible and legible?  
Yes

C258. ensuring that the health warnings occupy no less than 30% of the principal display areas?  
Yes

C259. ensuring that the health warnings occupy 50% or more of the principal display areas?  
Yes

C2510. ensuring that health warnings are in the form of, or include, pictures or pictograms?  
Yes

C2511. Does the Government own the copyright to these pictures and pictograms?  
No

C2512. Would you grant a non-exclusive and royalty-free licence for the use of health warnings developed in your jurisdiction with other Parties?  
No

C2513[1]. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [constituents of tobacco products?]  
Yes

C2513[2]. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [emissions of tobacco products?]  
Yes

C2514. requiring that the warnings and other textual information appear on each unit packet and package and on any outside packaging and labelling in the principal language or languages of the country?  
Yes

C2515. Please provide a brief description of the progress made in implementing Article 11 (Packaging and labelling of tobacco products) in the past two years or since submission of your last report.  
Austria finalized the transposition of the EU Tobacco Products Directive (TPD II) into national law. This resulted in an amendment of the Austrian Tobacco Act (in effect since 20 May 2016) concerning the regulations of packing and labelling (combined warnings/65% on both sides of the unit packet of FMC and RYO, position at the top, health warnings on the lateral sides, some standardisation of packet shapes, no promotional elements, etc.).

C2516. Have you utilized the "Guidelines for implementation of Article 11 of the WHO FCTC" when developing or implementing policies in this area?  
Yes

C2517. Please provide details in the space below or refer to section D of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

C2518. If you have any other relevant information pertaining to or not covered in this section, please provide details in the space below.

C2519. Please attach the relevant documentation.

C2519[filecount]. filecount - Please attach the relevant documentation.

C26. Education, communication, training and public awareness Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C261. educational and public awareness programmes? (Please refer to programmes implemented since submission of your two-year report.)

Yes

C262[1]. To whom are these programmes targeted? [adults or the general public]

Yes

C262[2]. To whom are these programmes targeted? [children and young people]

Yes

C262[3]. To whom are these programmes targeted? [men]

Yes

C262[4]. To whom are these programmes targeted? [women]

Yes

C262[5]. To whom are these programmes targeted? [pregnant women]

Yes

C262[6]. To whom are these programmes targeted? [ethnic groups]

No

C262[7]. To whom are these programmes targeted? [other (please specify)]

Yes

C262[other]. To whom are these programmes targeted? [Other]

health professionals

C263[1]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [age]

Yes

C263[2]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [gender]

Yes

C263[3]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [educational background]

Yes

C263[4]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [cultural background]

No

C263[5]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [socioeconomic status]

Yes

C263[6]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [other (please specify)]

Yes

C263[other]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [Other]

region, professional group (e.g. medical doctor, midwife, social worker, teacher)

C264[1]. Do these educational and public awareness programmes cover: [health risks of tobacco consumption?]

Yes

C264[2]. Do these educational and public awareness programmes cover: [health risks of exposure to tobacco smoke?]

Yes

C264[3]. Do these educational and public awareness programmes cover: [benefits of the cessation of tobacco use and tobacco-free lifestyles?]

Yes

C264[4]. Do these educational and public awareness programmes cover: [adverse economic consequences of tobacco production?]	Yes
C264[5]. Do these educational and public awareness programmes cover: [adverse economic consequences of tobacco consumption?]	Yes
C264[6]. Do these educational and public awareness programmes cover: [adverse environmental consequences of tobacco production?]	Yes
C264[7]. Do these educational and public awareness programmes cover: [adverse environmental consequences of tobacco consumption?]	Yes
C265[1]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [public agencies?]	Yes
C265[2]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [nongovernmental organizations not affiliated with the tobacco industry?]	Yes
C265[3]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [private organizations?]	Yes
C265[4]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [other (please specify)?]	No
C265[other]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [Other]	
C266. Are the elaboration, management and implementation of communication, education, training and public awareness programmes guided by research and do they undergo pre-testing, monitoring and evaluation?	Yes
C267[1]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [health workers?]	Yes
C267[2]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [community workers?]	Yes
C267[3]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [social workers?]	Yes
C267[4]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [media professionals?]	Yes
C267[5]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [educators?]	Yes
C267[6]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [decision-makers?]	Yes
C267[7]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [administrators?]	No

C267[8]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [other (please specify)]

Yes

C267[other]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [Other]

parents, trainee-instructors, apprentice trainers

C268. Please provide a brief description of the progress made in implementing Article 12 (Education, communication, training and public awareness) in the past two years or since submission of your last report.

On the national level, since 2015 the public awareness and prevention campaign "Leb dein Leben. Ohne Rauch. YOLO" (Live your life. Without smoke. YOLO) is run by the Federal Ministry of Health. It is targeted especially at children and adolescents. <http://www.yolo.at/>

The school-based prevention programme "plus" is run by the various addiction prevention institutes in the Austrian provinces; among other types of addiction also tobacco is addressed. <https://www.suchtvorbeugung.net/plus/>

On the subnational and regional level a number of programmes were initiated by municipalities, local/district authorities, the provinces etc. For example:

Styria:

The Institute for the Prevention of Addiction (VIVID) implements two forms of education: one in many settings for health professionals and one in pedagogical settings. In settings for health professionals VIVID implements the following target groups in Styria: Health professionals in hospitals, educational institutions for health professionals, and established health professionals.

In pedagogical settings VIVID implements the following programs and tasks: "Schule Sucht Vorbeugung" ("Addiction prevention for Schools"), "Gesunde Schule Tabak" (Healthy school with special focus on tobacco), "Elternkurzintervention zum Thema Rauchen" (short lectures especially for parents to make sure that their children do not start to smoke or stop smoking), Elternseminar "Was geht ab?" (intensive training for parents in two parts – if wished with a special focus on smoking), Lebenskompetenzprogramm PLUS (PLUS – a program for life skills intended for adolescents from age 10 to 14), LehrerInnen-Seminar (training for teachers with focus on tobacco), Projektberatung für LehrerInnen und JugendarbeiterInnen (counselling for teachers and youth workers).

Lower Austria:

The Institute for the Prevention of Addiction of Lower Austria provides interventions for adults and parents through lectures; they organize workshops for adolescents and provide brochures, etc. [www.suchtpraevention-noe.at](http://www.suchtpraevention-noe.at)

Vienna:

Among others, the Vienna Institute for the Prevention of Addiction (ISP) provides brochures for parents, for handicapped people and also runs internet-based prevention programmes for teenagers (e.g. [feel-ok.at](http://feel-ok.at)). Since 2016 it runs an outdoor program for Schools "Achterbahn 12-14" targeting at the prevention of addiction

Carinthia:

Information campaigns for various target groups (parents, children, adolescents, schools) including lectures, workshops, brochures, etc. are organized and provided. See [www.kaernten-rauchfrei.at](http://www.kaernten-rauchfrei.at)

Vorarlberg:

SUPRO (garage for addiction prevention) is organizing trainings for teachers and parents (the programme is called "klartext:nikotin", [www.supro.at/klartext/](http://www.supro.at/klartext/)). Additional information on all the various additional prevention measures and activities is provided under [www.supro.at](http://www.supro.at) and [www.suchthausen.net](http://www.suchthausen.net). SUPRO runs also a project on mystery shopping.

Tyrol:

Information brochures and prevention material for schools, lectures for parents as well as "smokefree seminars" for people who want to quit smoking are provided.

C269. Have you utilized the "Guidelines for implementation of Article 12 of the WHO FCTC" when developing and implementing policies in this area?

Yes

C2610. Please provide details in the space below or refer to section E of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C2611. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C2612. Please attach the relevant documentation.

C2612[filecount]. filecount - Please attach the relevant documentation.  
0

C27. Tobacco advertising, promotion and sponsorship Have you adopted and implemented, where appropriate, any legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes:

C271. instituting a comprehensive ban on all tobacco advertising, promotion and sponsorship?  
Yes

C272[1]. Does your ban cover: [display and visibility of tobacco products at points of sales?]  
No

C272[2]. Does your ban cover: [the domestic Internet?]  
Yes

C272[3]. Does your ban cover: [the global Internet?]  
Yes

C272[4]. Does your ban cover: [brand stretching and/or brand sharing?]  
Yes

C272[5]. Does your ban cover: [product placement as a means of advertising or promotion?]  
Yes

C272[6]. Does your ban cover: [the depiction of tobacco or tobacco use in entertainment media products?]  
Yes

C272[7]. Does your ban cover: [tobacco sponsorship of international events or activities and/or participants therein?]  
Yes

C272[8]. Does your ban cover: [contributions from tobacco companies to any other entity for "socially responsible causes" and/or any other activities implemented under the umbrella of "corporate social responsibility" by the tobacco industry?]  
Yes

C272[9]. Does your ban cover: [cross-border advertising, promotion and sponsorship originating from your territory?]  
Yes

C272[10]. Does your ban cover: [the same forms of cross-border advertising, promotion and sponsorship entering your territory for which domestic regulation apply?]  
Yes

C273. are you precluded by your constitution or constitutional principles from undertaking a comprehensive ban on tobacco advertising, promotion and sponsorship?  
N/A

C274. applying restrictions on all tobacco advertising, promotion and sponsorship?  
N/A

C275. applying restrictions on cross-border advertising, promotion and sponsorship originating from your territory with cross-border effects?  
N/A

C276. prohibiting those forms of tobacco advertising, promotion and sponsorship that promote a tobacco product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?  
N/A

C277. requiring that health or other appropriate warnings or messages accompany all tobacco advertising, promotion and sponsorship?
N/A
C278. restricting the use of direct or indirect incentives that encourage the purchase of tobacco products by the public?
N/A
C279. requiring the disclosure to relevant Government authorities of expenditures by the tobacco industry on advertising, promotion and sponsorship not yet prohibited?
N/A
C2710[1]. restricting tobacco advertising, promotion and sponsorship on: [radio?]
N/A
C2710[2]. restricting tobacco advertising, promotion and sponsorship on: [television?]
N/A
C2710[3]. restricting tobacco advertising, promotion and sponsorship on: [print media?]
N/A
C2710[4]. restricting tobacco advertising, promotion and sponsorship on: [the domestic Internet?]
N/A
C2710[5]. restricting tobacco advertising, promotion and sponsorship on: [the global Internet?]
N/A
C2710[6]. restricting tobacco advertising, promotion and sponsorship on: [other media (please specify below )?]
N/A
C2711[1]. restricting tobacco sponsorship of: [international events and activities?]
N/A
C2711[2]. restricting tobacco sponsorship of: [participants therein?]
N/A
C2712. cooperating with other Parties in the development of technologies and other means necessary to facilitate the elimination of cross-border advertising?
Yes
C2713. imposing penalties for cross-border advertising equal to those applicable to domestic advertising, promotion and sponsorship originating from your territory in accordance with national law?
Yes
C2714. Please provide a brief description of the progress made in implementing Article 13 (Tobacco advertising, promotion and sponsorship) in the past two years or since submission of your last report.
The Austrian jurisdiction (constitutional court, higher administrative court, supreme court) confirmed in various judgements restrictive interpretations regarding the provisions for prohibition of commercials and sponsorings.
C2715. Have you utilized the "Guidelines for implementation of Article 13 of the WHO FCTC" when developing and implementing policies in this area?
Yes
C2716. Please provide details in the space below or refer to section F of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <a href="https://extranet.who.int/dataform/655321?token={TOKEN}&lt;=en">https://extranet.who.int/dataform/655321?token={TOKEN}&lt;=en</a>
C2717. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
Article 11 of the Austrian Tobacco Act contains a comprehensive ban on tobacco promotion, advertising and sponsorship in accordance with EU-directive 003/33/EC on tobacco advertising.
An explicit ban of product placement of tobacco products for all audiovisual media has been introduced in article 16 of the Austrian broadcasting company act ("ORFGesetz", Federal law gazette no. 379/1984 idgF) and article 38 of the audiovisual media services act (Federal law gazette I, No. 84/2001) by amendments of 19/7/2010 (Federal law gazette I, No. 50/2010), entering into force on 1/10/2010.

C28. Demand reduction measures concerning tobacco dependence and cessation Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C281. developing and disseminating appropriate, comprehensive and integrated guidelines based on scientific evidence and best practices?

No

C282[1]. programmes to promote cessation of tobacco use, including: [media campaigns emphasizing the importance of quitting?]

Yes

C282[2]. programmes to promote cessation of tobacco use, including: [programmes specially designed for underage girls and young women?]

No

C282[3]. programmes to promote cessation of tobacco use, including: [programmes specially designed for women?]

Yes

C282[4]. programmes to promote cessation of tobacco use, including: [programmes specially designed for pregnant women?]

Yes

C282[5]. programmes to promote cessation of tobacco use, including: [telephone quitlines?]

Yes

C282[6]. programmes to promote cessation of tobacco use, including: [local events, such as activities related to World No Tobacco Day or National No Smoking Day, if appropriate?]

Yes

C282[7]. programmes to promote cessation of tobacco use, including: [other (please specify)?]

No

C282[other]. programmes to promote cessation of tobacco use, including: [Other]

C283[1]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [educational institutions?]

Yes

C283[2]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [health-care facilities?]

Yes

C283[3]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [workplaces?]

Yes

C283[4]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [sporting environments?]

No

C283[5]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [other (please specify)?]

No

C283[other]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [Other]

C284[1]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [tobacco control?]  
No

C284[2]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [health?]  
Yes

C284[3]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [education?]  
No

C285. inclusion of programmes on the diagnosis and treatment of tobacco dependence in your health-care system?  
Yes

C286[1]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [primary health care]  
Yes

C286[2]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [secondary and tertiary health care]  
Yes

C286[3]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [specialist health-care systems (please specify below)]  
No

C286[4]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [specialized centres for cessation counselling and treatment of tobacco dependence]  
Yes

C286[5]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [rehabilitation centres]  
Yes

C286[other]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [Other]

C287[1]. Are the services provided in these settings covered by public funding or reimbursement schemes? [primary health care]  
Partially

C287[2]. Are the services provided in these settings covered by public funding or reimbursement schemes? [secondary and tertiary health care]  
Partially

C287[3]. Are the services provided in these settings covered by public funding or reimbursement schemes? [specialist health-care systems (please specify below)]  
None

C287[4]. Are the services provided in these settings covered by public funding or reimbursement schemes? [specialized centres for cessation counselling and treatment of tobacco dependence]  
Partially

C287[5]. Are the services provided in these settings covered by public funding or reimbursement schemes? [rehabilitation centres]  
Partially

C287[6]. Are the services provided in these settings covered by public funding or reimbursement schemes? [other (please specify below)]  
None

C287b. Please provide other details in the space below.

C288[1]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [physicians]  
Yes

C288[2]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [dentists]
Yes
C288[3]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [family doctors]
Yes
C288[4]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [practitioners of traditional medicine]
No
C288[5]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [other medical professionals (please specify below)]
Yes
C288[6]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [nurses]
Yes
C288[7]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [midwives]
Yes
C288[8]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [pharmacists]
Yes
C288[9]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [Community workers]
No
C288[10]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [Social workers]
Yes
C288[11]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [other (please specify)]
Yes
C288[other]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [Other]
psychologists, teachers
C289[1]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [medical?]
Yes
C289[2]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [dental?]
Yes
C289[3]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [nursing?]
Yes
C289[4]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [pharmacy?]
No
C289[other]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [Other]
clinical and health psychologists
C2810. facilitating accessibility and/or affordability of pharmaceutical products for the treatment of tobacco dependence?
Yes

C2811. Where and how can these products be legally purchased in your country?  
Pharmacies, medicine chest

C2812[1]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction?  
[nicotine replacement therapy]  
Yes

C2812[2]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction?  
[bupropion]  
Yes

C2812[3]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction?  
[varenicline]  
Yes

C2812[4]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction?  
[other (please specify)]  
No

C2812[other]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction?  
[Other]

C2813[1]. Are the costs of these products covered by public funding or reimbursement? [nicotine replacement therapy]  
None

C2813[2]. Are the costs of these products covered by public funding or reimbursement? [bupropion]  
None

C2813[3]. Are the costs of these products covered by public funding or reimbursement? [varenicline]  
None

C2813[4]. Are the costs of these products covered by public funding or reimbursement? [other (please specify below)]  
None

C2813b. Please provide other details in the space below.

C2814. Please provide a brief description of the progress made in implementing Article 14 (Demand reduction measures concerning tobacco dependence and cessation) in the past two years or since submission of your last report.

Creation of a quality assured tobacco cessation and tobacco counseling curriculum; training since 2012 ("Curriculum zur RaucherInnenentwöhnung und -beratung nach den Standards der österreichischen Sozialversicherung")

Communication between the regions who provide smoking counseling and smoking cessation programs

Networking between the regions and experts

Continuation of the quit-line for smoking cessation ("Rauchfrei Telefon", [www.rauchfrei.at](http://www.rauchfrei.at))

Creation and implementation of a mobile phone application for smoking cessation ("Rauchfrei App", [www.rauchfreiapp.at](http://www.rauchfreiapp.at))

Internet-based offers for smoking cessation ([www.endlich-aufatmen.at](http://www.endlich-aufatmen.at))

Special offers for women and pregnant women (e.g. [www.juliarrauchfrei.at](http://www.juliarrauchfrei.at))

National Addiction Prevention Strategy (put into place in February 2016)

Different settings are being targeted (hospitals, workplaces, schools, etc.)

C2815. Have you utilized the "Guidelines for implementation of Article 14 of the WHO FCTC" when developing and implementing policies in this area?  
Yes

C2816. Please provide details in the space below or refer to section G of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

C2817. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

### C3. MEASURES RELATING TO THE REDUCTION OF THE SUPPLY OF TOBACCO

C3. With reference to Articles 15–17

C31. Illicit trade in tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C311. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining the origin of the product?

Yes

C312. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining whether the product is legally sold on the domestic market?

Yes

C313. requiring that unit packets and packages of tobacco products for retail and wholesale use that are sold on the domestic market carry the statement: "Sales only allowed in ..." or carry any other effective marking indicating the final destination of the product?

Yes

C314. developing a practical tracking and tracing regime that would further secure the distribution system and assist in the investigation of illicit trade?

Yes

C315. requiring that marking is presented in legible form and/or appears in the principal language or languages of the country?

Yes

C316. requiring the monitoring and collection of data on cross-border trade in tobacco products, including illicit trade?

Yes

C317. facilitating the exchange of this information among customs, tax and other authorities, as appropriate, and in accordance with national law and applicable bilateral and multilateral agreements?

Yes

C318. enacting or strengthening legislation, with appropriate penalties and remedies, against illicit trade in tobacco products, including counterfeit and contraband cigarettes?

Yes

C319. requiring that confiscated manufacturing equipment, counterfeit and contraband cigarettes and other tobacco products derived from illicit trade are destroyed, using environment-friendly methods where possible, or disposed of in accordance with national law?

Yes

C3110. adopting and implementing measures to monitor, document and control the storage and distribution of tobacco products held or moving under suspension of taxes or duties?

Yes

C3111. enabling the confiscation of proceeds derived from illicit trade in tobacco products?

Yes

C3112. promoting cooperation between national agencies and relevant regional and international intergovernmental organizations in investigations, prosecutions and proceedings, with a view to eliminating illicit trade in tobacco products, with special emphasis on cooperation at regional and subregional levels?

Yes

C3113. licensing or other actions to control or regulate production and distribution in order to prevent illicit trade?

Yes

C3114. Please provide a brief description of the progress made in implementing Article 15 (Illicit trade in tobacco products) in the past two years or since submission of your last report.

Austria, as the first country of the WHO European Region and the first EU Member State, has signed and ratified the Protocol on Illicit Trade in 2014. By so doing, Austria underlined the important role the Protocol is meant to play.

Austria supports an enhanced international cooperation by participating in operational activities of the EU-EMPACT action plan.

Implementation of an EU-wide track and trace system for tobacco products in progress in accordance with the EU tobacco products directive (TPD II).

C3115. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C3116. Please attach the relevant documentation.

C3116[filecount]. filecount - Please attach the relevant documentation.

C32. Sales to and by minors Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C321. prohibiting the sales of tobacco products to minors?

Yes

C321a. Please specify the legal age:

16

C322. requiring that all sellers of tobacco products place a clear and prominent indicator inside their point of sale about the prohibition of tobacco sales to minors?

Yes

C323. requiring that, in case of doubt, each seller of tobacco products requests that the purchaser provides appropriate evidence of having reached full legal age?

Yes

C324. banning the sale of tobacco products in any manner by which they are directly accessible, such as open store shelves?

Yes

C325. prohibiting the manufacture and sale of sweets, snacks, toys or any other objects in the form of tobacco products which appeal to minors?

No

C326. prohibiting the sale of tobacco products from vending machines?

No

C327. Do you ensure that tobacco vending machines are not accessible to minors and/or do not promote the sale of tobacco products to minors?

Yes

C328[1]. prohibiting and/or promoting the prohibition of the distribution of free tobacco products: [to the public?]

Yes

C328[2]. prohibiting and/or promoting the prohibition of the distribution of free tobacco products: [to minors?]

Yes

C329. prohibiting the sale of cigarettes individually or in small packets?  
Yes

C3210. providing for penalties against sellers and distributors in order to ensure compliance?  
Yes

C3211. prohibiting the sales of tobacco products by minors?  
Yes

C3212. Please provide a brief description of the progress made in implementing Article 16 (Sales to and by minors) in the past two years or since submission of your last report.  
Under current Austrian legislation the legal age for purchasing tobacco products is defined on the provincial level; all nine provinces have fixed 16 years as minimum required age in their youth protection acts (Jugendschutzgesetze). However, efforts in strengthening the law will result in raising the legal age for purchasing (as of January 2019 according to the amendment of the Tobacco Act of March 2018) as well as for consuming tobacco products (forseen to be regulated in 2018) from 16 to 18 years of age.

C3213. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.  
Since 1/1/2007 vending machines are locked and can only be unlocked after inserting a chip card (ex. by bank card) proving that the customer is of the minimum legal age for purchase of tobacco products of 16 years.  
  
Tenants of vending machines who do not comply with this requirement and tobacconists who sell tobacco products to persons under 16 years of age risk losing their license for vending cigarettes.  
  
Furthermore tobacconists as well as shop keepers and owners of hospitality venues/pit stops selling tobacco products to minors can be fined according to the provisions laid down in the youth proction acts of the different provinces.  
  
For further details see tobacconists code of conduct ("Standesregeln") at <http://mvg.at/index.php?page=view&id=1> as well as the Austrian tobacco monopoly act (Federal law gazette No. 830/1995 idgF) at <https://www.ris.bka.gv.at/GeltendeFassung.wxe?Abfrage=Bundesnormen&Gesetze snummer=10005006>

C33. Provision of support for economically viable alternative activities Have you adopted and implemented, where appropriate, measures or programmes on any of the following:

C331[1]. promoting economically viable and sustainable alternatives for: [tobacco growers?]  
Not applicable

C331[2]. promoting economically viable and sustainable alternatives for: [tobacco workers?]  
Yes

C331[3]. promoting economically viable and sustainable alternatives for: [tobacco individual sellers?]  
Yes

C332. Please provide a brief description of the progress made in implementing Article 17 (Provision of support for economically viable alternative activities) in the past two years or since submission of your last report.

C333. Have you utilized the "Policy options and recommendations on economically sustainable alternatives to tobacco growing (in relation to Articles 17 and 18 of the WHO FCTC)" when developing and implementing policies in this area?  
Yes

C334. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. [https://extranet.who.int/dataform/655321?token={TOKEN}&\\_en](https://extranet.who.int/dataform/655321?token={TOKEN}&_en)

C335. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

To date, there is no tobacco growing and no tobacco production in Austria. The last producer was "Austria Tabak" (later owned by JTI) which closed down its last place of production in Hainburg, Austria, in 2011. Therefore, there is/was basically no real demand for measures relating to Article 17 FCTC within the reporting period.

C336. Please attach the relevant documentation.

## C4. OTHER MEASURES AND POLICIES

C4. With reference to Articles 18–21

C41. Protection of the environment and the health of persons Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C411[1]. implementing measures in respect of tobacco cultivation within your territory, which take into consideration: [the protection of the environment?]

Not applicable

C411[2]. implementing measures in respect of tobacco cultivation within your territory, which take into consideration: [the health of persons in relation to the environment?]

Not applicable

C412[1]. implementing measures in respect of tobacco manufacturing within your territory, which take into consideration: [the protection of the environment?]

No

C412[2]. implementing measures in respect of tobacco manufacturing within your territory, which take into consideration: [the health of persons in relation to the environment?]

No

C413. Please provide a brief description of the progress made in implementing Article 18 (Protection of the environment and the health of persons) in the past two years or since submission of your last report.

C414. Have you utilized the "Policy options and recommendations on economically sustainable alternatives to tobacco growing (in relation to Articles 17 and 18 of the WHO FCTC)" when developing and implementing policies in this area?

N/A

C415. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C416. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C417. Please attach the relevant documentation.

C417[filecount]. filecount - Please attach the relevant documentation.

0

C42. Liability Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C421[SQ001]. Does your tobacco control legislation contain measures regarding criminal liability for any violations of that tobacco control legislation?

No

C422[SQ001]. Do you have separate criminal liability provisions in relation to tobacco control (outside of the tobacco control legislation)?

Yes

C423[SQ001]. Do you have any civil liability measures that are specific to tobacco control?

No

C424[SQ001]. Do you have any general civil liability provisions that could apply to tobacco control?

No

C425[SQ001]. Do you have civil or criminal liability provisions that provide for compensation for adverse health effects and/or for reimbursement of medical, social or other relevant costs?

No

C426[SQ001]. Has any person in your jurisdiction launched any criminal and/or civil liability action, including compensation where appropriate, against any tobacco company in relation to any adverse health effect caused by tobacco use?

No

C427[SQ001]. Have you taken, as appropriate, any legislative, executive, administrative and/or other action against the tobacco industry for full or partial reimbursement of medical, social and other relevant costs related to tobacco use in your jurisdiction?

No

C428. Please provide a brief description of any progress made, as appropriate, in implementing Article 19 (Liability) in the past two years or since submission of your last report.

C429. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

For questions regarding civil liability the general provisions and principles for compensation of damages established under Austrian law/jurisdiction apply; those provisions/principles, however, require the proof of an unlawful action committed by the defendant.

Violations of the advertising/sponsoring ban, sale of tobacco products that do not comply with the requirements set in the Austrian Tobacco Act (concerning packaging and labelling, max. tar/nicotine/carbonmonoxide contents, etc.), violations of the smoking bans for public indoor places and hospitality venues and of the obligation to report tobacco products ingredients are fined in the course of administrative proceedings according to the provisions of article 14 of the Austrian Tobacco Act.

Violations against the Unfair Competition Act (UWG) could lead to sanction up to EUR 100,000. Within the observation period there were various injunctions issued against restaurant owners violating the UWG.

C4210. Please attach the relevant documentation.

C43. Research, surveillance and exchange of information Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C431[1]. developing and/or promoting research that addresses: [determinants of tobacco consumption?]

Yes

C431[2]. developing and/or promoting research that addresses: [consequences of tobacco consumption?]

Yes

C431[3]. developing and/or promoting research that addresses: [social and economic indicators related to tobacco consumption?]

Yes

C431[4]. developing and/or promoting research that addresses: [tobacco use among women, with special regard to pregnant women?]
Yes
C431[5]. developing and/or promoting research that addresses: [the determinants and consequences of exposure to tobacco smoke?]
No
C431[6]. developing and/or promoting research that addresses: [identification of effective programmes for the treatment of tobacco dependence?]
Yes
C431[7]. developing and/or promoting research that addresses: [identification of alternative livelihoods?]
No
C431[other]. developing and/or promoting research that addresses: [Other]
C432. training and support for all persons engaged in tobacco control activities, including research, implementation and evaluation?
No
C433[1]. a national system for epidemiological surveillance of: [patterns of tobacco consumption?]
No
C433[2]. a national system for epidemiological surveillance of: [determinants of tobacco consumption?]
No
C433[3]. a national system for epidemiological surveillance of: [consequences of tobacco consumption?]
No
C433[4]. a national system for epidemiological surveillance of: [social, economic and health indicators related to tobacco consumption?]
Yes
C433[5]. a national system for epidemiological surveillance of: [exposure to tobacco smoke?]
Yes
C433[other]. a national system for epidemiological surveillance of: [Other]
Austrian Health Interview Survey (ATHIS) of 2014 ("Österreichische Gesundheitsbefragung"); Lower Austrian Survey of tobacco consumption (pupils and adults; <a href="http://www.ifes.at/aktuelles/rauchgewohnheiten-schuelerinnen-noe">http://www.ifes.at/aktuelles/rauchgewohnheiten-schuelerinnen-noe</a> , <a href="http://www.ifes.at/aktuelles/rauchgewohnheiten-noe">http://www.ifes.at/aktuelles/rauchgewohnheiten-noe</a> )
C434. Please list all surveys, including the year of the survey, that you have undertaken in the past.
General Population Survey on Substance Use 2015 ESPAD 2015 HBSC 2014 Austrian Health Interview Survey (ATHIS) 2014 ("Österreichische Gesundheitsbefragung")
C435. Does your country have any plans to repeat any of the above or to undertake a new tobacco survey within three to five years of your last survey? Please provide details in the space below.
It is planned to repeat all of the four above mentioned surveys.
C436[1]. regional and global exchange of publicly available national: [scientific, technical, socioeconomic, commercial and legal information?]
Yes
C436[2]. regional and global exchange of publicly available national: [information on the practices of the tobacco industry?]
No
C436[3]. regional and global exchange of publicly available national: [information on the cultivation of tobacco?]
No
C437[1]. an updated database of: [laws and regulations on tobacco control?]
No

C437[2]. an updated database of: [information about the enforcement of laws on tobacco control?]  
No

C437[3]. an updated database of: [pertinent jurisprudence?]  
No

C438. Please provide a brief description of the progress made in implementing Article 20 (Research, surveillance and exchange of information) in the past two years or since submission of your last report.  
Minimal Data Set (survey on information on the persons who receive smoking counseling and cessation from the social security institutions)  
  
Meetings with international and national experts in the field of tobacco cessation and counseling  
  
Project "Smokefree for me and my baby" addressing pregnant women (target is to find out which factors are influencing and facilitating to help them quit smoking; goals are to adopt existing quitting-tools like the application "Rauchfrei App" and to develop guidelines for clinicians)

C439. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

## D. INTERNATIONAL COOPERATION AND ASSISTANCE

D0. Pursuant to Article 21.1(c) and in accordance with Article 26, have you either provided or received financial or technical assistance (be it through unilateral, bilateral, regional, subregional or other multilateral channels, including relevant regional and international intergovernmental or nongovernmental organizations and financial and development institutions) for the development and strengthening of multisectoral, comprehensive tobacco control programmes of developing country Parties and Parties with economies in transition in any of the following areas:

D1[1]. development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance provided]  
No

D1[2]. development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance received]  
No

D2[1]. provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance provided]  
No

D2[2]. provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance received]  
No

D3[1]. appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance provided]  
No

D3[2]. appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance received]
No
D4[1]. provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance provided]
No
D4[2]. provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance received]
No
D5[1]. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance provided]
No
D5[2]. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance received]
No
D6[1]. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance provided]
No
D6[2]. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance received]
No
D7. Please identify the Party or Parties from which assistance was received or to which assistance was provided.
D8. Please provide information about any assistance provided or received in the space below.
D9. If you have not received or provided assistance in any of the aforementioned areas, please identify any financial or technical assistance that may be under consideration, if appropriate.
D10. Have you encouraged relevant regional and international intergovernmental organizations and financial and development institutions in which you are represented to provide financial assistance for developing country Parties and for Parties with economies in transition to assist them in meeting their obligations under the Convention?
No
D11. Please provide details in the space below.

## E. PRIORITIES AND COMMENTS

E1. What are the priorities for implementation of the WHO Framework Convention on Tobacco Control in your jurisdiction?
Stronger enforcement of the existing smoking restrictions under current legislation; further development of a national tobacco control strategy.
E2. Have you identified any specific gaps between the resources available and the needs assessed for implementing the WHO Framework Convention on Tobacco Control?
Yes
E3. Please provide details in the space below.
Limited availability of human resources and financial resources as a result of savings in public administration on national as well as provincial/regional level.
E4. What, if any, are the constraints or barriers, other than lack of resources, you have encountered in implementing the Convention?
Apart from significantly strengthening the provisions on youth protection (e.g. introduction of a smoking ban in vehicles when persons under 18 years of age are present, etc.), the work program of the Austrian Government (2017-2022) provides, within narrow bounds, for the maintenance of existing exemptions to the smoking ban in the hospitality sector.

---

E5[1]. Do you have any of the following products available on your national tobacco market? [smokeless tobacco products]  
Yes

E5[2]. Do you have any of the following products available on your national tobacco market? [water pipe tobacco]  
Yes

E5[3]. Do you have any of the following products available on your national tobacco market? [ENDS/ENNDS]  
Yes

E5[other]. Do you have any of the following products available on your national tobacco market? [Other]  
chewing tobacco (until 19 May 2017)

E6[1]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [smokeless tobacco products]  
Yes

E6[2]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [water pipe tobacco]  
Yes

E6[3]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [ENDS/ENNDS]  
Yes

E6[other]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [Other]  
chewing tobacco

E7. If you have any relevant information related to questions E5 and E6, please provide details in the space below.  
The amendment of the Austrian Tobacco Act in August 2015 refers to new tobacco related products; those products are included in the regulations for smoking bans in public places as well as restaurants, bars, etc. since May 2016.  
  
The work program of the Austrian Government (2017 - 2022) provides for keeping the current regulations regarding smoking bans in the hospitality sector alongside with strengthening the youth protection laws (such as the prohibition of purchasing and consumption of tobacco and related products for unter 18 year olds as well as the prohibition of smoking in private vehicles in the presence of minors).

E8. Please provide any other relevant information not covered elsewhere that you consider important.

E9. Your suggestions for further development and revision of the reporting instrument:
