B1. TOBACCO CONSUMPTION

B1. Prevalence of tobacco use
B11. Smoking prevalence in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered, e.g. 15 years old and over, 18-64 years; see B112)
B11A[1_SQ001]. Current smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
57.1
B11A[1_SQ002]. Current smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
22.2
B11A[2_SQ001]. Current smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
7.1
B11A[2_SQ002]. Current smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
14.4
B11A[3_SQ001]. Current smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
31.1
B11A[3_SQ002]. Current smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
21.3
B11B[1_SQ001]. Daily smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
51.5
B11B[1_SQ002]. Daily smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
B11B[2_SQ001]. Daily smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
6.2
B11B[2_SQ002]. Daily smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]

B11B[3_SQ001]. Daily smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

28

B11B[3_SQ002]. Daily smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]

B11C[1_SQ001]. Occasional smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

4.5

B11C[2_SQ001]. Occasional smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

0.8

B11C[3_SQ001]. Occasional smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

2.7

B11D[1_SQ001]. Former smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

19

B11D[2_SQ001]. Former smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

2.8

B11D[3_SQ001]. Former smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

10.6

B11E[1_SQ001]. Never smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

24.0

B11E[2_SQ001]. Never smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

90.2

B11E[3_SQ001]. Never smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

58.4

B111. Please indicate the smoking tobacco products included in calculating prevalence for question B11:

any tobacco products, such as cigarettes, cigars, or pipes

B112[1_SQ001]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][From]

18

B112[1_SQ002]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][To]

69

B113A. Please indicate the year of the data used to answer question B11:

2016

B113B. Please indicate the source of the data used to answer question B11:

WHO STEPSwise Survey on risk factors of non-communicable diseases

B114[SQ001]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Current smoker]

current smoker is defined as current daily or occasional smoker

B114[SQ002]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Daily smoker]

daily smoker is defined as a smoker who smokes at least one puff of any tobacco product a day

B114[SQ003]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Occasional smoker]

occasional smoker is defined as a smoker who does not smoke on daily basis

B114[SQ004]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Former smoker]
former smoker was defined as an ex-smoker who currently does not smoke but has smoked at least 100 cigarettes in the lifetime

B114[SQ005]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Never smoker]
never smoker was defined as a person who currently does not smoke and has never smoked or smoked less than 100 cigarettes in the lifetime

B115. Please provide a brief explanation of the trend in smoking prevalence in the adult population in the past two years or since submission of your last report.
Since submission of the last report there is slight overall increase of tobacco prevalence in adult population in Georgia, as well as in both sexes. The trend of increase is significant especially among women daily smokers. This clearly signals that Women in Georgia are getting more and more dependent on tobacco products. Necessary steps are urgent to curtail tobacco industry marketing targeting women especially.

B12[B12a_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
18

B12[B12a_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
29

B12[B12a_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
60

B12[B12b_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
30

B12[B12b_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
44

B12[B12b_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
62

B12[B12c_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
45

B12[B12c_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
58

B12[B12c_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
58

B12[B12d_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
60

B12[B12d_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

69

B12[B12d_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

38

B12[B12e_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12e_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12e_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12ee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12ee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12ee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12eee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12eee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12eee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12eeee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12eeee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12eeee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12f_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
18

B12[B12f_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
29

B12[B12f_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
7

B12[B12g_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
30

B12[B12g_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
44

B12[B12g_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
9

B12[B12h_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
45

B12[B12h_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
59

B12[B12h_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
7

B12[B12i_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
59

B12[B12i_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
69

B12[B12i_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
4

B12[B12j_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12j_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12j_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jjj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jjj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jjj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jjjj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jjjj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jjjj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12k_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12k_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

29

B12[B12k_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

34

B12[B12l_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

30

B12[B12l_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

44

B12[B12l_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

35

B12[B12m_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

45

B12[B12m_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

59

B12[B12m_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

31

B12[B12n_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

60

B12[B12n_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

69

B12[B12n_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

19

B12[B12o_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12o_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12o_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12oo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12oo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12oo_B12x2]. B12[B12ooo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12ooo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12ooo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12oooo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12oooo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12oooo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B121. Please indicate the smoking tobacco products included in calculating prevalence for question B12:

any tobacco products, such as cigarettes, cigars, or pipes

B122A. Please indicate the year of the data used to answer question B12:

2016

B122B. Please indicate the source of the data used to answer question B12:

WHO STEPSwise Survey on risk factors of non-communicable diseases

B123. Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.

Since submission of the last report there is a slight increase of current smoking prevalence or similar trend is maintained across the age groups. The increased trend is notable among men age range 18-29 and female 30-44 especially. This clearly indicates the need of addressing tobacco marketing restriction and tax and prices policies.

B13. Prevalence of smokeless tobacco use in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18–64 years; see B132)

B13A[1_B13x1]. Males [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.5

B13A[2_B13x1]. Males [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.1

B13A[3_B13x1]. Males [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.5

B13A[4_B13x1]. Males [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.3

B13A[5_B13x1]. Males [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
99.2

B13B[1_B13x1]. Females [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.1

B13B[2_B13x1]. Females [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0

B13B[3_B13x1]. Females [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0

B13B[4_B13x1]. Females [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.1

B13B[5_B13x1]. Females [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
99.8

B13C[1_B13x1]. TOTAL (males and females) [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.3

B13C[2_B13x1]. TOTAL (males and females) [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0

B13C[3_B13x1]. TOTAL (males and females) [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.3

B13C[4_B13x1]. TOTAL (males and females) [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.2

B13C[5_B13x1]. TOTAL (males and females) [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
99.5

B131. Please indicate the smokeless tobacco products included in calculating prevalence for question B13:
any smokeless tobacco such as snuff, chewing tobacco, betel

B132[1_SQ001]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][From]
18

B132[1_SQ002]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][To]
69

B133A. Please indicate the year of the data used to answer question B13:
2016

B133B. Please indicate the source of the data used to answer question B13:
WHO STEPSwise Survey on risk factors of non-communicable diseases

B134[SQ001]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Current user]
current smokeless tobacco user is defined as a person who uses smokeless tobacco daily or occasionally

B134[SQ002]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Daily user]
daily user is defined as a person who uses smokeless tobacco product at least once a day

B134[SQ003]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Occasional user]
occasional user is defined as a person who uses smokeless tobacco not on the daily basis

B134[SQ004]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Former user]

B134[SQ005]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Never user]

B135. Please provide a brief explanation of the trend in smokeless tobacco use in the adult population in the past two years or since submission of your last report.
as it was at the time of submitting of the last report, smokeless tobacco consumption remains very low in Georgia and does not represent a significant public health problem.

B14[B12a_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]
18

B14[B12a_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]
29

B14[B12a_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
1

B14[B12b_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]
30

B14[B12b_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]
44

B14[B12b_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B161. Please indicate the tobacco products included in calculating prevalence for question B16:
any type of smoked tobacco

B162A. Please indicate the year of the data used to answer question B16:
2017

B162B. Please indicate the source of the data used to answer question B16:
WHO Global Tobacco Youth Survey

B163. Please provide the definition of "current smoking/tobacco use" used to answer question B16 in the space below.
current smoking.tobacco use is defined as smoking/using tobacco at the time of the survey, including daily and non-daily smoking

B164. Please provide a brief explanation of the trend in tobacco use by young persons in the past two years or since submission of your last report.
the data compared to previous survey from 2014 show that there is slight increase in tobacco consumption among youth. It is notable that smokeless tobacco products figures are also increasing compared to the adult population consumption levels, it is important to study this further in order to understand particularly which tobacco products are trending in youth and what are the causing factors.

B165. Please attach the relevant documentation.

B3. Tobacco-related mortality
B31. Do you have information on tobacco-related mortality in your population?
Yes
B32. What is the estimated total number of deaths attributable to tobacco use in your population?
11400.0000000000
B33. If available, please provide any additional information on mortality attributable to tobacco use (e.g. lung cancer, cardiovascular diseases) in your jurisdiction.
11,400 Georgian citizens die annually because of tobacco-related diseases, out of which: 9,300 annual deaths due to smoking 2,100 annual deaths due to second hand smoke exposure
B34A. Please indicate the year of the data used to answer question B32 and 33:
2017
B34B. Please indicate the source of the data used to answer questions B32 and B33:
WHO FCTC Investment Case
B35. Please submit a copy of the study you refer to:
[]
B35[filecount]. filecount - Please submit a copy of the study you refer to:
0
B4. Tobacco-related costs
B41. Do you have information on the economic burden of tobacco use in your population, e.g. the overall cost of tobacco use imposed on your society?
Yes
B42. Please provide details (e.g. direct (health care-related) and indirect costs and, if possible, the method used to estimate these costs).
Total annual direct and indirect costs associated with tobacco-use: GEL 824.9 million This is equivalent to an annual loss of 2.43% of GDP Of the GEL 824.9 million total economic cost of tobacco use: Annual direct healthcare expenditures: GEL 327.3 million Annual indirect costs: GEL 497.6 million Annual economic losses/indirect costs associated with tobacco-related premature mortality: GEL 104.1 million Workplace costs of smoking: GEL 393.5 million* Excess absenteeism - GEL 76.3 million Excess presenteeism - GEL 73.9 million Smoking breaks - GEL 243.3 million

C1. GENERAL OBLIGATIONS

C1. With reference to Article 5
C111. Have you developed and implemented comprehensive multisectoral national tobacco control strategies, plans and programmes in accordance with the Convention?
Yes
C112. Have you partially developed and implemented tobacco control strategies by including tobacco control in national health, public health or health promotion strategies, plans and programmes?
N/A
C113. Is any aspect of tobacco control that is referred to in the Convention included in any national strategy, plan or programme?
N/A
C114[C114a]. Have you established or reinforced and financed: [a focal point for tobacco control?]
Yes
C114[C114b]. Have you established or reinforced and financed: [a tobacco control unit?]
Yes
C114[C114c]. Have you established or reinforced and financed: [a national coordinating mechanism for tobacco control?]
Yes
C115. Please provide details (e.g. the nature of the national coordinating mechanism, the institution to which the focal point for tobacco control or the tobacco control unit belongs).
The National Tobacco Control Committee was established in 2013 and it is chaired by the Prime Minister of Georgia, it comprises of 10 different ministers and has a working group comprising of different ministries and society representatives and chaired by the minister of health, The National Center for Disease Control and Public Health serves as a secretariat of the Committee. National Center for Disease Control and Public Health (NCDC) is the host institution of the Tobacco Control National Technical Focal Point. NCDC has a Tobacco Control Group which has been expanded within last two years, It comprised of 5 people fully dedicated to tobacco control.
C116. Please provide a brief description of the progress made in implementing Article 5.1 and 5.2 (General obligations) in the past two years or since submission of your last report.
The Committee was mandated to develop Tobacco Control National Strategy and Action Plan, both were approved by the Decrees of the Government in 2013. Necessary legislative amendments package was also prepared in accordance to the National Tobacco Control Strategy and Action Plan, which was approved by the Parliament of Georgia in May 2017. The tobacco control law amendment set is considered to be one of the most comprehensive in the region and is in full compliance to the WHO FCTC requirements. With the leadership of the Health and Social Affairs Committee of the Parliament of Georgia a Health Promotion and Prevention Council (HPPC) was created which is overseeing the overall preparation period of the implementation of new tobacco control legislation (the major provisions of the law enter into force from May 1, 2018)

C117. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C12. Protection of public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C121. protecting public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry?
Yes

C122. ensuring that the public has access, in accordance with Article 12(c), to a wide range of information on tobacco industry activities relevant to the objectives of the Convention, such as in a public repository?
Yes

C123. Please provide details in the space below.
Newly adopted tobacco control law has a provision on protecting health policies with respect of tobacco control from commercial and other vested interests of the tobacco industry. It entails provision of Governmental Normative Act on regulating civil servants and other state employees relation with the tobacco industry. The respective Normative Act is being developed and is under the process of approval by the Government of Georgia.

C124. Please provide a brief description of the progress made in implementing Article 5.3 in the past two years or since submission of your last report.

C125. Have you utilized the "Guidelines for implementation of Article 5.3 of the WHO FCTC" when developing or implementing policies in this area?
Yes

C126. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. https://extranet.who.int/dataform/655321?token={TOKEN}&_en

C22. Protection from exposure to tobacco smoke Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C221. banning tobacco smoking in indoor workplaces, public transport, indoor public places and, as appropriate, other public places ?
Yes

C222[1]. What is the type/nature of the measure providing for the ban? [national law]
Yes

C222[2]. What is the type/nature of the measure providing for the ban? [subnational law(s)]

C222[3]. What is the type/nature of the measure providing for the ban? [administrative and executive orders]

C222[4]. What is the type/nature of the measure providing for the ban? [voluntary agreements]

C222[5]. What is the type/nature of the measure providing for the ban? [other measures (please specify in C223 below)]

C223. Please provide a brief explanation of the type/nature and content of the measures providing for the ban.
According to the newly adopted tobacco control legislation smoking in enclosed public spaces is totally banned (including workplaces), smoking is also banned in public transportation and recreational zones where children's playgrounds are located. The smoking ban enters into force from May 1, 2018

C224. Do any of these measures provide for a mechanism/ infrastructure for enforcement?
Yes

C225. Please provide details of this system.
responsible agency on monitoring and response of smoking ban in public places (hospitality sector) is Police Department under the Ministry of Internal Affairs. The main responsibility for the compliance to the law falls on the owners/managers of the business, in case the individuals do not obey to the smoking ban law, the owner/manager is entitled to call the Patrol police. Financial sanctions for the violations of law have increased and the process has simplified. The routine monitoring is planned to reveal the violations, for which relevant structures of the ministry of Internal Affairs are being trained. Other ministries are responsible on monitoring and response on violations of the facilities under their field: e.g. Ministry of Finance, Revenue Service for retailers, Ministry of Health for Health facilities, Ministry of Education for educational facilities etc.

C251. requiring that packaging, individual cigarettes or other tobacco products do not carry advertising or promotion?
Yes
C252. requiring that packaging and labelling do not promote a product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?
Yes
C253. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products carry health warnings describing the harmful effects of tobacco use?
Yes
C254. ensuring that the health warnings are approved by the competent national authority?
Yes
C255. ensuring that the health warnings are rotated?
Yes
C256. ensuring that the health warnings are clear, visible and legible?
Yes
C257. Does your law mandate, as a minimum, a style, size and colour of font to render the warning clear, visible and legible?
Yes
C258. ensuring that the health warnings occupy no less than 30% of the principal display areas?
Yes
C259. ensuring that the health warnings occupy 50% or more of the principal display areas?
N/A
C2510. ensuring that health warnings are in the form of, or include, pictures or pictograms?
Yes
C2511. Does the Government own the copyright to these pictures and pictograms?
No
C2512. Would you grant a non-exclusive and royalty-free licence for the use of health warnings developed in your jurisdiction with other Parties?
N/A
C2513[1]. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [constituents of tobacco products?]
No

C2513[2]. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [emissions of tobacco products?]
Yes

C2514. requiring that the warnings and other textual information appear on each unit packet and package and on any outside packaging and labelling in the principal language or languages of the country?
Yes

C2515. Please provide a brief description of the progress made in implementing Article 11 (Packaging and labelling of tobacco products) in the past two years or since submission of your last report.
According to the newly adopted tobacco control legislation there is provision requiring the increase of health warnings up to 60% of the whole surface of manufactured tobacco products packages and to make depiction of pictorial health warnings mandatory. The right to use the pictorial Health warnings was generously provided by the Canadian and Australia governments. Depiction of the amount of the emissions on the packaging of tobacco products is still not prohibited. The provision to depict large size pictorial health warnings enters into force from September 1, 2018.
From January 2023 according to the new tobacco control law it is required to introduce standardized tobacco packaging.

C2516. Have you utilized the "Guidelines for implementation of Article 11 of the WHO FCTC" when developing or implementing policies in this area?
Yes

C2517. Please provide details in the space below or refer to section D of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. https://extranet.who.int/dataform/655321?token={TOKEN}&_en

C26. Education, communication, training and public awareness Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C261. educational and public awareness programmes? (Please refer to programmes implemented since submission of your two-year report.)
Yes

C262[1]. To whom are these programmes targeted? [adults or the general public]
Yes

C262[2]. To whom are these programmes targeted? [children and young people]
Yes

C262[3]. To whom are these programmes targeted? [men]
Yes

C262[4]. To whom are these programmes targeted? [women]
Yes

C262[5]. To whom are these programmes targeted? [pregnant women]
Yes

C262[6]. To whom are these programmes targeted? [ethnic groups]
No

C262[7]. To whom are these programmes targeted? [other (please specify)]
No

C262[other]. To whom are these programmes targeted? [Other]
C263[1]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [age]
Yes
C263[2]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [gender]
Yes
C263[3]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [educational background]
Yes
C263[4]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [cultural background]
No
C263[5]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [socioeconomic status]
Yes
C263[6]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [other (please specify)]
No
C263[other]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [Other]
C264[1]. Do these educational and public awareness programmes cover: [health risks of tobacco consumption?]
Yes
C264[2]. Do these educational and public awareness programmes cover: [health risks of exposure to tobacco smoke?]
Yes
C264[3]. Do these educational and public awareness programmes cover: [benefits of the cessation of tobacco use and tobacco-free lifestyles?]
Yes
C264[4]. Do these educational and public awareness programmes cover: [adverse economic consequences of tobacco production?]
Yes
C264[5]. Do these educational and public awareness programmes cover: [adverse economic consequences of tobacco consumption?]
Yes
C264[6]. Do these educational and public awareness programmes cover: [adverse environmental consequences of tobacco production?]
Yes
C264[7]. Do these educational and public awareness programmes cover: [adverse environmental consequences of tobacco consumption?]
Yes
C265[1]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [public agencies?]
Yes
C265[2]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [nongovernmental organizations not affiliated with the tobacco industry?]
Yes

C265[3]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [private organizations?]
Yes

C265[4]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [other (please specify)?]
No

C265[other]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [Other]

C266. Are the elaboration, management and implementation of communication, education, training and public awareness programmes guided by research and do they undergo pre-testing, monitoring and evaluation?
Yes

C267[1]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [health workers?]
Yes

C267[2]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [community workers?]
No

C267[3]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [social workers?]
Yes

C267[4]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [media professionals?]
Yes

C267[5]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [educators?]
Yes

C267[6]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [decision-makers?]
Yes

C267[7]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [administrators?]
Yes

C267[8]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [other (please specify)]
No

C267[other]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [Other]

C268. Please provide a brief description of the progress made in implementing Article 12 (Education, communication, training and public awareness) in the past two years or since submission of your last report.
Since 2015 National Center for Disease Control and Public Health is implementing a State Health Promotion Program, biggest component of which is tobacco control with its designated budget. within this program number of educational, informational activities have been carried out for different target groups, as well as trainings for health and communication specialists and awareness raising media campaign for general public. in 2017 after adopting new generation tobacco control law the financing of the tobacco control state program has significantly increased and it carrying out a nationwide communication campaign with the involvement of other government sectors. The communication campaign main focus is implementation of smoke-free law and has shared vision and logo, slogan and messages among different ministries.

C269. Have you utilized the "Guidelines for implementation of Article 12 of the WHO FCTC" when developing and implementing policies in this area?
Yes

C2610. Please provide details in the space below or refer to section E of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C27. Tobacco advertising, promotion and sponsorship Have you adopted and implemented, where appropriate, any legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes:

C271. instituting a comprehensive ban on all tobacco advertising, promotion and sponsorship?

Yes

C272[1]. Does your ban cover: [display and visibility of tobacco products at points of sales?]

No

C272[2]. Does your ban cover: [the domestic Internet?]

Yes

C272[3]. Does your ban cover: [the global Internet?]

Yes

C272[4]. Does your ban cover: [brand stretching and/or brand sharing?]

Yes

C272[5]. Does your ban cover: [product placement as a means of advertising or promotion?]

Yes

C272[6]. Does your ban cover: [the depiction of tobacco or tobacco use in entertainment media products?]

Yes

C272[7]. Does your ban cover: [tobacco sponsorship of international events or activities and/or participants therein?]

Yes

C272[8]. Does your ban cover: [contributions from tobacco companies to any other entity for "socially responsible causes" and/or any other activities implemented under the umbrella of "corporate social responsibility" by the tobacco industry?]

Yes

C272[9]. Does your ban cover: [cross-border advertising, promotion and sponsorship originating from your territory?]

No

C272[10]. Does your ban cover: [the same forms of cross-border advertising, promotion and sponsorship entering your territory for which domestic regulation apply?]

No

C273. are you precluded by your constitution or constitutional principles from undertaking a comprehensive ban on tobacco advertising, promotion and sponsorship?

N/A

C274. applying restrictions on all tobacco advertising, promotion and sponsorship?

N/A

C275. applying restrictions on cross-border advertising, promotion and sponsorship originating from your territory with cross-border effects?

N/A

C276. prohibiting those forms of tobacco advertising, promotion and sponsorship that promote a tobacco product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?
N/A

C277. requiring that health or other appropriate warnings or messages accompany all tobacco advertising, promotion and sponsorship?
N/A

C278. restricting the use of direct or indirect incentives that encourage the purchase of tobacco products by the public?
N/A

C279. requiring the disclosure to relevant Government authorities of expenditures by the tobacco industry on advertising, promotion and sponsorship not yet prohibited?
N/A

C2710[1]. restricting tobacco advertising, promotion and sponsorship on: [radio?]
N/A

C2710[2]. restricting tobacco advertising, promotion and sponsorship on: [television?]
N/A

C2710[3]. restricting tobacco advertising, promotion and sponsorship on: [print media?]
N/A

C2710[4]. restricting tobacco advertising, promotion and sponsorship on: [the domestic Internet?]
N/A

C2710[5]. restricting tobacco advertising, promotion and sponsorship on: [the global Internet?]
N/A

C2710[6]. restricting tobacco advertising, promotion and sponsorship on: [other media (please specify below)?]
N/A

C2711[1]. restricting tobacco sponsorship of: [international events and activities?]
N/A

C2711[2]. restricting tobacco sponsorship of: [participants therein?]
N/A

C2712. cooperating with other Parties in the development of technologies and other means necessary to facilitate the elimination of cross-border advertising?
No

C2713. imposing penalties for cross-border advertising equal to those applicable to domestic advertising, promotion and sponsorship originating from your territory in accordance with national law?
No

C2714. Please provide a brief description of the progress made in implementing Article 13 (Tobacco advertising, promotion and sponsorship) in the past two years or since submission of your last report.
The comprehensive ban on tobacco advertisement, sponsorship and promotion is considered in the newly adopted Advertisement Law of Georgia. It includes ban on all forms of tobacco advertisement, sponsorship and promotion except tobacco product display ban at points of sales. The law enters into force from September 1, 2018

C28. Demand reduction measures concerning tobacco dependence and cessation Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C281. developing and disseminating appropriate, comprehensive and integrated guidelines based on scientific evidence and best practices?
Yes

C282[1]. programmes to promote cessation of tobacco use, including: [media campaigns emphasizing the importance of quitting?]
Yes

C282[2]. programmes to promote cessation of tobacco use, including: [programmes specially designed for underage girls and young women?]
No

C282[3]. programmes to promote cessation of tobacco use, including: [programmes specially designed for women?]
No

C282[4]. programmes to promote cessation of tobacco use, including: [programmes specially designed for pregnant women?]
No

C282[5]. programmes to promote cessation of tobacco use, including: [telephone quitlines?]
Yes

C282[6]. programmes to promote cessation of tobacco use, including: [local events, such as activities related to World No Tobacco Day or National No Smoking Day, if appropriate?]
Yes

C282[7]. programmes to promote cessation of tobacco use, including: [other (please specify)?]
No

C282[other]. programmes to promote cessation of tobacco use, including: [Other]

C283[1]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [educational institutions?]
No

C283[2]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [health-care facilities?]
Yes

C283[3]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [workplaces?]
Yes

C283[4]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [sporting environments?]
No

C283[5]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [other (please specify)?]
No

C283[other]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [Other]

C284[1]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [tobacco control?]
Yes

C284[2]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [health?]
No

C284[3]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [education?]
No

C285. inclusion of programmes on the diagnosis and treatment of tobacco dependence in your health-care system?
Yes

C286[1]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [primary health care]
Yes

C286[2]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [secondary and tertiary health care]
No

C286[3]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [specialist health-care systems (please specify below)]
No

C286[4]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [specialized centres for cessation counselling and treatment of tobacco dependence]
No

C286[5]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [rehabilitation centres]
No

C286[other]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [Other]

C287[1]. Are the services provided in these settings covered by public funding or reimbursement schemes? [primary health care]
Partially

C287[2]. Are the services provided in these settings covered by public funding or reimbursement schemes? [secondary and tertiary health care]
None

C287[3]. Are the services provided in these settings covered by public funding or reimbursement schemes? [specialist health-care systems (please specify below)]
None

C287[4]. Are the services provided in these settings covered by public funding or reimbursement schemes? [specialized centres for cessation counselling and treatment of tobacco dependence]
None

C287[5]. Are the services provided in these settings covered by public funding or reimbursement schemes? [rehabilitation centres]
None

C287[6]. Are the services provided in these settings covered by public funding or reimbursement schemes? [other (please specify below)]

C287b. Please provide other details in the space below.

C288[1]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [physicians]
Yes

C288[2]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [dentists]
No
C288[3]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [family doctors]
Yes

C43. Research, surveillance and exchange of information Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C431[1]. developing and/or promoting research that addresses: [determinants of tobacco consumption?]
No

C431[2]. developing and/or promoting research that addresses: [consequences of tobacco consumption?]
No

C431[3]. developing and/or promoting research that addresses: [social and economic indicators related to tobacco consumption?]
Yes

C431[4]. developing and/or promoting research that addresses: [tobacco use among women, with special regard to pregnant women?]
No

C431[5]. developing and/or promoting research that addresses: [the determinants and consequences of exposure to tobacco smoke?]
No

C431[6]. developing and/or promoting research that addresses: [identification of effective programmes for the treatment of tobacco dependence?]
No

C431[7]. developing and/or promoting research that addresses: [identification of alternative livelihoods?]
No

C431[other]. developing and/or promoting research that addresses: [Other]

C432. training and support for all persons engaged in tobacco control activities, including research, implementation and evaluation?
Yes

C433[1]. a national system for epidemiological surveillance of: [patterns of tobacco consumption?]
Yes

C433[2]. a national system for epidemiological surveillance of: [determinants of tobacco consumption?]
No

C433[3]. a national system for epidemiological surveillance of: [consequences of tobacco consumption?]
No

C433[4]. a national system for epidemiological surveillance of: [social, economic and health indicators related to tobacco consumption?]
Yes

C433[5]. a national system for epidemiological surveillance of: [exposure to tobacco smoke?]
Yes

C433[other]. a national system for epidemiological surveillance of: [Other]

C434. Please list all surveys, including the year of the survey, that you have undertaken in the past.
WHO Global Youth Tobacco Survey, 2017; WHO STEPSwise Survey on Risk Factors of Non-communicable Diseases, 2016; ESPAD Survey 2015

C435. Does your country have any plans to repeat any of the above or to undertake a new tobacco survey within three to five years of your last survey? Please provide details in the space below.

C436[1]. regional and global exchange of publicly available national: [scientific, technical, socioeconomic, commercial and legal information?]
No
C436[2]. regional and global exchange of publicly available national: [information on the practices of the tobacco industry?]
No
C436[3]. regional and global exchange of publicly available national: [information on the cultivation of tobacco?]
No
C437[1]. an updated database of: [laws and regulations on tobacco control?]
No
C437[2]. an updated database of: [information about the enforcement of laws on tobacco control?]
No
C437[3]. an updated database of: [pertinent jurisprudence?]
No
C438. Please provide a brief description of the progress made in implementing Article 20 (Research, surveillance and exchange of information) in the past two years or since submission of your last report.
C439. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
C4310. Please attach the relevant documentation.
C4310[filecount]. filecount - Please attach the relevant documentation.

D. INTERNATIONAL COOPERATION AND ASSISTANCE

D0. Pursuant to Article 21.1(c) and in accordance with Article 26, have you either provided or received financial or technical assistance (be it through unilateral, bilateral, regional, subregional or other multilateral channels, including relevant regional and international intergovernmental or nongovernmental organizations and financial and development institutions) for the development and strengthening of multisectoral, comprehensive tobacco control programmes of developing country Parties and Parties with economies in transition in any of the following areas:
D1[1]. development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance provided]
No
D1[2]. development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance received]
Yes
D2[1]. provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance provided]
No
D2[2]. provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance received]
Yes
D3[1]. appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance provided]
No

D3[2]. appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance received]
Yes
D4[1]. provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance provided]
No
D4[2]. provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance received]
No
D5[1]. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance provided]
No
D5[2]. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance received]
No
D6[1]. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance provided]
No
D6[2]. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance received]
No
D7. Please identify the Party or Parties from which assistance was received or to which assistance was provided.
Assistance was provided by WHO FCTC Secretariat, WHO European Regional Office, Bloomberg Philanthropies Grant Program, The Union against Tuberculosis and Lung Diseases, Vital Strategies.
D8. Please provide information about any assistance provided or received in the space below.
Georgia is selected as a Partner for WHO FCTC initiated FCTC2030 project generously supported by the UK and Australian Governments in frames of ODA. Georgia is a recipient of Bloomberg Philanthropies Grant Programme and is implementing a project with administration of the the Union against Tuberculosis and Lung Diseases. Assistance was received from The Union North America (Vital Strategies) to develop PSAs on harms of SHS and informative videos on newly adopted tobacco control law. Assistance was received from WHO European Regional Office to conduct WHO STEPS Survey and WHO GYTS. Assistance is received from the USA NIH to conduct a joint project with the Emory University and Armenian Institute of Public Health on strengthening local level capacity on implementation of the effective tobacco control measures.
D9. If you have not received or provided assistance in any of the aforementioned areas, please identify any financial or technical assistance that may be under consideration, if appropriate.
provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction.
D10. Have you encouraged relevant regional and international intergovernmental organizations and financial and development institutions in which you are represented to provide financial assistance for developing country Parties and for Parties with economies in transition to assist them in meeting their obligations under the Convention?
N/A
D11. Please provide details in the space below.

E. PRIORITIES AND COMMENTS

E1. What are the priorities for implementation of the WHO Framework Convention on Tobacco Control in your jurisdiction?
effective implementation of newly adopted tobacco control law (in particular articles: 8, 11, 13);
Increase of tobacco taxes;[?]
improve tobacco cessation services;
Strengthening intersectoral collaboration - tobacco in the development agenda;
Enchaining knowledge sharing platforms - in particular in the spirit of the South-South and triangular cooperation
Strengthening international support and mobilizing collaboration with civil society
Institutional capacity building;

E2. Have you identified any specific gaps between the resources available and the needs assessed for implementing the WHO Framework Convention on Tobacco Control?
Yes

E3. Please provide details in the space below.
improving of smoking cessation services - sufficient infrastructure including human resources do not exist to provide comprehensive smoking cessation services.
lack of human resources dedicated to tobacco control - study tours, trainings and workshops are needed for broad range of experts from different sectors who are involved or will be potentially involved in tobacco control activities.
systematic surveillance on tobacco consumption trends and its determinants as well as health and economic impact - more research needs to be promoted

E4. What, if any, are the constraints or barriers, other than lack of resources, you have encountered in implementing the Convention?
Main barrier remains tobacco industry influence and lack of sensitization of government officials outside of health sector on the benefits of comprehensive tobacco control measures for both, health and development.

E5[1]. Do you have any of the following products available on your national tobacco market? [smokeless tobacco products]
No

E5[2]. Do you have any of the following products available on your national tobacco market? [water pipe tobacco]
Yes

E5[3]. Do you have any of the following products available on your national tobacco market? [ENDS/ENNDS]
Yes

E5[other]. Do you have any of the following products available on your national tobacco market? [Other]

E6[1]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [smokeless tobacco products]
No

E6[2]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [water pipe tobacco]
Yes

E6[3]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [ENDS/ENNDS]
Yes

E6[other]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [Other]

E7. If you have any relevant information related to questions E5 and E6, please provide details in the space below.
The use of waterpipes and ENDS/ENNDS is banned in enclosed public spaces like cigarettes. The law enters into force from May 1, 2018.

E8. Please provide any other relevant information not covered elsewhere that you consider important.

E9. Your suggestions for further development and revision of the reporting instrument:
