Period of reporting:

	Month	Year
Start date	March (3)	2018 (19)
End date	March (3)	2020 (21)

B1. TOBACCO CONSUMPTION

Prevalence of tobacco use

Smoking prevalence in the adult population (all)

(Please provide prevalence data for total adult population, and identify the age considered, e.g. 15 years old and over, 18-64 years; see B112)

Current smokers

	Prevalence (%) (please include all smoking tobacco products in prevalence data)	Average number of the most-consumed smoking tobacco product used per day
MALE	38.0	
FEMALE	1.9	
TOTAL (males and females)	20.7	

Daily smokers

	Prevalence (%) (please include all smoking tobacco products in prevalence data)	Average number of the most-consumed smoking tobacco product used per day
MALE	36.1	23.9
FEMALE	1.8	19.2
TOTAL (males and females)	19.6	23.7

Occasional smokers

Prevalence (%)
(please include all smoking tobacco products in prevalence data)

Former smokers

Prevalence (%)
(please include all smoking tobacco products in prevalence data)

MALE	11.7
FEMALE	2.3
TOTAL (males and females)	7.1

Never smokers

Prevalence (%)
(please include all smoking tobacco products in prevalence data)

MALE	49.0
FEMALE	95.1
TOTAL (males and females)	71.1

Please indicate the smoking tobacco products included in calculating prevalence for question B11:

Manufactured cigarettes,hand-rolled cigarettes,shisha,cigars and cheroots

Please indicate the age range to which the data used to answer question B11 refer:

	From	To
Age range	18	100

Please indicate the year of the data used to answer question B11:

2015

Please indicate the source of the data used to answer question B11:

NCD STEPS survey Iraq

Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report.

Current smoker	those who smoke any tobacco products during past 30 days
Daily smoker	those who smoke any tobacco products daily
Occasional smoker	
Former smoker	those who currently not use any tobacco products
Never smoker	those who never use tobacco products at all

Please provide a brief explanation of the trend in smoking prevalence in the adult population in the past two years or since submission of your last report.

There is slightly decreased in the prevalence of tobacco use for both male and female, I think this is because of increase awareness towards the harm effects of tobacco use.

Smoking prevalence in the adult population (by age groups)

(If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years)

	Range - start age	Range - end age	Prevalence (%) (please include all smoking tobacco products in prevalence data)
MALES - current smokers ¹	18	39	38
MALES - current smokers ¹	40	59	41
MALES - current smokers ¹	60		26
FEMALES - current smokers ¹	18	39	1
FEMALES - current smokers ¹	40	59	3
FEMALES - current smokers ¹	60		4
TOTAL (males and females) - current smokers ¹	18	39	21
TOTAL (males and females) - current smokers ¹	40	59	21
TOTAL (males and females) - current smokers ¹	60		15

Please indicate the smoking tobacco products included in calculating prevalence for question B12:

Manufactured cigarettes, hand-rolled cigarettes, shisha, cigars and cheroots

Please indicate the year of the data used to answer question B12:

2015

Please indicate the source of the data used to answer question B12:

NCD STEPS survey Iraq

Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.

still we are depend on the rates of previous survey, unfortunately we didnt conduct new survey for the last 4 years.

Prevalence of smokeless tobacco use in the adult population (all)

(Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18–64 years; see B132)

Males

	Prevalence (%)
(please include all smokeless tobacco products in prevalence data)	
Current users	0.4
Former users	3.1

Females

	Prevalence (%)
(please include all smokeless tobacco products in prevalence data)	
Current users	0.02
Former users	0.8

TOTAL (males and females)

	Prevalence (%)
(please include all smokeless tobacco products in prevalence data)	
Current users	0.2
Former users	2.0

Please indicate the smokeless tobacco products included in calculating prevalence for question B13:

snuff, chewing tobacco and betel

Please indicate the age range to which the data used to answer question B13 refer:

	From	To
Age range	18	

Please indicate the year of the data used to answer question B13:

2015

Please indicate the source of the data used to answer question B13:

NCD STEPS survey Iraq

Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below.

Current user	those who used any smokeless tobacco during past 30 days
Daily user	
Occasional user	
Former user	those who didnt currently use any smokeless tobacco
Never user	

Please provide a brief explanation of the trend in smokeless tobacco use in the adult population in the past two years or since submission of your last report.

still we are depend on the rates of previous survey, unfortunately we didnt conduct new survey for the last 4 years.

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups)

(If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years)

	Range - start age	Range - end age	Prevalence (%) (please include all smoking tobacco products in prevalence data)
MALES - current smokers ²	18	39	0
MALES - current smokers ²	40	59	0
MALES - current smokers ²	60		0
FEMALES - current smokers ²	18	39	0
FEMALES - current smokers ²	40	59	0
FEMALES - current smokers ²	60		0
TOTAL (males and females) - current smokers ²	18	39	0
TOTAL (males and females) - current smokers ²	40	59	0
TOTAL (males and females) - current smokers ²	60		0

Please indicate the smokeless tobacco products included in the answer to question B14:

snuff, chewing tobacco and betel

Please indicate the year of the data used to answer question B14:

2015

Please indicate the source of the data used to answer question B14:

NCD STEPS survey Iraq

Please provide a brief explanation of the trend in current use of smokeless tobacco by adult age groups in the past two years or since submission of your last report.

still we are depend on the rates of previous survey, unfortunately we didnt conduct new survey for the last 4 years.

Tobacco use by ethnic group(s)

(please include all smoking or smokeless tobacco products in prevalence data)

Ethnic group(s)	MALES - Prevalence (%)	FEMALES - Prevalence (%)	TOTAL (males and females) - Prevalence (%)
------------------------	-------------------------------	---------------------------------	---

Please indicate the tobacco products included in the answer to question B15:

Please indicate the age range to which the data used to answer question B15 refer:

From To

Please indicate the year of the data used to answer question B15:

Please indicate the source of the data used to answer question B15:

Tobacco use by young persons

(please include all smoking or smokeless tobacco products in prevalence data)

	Age range	SMOKING TOBACCO - Prevalence (%)	SMOKELESS TOBACCO - Prevalence (%)	WATER PIPE - Prevalence (%)
BOYS - Current users ⁴	13-15	18.7	1.6	8.9
GIRLS - Current users ⁴	13-15	10.4	2.1	6.0
TOTAL (boys and girls) - Current users ⁴	13-15	14.8	1.9	7.5

Please indicate the tobacco products included in calculating prevalence for question B16:

Manufactured cigarettes, hand-rolled cigarettes, shisha, cigars and cheroots
snuff, chewing tobacco and betel

Please indicate the year of the data used to answer question B16:

2019

Please indicate the source of the data used to answer question B16:

Iraq GYTS

Please provide the definition of "current smoking/tobacco use" used to answer question B16 in the space below.

smoked tobacco any time during the past 30 days.

Please provide a brief explanation of the trend in tobacco use by young persons in the past two years or since submission of your last report.

unfortunately, many cafes are open for commercial purposes, so many young people seem to be going to these cafes for cigarettes smoking and smoke shisha (Hookah), the instability of the political situation may be the reason for the failure to apply the law optimally.

Please attach the relevant documentation.

Tobacco-related mortality

Do you have information on tobacco-related mortality in your population?

No ✘

If available, please provide any additional information on mortality attributable to tobacco use (e.g. lung cancer, cardiovascular diseases) in your jurisdiction.

Please indicate the year of the data used to answer question B32 and 33:

Please indicate the source of the data used to answer questions B32 and B33:

Please submit a copy of the study you refer to:

Tobacco-related costs

Do you have information on the economic burden of tobacco use in your population, e.g. the overall cost of tobacco use imposed on your society?

Yes ✓

Please provide details (e.g. direct (health care-related) and indirect costs and, if possible, the method used to estimate these costs).

Economics Local Currency [Iraqi Dinar]

Average amount spent on 20 manufactured cigarettes [Iraqi dinars] 1361

Average monthly expenditure on cigarette smoking [Iraqi dinars] 34485

Cost of 100 packs of manufactured cigarettes as a percentage of per capita

Gross Domestic Product (GDP) [YEAR]* 2.4%

*Central Statistical Organization-Ministry of planning-Iraq 2015

Taxation of tobacco products

(with reference to Articles 6.2(a) and 6.3)

What proportion of the retail price of the most popular price category of tobacco product consists of taxes (e.g. sum of excise, sales and import duties (if applicable) and value added tax/goods and services tax (VAT/GST))?

0

How are the excise taxes levied (what types of taxes are levied)?

Specific tax only	Yes
Ad valorem tax only	No
Combination of specific and ad valorem taxes	No
More complex structure (please explain below)	Yes

If a more complex structure of taxes (*please explain*):

The import tax calculated as the following;

goods value X 100% (of percentage imposed on the profit of import or processing the goods) X 15%
(fixed tax percentage)

The customs fees (IMPORT DUTY) calculated as following;

goods price X 30%

If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties)

	Product	Type of tax	Rate or amount	Base of tax⁵
Smoking tobacco products	cigarettes	income tax	100%	percentage imposed on the the profit of import or processing the goods
Smoking tobacco products	raw tobacco	income tax	100%	percentage imposed on the the profit of import or processing the goods
Smoking tobacco products	tobacco used in shisha	income tax	100%	percentage imposed on the the profit of import or processing the goods
Smoking tobacco products	cigarettes	customs fees	30%	on the price of full value of the goods
Smoking tobacco products	raw tobacco	customs fees	30%	on the price of full value of the goods
Smoking tobacco products	tobacco used in shisha	customs fees	30%	on the price of full value of the goods

Please briefly describe the trends in taxation for tobacco products in the past two years or since submission of your last report in your jurisdiction.

We adopt a sale tax in the project of new anti tobacco law (under legislation process) with fix amount on all tobacco products.

Do you earmark any percentage of your taxation income for funding any national plan or strategy on tobacco control in your jurisdiction?

No ✘

Please indicate the year of the data used to answer questions B81 to B86:

2020

Please indicate the source of the data used to answer questions B81 to B86:

Ministry of Finance - General Tax Authority, General Authority of Customs

Price of tobacco products

(with reference to Articles 6.2(a))

Domestic

Please provide the retail prices of the three most widely sold brands of domestic tobacco products at the most widely used point of sale in your capital city.

	Name of the most widely sold brands	Number of units or amount per package	Retail price	Currency
Smoking tobacco products	SUMER	20 cigarettes	500 dinars	Iraqi dinars

Imported

Please provide the retail prices of the three most widely sold brands of imported tobacco products at the most widely used point of sale in your capital city.

	Name of the most widely sold brands	Number of units or amount per package	Retail price	Currency
Smoking tobacco products	cigarettes- Oscar	20 cigarettes	500 ID	Iraqi dinar
Smoking tobacco products	cigarettes- MAC	20 cigarettes	500 ID	Iraqi dinar
Smoking tobacco products	cigarettes- Master	20 cigarettes	500 ID	Iraqi dinar

Please indicate the year of the data used to answer question B91:

2020

Please indicate the source of the data used to answer question B91:
point of sale in local markets

Please briefly describe the trend in the prices of tobacco products in the past two years or since submission of your last report in your jurisdiction.

Unfortunately 70-80% of tobacco products in the local market are smuggling tobacco, so it's not subjected to taxation or import duties, that is why it is not affected regarding their prices.

Please attach the relevant documentation.

C1. GENERAL OBLIGATIONS

With reference to Article 5

Have you developed and implemented comprehensive multisectoral national tobacco control strategies, plans and programmes in accordance with the Convention?

Yes ✓

Have you established or reinforced and financed:

a focal point for tobacco control? Yes

a tobacco control unit? Yes

a national coordinating mechanism for tobacco control? Yes

Please provide details (e.g. the nature of the national coordinating mechanism, the institution to which the focal point for tobacco control or the tobacco control unit belongs).

The high multisectoral tobacco control committee, whose membership are representatives from most of ministries, directorates and relevant institutions to follow up the implementation of national tobacco control plan emerged from MPOWER strategy.

the focal point for tobacco control is a director of tobacco control section in ministry of health.in addition to that, we have a peripheral focal point in each governorate.

Please provide a brief description of the progress made in implementing Article 5.1 and 5.2 (*General obligations*) in the past two years or since submission of your last report.

The tobacco control section/ Non communicable department, adopt a national plan annually in line with WHO FCTC and MPOWER Strategy to combat tobacco, the member of high multisectoral tobacco control committee and peripheral focal point in each governorate responsible to implement the plan according to their roles and responsibilities.

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Protection of public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry

Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

protecting public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry?

No ✘

ensuring that the public has access, in accordance with Article 12(c), to a wide range of information on tobacco industry activities relevant to the objectives of the Convention, such as in a public repository?

Yes ✔

If you answered “Yes” to any of the questions under C121 or C122, please provide details in the space below (specifically, please refer, if relevant, to whether your government or any of its departments 1) have raised awareness on tobacco industry tactics and the need to prevent interference by the tobacco industry with decision making; 2) have avoided entering into any partnerships or voluntary agreements with the tobacco industry; 3) have established any measures to limit interaction of public officials with the tobacco industry, including in the form of a code of conduct; 4) have not granted any incentives, privileges, benefits or preferential tax exemptions to the tobacco industry to establish or run their business; etc.).

Actually the ministry of health adopt warning policy for decision makers, partners of other ministries and publics from tobacco industry interference, through meetings, symposium, and lectures in most of national activities.

Please provide a brief description of the progress made in implementing Article 5.3 in the past two years or since submission of your last report.

the supreme committee for tobacco control adopted some recommendations that related to warning of tobacco industries interference in the governmental agencies.
Unfortunately, did not get formal approvals for adoption of code of conduct regarding this article.

Have you utilized the “Guidelines for implementation of Article 5.3 of the WHO FCTC” when developing or implementing policies in this area?

No ✘

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Please attach the relevant documentation.

C2. MEASURES RELATING TO THE REDUCTION OF DEMAND FOR TOBACCO

With reference to Articles 6–14

Price and tax measures to reduce the demand for tobacco

Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

tax policies and, where appropriate, price policies on tobacco products so as to contribute to the health objectives aimed at reducing tobacco consumption?

Yes ✓

prohibiting or restricting, as appropriate, sales to international travellers of tax- and duty-free tobacco products?

No ✗

prohibiting or restricting, as appropriate, imports by international travellers of tax- and duty-free tobacco products?

No ✗

Please provide a brief description of the progress made in implementing Article 6 (*Price and tax measures to reduce the demand for tobacco*) in the past two years or since submission of your last report.

Have you utilized the “Guidelines for implementation of Article 6 of the WHO FCTC” when developing or implementing policies in this area?

No ✗

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Please attach the relevant documentation.

Protection from exposure to tobacco smoke

Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

banning tobacco smoking in indoor workplaces, public transport, indoor public places and, as appropriate, other public places ?

Yes ✓

What is the type/nature of the measure providing for the ban?

national law	Yes
subnational law(s)	Yes
administrative and executive orders	Yes
voluntary agreements	No
other measures (please specify in C223 below)	No

Please provide a brief explanation of the type/nature and content of the measures providing for the ban.

A comprehensive ban was imposed on smoking in public places. Imposition of fines has been done on violators.

Do any of these measures provide for a mechanism/ infrastructure for enforcement?

Yes ✓

Please provide details of this system.

the competent courts impose financial penalties on violators of the law, whether they are in governmental departments or the private sectors.

Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places.

Indoor workplaces:

government buildings	Partial
health-care facilities	Partial
educational facilities ⁶	Partial
universities	Partial
private workplaces	Partial
other (please specify below)	

Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places.

Public transport:

airplanes	Complete
trains	Complete
ferries	Complete
ground public transport (buses, trolleybuses, trams)	Complete
motor vehicles used as places of work (taxis, ambulances, delivery vehicles)	Complete
private vehicles	None
other (please specify below)	

Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places.

Indoor public places:

cultural facilities	Partial
shopping malls	Partial
pubs and bars	Partial
nightclubs	Partial
restaurants	Partial
other (please specify below)	

Please provide a brief summary of complete and partial measures, with specific details of the partial measures that have been implemented:

Banning tobacco smoking in indoor workplaces

the competent courts impose financial penalties on violators of the law (smokers) in indoor public places, including workplaces. workers prevented from carrying their cigarette packets in to the workplace. Smokers shall be fined 10000 Iraqi dinars in accordance with the smoking control law.

Banning tobacco smoking in public transport

the competent courts impose financial penalties on violators of the law (smokers) in indoor public places, including public transport, smokers in public transports shall be fined 10000 Iraqi dinars in accordance with the smoking control law.

in addition to smoking control law, the traffic directorate in ministry of interior also prohibits smoking in the public transports and punish offenders (owner of the vehicle) with a fine of 30000 Iraqi dinars.

Banning tobacco smoking in indoor public places

Smokers in indoor public places, including public transport, shall be fined 10000 Iraqi dinars in accordance with the smoking control law.

Please provide a brief description of the progress made in implementing Article 8 (*Protection from exposure to tobacco smoke*) in the past two years or since submission of your last report.

A multisectoral committee headed by the general secretariat of the council of ministers was established for the purpose of following up the ban of smoking in all governmental indoor places.

Have you utilized the "Guidelines for implementation of Article 8 of the WHO FCTC" when developing or implementing policies in this area?

No ✘

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Please attach the relevant documentation.

Regulation of the contents of tobacco products

Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

testing and measuring the contents of tobacco products?

Yes ✔

testing and measuring the emissions of tobacco products?

Yes ✔

regulating the contents of tobacco products?

Yes ✔

regulating the emissions of tobacco products?

Yes ✓

Please provide a brief description of the progress made in implementing Article 9 (*Regulation of the contents of tobacco products*) in the past two years or since submission of your last report.

There is no changes in the regulation regarding article 9 of FCTC since last report, the only new thing is, Iraq nominate a candidate to join the team of expert to discuss this article.

Have you utilized the “Guidelines for implementation of Articles 9 and 10 of the WHO FCTC” when developing or implementing policies in this area?

No ✗

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below (e.g., whether your country 1) has incorporated product regulation in the national tobacco control legislation; 2) has access to either governmental or independent – not owned or controlled by the tobacco industry – laboratories for testing contents and/or emissions of tobacco products; 3) has regulated ingredients, such as flavours (e.g. menthol); 4) has regulated product characteristics, such as design features (e.g., cigarette ventilation); etc.).

The new Iraqi tobacco control law will address most of these areas.

Please attach the relevant documentation.

Packaging and labelling of tobacco products

Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

requiring that packaging, individual cigarettes or other tobacco products do not carry advertising or promotion?

Yes ✔

requiring that packaging and labelling do not promote a product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?

Yes ✓

requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products carry health warnings describing the harmful effects of tobacco use?

Yes ✓

ensuring that the health warnings are approved by the competent national authority?

Yes ✓

ensuring that the health warnings are rotated?

Yes ✓

ensuring that the health warnings are clear, visible and legible?

Yes ✓

Does your law mandate, as a minimum, a style, size and colour of font to render the warning clear, visible and legible?

Yes ✓

ensuring that the health warnings occupy no less than 30% of the principal display areas?

Yes ✓

ensuring that the health warnings occupy 50% or more of the principal display areas?

No ✗

ensuring that health warnings are in the form of, or include, pictures or pictograms?

Yes ✓

Does the Government own the copyright to these pictures and pictograms?

Yes ✓

Would you grant a non-exclusive and royalty-free licence for the use of health warnings developed in your jurisdiction with other Parties?

Yes ✓

requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant:

constituents of tobacco products? Yes

emissions of tobacco products? No

requiring that the warnings and other textual information appear on each unit packet and package and on any outside packaging and labelling in the principal language or languages of the country?

Yes ✓

Please provide a brief description of the progress made in implementing Article 11 (*Packaging and labelling of tobacco products*) in the past two years or since submission of your last report.

The new update in tobacco product regulations adopted by Central Organization for Standardization and Quality Control refer to increase the size of pictorial health warning from 30% to 40% on the front and back of packages.

Have you utilized the "Guidelines for implementation of Article 11 of the WHO FCTC" when developing or implementing policies in this area?

No ✗

If you have any other relevant information pertaining to or not covered in this section, please provide details in the space below.

Please attach the relevant documentation.

Education, communication, training and public awareness

Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

educational and public awareness programmes? (*Please refer to programmes implemented since submission of your two-year report.*)

Yes ✓

To whom are these programmes targeted?

- adults or the general public
 - children and young people
 - men
 - women
 - pregnant women
 - ethnic groups
 - other (please specify)
 - Other
-

Do you reflect the following key differences among targeted population groups in educational and public awareness programmes?

- age
 - gender
 - educational background
 - cultural background
 - socioeconomic status
 - other (please specify)
 - Other
-

Do these educational and public awareness programmes cover:

- health risks of tobacco consumption?
 - health risks of exposure to tobacco smoke?
 - benefits of the cessation of tobacco use and tobacco-free lifestyles?
 - adverse economic consequences of tobacco production?
 - adverse economic consequences of tobacco consumption?
 - adverse environmental consequences of tobacco production?
 - adverse environmental consequences of tobacco consumption?
-

awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control:

- public agencies?
 - nongovernmental organizations not affiliated with the tobacco industry?
 - private organizations?
 - other (please specify)?
 - Other
-

Are the elaboration, management and implementation of communication, education, training and public awareness programmes guided by research and do they undergo pre-testing, monitoring and evaluation?

Yes ✓

Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to:

- health workers?
- community workers?
- social workers?
- media professionals?
- educators?
- decision-makers?
- administrators?
- other (please specify)
- Other

Please provide a brief description of the progress made in implementing Article 12 (*Education, communication, training and public awareness*) in the past two years or since submission of your last report.

The tobacco control plan concentrated on health education activities regarding tobacco hazards, especially there is a promising project targeted preliminary schools to educate students against tobacco use, also their families and teachers, this project apply under the name of (smoking free schools project)

Have you utilized the "Guidelines for implementation of Article 12 of the WHO FCTC" when developing and implementing policies in this area?

Yes ✓

If you answered "Yes" to question C269 please provide details in the space below or refer to section E of the additional questionnaire available at this link. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token=r8ctu2gac5bgu98&lang=en> (<https://extranet.who.int/dataform/655321?token=r8ctu2gac5bgu98&lang=en>)

we already invest all educational activities to inform people about health,economical, environmental effects of tobacco used and encourage them to avoid smoking in enclosed public places as well as quitting of smoking.We did annually mass media campaigns inline with FCTC for these purposes.

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Please attach the relevant documentation.

Demand reduction measures concerning tobacco dependence and cessation

Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

developing and disseminating appropriate, comprehensive and integrated guidelines based on scientific evidence and best practices?

Yes ✔

programmes to promote cessation of tobacco use, including:

- media campaigns emphasizing the importance of quitting?
programmes specially designed for underage girls and young women?
programmes specially designed for women?
programmes specially designed for pregnant women?
telephone quitlines?
- local events, such as activities related to World No Tobacco Day or National No Smoking Day, if appropriate?
other (please specify)?
Other

design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as:

- educational institutions?
- health-care facilities?
- workplaces?
- sporting environments?
other (please specify)?
Other

inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for:

- tobacco control?
- health?
- education?

inclusion of programmes on the diagnosis and treatment of tobacco dependence in your health-care system?

Yes ✓

Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence?

- primary health care
- secondary and tertiary health care
- specialist health-care systems (please specify below)
- specialized centres for cessation counselling and treatment of tobacco dependence
- rehabilitation centres
- Other

Are the services provided in these settings covered by public funding or reimbursement schemes?

primary health care	Partially
secondary and tertiary health care	None
specialist health-care systems (please specify below)	None
specialized centres for cessation counselling and treatment of tobacco dependence	None
rehabilitation centres	None
other (please specify below)	

Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services?

Health professionals including:

- physicians
- dentists
- family doctors
- practitioners of traditional medicine
- other medical professionals (please specify below)
- nurses
- midwives
- pharmacists
- Community workers
- Social workers
- other (please specify)
- Other

training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools:

- medical?
- dental?
- nursing?
- pharmacy?
- Other

facilitating accessibility and/or affordability of pharmaceutical products for the treatment of tobacco dependence?

No ✘

Please provide a brief description of the progress made in implementing Article 14 (*Demand reduction measures concerning tobacco dependence and cessation*) in the past two years or since submission of your last report.

Due the deficiency of the financial support to provide the nicotine replacement therapy which is needed for quitting services, we try to a locate only one center in each province , while we already provide tobacco brief interventions in all primary health care centers (in coverage rate of 25% annually)

Have you utilized the “Guidelines for implementation of Article 14 of the WHO FCTC” when developing and implementing policies in this area?

No ✘

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Please attach the relevant documentation.

C3. MEASURES RELATING TO THE REDUCTION OF THE SUPPLY OF TOBACCO

With reference to Articles 15–17

Illicit trade in tobacco products

Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining the origin of the product?

Yes ✓

requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining whether the product is legally sold on the domestic market?

Yes ✓

requiring that unit packets and packages of tobacco products for retail and wholesale use that are sold on the domestic market carry the statement: "Sales only allowed in ..." or carry any other effective marking indicating the final destination of the product?

Yes ✓

developing a practical tracking and tracing regime that would further secure the distribution system and assist in the investigation of illicit trade?

Yes ✓

requiring that marking is presented in legible form and/or appears in the principal language or languages of the country?

Yes ✓

requiring the monitoring and collection of data on cross-border trade in tobacco products, including illicit trade?

Yes ✓

facilitating the exchange of this information among customs, tax and other authorities, as appropriate, and in accordance with national law and applicable bilateral and multilateral agreements?

Yes ✓

enacting or strengthening legislation, with appropriate penalties and remedies, against illicit trade in tobacco products, including counterfeit and contraband cigarettes?

Yes ✓

requiring that confiscated manufacturing equipment, counterfeit and contraband cigarettes and other tobacco products derived from illicit trade are destroyed, using environment-friendly methods where possible, or disposed of in accordance with national law?

Yes ✓

adopting and implementing measures to monitor, document and control the storage and distribution of tobacco products held or moving under suspension of taxes or duties?

Yes ✓

enabling the confiscation of proceeds derived from illicit trade in tobacco products?

Yes ✓

promoting cooperation between national agencies and relevant regional and international intergovernmental organizations in investigations, prosecutions and proceedings, with a view to eliminating illicit trade in tobacco products, with special emphasis on cooperation at regional and subregional levels?

No ✗

licensing or other actions to control or regulate production and distribution in order to prevent illicit trade?

Yes ✓

Please provide a brief description of the progress made in implementing Article 15 (*Illicit trade in tobacco products*) in the past two years or since submission of your last report.

Iraq ratified the Protocol of Eliminate Illicit Trade on Tobacco Products in 2015.
Also establish a central authority to share knowledge, information and experiences at national and international level for the purposes of well implementation of the protocol.

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Please attach the relevant documentation.

Sales to and by minors

Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

prohibiting the sales of tobacco products to minors?

Yes ✓

Please specify the legal age:

18

requiring that all sellers of tobacco products place a clear and prominent indicator inside their point of sale about the prohibition of tobacco sales to minors?

No ✘

requiring that, in case of doubt, each seller of tobacco products requests that the purchaser provides appropriate evidence of having reached full legal age?

No ✘

banning the sale of tobacco products in any manner by which they are directly accessible, such as open store shelves?

Yes ✔

prohibiting the manufacture and sale of sweets, snacks, toys or any other objects in the form of tobacco products which appeal to minors?

Yes ✔

prohibiting the sale of tobacco products from vending machines?

No ✘

Do you ensure that tobacco vending machines are not accessible to minors and/or do not promote the sale of tobacco products to minors?

Yes ✔

prohibiting and/or promoting the prohibition of the distribution of free tobacco products:

- to the public?
 - to minors?
-

prohibiting the sale of cigarettes individually or in small packets?

No ✘

providing for penalties against sellers and distributors in order to ensure compliance?

Yes ✔

prohibiting the sales of tobacco products by minors?

Yes ✔

Please provide a brief description of the progress made in implementing Article 16 (*Sales to and by minors*) in the past two years or since submission of your last report.

Unfortunately there is no obvious progress made in implementing article 16.

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Provision of support for economically viable alternative activities

Have you adopted and implemented, where appropriate, measures or programmes on any of the following:

promoting economically viable and sustainable alternatives for:

tobacco growers?	Yes
tobacco workers?	No
tobacco individual sellers?	No

Please provide a brief description of the progress made in implementing Article 17 (*Provision of support for economically viable alternative activities*) in the past two years or since submission of your last report.

Unfortunately there is no obvious progress made in implementing article 17.

Have you utilized the "Policy options and recommendations on economically sustainable alternatives to tobacco growing (in relation to Articles 17 and 18 of the WHO FCTC)" when developing and implementing policies in this area?

No ✘

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Please note that provision of support for economically viable alternative activities (C331) was answered to as "Yes", even though B71 previously indicates that there is no tobacco-growing. This has been kept as such because a phrase has been mentioned in the tobacco control act to encourage farmers not to cultivate tobacco crop.

Please attach the relevant documentation.

Research, surveillance and exchange of information

Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

developing and/or promoting research that addresses:

- determinants of tobacco consumption?
- consequences of tobacco consumption?
- social and economic indicators related to tobacco consumption?
- tobacco use among women, with special regard to pregnant women?
- the determinants and consequences of exposure to tobacco smoke?
- identification of effective programmes for the treatment of tobacco dependence?
- identification of alternative livelihoods?
- Other

training and support for all persons engaged in tobacco control activities, including research, implementation and evaluation?

Yes ✓

a national system for epidemiological surveillance of:

- patterns of tobacco consumption?
- determinants of tobacco consumption?
- consequences of tobacco consumption?
- social, economic and health indicators related to tobacco consumption?
- exposure to tobacco smoke?
- Other

Please list all surveys, including the year of the survey, that you have undertaken in the past.

2008

GYTS in Baghdad

2009

GHPSS (global health professional students survey) in Baghdad for dental, medical, nursing and pharmacy colleges

2012

International School Health Survey, including tobacco use.

2014

GYTS

2015

STEP Survey for NCD risk factors

2019

GYTS

Does your country have any plans to repeat any of the above or to undertake a new tobacco survey within three to five years of your last survey? Please provide details in the space below.

Yes, in presence of financial supports

regional and global exchange of publicly available national:

scientific, technical, socioeconomic, commercial and legal information?

- information on the practices of the tobacco industry?
- information on the cultivation of tobacco?

an updated database of:

- laws and regulations on tobacco control?
- information about the enforcement of laws on tobacco control?
- pertinent jurisprudence?

Please provide a brief description of the progress made in implementing Article 20 (*Research, surveillance and exchange of information*) in the past two years or since submission of your last report.

Unfortunately there is no progress made in regard to this article.

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below (e.g. whether you included information on WHO FCTC implementation in your Voluntary National Review (VNR) on the Sustainable Development Goals (SDGs), related to target 3.a).

Certainly, we already work on it.

Please attach the relevant documentation.

D. INTERNATIONAL COOPERATION AND ASSISTANCE

Pursuant to Article 21.1(c) and in accordance with Article 26, have you either provided or received financial or technical assistance (be it through unilateral, bilateral, regional, subregional or other multilateral channels, including relevant regional and international intergovernmental or nongovernmental organizations and financial and development institutions) for the development and strengthening of multisectoral, comprehensive tobacco control programmes of developing country Parties and Parties with economies in transition in any of the following areas:

development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control?

Assistance provided	No
Assistance received	Yes

provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes?

Assistance provided	No
Assistance received	Yes

appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12?

Assistance provided	No
Assistance received	Yes

provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes?

Assistance provided	No
Assistance received	No

identification of methods for tobacco control, including comprehensive treatment of nicotine addiction?

Assistance provided	No
Assistance received	Yes

promotion of research to increase the affordability of comprehensive treatment of nicotine addiction?

Assistance provided	No
Assistance received	No

Please identify the Party or Parties from which assistance was received or to which assistance was provided.

World Health Organization(WHO)
FCTC secretariat in collaboration with European Union
Qatar center for tobacco combat

Please provide information about any assistance provided or received in the space below, including any support received from nongovernmental organizations (please, specify).

Supporting the participation of Iraqi delegation in meeting regarding taxation.
training on tobacco cessation program.

If you have not received or provided assistance in any of the aforementioned areas, please identify any financial or technical assistance that may be under consideration, if appropriate.

Have you encouraged relevant regional and international intergovernmental organizations and financial and development institutions in which you are represented to provide financial assistance for developing country Parties and for Parties with economies in transition to assist them in meeting their obligations under the Convention?

No ✘

E. PRIORITIES AND COMMENTS

What are the priorities for implementation of the WHO Framework Convention on Tobacco Control in your jurisdiction?

amendment of the tobacco control law to address the gaps.
establish of tobacco free indoor public places.
Introducing tobacco quitting services in to the primary health care.
impose excise tax on tobacco products

Have you identified any specific gaps between the resources available and the needs assessed for implementing the WHO Framework Convention on Tobacco Control?

Yes ✔

Please provide details in the space below.

We need financial support for the purpose to conduct tobacco surveys for adults.
Training to provide assistance services to quit smoking,
We need to increase our skills and to share experiences towards proper implementation and enforcement of the law.

What, if any, are the constraints or barriers, other than lack of resources, you have encountered in implementing the Convention?

unstable the security and financial conditions in our country.
The impact of tobacco industry interference in public health policies.

Do you have any of the following products available on your national tobacco market?

- smokeless tobacco products
 - water pipe tobacco
 - Electronic Nicotine Delivery Systems (ENDS)
 - Electronic Non-Nicotine Delivery Systems (ENNDS)
 - heated tobacco products (HTPs)
 - Other
-

Have you adopted and implemented any policy or regulation that is specific to the following tobacco products?

- smokeless tobacco products
 - water pipe tobacco
 - Electronic Nicotine Delivery Systems (ENDS)
 - Electronic Non-Nicotine Delivery Systems (ENNDS)
 - heated tobacco products (HTPs)
 - Other
-

If you have any relevant information related to questions E5 and E6, please provide details in the space below.

Please provide any other relevant information not covered elsewhere that you consider important.

Your suggestions for further development and revision of the reporting instrument:

While we thank you for your great efforts in preparing the report, we hope that, the previous method (off line) will be adopted to ensure rapid response and achievement.
