Global Adult Tobacco Survey

B123. Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.
The GATS 2014 was the first to be implemented in the country. Previous tobacco smoking prevalence was from Kenya Demographic Health Survey which showed similar results by gender i.e smoking being prevalent among men but much lower among women . According to the DHS there is a stagnating trend in tobacco smoking among adult male.
B13. Prevalence of smokeless tobacco use in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18–64 years; see B132)

## C1. GENERAL OBLIGATIONS

C1. With reference to Article 5

C111. Have you developed and implemented comprehensive multisectoral national tobacco control strategies, plans and programmes in accordance with the Convention?

Yes

C112. Have you partially developed and implemented tobacco control strategies by including tobacco control in national health, public health or health promotion strategies, plans and programmes?

N/A

C113. Is any aspect of tobacco control that is referred to in the Convention included in any national strategy, plan or programme?

N/A

C114[C114a]. Have you established or reinforced and financed: [a focal point for tobacco control?]

Yes

C114[C114b]. Have you established or reinforced and financed: [a tobacco control unit?]

Yes

C114[C114c]. Have you established or reinforced and financed: [a national coordinating mechanism for tobacco control?]

Yes

C115. Please provide details (e.g. the nature of the national coordinating mechanism, the institution to which the focal point for tobacco control or the tobacco control unit belongs).

The Tobacco Control Unit is under the Ministry of Health situated in the Division of Non-Communicable Diseases. The head of the Unit is the focal point for tobacco control.

The Tobacco Control Board is established under the Ministry of Health. It comprises of members from various sectors representing government departments/ministries, civil society representative, Law society representative, representative of Kenya Medical Association, Kenya medical research institute, chamber of commerce ( under Ministry of trade). The director of public Health is the Secretary while the Chairperson is an experienced medical practitioner. The Boards mandate is to advise the Minister of health on tobacco control Policies.

The Tobacco Control Stakeholders forum is a wider coordination mechanism where government, civil society, academia and media who have no conflict of interest meet to develop plans, implementation strategies, share experiences and evaluate implementation of tobacco control policies.

C116. Please provide a brief description of the progress made in implementing Article 5.1 and 5.2 (General obligations) in the past two years or since submission of your last report.

The Tobacco Control implementation has received some funding which was not in place in the past. The multi-sectoral approach has led to other sectors embracing tobacco control and taking part in implementing the policies that are the mandate of their respective sectors in exemplary ways.

The involvement and participation of civil society has strengthened the capacity for implementation of tobacco control including monitoring of Tobacco industry interference.

C117. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
