B1. TOBACCO CONSUMPTION

Prevalence of tobacco use
Smoking prevalence in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered, e.g. 15 years old and over, 18-64 years; see B112)
Current smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
19.9
Current smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
7.9
Current smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
15.2
Current smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
7.6
Current smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
17.6
Current smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
7.8
Daily smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
11.1
Daily smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
12.7
Daily smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
11.0
Daily smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
10.4

Daily smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
11.0

Daily smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
11.6

Occasional smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
8.7

Occasional smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
4.4

Occasional smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
6.6

Former smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
34.0

Former smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
33.0

Former smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
33.5

Never smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
50.0

Never smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
51.7

Never smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
50.8

Please indicate the smoking tobacco products included in calculating prevalence for question B11:
Cigarettes and roll-your-owns (RYO)

Please indicate the age range to which the data used to answer question B11 refer: [Age range][From]
16

Please indicate the age range to which the data used to answer question B11 refer: [Age range][To]
74

Please indicate the year of the data used to answer question B11:
2017

Please indicate the source of the data used to answer question B11:
Statistics Norway. The numbers on smoking prevalence provided for 2017 in this report were not weighted and may therefore differ slightly from the official numbers from Statistics Norway.

Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Current smoker]
Smoke cigaretters or RYO daily or occasionally

Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Daily smoker]
Smoke cigaretters or RYO daily

Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Occasional smoker]
Smoke cigaretters or RYO occasionally

Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Former smoker]
Former daily or occasional smokers of cigarettes and RYO

Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Never smoker]
Never smoked daily or occasionally

Please provide a brief explanation of the trend in smoking prevalence in the adult population in the past two years or since submission of your last report.
2 percentage points decline in daily smoking among both men and women. Minimal change in occasional smoking.

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
16

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
24

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
24

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
25

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
34

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
20

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
35

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
44

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
21

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
45

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
54

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
18

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

55

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

64

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

20

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

65

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

74

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

15

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

16

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

17

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

65

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

74

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

19

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

16

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

24

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

17

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

74

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

17

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Please indicate the smoking tobacco products included in calculating prevalence for question B12:
Cigarettes and RYO.
Current smoking = daily + occasional smoking.

Please indicate the year of the data used to answer question B12:
2017

Please indicate the source of the data used to answer question B12:
Statistics Norway

Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.
Overall, small variations with no discernible trend, most likely a result of a slight increase in occasional smoking and a decrease in daily smoking.

Prevalence of smokeless tobacco use in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18-64 years; see B132)

Males [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
20.8

Males [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
16.2

Males [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
4.6

Males [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
12.3
Males [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
69.5
Females [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
7.8
Females [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
4.9
Females [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
3.0
Females [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
5.5
Females [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
87.0
TOTAL (males and females) [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
14.6
TOTAL (males and females) [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
10.8
TOTAL (males and females) [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
3.9
TOTAL (males and females) [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
8.8
TOTAL (males and females) [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
77.8
Please indicate the smokeless tobacco products included in calculating prevalence for question B13:
Snus (Swedish moist snuff).
Please indicate the age range to which the data used to answer question B13 refer: [Age range][From]
16
Please indicate the age range to which the data used to answer question B13 refer: [Age range][To]
74
Please indicate the year of the data used to answer question B13:
2017
Please indicate the source of the data used to answer question B13:
Statistics Norway. The numbers on tobacco use provided for 2015 in this report were not weighted and may therefore differ slightly from the numbers from Statistics Norway.
Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Current user]
Use snus daily or occasionally
Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Daily user]
Use snus daily
Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Occasional user]
Use snus occasionally

Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Former user]

Used snus daily or occasionally previously

Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Never user]

Never use snus daily or occasionally

Please provide a brief explanation of the trend in smokeless tobacco use in the adult population in the past two years or since submission of your last report.

Minimal increase among men and women.

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

16

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

24

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

30

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

25

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

34

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

32

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

35

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

44

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

20

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

45

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

54

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

7

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - start age]

65

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - end age]

74

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

3

Please indicate the smokeless tobacco products included in the answer to question B14:

Snus (Swedish moist snuff).

Current users = daily + occasional users.

Please indicate the year of the data used to answer question B14:

2017

Please indicate the source of the data used to answer question B14:

Statistics Norway

Please provide a brief explanation of the trend in current use of smokeless tobacco by adult age groups in the past two years or since submission of your last report.

A general increase among younger age groups, but with a lot of variation. Much of the increase in current snus use among women is a result of increased occasional use.

B2-B9. HEALTH, SOCIAL AND ECONOMIC INDICATORS

Exposure to tobacco smoke
Do you have any data on exposure to tobacco smoke in your population?
Yes
Please provide details in the space below (e.g. exposure by gender, at home, in the workplace, on public transport). How many hours daily respondents spend in a home where someone smokes (survey from 2014). Among men who did not smoke, 1.5% answered that they spent at least 1 hour in a home where someone smokes. Among women the figure was 0.6%. In a survey from 2017, 1.7%/1.8% among men/women who did not smoke answered that they spent 1 hour or more a day in a room related to their workplace where other people smoked.
Please indicate the year of the data used to answer question B21:
2017
Please indicate the source of the data used to answer question B21:
Statistics Norway
Please attach the relevant documentation.

0
Tobacco-related mortality
Do you have information on tobacco-related mortality in your population?
Yes
What is the estimated total number of deaths attributable to tobacco use in your population?
6262.0000000000
If available, please provide any additional information on mortality attributable to tobacco use (e.g. lung cancer, cardiovascular diseases) in your jurisdiction. Of the 6262 Deaths attributable to tobacco, 272 were attributable to secondhand smoking.
Please indicate the year of the data used to answer question B32 and 33:
2016

0
Tobacco-related costs
Do you have information on the economic burden of tobacco use in your population, e.g. the overall cost of tobacco use imposed on your society?
Yes
Please provide details (e.g. direct (health care-related) and indirect costs and, if possible, the method used to estimate these costs).
There is no new data since last reporting of 2016.

Please indicate the year of the data used to answer question B42:
2010

Please indicate the source of the data used to answer question B42:
Report on the social economic costs of smoking

Do you have any information on the percentage of illicit tobacco products on the national tobacco market?
Yes

What percentage of the national tobacco market do illicit tobacco products constitute? (%)
2.000000000

What is the trend over the past two years or since submission of your last report in the percentage of illicit tobacco products in relation to the national tobacco market?
No significant change since 2015. Numbers come from an online survey of tobacco supply and represent the fraction of cigarettes bought in Norway at a price obviously below market price.

Please provide any further information on illicit tobacco products.
The numbers do not include cigarettes bought in neighbouring countries such as Sweden or Denmark or at duty free shops.

Please indicate the source of the data used to answer questions in section B6:

Taxation of tobacco products (with reference to Articles 6.2(a) and 6.3)

What proportion of the retail price of the most popular price category of tobacco product consists of taxes (e.g. sum of excise, sales and import duties (if applicable) and value added tax/goods and services tax (VAT/GST))?

63.0000000000

How are the excise taxes levied (what types of taxes are levied)? [Specific tax only]

Yes

How are the excise taxes levied (what types of taxes are levied)? [Ad valorem tax only]

No

How are the excise taxes levied (what types of taxes are levied)? [Combination of specific and ad valorem taxes]

No

How are the excise taxes levied (what types of taxes are levied)? [More complex structure (please explain below)]

No

If a more complex structure of taxes (please explain):

If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Smoking tobacco products][Product]

C1. GENERAL OBLIGATIONS

With reference to Article 5
Have you developed and implemented comprehensive multisectoral national tobacco control strategies, plans and programmes in accordance with the Convention?
Yes
Have you partially developed and implemented tobacco control strategies by including tobacco control in national health, public health or health promotion strategies, plans and programmes?
N/A
Is any aspect of tobacco control that is referred to in the Convention included in any national strategy, plan or programme?
N/A
Have you established or reinforced and financed: [a focal point for tobacco control?]
Yes
Have you established or reinforced and financed: [a tobacco control unit?]
Yes
Have you established or reinforced and financed: [a national coordinating mechanism for tobacco control?]
No
Please provide details (e.g. the nature of the national coordinating mechanism, the institution to which the focal point for tobacco control or the tobacco control unit belongs).
The focal point and the tobacco control unit is part of the Norwegian Directorate of Health.
Please provide a brief description of the progress made in implementing Article 5.1 and 5.2 (General obligations) in the past two years or since submission of your last report.
No progress. The tobacco control unit has suffered from budget cuts.
If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
Protection of public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:
protecting public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry?
No
ensuring that the public has access, in accordance with Article 12(c), to a wide range of information on tobacco industry activities relevant to the objectives of the Convention, such as in a public repository?
No
Please provide details in the space below.

Please provide a brief description of the progress made in implementing Article 5.3 in the past two years or since submission of your last report.

Have you utilized the "Guidelines for implementation of Article 5.3 of the WHO FCTC" when developing or implementing policies in this area?
Yes

Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>
The Ministry of Health and its agencies have a clear policy on Art. 5.3. The political leaders of the Ministry do not meet with the industry. The administrative staff only meet with the industry when it is necessary for regulatory purposes.

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
Provided political approval, we plan to focus on implementation of Article 5.3 in the new national tobacco strategy, which will be launched in autumn 2018.

Please attach the relevant documentation.

filecount - Please attach the relevant documentation.

C2. MEASURES RELATING TO THE REDUCTION OF DEMAND FOR TOBACCO

With reference to Articles 6–14

Price and tax measures to reduce the demand for tobacco Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

tax policies and, where appropriate, price policies on tobacco products so as to contribute to the health objectives aimed at reducing tobacco consumption?
Yes

prohibiting or restricting, as appropriate, sales to international travellers of tax- and duty-free tobacco products?
Yes

prohibiting or restricting, as appropriate, imports by international travellers of tax- and duty-free tobacco products?
Yes

Please provide a brief description of the progress made in implementing Article 6 (Price and tax measures to reduce the demand for tobacco) in the past two years or since submission of your last report.

Have you utilized the "Guidelines for implementation of Article 6 of the WHO FCTC" when developing or implementing policies in this area?
No

Please provide details in the space below or refer to section H of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
There are quotas on how much travellers can import tax-free. Advertising ban (including display ban), plain packaging and health warning provisions apply to tobacco products sold at duty-free areas.

Please attach the relevant documentation.

filecount - Please attach the relevant documentation.

Protection from exposure to tobacco smoke Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

banning tobacco smoking in indoor workplaces, public transport, indoor public places and, as appropriate, other public places ?
Yes

What is the type/nature of the measure providing for the ban? [national law]
Yes

What is the type/nature of the measure providing for the ban? [subnational law(s)]
No

What is the type/nature of the measure providing for the ban? [administrative and executive orders]
No

What is the type/nature of the measure providing for the ban? [voluntary agreements]
No

What is the type/nature of the measure providing for the ban? [other measures (please specify in C223 below)]
No

Please provide a brief explanation of the type/nature and content of the measures providing for the ban.
Ban on smoking in indoor workplaces, indoor public places, and indoor public transport regulated in the Tobacco Control Act, Sections 25–28. Designated smoking areas are allowed in certain institutions and on oil/gas platforms offshore.

Do any of these measures provide for a mechanism/ infrastructure for enforcement?
Yes

Please provide details of this system.
In workplaces, the Labour Inspection Authority supervises compliance with the smokefree provisions. In other public areas, the municipal Councils supervise compliance. Persons in breach of the law can be removed from the premises, and can be fined. The owners/employers can be fined for non-compliance.

Partial

Please provide a brief explanation of any "other" policies in the space below

Smoking is forbidden outside entrances to health facilities and public buildings.

Please provide a brief summary of complete and partial measures, with specific details of the partial measures that have been implemented:

Banning tobacco smoking in indoor workplaces

Smoking is forbidden in indoor workplaces, including meeting rooms and bars/restaurants.

Designated smoking rooms are forbidden everywhere except in certain institutions and on oil/gas platforms offshore. Smoking may also be allowed in up to 50% of the rooms in hotels etc.

Banning tobacco smoking in public transport

Smoking is forbidden in public transportation.

Banning tobacco smoking in indoor public places

Smoking is forbidden in indoor public places, including bars/restaurants, as well as outside of the entrance to health institutions and public buildings.

Please provide a brief description of the progress made in implementing Article 8 (Protection from exposure to tobacco smoke) in the past two years or since submission of your last report.

As of 1 July 2017, the use of e-cigarettes is included in the smoking ban.
https://lovdata.no/dokument/NL/lov/1973-03-09-14/KAPITTEL_5#KAPITTEL_5
(especially mentioned in §28a)

Have you utilized the "Guidelines for implementation of Article 8 of the WHO FCTC" when developing or implementing policies in this area?

Yes

Please provide details in the space below or refer to section B of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

Guidelines has been used in preparations for amendments to the legislation, to underpin and support the changes.

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Exeptions for institutions covers institutions being a replacement for peoples homes, e.g. nursing homes for elderly people.

Please attach the relevant documentation.

Packaging and labelling of tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

requiring that packaging, individual cigarettes or other tobacco products do not carry advertising or promotion?

Yes

requiring that packaging and labelling do not promote a product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?

Yes

requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products carry health warnings describing the harmful effects of tobacco use?

Yes

ensuring that the health warnings are approved by the competent national authority?

Yes

ensuring that the health warnings are rotated?
Yes

ensuring that the health warnings are clear, visible and legible?
Yes

Does your law mandate, as a minimum, a style, size and colour of font to render the warning clear, visible and legible?
Yes

ensuring that the health warnings occupy no less than 30% of the principal display areas?
Yes

ensuring that the health warnings occupy 50% or more of the principal display areas?
No

ensuring that health warnings are in the form of, or include, pictures or pictograms?
Yes

Does the Government own the copyright to these pictures and pictograms?
No

Would you grant a non-exclusive and royalty-free licence for the use of health warnings developed in your jurisdiction with other Parties?
No

requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [constituents of tobacco products?]
No

requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [emissions of tobacco products?]
Yes

requiring that the warnings and other textual information appear on each unit packet and package and on any outside packaging and labelling in the principal language or languages of the country?
Yes

Please provide a brief description of the progress made in implementing Article 11 (Packaging and labelling of tobacco products) in the past two years or since submission of your last report.
Requirement for standardised tobacco packaging entered into force 1 July 2017, with a one year transitional period for products already on the market.
There is an ongoing process implementing the EU Tobacco Products Directive 2014/40/EU that will strengthen the health warnings. Entry into force in Norway expected in January 2019.

Have you utilized the "Guidelines for implementation of Article 11 of the WHO FCTC" when developing or implementing policies in this area?
Yes

Please provide details in the space below or refer to section D of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&lang=en>
EU Directive is based partly on guidelines 11. Standardised tobacco packaging recommended in Article 11 guidelines.

Please provide a brief description of the progress made in implementing Article 12 (Education, communication, training and public awareness) in the past two years or since submission of your last report.

A five year strategy of mass media tobacco campaigns, including extra funding of approximately 19 million NOK annually, started in 2012. In the period of 2016-2018, 5 campaigns have been carried out, covering topics like health risks, addiction, snus use, smoking cessation, as well as standardised tobacco packaging. In addition we do "always-on" advertising in social media and google search.

Have you utilized the "Guidelines for implementation of Article 12 of the WHO FCTC" when developing and implementing policies in this area?

Yes

Please provide details in the space below or refer to section E of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Resources for tobacco campaigns have been cut nearly by 50 % during the past 2-3 years.

Please attach the relevant documentation.

filecount - Please attach the relevant documentation.

0

Tobacco advertising, promotion and sponsorship Have you adopted and implemented, where appropriate, any legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes:

instituting a comprehensive ban on all tobacco advertising, promotion and sponsorship?

Yes

Does your ban cover: [display and visibility of tobacco products at points of sales?]

Yes

Does your ban cover: [the domestic Internet?]

Yes

Does your ban cover: [the global Internet?]

Yes

Does your ban cover: [brand stretching and/or brand sharing?]

Yes

Does your ban cover: [product placement as a means of advertising or promotion?]

Yes

Does your ban cover: [the depiction of tobacco or tobacco use in entertainment media products?]

No

Does your ban cover: [tobacco sponsorship of international events or activities and/or participants therein?]

Yes

Does your ban cover: [contributions from tobacco companies to any other entity for "socially responsible causes" and/or any other activities implemented under the umbrella of "corporate social responsibility" by the tobacco industry?]

Yes

Does your ban cover: [cross-border advertising, promotion and sponsorship originating from your territory?]

Yes

Does your ban cover: [the same forms of cross-border advertising, promotion and sponsorship entering your territory for which domestic regulation apply?]

Yes

are you precluded by your constitution or constitutional principles from undertaking a comprehensive ban on tobacco advertising, promotion and sponsorship?

N/A

applying restrictions on all tobacco advertising, promotion and sponsorship?

N/A

applying restrictions on cross-border advertising, promotion and sponsorship originating from your territory with cross-border effects?

N/A

prohibiting those forms of tobacco advertising, promotion and sponsorship that promote a tobacco product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?

N/A

requiring that health or other appropriate warnings or messages accompany all tobacco advertising, promotion and sponsorship?

N/A

restricting the use of direct or indirect incentives that encourage the purchase of tobacco products by the public?

N/A

requiring the disclosure to relevant Government authorities of expenditures by the tobacco industry on advertising, promotion and sponsorship not yet prohibited?

N/A

restricting tobacco advertising, promotion and sponsorship on: [radio?]

N/A

restricting tobacco advertising, promotion and sponsorship on: [television?]

N/A

restricting tobacco advertising, promotion and sponsorship on: [print media?]

N/A

restricting tobacco advertising, promotion and sponsorship on: [the domestic Internet?]

N/A

restricting tobacco advertising, promotion and sponsorship on: [the global Internet?]

N/A

restricting tobacco advertising, promotion and sponsorship on: [other media (please specify below)?]

N/A

restricting tobacco sponsorship of: [international events and activities?]

N/A

restricting tobacco sponsorship of: [participants therein?]

N/A

cooperating with other Parties in the development of technologies and other means necessary to facilitate the elimination of cross-border advertising?

No

imposing penalties for cross-border advertising equal to those applicable to domestic advertising, promotion and sponsorship originating from your territory in accordance with national law?

No

Please provide a brief description of the progress made in implementing Article 13 (Tobacco advertising, promotion and sponsorship) in the past two years or since submission of your last report.

No changes.

Have you utilized the "Guidelines for implementation of Article 13 of the WHO FCTC" when developing and implementing policies in this area?

No

Please provide details in the space below or refer to section F of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Cross border advertising is forbidden if its main target country is Norway, i.e. Internet advertising where the server is placed in another country but the advertising is for example in the Norwegian language, and the promoted products are meant specifically for the Norwegian market. However, enforcement is difficult due to server locations, rapid and constant moving of domains, and lack of information on site owner.

Please attach the relevant documentation.

C3. MEASURES RELATING TO THE REDUCTION OF THE SUPPLY OF TOBACCO

With reference to Articles 15–17
Illicit trade in tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:
requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining the origin of the product?
Yes
requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining whether the product is legally sold on the domestic market?
No
requiring that unit packets and packages of tobacco products for retail and wholesale use that are sold on the domestic market carry the statement: “Sales only allowed in ...” or carry any other effective marking indicating the final destination of the product?
No
developing a practical tracking and tracing regime that would further secure the distribution system and assist in the investigation of illicit trade?
No
requiring that marking is presented in legible form and/or appears in the principal language or languages of the country?
Yes
requiring the monitoring and collection of data on cross-border trade in tobacco products, including illicit trade?
Yes
facilitating the exchange of this information among customs, tax and other authorities, as appropriate, and in accordance with national law and applicable bilateral and multilateral agreements?
Yes
enacting or strengthening legislation, with appropriate penalties and remedies, against illicit trade in tobacco products, including counterfeit and contraband cigarettes?
Yes
requiring that confiscated manufacturing equipment, counterfeit and contraband cigarettes and other tobacco products derived from illicit trade are destroyed, using environment-friendly methods where possible, or disposed of in accordance with national law?
Yes
adopting and implementing measures to monitor, document and control the storage and distribution of tobacco products held or moving under suspension of taxes or duties?
Yes
enabling the confiscation of proceeds derived from illicit trade in tobacco products?
Yes
promoting cooperation between national agencies and relevant regional and international intergovernmental organizations in investigations, prosecutions and proceedings, with a view to eliminating illicit trade in tobacco products, with special emphasis on cooperation at regional and subregional levels?
Yes
licensing or other actions to control or regulate production and distribution in order to prevent illicit trade?
No
Please provide a brief description of the progress made in implementing Article 15 (Illicit trade in tobacco products) in the past two years or since submission of your last report.
No particular changes.

If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Yes

a national system for epidemiological surveillance of: [consequences of tobacco consumption?]
Yes

a national system for epidemiological surveillance of: [social, economic and health indicators related to tobacco consumption?]
Yes

a national system for epidemiological surveillance of: [exposure to tobacco smoke?]
Yes

a national system for epidemiological surveillance of: [Other]

Please list all surveys, including the year of the survey, that you have undertaken in the past.
Statistics Norway/Norwegian Institute of Public Health: Tobacco use. Yearly surveys 1973 - 2017
Statistics Norway: Survey on living conditions, every three years 1998-2012
SIRUS: Survey of substance use among youth 15-20 (1968-2008), young adults 21-30 (1998, 2002, 2006), students (1997, 2006)
Norwegian Institute of Public Health: Survey of tobacco supply sources (2015-2017)
Statistics Norway: Survey of living conditions among immigrants in Norway (2006 and 2016)
Norwegian Institute of Public Health: Survey of attitudes towards tobacco control initiatives (2010, 2015 and 2016)

Does your country have any plans to repeat any of the above or to undertake a new tobacco survey within three to five years of your last survey? Please provide details in the space below.
National survey on tobacco use is repeated every year.
The survey on living conditions will be continued every three years.
The survey on tobacco supply will be repeated next year.

regional and global exchange of publicly available national: [scientific, technical, socioeconomic, commercial and legal information?]
Yes
regional and global exchange of publicly available national: [information on the practices of the tobacco industry?]
No
regional and global exchange of publicly available national: [information on the cultivation of tobacco?]
No
an updated database of: [laws and regulations on tobacco control?]
Yes
an updated database of: [information about the enforcement of laws on tobacco control?]
No
an updated database of: [pertinent jurisprudence?]
No
Please provide a brief description of the progress made in implementing Article 20 (Research, surveillance and exchange of information) in the past two years or since submission of your last report. Responsibility for monitoring of tobacco use was in 2014 transferred from the Directorate of Health to SIRUS (Norwegian Institute for Alcohol and Drug Research). Since January 2016, SIRUS is incorporated in the Norwegian Institute of Public Health.
If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below. The National Institute of Public Health undertakes various research and studies regarding health risks and consequences of tobacco use and exposure.
Please attach the relevant documentation.

D. INTERNATIONAL COOPERATION AND ASSISTANCE

Pursuant to Article 21.1(c) and in accordance with Article 26, have you either provided or received financial or technical assistance (be it through unilateral, bilateral, regional, subregional or other multilateral channels, including relevant regional and international intergovernmental or nongovernmental organizations and financial and development institutions) for the development and strengthening of multisectoral, comprehensive tobacco control programmes of developing country Parties and Parties with economies in transition in any of the following areas:
development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance provided]
No
development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance received]
No
provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance provided]
No
provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance received]
No
appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance provided]
No

appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance received]
No

provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance provided]
No

provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance received]
No

identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance provided]
No

identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance received]
No

promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance provided]
No

promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance received]
No

Please identify the Party or Parties from which assistance was received or to which assistance was provided.

Please provide information about any assistance provided or received in the space below.
In addition to the VAC, Norway annually contributes 2 million NOK to the FCTC Secretariat.

If you have not received or provided assistance in any of the aforementioned areas, please identify any financial or technical assistance that may be under consideration, if appropriate.

Have you encouraged relevant regional and international intergovernmental organizations and financial and development institutions in which you are represented to provide financial assistance for developing country Parties and for Parties with economies in transition to assist them in meeting their obligations under the Convention?
No

Please provide details in the space below.

E. PRIORITIES AND COMMENTS

What are the priorities for implementation of the WHO Framework Convention on Tobacco Control in your jurisdiction?
Article 9, 10 (the new EU Tobacco Directive), 11 and 13 (standardised packaging).

Have you identified any specific gaps between the resources available and the needs assessed for implementing the WHO Framework Convention on Tobacco Control?
Yes

Please provide details in the space below.

What, if any, are the constraints or barriers, other than lack of resources, you have encountered in implementing the Convention?
A feeling of "job done" among politicians and tobacco industry interference.

Do you have any of the following products available on your national tobacco market? [smokeless tobacco products]
Yes

Do you have any of the following products available on your national tobacco market? [water pipe tobacco]
No

Do you have any of the following products available on your national tobacco market? [ENDS/ENNDS]
No

Do you have any of the following products available on your national tobacco market? [Other]

Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [smokeless tobacco products]
Yes

Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [water pipe tobacco]
Yes

Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [ENDS/ENNDS]
Yes

Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [Other]

If you have any relevant information related to questions E5 and E6, please provide details in the space below.
Norway has regulation banning new tobacco or nicotine products. Water pipe tobacco (tobacco-based) and nicotine containing ENDS are banned based on this regulation. ENDS will be allowed at the Norwegian market when EU directive is implemented, probably 2018/19. Smokeless tobacco products have a specific health warning. Oral smokeless tobacco (snus) is covered by the plain packaging regulations.

Please provide any other relevant information not covered elsewhere that you consider important.

Your suggestions for further development and revision of the reporting instrument:
