### A. ORIGIN OF THE REPORT

A1. Name of contracting Party: {TOKEN:ATTRIBUTE_1}
A2. Information on national contact responsible for preparation of the report:
A2a. Title
Mr
A2a[other]. Title [Other]
A2b. Family name
Javed
A2c. First name
Muhammad
A2d. Full name of institution
Ministry of National Health Services, Regulations and Coordination
A2e[A122]. Mailing address [Mailing address 1]
LG&RD Complex
A2e[A123]. Mailing address [Mailing address 2]
G-5/2
A2e[A124]. Mailing address [Post code]
44000
A2e[A125]. Mailing address [Post box]

A2e[A126]. Mailing address [City]	Islamabad
A2f. Country	Pakistan
A2g. E-mail	javed@tcc.gov.pk
A2h. Alternative email address	javed.mis@gmail.com
A2i. Telephone number	0092519245594
A2j. Fax number	0092519245815
A3. Signature of government official submitting the report:	
A3a. Title	Mr
A3a[other]. Title [Other]	
A3b. Family name	Tarar
A3c. First name	Muhammad Waqas
A3d. Full name of institution	Ministry of National Health Services, Regulations and Coordination
A3e[A122]. Mailing address [Mailing address 1]	LG&RD Complex
A3e[A123]. Mailing address [Mailing address 2]	G-5/2
A3e[A124]. Mailing address [Post code]	44000
A3e[A125]. Mailing address [Post box]	
A3e[A126]. Mailing address [City]	Islamabad
A3f. Country	Pakistan
A3g. E-mail	mwaqastarar@hotmail.com
A3h. Alternative email address	
A3i. Telephone number	0092519245594

A3j. Fax number

## B1. TOBACCO CONSUMPTION

B1. Prevalence of tobacco use
B11. Smoking prevalence in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered, e.g. 15 years old and over, 18-64 years; see B112)
B11A[1_SQ001]. Current smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
22.2
B11A[1_SQ002]. Current smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
B11A[2_SQ001]. Current smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
2.1
B11A[2_SQ002]. Current smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
B11A[3_SQ001]. Current smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
12.4
B11A[3_SQ002]. Current smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
B11B[1_SQ001]. Daily smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
20.6
B11B[1_SQ002]. Daily smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
B11B[2_SQ001]. Daily smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
2.0
B11B[2_SQ002]. Daily smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]

B11B[3\_SQ001]. Daily smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
11.5

B11B[3\_SQ002]. Daily smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]

B11C[1\_SQ001]. Occasional smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
1.6

B11C[2\_SQ001]. Occasional smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
0.1

B11C[3\_SQ001]. Occasional smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
0.9

B11D[1\_SQ001]. Former smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
1.8

B11D[2\_SQ001]. Former smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
0.3

B11D[3\_SQ001]. Former smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
1.1

B11E[1\_SQ001]. Never smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
77.8

B11E[2\_SQ001]. Never smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
97.9

B11E[3\_SQ001]. Never smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
87.6

B111. Please indicate the smoking tobacco products included in calculating prevalence for question B11:  
Cigarettes, Shisha/Hookah, Hand rolled cigarettes

B112[1\_SQ001]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][From]  
15

B112[1\_SQ002]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][To]

B113A. Please indicate the year of the data used to answer question B11:  
2014

B113B. Please indicate the source of the data used to answer question B11:  
Global Adult Tobacco Survey, 2014

B114[SQ001]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Current smoker]

B114[SQ002]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Daily smoker]

B114[SQ003]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Occasional smoker]

B114[SQ004]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Former smoker]

B114[SQ005]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Never smoker]

B115. Please provide a brief explanation of the trend in smoking prevalence in the adult population in the past two years or since submission of your last report.  
The baseline survey was conducted in 2014 and no further survey has been conducted to measure the trend. Pakistan is planning to conduct the next round of GATS in 2019. After that the trend will be measured.

B12[B12a\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]  
15

B12[B12a\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]  
24

B12[B12a\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
5

B12[B12b\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]  
25

B12[B12b\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]  
44

B12[B12b\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
24

B12[B12c\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]  
45

B12[B12c\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]  
64

B12[B12c\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]  
41

B12[B12d\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]  
65

B12[B12d\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12f\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

15

B12[B12f\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

24

B12[B12f\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

0

B12[B12g\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

25

B12[B12g\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

44

B12[B12g\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

1

B12[B12h\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

45

B12[B12h\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

64

B12[B12h\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

5

B12[B12i\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

65

B12[B12i\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12i\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

7

B12[B12j\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12j\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12j\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jj\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jj\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jj\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jjj\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jjj\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jjj\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jjjj\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jjjj\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jjjj\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12k\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

15

B12[B12k\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

24

B12[B12oo\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12oo\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12oo\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12ooo\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12ooo\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12ooo\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12oooo\_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12oooo\_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12oooo\_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B121. Please indicate the smoking tobacco products included in calculating prevalence for question B12:

Cigarettes, Shisha/Hookah, Hand rolled cigarettes

B122A. Please indicate the year of the data used to answer question B12:

2014

B122B. Please indicate the source of the data used to answer question B12:

Global Adult Tobacco Survey, 2014

B123. Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.

The baseline survey was conducted in 2014 and no further survey has been conducted to measure the trend. Pakistan is planning to conduct the next round of GATS in 2019. After that the trend will be measured.

B13. Prevalence of smokeless tobacco use in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18-64 years; see B132)

B13A[1\_B13x1]. Males [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

11.4

B13A[2_B13x1]. Males [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
10.5
B13A[3_B13x1]. Males [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.9
B13A[4_B13x1]. Males [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.6
B13A[5_B13x1]. Males [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
88.6
B13B[1_B13x1]. Females [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
3.7
B13B[2_B13x1]. Females [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
3.5
B13B[3_B13x1]. Females [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.2
B13B[4_B13x1]. Females [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.2
B13B[5_B13x1]. Females [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
96.3
B13C[1_B13x1]. TOTAL (males and females) [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
7.7
B13C[2_B13x1]. TOTAL (males and females) [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
7.1
B13C[3_B13x1]. TOTAL (males and females) [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.6
B13C[4_B13x1]. TOTAL (males and females) [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.4
B13C[5_B13x1]. TOTAL (males and females) [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
92.3
B131. Please indicate the smokeless tobacco products included in calculating prevalence for question B13:
Naswar, Nass (sniffed in the nose), Paan with Tobacco, Gutka, Mainpuri, any others
B132[1_SQ001]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][From]
15
B132[1_SQ002]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][To]
B133A. Please indicate the year of the data used to answer question B13:
2014
B133B. Please indicate the source of the data used to answer question B13:
Global Adult Tobacco Survey, 2014
B134[SQ001]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Current user]

B134[SQ002]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Daily user]

B134[SQ003]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Occasional user]

B134[SQ004]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Former user]

B134[SQ005]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Never user]

B135. Please provide a brief explanation of the trend in smokeless tobacco use in the adult population in the past two years or since submission of your last report.  
The baseline survey was conducted in 2014 and no further survey has been conducted to measure the trend. Pakistan is planning to conduct the next round of GATS in 2019. After that the trend will be measured.

B14[B12a\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

15

B14[B12a\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

24

B14[B12a\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

6

B14[B12b\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

25

B14[B12b\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

44

B14[B12b\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

14

B14[B12c\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

45

B14[B12c\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

64

B14[B12c\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

17

B14[B12d\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

65

B14[B12d\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

B14[B12d\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

8

B14[B12e\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

B14[B12e\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

B14[B12e\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B14[B12ee\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

B14[B12ee\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

B14[B12ee\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B14[B12eee\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

B14[B12eee\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

B14[B12eee\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B14[B12eeee\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

B14[B12eeee\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

B14[B12eeee\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B14[B12f\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Range - start age]

15

B14[B12f\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Range - end age]

24

B14[B12f\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

1

B14[B12g\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Range - start age]

25

B14[B12g\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Range - end age]

44

B14[B12g\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

2

B14[B12h\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Range - start age]

45

B14[B12h\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Range - end age]

64

B14[B12h\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

8

B14[B12i\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Range - start age]

65

B14[B12i\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Range - end age]

B14[B12i\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B14[B120000\_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - start age]

B14[B120000\_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - end age]

B14[B120000\_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B141. Please indicate the smokeless tobacco products included in the answer to question B14:

Naswar, Nass (Sniffed in the nose), Paan with Tobacco, Gutka, Mainpuri, any others

B142A. Please indicate the year of the data used to answer question B14:

2014

B142B. Please indicate the source of the data used to answer question B14:

Global Adult Tobacco Survey, 2014

B143. Please provide a brief explanation of the trend in current use of smokeless tobacco by adult age groups in the past two years or since submission of your last report.

The baseline survey was conducted in 2014 and no further survey has been conducted to measure the trend. Pakistan is planning to conduct the next round of GATS in 2019. After that the trend will be measured.

B16[B160000\_B16x2]. Tobacco use by young persons (please include all smoking or smokeless tobacco products in prevalence data) [TOTAL (boys and girls) - Current users 4][SMOKING TOBACCO - Prevalence (%)]

B16[B160000\_B16x3]. Tobacco use by young persons (please include all smoking or smokeless tobacco products in prevalence data) [TOTAL (boys and girls) - Current users 4][SMOKELESS TOBACCO - Prevalence (%)]

B16[B160000\_B16x4]. Tobacco use by young persons (please include all smoking or smokeless tobacco products in prevalence data) [TOTAL (boys and girls) - Current users 4][OTHER TOBACCO (eg. water pipe) - Prevalence (%)]

B161. Please indicate the tobacco products included in calculating prevalence for question B16:  
Cigarettes, Shisha/Hookah

B162A. Please indicate the year of the data used to answer question B16:  
2013

B162B. Please indicate the source of the data used to answer question B16:  
Global Youth Tobacco Survey, 2013

B163. Please provide the definition of "current smoking/tobacco use" used to answer question B16 in the space below.

B164. Please provide a brief explanation of the trend in tobacco use by young persons in the past two years or since submission of your last report.  
The baseline survey was conducted in 2013 and no further survey has been conducted to measure the trend. Pakistan is planning to conduct the next round of GYTS in 2018. After that the trend will be measured.

B11new[SQ003_SQ002]. Male [Occasional smokers][Average number of the most-consumed smoking tobacco product used per day]
B11new[SQ004_SQ001]. Male [Former smokers][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
B11new[SQ004_SQ002]. Male [Former smokers][Average number of the most-consumed smoking tobacco product used per day]
B11new[SQ005_SQ001]. Male [Never smokers][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
B11new[SQ005_SQ002]. Male [Never smokers][Average number of the most-consumed smoking tobacco product used per day]

## B2-B9. HEALTH, SOCIAL AND ECONOMIC INDICATORS

B2. Exposure to tobacco smoke
B21. Do you have any data on exposure to tobacco smoke in your population?
Yes
B22. Please provide details in the space below (e.g. exposure by gender, at home, in the workplace, on public transport).
Adults exposed to tobacco smoke at the workplace: 69.1% Adults exposed to tobacco smoke at home at least monthly: 48.3% Adults exposed to tobacco smoke in restaurants: 86.0% Adults exposed to tobacco smoke in marriage halls: 65.7% Adults exposed to tobacco smoke in health care facilities: 37.6% Adults exposed to tobacco smoke on public transportation: 76.2%
B23A. Please indicate the year of the data used to answer question B21:
2014
B23B. Please indicate the source of the data used to answer question B21:
Global Adult Tobacco Survey, 2014
B24. Please attach the relevant documentation.

B24[filecount]. filecount - Please attach the relevant documentation.
1

B3. Tobacco-related mortality

B31. Do you have information on tobacco-related mortality in your population?  
Yes

B32. What is the estimated total number of deaths attributable to tobacco use in your population?  
108800.0000000000

B33. If available, please provide any additional information on mortality attributable to tobacco use (e.g. lung cancer, cardiovascular diseases) in your jurisdiction.

B34A. Please indicate the year of the data used to answer question B32 and 33:  
2015

B34B. Please indicate the source of the data used to answer questions B32 and B33:  
WLF Tobacco Atlas, 2015

B35. Please submit a copy of the study you refer to:

B35[filecount]. filecount - Please submit a copy of the study you refer to:  
0

B4. Tobacco-related costs

B41. Do you have information on the economic burden of tobacco use in your population, e.g. the overall cost of tobacco use imposed on your society?  
No

B42. Please provide details (e.g. direct (health care-related) and indirect costs and, if possible, the method used to estimate these costs).

B43B. Please indicate the source of the data used to answer question B42:

B44. Please submit a copy of the study you refer to:

B44[filecount]. filecount - Please submit a copy of the study you refer to:  
0

B5. Supply of tobacco and tobacco products (with reference to Articles 6.2(b), 20.4(c), and 15.5)

B51[B51a\_B51x1]. Licit supply of tobacco products [Smoking tobacco products][Product]  
Cigarettes

B51[B51a\_B51x2]. Licit supply of tobacco products [Smoking tobacco products][Unit (e.g. pieces, tonnes)]  
Million Sticks

B51[B51a\_B51x3]. Licit supply of tobacco products [Smoking tobacco products][Domestic production]  
34340.00

B51[B51a\_B51x4]. Licit supply of tobacco products [Smoking tobacco products][Retail sales]

B51[B51a\_B51x5]. Licit supply of tobacco products [Smoking tobacco products][Exports]

B51[B51a\_B51x6]. Licit supply of tobacco products [Smoking tobacco products][Imports]

B51[B51b_B51x1]. Licit supply of tobacco products [Smoking tobacco products][Product]
Cigarettes /Cigars
B51[B51b_B51x2]. Licit supply of tobacco products [Smoking tobacco products][Unit (e.g. pieces, tonnes)]
Million Sticks
B51[B51b_B51x3]. Licit supply of tobacco products [Smoking tobacco products][Domestic production]
B51[B51b_B51x4]. Licit supply of tobacco products [Smoking tobacco products][Retail sales]
B51[B51b_B51x5]. Licit supply of tobacco products [Smoking tobacco products][Exports]
131.72
B51[B51b_B51x6]. Licit supply of tobacco products [Smoking tobacco products][Imports]
63.75
B51[B51c_B51x1]. Licit supply of tobacco products [Smoking tobacco products][Product]
B51[B51c_B51x2]. Licit supply of tobacco products [Smoking tobacco products][Unit (e.g. pieces, tonnes)]
B51[B51c_B51x3]. Licit supply of tobacco products [Smoking tobacco products][Domestic production]
B51[B51c_B51x4]. Licit supply of tobacco products [Smoking tobacco products][Retail sales]
B51[B51c_B51x5]. Licit supply of tobacco products [Smoking tobacco products][Exports]
B51[B51c_B51x6]. Licit supply of tobacco products [Smoking tobacco products][Imports]
B51[B51cc_B51x1]. Licit supply of tobacco products [Smoking tobacco products][Product]
B51[B51cc_B51x2]. Licit supply of tobacco products [Smoking tobacco products][Unit (e.g. pieces, tonnes)]
B51[B51cc_B51x3]. Licit supply of tobacco products [Smoking tobacco products][Domestic production]
B51[B51cc_B51x4]. Licit supply of tobacco products [Smoking tobacco products][Retail sales]
B51[B51cc_B51x5]. Licit supply of tobacco products [Smoking tobacco products][Exports]
B51[B51cc_B51x6]. Licit supply of tobacco products [Smoking tobacco products][Imports]
B51[B51ccc_B51x1]. Licit supply of tobacco products [Smoking tobacco products][Product]
B51[B51ccc_B51x2]. Licit supply of tobacco products [Smoking tobacco products][Unit (e.g. pieces, tonnes)]

B83[B83iiiiii_B83x4]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Other tobacco products][Base of tax5]
B84. Please briefly describe the trends in taxation for tobacco products in the past two years or since submission of your last report in your jurisdiction.
Under Article 6 of FCTC, Pakistan has to implement tax and price policies on tobacco products as a way to reduce tobacco consumption. In this regard, Tobacco Control Cell formed a technical working group on tobacco taxation. Experts from Federal Board of Revenue, The Union, World Health Organization, World Bank and Tobacco Control Cell are members of the working group. The working group is mandated to develop an implementation mechanism to increase taxes on tobacco products and earmarking of tobacco tax revenues for tobacco control measures.
In order to increase tobacco taxes in Federal Budgets 2015-16 & 2016-17, the working group made recommendations to Ministry of Finance/Federal Board of Revenue (FBR). Resultantly, there was an increase of 40.3% in FED on cigarette packs (44.77% on lower slab and 35.89% on upper slabs respectively).
In Finance Bill, 2017, FED on upper and lower slabs was increased from Rs.74.10 to Rs.74.80 and Rs.32.98 to Rs. 33.40 respectively. Parallel to this, a new slab with reduction in FED (i.e. Rs.16) has been created. This resulted in decrease in consumer prices of the most sold brands from Rs.72 to Rs.48.
B85. Do you earmark any percentage of your taxation income for funding any national plan or strategy on tobacco control in your jurisdiction?
No
B86. Please provide details in the space below.
B87A. Please indicate the year of the data used to answer questions B81 to B86:
2017

## C1. GENERAL OBLIGATIONS

C1. With reference to Article 5
C111. Have you developed and implemented comprehensive multisectoral national tobacco control strategies, plans and programmes in accordance with the Convention?
Yes
C112. Have you partially developed and implemented tobacco control strategies by including tobacco control in national health, public health or health promotion strategies, plans and programmes?
N/A
C113. Is any aspect of tobacco control that is referred to in the Convention included in any national strategy, plan or programme?
N/A
C114[C114a]. Have you established or reinforced and financed: [a focal point for tobacco control?]
Yes
C114[C114b]. Have you established or reinforced and financed: [a tobacco control unit?]
Yes
C114[C114c]. Have you established or reinforced and financed: [a national coordinating mechanism for tobacco control?]
Yes
C115. Please provide details (e.g. the nature of the national coordinating mechanism, the institution to which the focal point for tobacco control or the tobacco control unit belongs).
A dedicated Tobacco Control Cell has been established in Ministry of National Health Services, Regulations and Coordination
C116. Please provide a brief description of the progress made in implementing Article 5.1 and 5.2 (General obligations) in the past two years or since submission of your last report.
There is no comprehensive multisectoral national tobacco control strategy in place in Pakistan. Rather, a strategic plan of action for tobacco control was established by Tobacco Control Cell. Moreover, a dedicated Tobacco Control Cell is working at Federal Level and coordinating with provincial governments and other stakeholders for implementation of plans. Tobacco Control Cell is devising a sustainable funding mechanism for tobacco control in Pakistan. The Cell coordinates with Provincial Governments to sustain tobacco control activities at subnational level. Resultantly, Provincial Tobacco Control Cell have been established in KPK and Balochistan. Same commitment has been shown by other provinces.
C117. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
In some cases, national regulations delegate powers to provinces. For example, SRO 1068(1)/2006 delegated its powers under the Prohibition of Smoking and Protection of Non Smokers Health Ordinance to provincial authorities.
C12. Protection of public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C121. protecting public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry?

Yes

C122. ensuring that the public has access, in accordance with Article 12(c), to a wide range of information on tobacco industry activities relevant to the objectives of the Convention, such as in a public repository?

No

C123. Please provide details in the space below.

For the time being, there are no measures in place requiring that that the public has access, either in accordance with Article 12(c) to a wide range of information on tobacco industry activities relevant to the objectives of the Convention, or to the minutes or information about meetings between Government officials and tobacco industry representatives.

C124. Please provide a brief description of the progress made in implementing Article 5.3 in the past two years or since submission of your last report.

To protect tobacco control policies from vested interests of tobacco industry, SOPs for interacting with tobacco industry in line with FCTC Article 5.3 guidelines has been developed. Technical assistance has been provided to Health, Finance and relevant ministries / departments at federal and provincial level to protect tobacco control policies from tobacco industry influence and get the tobacco control policies implemented.

C125. Have you utilized the "Guidelines for implementation of Article 5.3 of the WHO FCTC" when developing or implementing policies in this area?

Yes

C126. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

Guidelines for implementation of Article 5.3 of the WHO FCTC have been utilized in development of SOPs for interacting with tobacco industry.

C127. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

The Pakistan Tobacco Board, operating under the Ministry of Commerce, includes in its Board of Directors, representatives of tobacco manufacturers and growers. This body, at an arm length from the Government's decision making, and in the absence of a clear government policy to separate the functions of overseeing this body and setting and implementing of tobacco control policies (as recommended in the guidelines for Article 5.3 of the Convention), may interfere with policy making and represent the interests of the tobacco sector.

C128. Please attach the relevant documentation.

C128[filecount]. filecount - Please attach the relevant documentation.

## C2. MEASURES RELATING TO THE REDUCTION OF DEMAND FOR TOBACCO

C2. With reference to Articles 6-14

C21. Price and tax measures to reduce the demand for tobacco Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C211. tax policies and, where appropriate, price policies on tobacco products so as to contribute to the health objectives aimed at reducing tobacco consumption?

Yes

C212. prohibiting or restricting, as appropriate, sales to international travellers of tax- and duty-free tobacco products?

No

C213. prohibiting or restricting, as appropriate, imports by international travellers of tax- and duty-free tobacco products?

Yes

C214. Please provide a brief description of the progress made in implementing Article 6 (Price and tax measures to reduce the demand for tobacco) in the past two years or since submission of your last report.

In Federal Budgets 2015-16 & 2016-17, this Ministry made recommendations to Ministry of Finance/Federal Board of Revenue (FBR). Resultantly, there was an increase of 40.3% in FED on cigarette packs (44.77% on lower slab and 35.89% on upper slabs respectively).

In Finance Bill, 2017, FED on upper and lower slabs was increased from Rs.74.10 to Rs.74.80 and Rs.32.98 to Rs. 33.40 respectively. Parallel to this, a new slab with reduction in FED (i.e. Rs.16) has been created. This resulted in decrease in consumer prices of the most sold brands from Rs.72 to Rs.48.

This Ministry has evaluated the relevant impact of current tax structure on the revenue growth and growth in production of cigarettes and requested the FBR / Finance to withdraw the 3rd slab.

C215. Have you utilized the "Guidelines for implementation of Article 6 of the WHO FCTC" when developing or implementing policies in this area?

Yes

C216. Please provide details in the space below or refer to section H of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&en>

C217. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C218. Please attach the relevant documentation.

C218[filecount]. filecount - Please attach the relevant documentation.

0

C22. Protection from exposure to tobacco smoke Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C221. banning tobacco smoking in indoor workplaces, public transport, indoor public places and, as appropriate, other public places ?

Yes

C222[1]. What is the type/nature of the measure providing for the ban? [national law]

Yes

C222[2]. What is the type/nature of the measure providing for the ban? [subnational law(s)]

C222[3]. What is the type/nature of the measure providing for the ban? [administrative and executive orders]

Yes

C222[4]. What is the type/nature of the measure providing for the ban? [voluntary agreements]

Yes

C222[5]. What is the type/nature of the measure providing for the ban? [other measures (please specify in C223 below)]

C223. Please provide a brief explanation of the type/nature and content of the measures providing for the ban.

Under Article 8 of FCTC regarding protection from exposure to tobacco smoke in indoor workplaces, public transport, indoor public places and other public places, Pakistan has enacted legislative and administrative measures. Under Section-5 of the "Prohibition of Smoking and Protection of Non-Smokers Health Ordinance, 2002", use of tobacco products at any place of public work or use is prohibited. Under S.R.O 51 (KE)/2009, designated smoking areas have been declared illegal and all places of public work or use have been declared completely smoke-free. Under Section-6 of above-said Ordinance, smoking or use of tobacco in any other form in a public service vehicle is prohibited. This legislation covers use of Smokeless tobacco and sheesha smoking.

Lahore High Court declared adjacent places to hotels / restaurant as public places. Prior to that, smoking was not banned in open to sky places. After this decision, smoking is banned at open to sky places adjacent to hotels and restaurants.

C224. Do any of these measures provide for a mechanism/ infrastructure for enforcement?

Yes

C225. Please provide details of this system.
Under the law, authorized persons have been notified to take action against the violators. A complaint in writing is sent by the authorized persons to First Class Magistrate for trail. Fine has been imposed on the violator after trail.
Tobacco Control Cell is coordinating with provincial and district governments to make public places smoke-free. Letters have been sent to Provincial CMs, all Federal Secretaries and provincial Chief Secretaries to ensure enforcement of laws.
Letter has been sent to Governor, State Bank of Pakistan to make all banks smoke-free.
Islamabad has been declared first Smoke-free city. Public Parks, Health and Educational Institutions are completely smoke-free. Regarding enforcement, more than 1000 cases have been registered against the violators of TC laws (violations at public places) across Pakistan.
In order to protect youth from epidemic of Sheesha smoking and exposure to tobacco smoke, Government of Pakistan banned import of Sheesha (tobacco and non-tobacco) and related substances.
C226a[1]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor workplaces: [government buildings]

C226cc. Please provide a brief explanation of any "other" policies in the space below

C227. Please provide a brief summary of complete and partial measures, with specific details of the partial measures that have been implemented:

C227a. Banning tobacco smoking in indoor workplaces  
Under Section-5 of the "Prohibition of Smoking and Protection of Non-Smokers Health Ordinance, 2002", use of tobacco products at any place of public work or use is prohibited. Under S.R.O 51 (KE)/2009, designated smoking areas have been declared illegal and all places of public work or use have been declared completely smoke-free. Tobacco Control Cell is coordinating with provincial and district governments to ensure enforcement of the law.

C227b. Banning tobacco smoking in public transport  
Under Section-6 of the "Prohibition of Smoking and Protection of Non-Smokers Health Ordinance, 2002", use of tobacco products at any public service vehicle including wagon, bus, taxi, other public transports and also railways and aeroplanes is prohibited. Tobacco Control Cell is coordinating with transport authorities to ensure enforcement of the law.

C227c. Banning tobacco smoking in indoor public places  
Under Section-5 of the "Prohibition of Smoking and Protection of Non-Smokers Health Ordinance, 2002", use of tobacco products at any place of public work or use is prohibited. Under S.R.O 51 (KE)/2009, designated smoking areas have been declared illegal and all indoor public places have been declared completely smoke-free. Tobacco Control Cell is coordinating with bazar unions and other authorities to ensure enforcement of the law.

C228. Please provide a brief description of the progress made in implementing Article 8 (Protection from exposure to tobacco smoke) in the past two years or since submission of your last report.

Tobacco Control Cell is coordinating with provincial and district governments to make public places smoke-free. Letters have been sent to Provincial CMs, all Federal Secretaries and provincial Chief Secretaries to ensure enforcement of laws.

Letter has been sent to Governor, State Bank of Pakistan to make all banks smoke-free.

Islamabad has been declared first Smoke-free city. Public Parks, Health and Educational Institutions are completely smoke-free. Regarding enforcement, more than 1000 cases have been registered against the violators of TC laws (violations at public places) across Pakistan.

In order to protect youth from epidemic of Sheesha smoking and exposure to tobacco smoke, Government of Pakistan banned import of Sheesha (tobacco and non-tobacco) and related substances.

C229. Have you utilized the "Guidelines for implementation of Article 8 of the WHO FCTC" when developing or implementing policies in this area?

Yes

C2210. Please provide details in the space below or refer to section B of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&lang=en>

C2211. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C2212. Please attach the relevant documentation.

C2212[filecount]. filecount - Please attach the relevant documentation.

0

C23. Regulation of the contents of tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C231. testing and measuring the contents of tobacco products?

No

C232. testing and measuring the emissions of tobacco products?

No

C233. regulating the contents of tobacco products?

No

C234. regulating the emissions of tobacco products?

No

C235. Please provide a brief description of the progress made in implementing Article 9 (Regulation of the contents of tobacco products) in the past two years or since submission of your last report.

The regulation relevant to this matter is the ban on the import of all kinds of sheesha and flavoured tobacco to be used in sheesha, which was introduced through an SRO 970(1)/2016 by the Ministry of Commerce on 13 October 2016. The SRO only covers sheesha, and does not regulate the content of any other tobacco products.

The Finance Act 2005 prescribed that no cigarette factory shall clear cigarettes unless they conform to the health standards.

Pakistan lacks an independent, non-tobacco industry related accredited laboratory, capable of accurately testing contents and emissions of tobacco products. Pakistani officials met during the mission informed that there is consideration of dedicating funds for the setup of an internationally accredited laboratory to test tobacco products.

C236. Have you utilized the "Guidelines for implementation of Articles 9 and 10 of the WHO FCTC" when developing or implementing policies in this area?

No

C237. Please provide details in the space below or refer to section C of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C238. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Detailed guidelines are not available yet.

C239. Please attach the relevant documentation.

C239[filecount]. filecount - Please attach the relevant documentation.

0

C24. Regulation of tobacco product disclosures Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C241[1]. requiring manufacturers or importers of tobacco products to disclose to Government authorities information about the: [contents of tobacco products?]

No

C241[2]. requiring manufacturers or importers of tobacco products to disclose to Government authorities information about the: [emissions of tobacco products?]

No

C242[1]. requiring public disclosure of information about the: [contents of tobacco products?]

No

C242[2]. requiring public disclosure of information about the: [emissions of tobacco products?]

No

C243. Please provide a brief description of the progress made in implementing Article 10 (Regulation of tobacco product disclosures) in the past two years or since submission of your last report.

Finance Act 2005 prescribes that no cigarettes factory shall clear cigarettes unless they conform to the health standards prescribed by the federal government. This provision has not been operationalized in view of the absence of internationally accredited laboratory system capable of accurately testing and reporting tobacco products in Pakistan. GoP is actively following international developments on the matter.

We are also looking forward to the evolution of the proposed global database regarding tobacco product contents and emission disclosure. We are considering the option of earmarking special funds to set up internationally accredited laboratory in Pakistan to test the contents and emissions, as has been done by some countries in the Region

C244. Have you utilized the "Guidelines for implementation of Articles 9 and 10 of the WHO FCTC" when developing or implementing policies in this area?

No

C245. Please provide details in the space below or refer to section C of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C246. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Detailed guidelines are not available yet.

C247. Please attach the relevant documentation.

C247[filecount]. filecount - Please attach the relevant documentation.

0

C25. Packaging and labelling of tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C251. requiring that packaging, individual cigarettes or other tobacco products do not carry advertising or promotion?	Yes
C252. requiring that packaging and labelling do not promote a product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?	Yes
C253. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products carry health warnings describing the harmful effects of tobacco use?	Yes
C254. ensuring that the health warnings are approved by the competent national authority?	Yes
C255. ensuring that the health warnings are rotated?	Yes
C256. ensuring that the health warnings are clear, visible and legible?	Yes
C257. Does your law mandate, as a minimum, a style, size and colour of font to render the warning clear, visible and legible?	Yes
C258. ensuring that the health warnings occupy no less than 30% of the principal display areas?	Yes
C259. ensuring that the health warnings occupy 50% or more of the principal display areas?	Yes
C2510. ensuring that health warnings are in the form of, or include, pictures or pictograms?	Yes
C2511. Does the Government own the copyright to these pictures and pictograms?	Yes
C2512. Would you grant a non-exclusive and royalty-free licence for the use of health warnings developed in your jurisdiction with other Parties?	Yes
C2513[1]. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [constituents of tobacco products?]	No
C2513[2]. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [emissions of tobacco products?]	No
C2514. requiring that the warnings and other textual information appear on each unit packet and package and on any outside packaging and labelling in the principal language or languages of the country?	Yes

C2515. Please provide a brief description of the progress made in implementing Article 11 (Packaging and labelling of tobacco products) in the past two years or since submission of your last report.

In order to fulfill obligations under Article 11 of FCTC, Pakistan introduced "Pictorial Health Warning (PHW)" on cigarette packets and outers in 2010. This warning was supposed to be rotated on yearly basis. In order to rotate current PHW, Tobacco Control Cell notified new pictorial health warning on 29th January, 2015 and enhanced the size from 40% to 85% of cigarette pack on both sides. This PHW was to be implemented from 30th March, 2015. Later on, the implementation date was extended and an Inter-Ministerial Committee (IMC) to review the impact of pictorial health warning on revenue & smuggling and to consult with stakeholders regarding implementation issues was constituted.

The Committee deliberated on the issue and recommended to adopt phased approach. The IMC recommendations were sent to Minister for Finance for approval. Meanwhile, two petitions were filed in Islamabad High Court against the constitution and decision of the Committee. This Ministry is party to the case.

Subsequently, Finance Division basing their opinion on the advice of Law and Justice Division conveyed that IMC's recommendations could not be considered or approved till such time that the Constitutional Petitions pending before the Islamabad High Court were disposed of. In the circumstances, the Ministry submitted a summary to the Federal Cabinet. The Federal Cabinet, in its meeting held on 23rd November, 2017, considered the Summary and directed to Implement IMC's recommendations.

According to the decision, 50% PHW will be implemented from 1st June, 2018 and 60% from 1st June, 2019. In this regard, this Ministry has issued gazette notifications.

C2516. Have you utilized the "Guidelines for implementation of Article 11 of the WHO FCTC" when developing or implementing policies in this area?

Yes

C26. Education, communication, training and public awareness Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C261. educational and public awareness programmes? (Please refer to programmes implemented since submission of your two-year report.)

Yes

C262[1]. To whom are these programmes targeted? [adults or the general public]

Yes

C262[2]. To whom are these programmes targeted? [children and young people]

Yes

C262[3]. To whom are these programmes targeted? [men]

Yes

C262[4]. To whom are these programmes targeted? [women]

Yes

C262[5]. To whom are these programmes targeted? [pregnant women]

Yes

C262[6]. To whom are these programmes targeted? [ethnic groups]

No

C262[7]. To whom are these programmes targeted? [other (please specify)]
Yes
C262[other]. To whom are these programmes targeted? [Other]
Authorized persons and law enforcement agencies
C263[1]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [age]
Yes
C263[2]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [gender]
Yes
C263[3]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [educational background]
Yes
C263[4]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [cultural background]
Yes
C263[5]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [socioeconomic status]
Yes
C263[6]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [other (please specify)]
No
C263[other]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [Other]
C264[1]. Do these educational and public awareness programmes cover: [health risks of tobacco consumption?]
Yes
C264[2]. Do these educational and public awareness programmes cover: [health risks of exposure to tobacco smoke?]
Yes
C264[3]. Do these educational and public awareness programmes cover: [benefits of the cessation of tobacco use and tobacco-free lifestyles?]
Yes
C264[4]. Do these educational and public awareness programmes cover: [adverse economic consequences of tobacco production?]
Yes
C264[5]. Do these educational and public awareness programmes cover: [adverse economic consequences of tobacco consumption?]
Yes
C264[6]. Do these educational and public awareness programmes cover: [adverse environmental consequences of tobacco production?]
Yes

Yes

C267[7]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [administrators?]  
Yes

C267[8]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [other (please specify)]  
No

C267[other]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [Other]

C268. Please provide a brief description of the progress made in implementing Article 12 (Education, communication, training and public awareness) in the past two years or since submission of your last report.

In line with Article 12 of FCTC, Tobacco Control Cell used multifarious strategies to warn masses about dangers of tobacco use and capacity building of provincial and district law enforcers. In this connection, Provincial and District Implementation Committees on tobacco control have been formed and activated at provincial and district level respectively. Relevant provincial & district departments and authorized persons notified under tobacco control laws have been sensitized. Awareness and capacity building sessions with law enforcement officers & authorized persons have been conducted (402 sessions). Communication materials (1,057,000 units) have been printed and disseminated. Documentary films and FM spots have been produced and aired.

In November, 2016, Tobacco Control Cell implemented second phase of national anti-tobacco mass media campaign to focus on the health harms of tobacco. A 30 second Public Service Message called "Sponge" was designed to turn tobacco users' thoughts about quitting into active quit attempts by showing the real health harms of smoking. "Sponge" graphically showed the amount of tar found after only one year, in the lungs of an average pack a day smoker. The campaign appeared on 14 TV channels across the country over 6 weeks, as well as on radio spots, community signage and billboards.

In November, 2015, Tobacco Control Cell implemented first of its kind national anti-tobacco mass media campaign to focus on the health harms of tobacco. The campaign featured a public service announcement (PSA) called "Tobacco Is Hollowing You Out", that graphically highlighted the many harmful illnesses caused by tobacco use, including lung cancer, heart disease, stroke and oral cancers. The PSA ended with the message that "Tobacco Kills – Quit Today!"

Recently, TCC has launched a pilot advocacy campaign in cinema theatres across Pakistan, with the support of Federal Film Censor Board. In this campaign, two tobacco control messages "Alive" and "Sponge" have been disseminated to all cinema theatres to air/ broadcast them during their shows regularly.

In response to a request made by Secretary, Ministry of National Health Services, Regulations and Coordination, PERMA has issued directions to all satellite TV channels and FM Radio stations to air tobacco control public service messages to curb menace of tobacco and sheesha on their respective networks in order to create awareness among general public. Some of the channels have aired the tobacco control messages.

Tobacco Control Cell will continue ongoing awareness and capacity building activities as a demand reduction measure for tobacco control.

C269. Have you utilized the "Guidelines for implementation of Article 12 of the WHO FCTC" when developing and implementing policies in this area?

Yes

C2610. Please provide details in the space below or refer to section E of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C27. Tobacco advertising, promotion and sponsorship Have you adopted and implemented, where appropriate, any legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes:

C271. instituting a comprehensive ban on all tobacco advertising, promotion and sponsorship?

No

C272[1]. Does your ban cover: [display and visibility of tobacco products at points of sales?]

N/A

C272[2]. Does your ban cover: [the domestic Internet?]

N/A

C272[3]. Does your ban cover: [the global Internet?]

N/A

C272[4]. Does your ban cover: [brand stretching and/or brand sharing?]	N/A
C272[5]. Does your ban cover: [product placement as a means of advertising or promotion?]	N/A
C272[6]. Does your ban cover: [the depiction of tobacco or tobacco use in entertainment media products?]	N/A
C272[7]. Does your ban cover: [tobacco sponsorship of international events or activities and/or participants therein?]	N/A
C272[8]. Does your ban cover: [contributions from tobacco companies to any other entity for "socially responsible causes" and/or any other activities implemented under the umbrella of "corporate social responsibility" by the tobacco industry?]	N/A
C272[9]. Does your ban cover: [cross-border advertising, promotion and sponsorship originating from your territory?]	N/A
C272[10]. Does your ban cover: [the same forms of cross-border advertising, promotion and sponsorship entering your territory for which domestic regulation apply?]	N/A
C273. are you precluded by your constitution or constitutional principles from undertaking a comprehensive ban on tobacco advertising, promotion and sponsorship?	No
C274. applying restrictions on all tobacco advertising, promotion and sponsorship?	Yes
C275. applying restrictions on cross-border advertising, promotion and sponsorship originating from your territory with cross-border effects?	No
C276. prohibiting those forms of tobacco advertising, promotion and sponsorship that promote a tobacco product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?	Yes
C277. requiring that health or other appropriate warnings or messages accompany all tobacco advertising, promotion and sponsorship?	Yes
C278. restricting the use of direct or indirect incentives that encourage the purchase of tobacco products by the public?	Yes
C279. requiring the disclosure to relevant Government authorities of expenditures by the tobacco industry on advertising, promotion and sponsorship not yet prohibited?	No
C2710[1]. restricting tobacco advertising, promotion and sponsorship on: [radio?]	Yes
C2710[2]. restricting tobacco advertising, promotion and sponsorship on: [television?]	Yes
C2710[3]. restricting tobacco advertising, promotion and sponsorship on: [print media?]	Yes
C2710[4]. restricting tobacco advertising, promotion and sponsorship on: [the domestic Internet?]	No
C2710[5]. restricting tobacco advertising, promotion and sponsorship on: [the global Internet?]	No

C2710[6]. restricting tobacco advertising, promotion and sponsorship on: [other media (please specify below )?]  
Yes

C2710[other]. restricting tobacco advertising, promotion and sponsorship on: [Other]  
Outdoor media

C2711[1]. restricting tobacco sponsorship of: [international events and activities?]  
Yes

C2711[2]. restricting tobacco sponsorship of: [participants therein?]  
Yes

C2712. cooperating with other Parties in the development of technologies and other means necessary to facilitate the elimination of cross-border advertising?  
Yes

C2713. imposing penalties for cross-border advertising equal to those applicable to domestic advertising, promotion and sponsorship originating from your territory in accordance with national law?  
No

C2714. Please provide a brief description of the progress made in implementing Article 13 (Tobacco advertising, promotion and sponsorship) in the past two years or since submission of your last report.  
Under Article 13 of FCTC, Pakistan is mandated to put comprehensive ban on Tobacco Advertising, Promotion and Sponsorship (TAPS). Current legislation imposes restrictions on TAPS. In order to impose comprehensive ban on TAPS, step-wise approach is being followed. Using this approach, Tobacco Control Cell banned tobacco and tobacco products advertisements in print, electronic and outdoor media. This legislation was challenged in Sindh High Court by M/s Philip Morris, Pakistan, but they had to withdraw the petition against the arguments of the Ministry.  
Ban has been imposed on free goods, cash rebates, free samples, discount or goods below the market value offered for the purpose of advertisement of tobacco or tobacco products. Moreover, ban has been imposed on manufacturing or offering for sale sweets, snacks and toys in the form of cigarettes that may appeal to any person under the age of eighteen. The focus of these measures are to deter youth from taking up smoking.  
Despite these restrictions on TAPS, some promotional activities at Point of Sale (PoS) are going on. In 2017, current legislation to ban TAPS will be strengthened by banning POS advertising. For this, Committee on Tobacco Advertisement Guidelines (CTAG) is being reconstituted.

C2715. Have you utilized the "Guidelines for implementation of Article 13 of the WHO FCTC" when developing and implementing policies in this area?  
Yes

C2716. Please provide details in the space below or refer to section F of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

### C3. MEASURES RELATING TO THE REDUCTION OF THE SUPPLY OF TOBACCO

C3. With reference to Articles 15–17

C31. Illicit trade in tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C311. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining the origin of the product?  
Yes

C312. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining whether the product is legally sold on the domestic market?  
No

C313. requiring that unit packets and packages of tobacco products for retail and wholesale use that are sold on the domestic market carry the statement: "Sales only allowed in ..." or carry any other effective marking indicating the final destination of the product?  
No

C314. developing a practical tracking and tracing regime that would further secure the distribution system and assist in the investigation of illicit trade?  
No

C315. requiring that marking is presented in legible form and/or appears in the principal language or languages of the country?  
No

C316. requiring the monitoring and collection of data on cross-border trade in tobacco products, including illicit trade?  
No

C317. facilitating the exchange of this information among customs, tax and other authorities, as appropriate, and in accordance with national law and applicable bilateral and multilateral agreements?  
No

C318. enacting or strengthening legislation, with appropriate penalties and remedies, against illicit trade in tobacco products, including counterfeit and contraband cigarettes?  
Yes

C319. requiring that confiscated manufacturing equipment, counterfeit and contraband cigarettes and other tobacco products derived from illicit trade are destroyed, using environment-friendly methods where possible, or disposed of in accordance with national law?  
Yes

C3110. adopting and implementing measures to monitor, document and control the storage and distribution of tobacco products held or moving under suspension of taxes or duties?  
Yes

C3111. enabling the confiscation of proceeds derived from illicit trade in tobacco products?  
Yes

C3112. promoting cooperation between national agencies and relevant regional and international intergovernmental organizations in investigations, prosecutions and proceedings, with a view to eliminating illicit trade in tobacco products, with special emphasis on cooperation at regional and subregional levels?  
No

C3113. licensing or other actions to control or regulate production and distribution in order to prevent illicit trade?  
Yes

C3114. Please provide a brief description of the progress made in implementing Article 15 (Illicit trade in tobacco products) in the past two years or since submission of your last report.  
In Pakistan, illicit sector is about 18.5 % of the total domestic market of cigarette which include smuggled, counterfeit and non duty paid locally manufactured products.  
Government of Pakistan has already taken many steps to curb the share of the illicit sector. One key measure is the minimum price law. In addition to that, Government has mandated the following:  
• Printing of manufacturer's name & retail price  
• Third party Audits  
• Destruction of machinery and Confiscation of Conveyance used for counterfeit  
• Disclosure of Bank Accounts  
• Submission of Audited Bank Accounts to FBR  
• Mobile enforcement teams  
The Tobacco Cell is coordinating with Custom Intelligence and other law enforcement agencies for proper enforcement of laws related to illicit trade.

C3115. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C3116. Please attach the relevant documentation.

C32. Sales to and by minors Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C321. prohibiting the sales of tobacco products to minors?

Yes

C321a. Please specify the legal age:

18

C322. requiring that all sellers of tobacco products place a clear and prominent indicator inside their point of sale about the prohibition of tobacco sales to minors?

Yes

C323. requiring that, in case of doubt, each seller of tobacco products requests that the purchaser provides appropriate evidence of having reached full legal age?

Yes

C324. banning the sale of tobacco products in any manner by which they are directly accessible, such as open store shelves?

No

C325. prohibiting the manufacture and sale of sweets, snacks, toys or any other objects in the form of tobacco products which appeal to minors?

Yes

C326. prohibiting the sale of tobacco products from vending machines?

No

C327. Do you ensure that tobacco vending machines are not accessible to minors and/or do not promote the sale of tobacco products to minors?

No

C328[1]. prohibiting and/or promoting the prohibition of the distribution of free tobacco products: [to the public?]

Yes

C328[2]. prohibiting and/or promoting the prohibition of the distribution of free tobacco products: [to minors?]

Yes

C329. prohibiting the sale of cigarettes individually or in small packets?

Yes

C3210. providing for penalties against sellers and distributors in order to ensure compliance?

Yes

C3211. prohibiting the sales of tobacco products by minors?

Yes

C3212. Please provide a brief description of the progress made in implementing Article 16 (Sales to and by minors) in the past two years or since submission of your last report.

Under Article 16 of FCTC, Pakistan is mandated to prohibit the sales of tobacco products to persons under 18. National law prohibits sale of tobacco products to persons under 18. Pakistan has also banned offering free samples, cash rebates, discounts and sponsorship of events. No one shall manufacture or offer for sale sweets, snacks, or toys in the form of cigarettes. There is also ban on manufacture, sale, or offer for sale or import of packs having less than 20 cigarette sticks. Every retailer is mandated to display a poster inside their point of sale about the prohibition of tobacco sales to minors. Recently, Pakistan has banned sale of individual cigarette sticks by retailers.

D1[2]. development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance received]
Yes

D2[1]. provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance provided]  
No

D2[2]. provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance received]  
Yes

D3[1]. appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance provided]  
No

D3[2]. appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance received]  
Yes

D4[1]. provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance provided]  
No

D4[2]. provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance received]  
Yes

D5[1]. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance provided]  
No

D5[2]. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance received]  
No

D6[1]. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance provided]  
No

D6[2]. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance received]  
No

D7. Please identify the Party or Parties from which assistance was received or to which assistance was provided.  
FCTC Secretariat.  
World Health Organization.  
Bloomberg Initiative.  
World Lung Foundation.  
Ministry of Health, Thailand.

D8. Please provide information about any assistance provided or received in the space below.  
FCTC Secretariat, Geneva conducted FCTC Impact Assessment and Need Assessment Exercises in Pakistan. WHO is assisting in conducting compliance monitoring study and GYTS.  
Pakistan received grant from Bloomberg Initiative. seven projects were implemented in 10 model districts of Pakistan with this assistance.  
Tobacco Control Cell implemented tow national anti-tobacco mass media campaigns to focus on the health harms of tobacco, with technical and financial assistance of World Lung Foundation.  
For the current pictorial health warning, we received assistance from Thailand. They provided us rights to use the pre-tested picture. Rights to print the picture (used by Thailand) for PHW on cigarette packs and outers were received from Thailand.

D9. If you have not received or provided assistance in any of the aforementioned areas, please identify any financial or technical assistance that may be under consideration, if appropriate.

D10. Have you encouraged relevant regional and international intergovernmental organizations and financial and development institutions in which you are represented to provide financial assistance for developing country Parties and for Parties with economies in transition to assist them in meeting their obligations under the Convention?  
No

D11. Please provide details in the space below.

## E. PRIORITIES AND COMMENTS

E1. What are the priorities for implementation of the WHO Framework Convention on Tobacco Control in your jurisdiction?

Pakistan is taking administrative, legislative and coordination measures to implement Articles of FCTC. Pakistan has set the following priorities for implementation of the WHO FCTC, 2018 onward:

- i.  Implementation of legislation on pictorial health warning on cigarette packs as approved by the Federal Cabinet.
- ii.  Development of roadmap for progressive increase in tobacco taxation by Ministry of Finance in upcoming budgets.
- iii.  Crackdown against illicit trade in tobacco products.
- iv.  Strengthen legislation on tobacco advertisement, promotion and sponsorship by banning Point of Sale (POS) advertisements.
- v.  Conducting a research study on economic health burden of tobacco use.
- vi.  Enforcement of tobacco control laws especially ban on sale of cigarettes and other smoking substance to minors.
- vii.  Ban on tobacco retailers selling tobacco products without tobacco vend license.

E2. Have you identified any specific gaps between the resources available and the needs assessed for implementing the WHO Framework Convention on Tobacco Control?

Yes

E3. Please provide details in the space below.

Since no government funding is available, so there are gaps between the resources available and the needs assessed for implementing the WHO Framework Convention on Tobacco Control.

E4. What, if any, are the constraints or barriers, other than lack of resources, you have encountered in implementing the Convention?

- i.  Tobacco industry tactics to influence tobacco control policy decisions and legislation development.
- ii.  Lack of comprehensive national tobacco control policy and plan of action.
- iii.  Lack of scientific evidences regarding health cost of tobacco use.
- iv.  Lack of quitting services/ cessation clinics.

E5[1]. Do you have any of the following products available on your national tobacco market? [smokeless tobacco products]

Yes

E5[2]. Do you have any of the following products available on your national tobacco market? [water pipe tobacco]

Yes

E5[3]. Do you have any of the following products available on your national tobacco market? [ENDS/ENNDS]

Yes

E5[other]. Do you have any of the following products available on your national tobacco market? [Other]

E6[1]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [smokeless tobacco products]

Yes

E6[2]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [water pipe tobacco]

Yes

E6[3]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [ENDS/ENNDS]

No

E6[other]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [Other]

---

E7. If you have any relevant information related to questions E5 and E6, please provide details in the space below.

Smokeless tobacco products (Naswar, Snuff, Tobacco Paan, Gutka, Manpuri etc) are available in Pakistan. Prohibition of Smoking and Protection of Non-Smokers Health Ordinance, 2002 prohibits its use at places of public work or use, in public transport vehicles.

In order to protect youth from epidemic of Sheesha smoking and exposure to tobacco smoke, Government of Pakistan banned import of Sheesha (tobacco and non-tobacco) and related substances.

E8. Please provide any other relevant information not covered elsewhere that you consider important.

E9. Your suggestions for further development and revision of the reporting instrument:
