A. ORIGIN OF THE REPORT

A1. Name of contracting Party: {TOKEN:ATTRIBUTE_1}
A2. Information on national contact responsible for preparation of the report:
A2a. Title
Other
A2a[other]. Title [Other]
Deputy Director, Bureau of Health Policy
A2b. Family name
PARK
A2c. First name
JONGEOK
A2d. Full name of institution
Ministry of Health and Welfare
A2e[A122]. Mailing address [Mailing address 1]
13 Doum 4-ro
A2e[A123]. Mailing address [Mailing address 2]
A2e[A124]. Mailing address [Post code]
30113
A2e[A125]. Mailing address [Post box]

A2e[A126]. Mailing address [City]	Sejong
A2f. Country	Republic of Korea
A2g. E-mail	jongeok@korea.kr
A2h. Alternative email address	
A2i. Telephone number	+82 44 202 2826
A2j. Fax number	+82 44 202 3938
A3. Signature of government official submitting the report:	
A3a. Title	Other
A3a[other]. Title [Other]	Deputy Director, Bureau of Health Policy
A3b. Family name	PARK
A3c. First name	JONGEOK
A3d. Full name of institution	Ministry of Health and Welfare
A3e[A122]. Mailing address [Mailing address 1]	13 Doum 4-ro
A3e[A123]. Mailing address [Mailing address 2]	
A3e[A124]. Mailing address [Post code]	30113
A3e[A125]. Mailing address [Post box]	
A3e[A126]. Mailing address [City]	Sejong
A3f. Country	Republic of Korea
A3g. E-mail	jongeok@korea.kr
A3h. Alternative email address	
A3i. Telephone number	+82 44 202 2826

A3j. Fax number

B1. TOBACCO CONSUMPTION

B1. Prevalence of tobacco use
B11. Smoking prevalence in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered, e.g. 15 years old and over, 18-64 years; see B112)
B11A[1_SQ001]. Current smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
39.4
B11A[1_SQ002]. Current smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
14.1
B11A[2_SQ001]. Current smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
6.1
B11A[2_SQ002]. Current smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
8.7
B11A[3_SQ001]. Current smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
22.6
B11A[3_SQ002]. Current smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
13.4
B11B[1_SQ001]. Daily smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
34.4
B11B[1_SQ002]. Daily smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
B11B[2_SQ001]. Daily smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
4.3
B11B[2_SQ002]. Daily smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]

B11B[3_SQ001]. Daily smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
19.3
B11B[3_SQ002]. Daily smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
B11C[1_SQ001]. Occasional smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
5.0
B11C[2_SQ001]. Occasional smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
1.7
B11C[3_SQ001]. Occasional smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
3.4
B11D[1_SQ001]. Former smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
32.6
B11D[2_SQ001]. Former smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
4.5
B11D[3_SQ001]. Former smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
18.5
B11E[1_SQ001]. Never smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
27.9
B11E[2_SQ001]. Never smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
89.5
B11E[3_SQ001]. Never smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
58.9
B111. Please indicate the smoking tobacco products included in calculating prevalence for question B11:
Cigarettes
B112[1_SQ001]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][From]
19
B112[1_SQ002]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][To]
B113A. Please indicate the year of the data used to answer question B11:
2016
B113B. Please indicate the source of the data used to answer question B11:
Korea National Health & Nutrition Examination Survey 2016 (published by Ministry of Health and Welfare in 2017). Please refer to Appendix 1.
B114[SQ001]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Current smoker]
Those who have smoked more than 100 cigarettes in their lifetime and been smoking currently
B114[SQ002]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Daily smoker]
Those who have smoked more than 100 cigarettes in their lifetime and been smoking daily
B114[SQ003]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Occasional smoker]
Those who have smoked more than 100 cigarettes in their lifetime and been smoking occasionally

B114[SQ004]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Former smoker]
Those who have smoked more than 100 cigarettes in their lifetime and used to smoke cigarettes in the past, but do not smoke cigarettes any more
B114[SQ005]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Never smoker]
Those who have never smoked or have smoked less than 100 cigarettes in their lifetime
B115. Please provide a brief explanation of the trend in smoking prevalence in the adult population in the past two years or since submission of your last report.
Adults’ smoking prevalence had decreased in 2015 after price increase but been raised again in 2016 (23.3% in 2014, 21.6% in 2015, 22.6% in 2016). Smoking prevalence among male adults had sharply dropped in 2015 and recorded the lowest level in history then stagnated (42.3% in 2014, 38.3% in 2015, 39.4% in 2016). Smoking prevalence among female adults has slightly increased over the last three years, from 5.1% in 2014 to 5.5% in 2015, then 6.4% in 2016.
B12[B12a_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
19
B12[B12a_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
29
B12[B12a_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
42
B12[B12b_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
30
B12[B12b_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
39
B12[B12b_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
52
B12[B12c_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
40
B12[B12c_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
49
B12[B12c_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
44
B12[B12d_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
50

B12[B12d_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

59

B12[B12d_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

38

B12[B12e_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

60

B12[B12e_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

69

B12[B12e_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

26

B12[B12ee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

70

B12[B12ee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

100

B12[B12ee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

18

B12[B12eee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12eee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12eee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12eeee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12eeee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12eeee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12f_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
19

B12[B12f_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
29

B12[B12f_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
7

B12[B12g_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
30

B12[B12g_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
39

B12[B12g_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
8

B12[B12h_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
40

B12[B12h_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
49

B12[B12h_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
6

B12[B12i_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
50

B12[B12i_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
59

B12[B12i_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
7

B12[B12j_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

60

B12[B12j_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

69

B12[B12j_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

4

B12[B12jj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

70

B12[B12jj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

100

B12[B12jj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

3

B12[B12jjj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jjj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jjj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jjjj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jjjj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jjjj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12k_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

19

B12[B12k_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

29

B12[B12k_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

25

B12[B12l_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

30

B12[B12l_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

39

B12[B12l_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

30

B12[B12m_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

40

B12[B12m_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

49

B12[B12m_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

25

B12[B12n_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

50

B12[B12n_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

59

B12[B12n_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

23

B12[B12o_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

60

B12[B12o_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

69

B12[B12o_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

15

B12[B12oo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

70

B12[B12oo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

100

B12[B12oo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

9

B12[B12ooo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12ooo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12ooo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12oooo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12oooo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12oooo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B121. Please indicate the smoking tobacco products included in calculating prevalence for question B12:
Cigarettes

B122A. Please indicate the year of the data used to answer question B12:
2016

B122B. Please indicate the source of the data used to answer question B12:
Korea National Health & Nutrition Examination Survey 2016 (published by Ministry of Health and Welfare in 2017). Please refer to Appendix 1.

B123. Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.

Smoking prevalence among males in their 40s and 60s decreased, whereas smoking rates for males in their 20s increased.

*Ages 19 to 29: 34.8% in 2014, 38.7% in 2015, 41.7% in 2016.

*Ages 40 to 49: 54.4% in 2014, 45.8% in 2015, 43.9% in 2016.

*Ages 60 to 69: 35.8% in 2014, 26.1% in 2015, 25.7% in 2016.

Smoking rates among female adults have increased for 50s and 60s.

*Ages 50 to 59 : 2.5% in 2014, 5.4% in 2015, 7.1% in 2016.

*Ages 60 to 69 : 2.5% in 2014, 2.8% in 2015, 4.0% in 2016.

B13. Prevalence of smokeless tobacco use in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18–64 years; see B132)

B13A[1_B13x1]. Males [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13A[2_B13x1]. Males [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13A[3_B13x1]. Males [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13A[4_B13x1]. Males [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13A[5_B13x1]. Males [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13B[1_B13x1]. Females [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13B[2_B13x1]. Females [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13B[3_B13x1]. Females [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13B[4_B13x1]. Females [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13B[5_B13x1]. Females [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13C[1_B13x1]. TOTAL (males and females) [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13C[2_B13x1]. TOTAL (males and females) [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13C[3_B13x1]. TOTAL (males and females) [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13C[4_B13x1]. TOTAL (males and females) [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13C[5_B13x1]. TOTAL (males and females) [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B131. Please indicate the smokeless tobacco products included in calculating prevalence for question B13:

B132[1_SQ001]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][From]

B132[1_SQ002]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][To]

B133B. Please indicate the source of the data used to answer question B13:

B134[SQ001]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Current user]

B134[SQ002]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Daily user]

B134[SQ003]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Occasional user]

B134[SQ004]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Former user]

B134[SQ005]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Never user]

B135. Please provide a brief explanation of the trend in smokeless tobacco use in the adult population in the past two years or since submission of your last report.
There is no official or available data on prevalence of smokeless tobacco.

B14[B12a_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

B14[B12a_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

B14[B12a_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B14[B12b_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

B14[B12b_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

B14[B12b_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B14[B12000_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - start age]

B14[B12000_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - end age]

B14[B12000_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B14[B120000_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - start age]

B14[B120000_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - end age]

B14[B120000_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B141. Please indicate the smokeless tobacco products included in the answer to question B14:

B142B. Please indicate the source of the data used to answer question B14:

B143. Please provide a brief explanation of the trend in current use of smokeless tobacco by adult age groups in the past two years or since submission of your last report.

B161. Please indicate the tobacco products included in calculating prevalence for question B16:
Smoking tobacco: cigarette / Other tobacco: e-cigarette
In case of e-cigarette, it includes both electronic nicotine delivery system (ENDS) and electronic non-nicotine delivery system (ENNDS).

B162A. Please indicate the year of the data used to answer question B16:
2017

B162B. Please indicate the source of the data used to answer question B16:
Korea Youth Risk Behavior Web-based Survey 2017 (published by Ministry of Health and Welfare in 2017). Please refer to Appendix 2.

B163. Please provide the definition of "current smoking/tobacco use" used to answer question B16 in the space below.
Current users means those who have smoked at least one day (for cigarette) or at least once (for e-cigarette) over the last 30 days.

B164. Please provide a brief explanation of the trend in tobacco use by young persons in the past two years or since submission of your last report.
While cigarette smoking prevalence in boys has decreased in all age groups. E-cigarette use has decreased in all age groups for both boys and girls.

B165. Please attach the relevant documentation.

B2-B9. HEALTH, SOCIAL AND ECONOMIC INDICATORS

B2. Exposure to tobacco smoke
B21. Do you have any data on exposure to tobacco smoke in your population?
Yes

B22. Please provide details in the space below (e.g. exposure by gender, at home, in the workplace, on public transport).

1. Adults (19 years old and over): Rates of exposure to tobacco smoke among adults were 17.8 % (male 24.0%, female 12.2%) in the workplace, 6.1% (male 3.4%, female 7.8%) at home, and 21.1%(male 26.6%, female 17.5%) in indoor public places.

*These data show the rates of exposure to tobacco smoke among current non-smokers in the indoor workplace, at home, and indoor public places

2. Rates of exposure to tobacco smoke among adolescents were 27.9%. (male 27.3%, female 28.4%) at home.

*In accordance with the Korea Youth Risk Behaviour Web-based Survey 2015, rates of exposure to tobacco smoke among adolescents means adolescents who have been exposed to tobacco smoke from other family members or guests' smoking at home within 7 days.

B23A. Please indicate the year of the data used to answer question B21:

2017

B23B. Please indicate the source of the data used to answer question B21:

1. Adults: Korea National Health & Nutrition Examination Survey 2016 (published by Ministry of Health and Welfare in 2017). Please refer to Appendix 1. 2. Adolescents: Youth Risk Behaviour Web-based Survey 2017 (published by Ministry of Health and Welfare in 2017). Please refer to Appendix 2.

B24. Please attach the relevant documentation.

B3. Tobacco-related mortality

B31. Do you have information on tobacco-related mortality in your population?

Yes

B32. What is the estimated total number of deaths attributable to tobacco use in your population?

58155.000000000

B33. If available, please provide any additional information on mortality attributable to tobacco use (e.g. lung cancer, cardiovascular diseases) in your jurisdiction.

*B32

- Tobacco related mortality in 2012 was 58,155(male 49,704; female 8,451).

*B33

-Male: 41.1% of all cancer deaths, 73% of lung cancer deaths, 72.5 % of laryngeal cancer deaths were attributed to tobacco use.

-Female: 5.1% of all cancer deaths, 19.8% of lung cancer deaths, 34.2% of laryngeal cancer deaths were attributed to tobacco use.

-If 30-year-old man lives until 90 years old, the life expectancy of Non-smoker is 54.05 years; former smoker is 52.23 years; and current smoker is 47.61 years.

B34A. Please indicate the year of the data used to answer question B32 and 33:

2012

B34B. Please indicate the source of the data used to answer questions B32 and B33:

The year of the data used to answer question B32 and 33 are 2012 and 2009, respectively. *The data was based on the following resources. Please refer to Appendix 3. 1) Keum Ji Jung et al., "Smoking-Attributable Mortality among Korean Adults, 2012", Journal of The Korea Society of Health Informatics and Statistics, 2013, 38(2), pp.36-48; 2) Young-ho Jeong, Effectiveness of Health Outcome in Health Plan 2020, 2011, The Korea Institute for Health and Social Affairs (KIHASA) and Korea Health Promotion Foundation

B35. Please submit a copy of the study you refer to:

```
[{"title":"Appendix 3. Studies on Smoking-Attributable Mortality","comment":"","size":"82.986","name":"Appendix%203.%20Studie s%20on%20Smoking-Attributable%20Mortality.pdf","filename":"fu_wwpv6ygrbrkr8zt","ext":"pdf" }]
```

B4. Tobacco-related costs

B41. Do you have information on the economic burden of tobacco use in your population, e.g. the overall cost of tobacco use imposed on your society?
Yes

B42. Please provide details (e.g. direct (health care-related) and indirect costs and, if possible, the method used to estimate these costs).
-Health insurance expenditure caused by tobacco use was about 2,427 billion KRW (2.01 billion USD) in 2013.
*Health insurance expenditure includes national insurance contribution and patients sharing.
*Health insurance expenditures have increased by 2.7 times compared with 935 billion KRW in 2005.

-Social economic cost caused by smoking was 7,126 billion KRW in 2013.
*Social economic cost has increased by 1.6 times, compared with 409 billion KRW in 2005.
*Social economic cost includes the direct cost (medical expenses) and indirect costs such as income and productivity losses by premature death.

B43A. Please indicate the year of the data used to answer question B42:
2013

B43B. Please indicate the source of the data used to answer question B42:
The data was based on the following resource. Please refer to Appendix 4. *Sun Mi Lee et al. Socioeconomic impacts of major health risk factors and evaluation on effects of regulatory policy. 2015. Health Insurance Policy Institute of National Health Insurance Service.

B44. Please submit a copy of the study you refer to:
[{"title":"Appendix 4. 1 ml of liquid nicotine

B84. Please briefly describe the trends in taxation for tobacco products in the past two years or since submission of your last report in your jurisdiction.

*The proportion of tax on tobacco products has been increased in Jan 2015 in accordance with the amendment of related regulations listed in B87B.

- The proportion of tax of cigarette is 74%, consisting of following elements;

1) Health Promotion Fund : KRW 841 (The National Health Promotion Act, Article 23)

2) Excise tax

2-1) Tobacco excise tax : KRW 1,007 (The Local Tax Act, Article 52)

2-2) Local education tax : KRW 443 (The Local Tax Act, Article 151)

2-3) Individual consumption tax : KRW 594 (Individual Consumption Tax Act, Article 1 (2) 6)

2-4) Tobacco farming support fund : KRW 5 (Enforcement Regulation of the Tobacco Business Act, Article 17)

3) Waste management charge : KRW 24.4(The Act on the Promotion of Saving Resources and Recycling, Article 11)

4) Value-Added Tax(VAT): KRW 409(The VAT Law, Article 14)

Subtotal for taxes: KRW 3,323(74% of the retail price of 20 cigarettes(KRW 4,500))

*Additional information on the rates of taxation for tobacco products other than reported in B83)

-Cut tobacco (for Rolling tobacco)

1) Health Promotion Fund : KRW 1,510 (per 50grams)

2) Excise tax : KRW 3,642 (per 50grams)

- Heated Tobacco Product using sticks containing tobacco

1) Health Promotion Fund : KRW 750 (per 20 sticks)

2) Excise Tax : KRW 1,821 (per 20 sticks)

3) Waste management charge : KRW 24.4 (per 20 sticks)

4) VAT : 10% of retail price excluding VAT

- Heated Tobacco Product using other than sticks

1) Health Promotion Fund : KRW 73 (per 1 gram)

2) Excise Tax : KRW 178 (per 1 gram)

3) Waste management charge : KRW 24.4 (per 1 gram)

4) VAT : 10% of retail price excluding VAT

*Amendments has been made to impose tax on Heated Tobacco Products

*In order to impose similar tax level for all types of tobacco products, additional amendments to the laws has been made for raising tax on the HTP using tobacco sticks(e.g. iQOS, Glo, lil).

- Individual consumption tax: KRW 126 to KRW 529 per 20 sticks (Nov. 2017)

- Health Promotion Fund: KRW 438 to KRW 750 per 20 sticks (Dec. 2017)

- Tobacco excise tax: KRW 528 to KRW 897 per 20 sticks (Jan. 2018)

B85. Do you earmark any percentage of your taxation income for funding any national plan or strategy on tobacco control in your jurisdiction?

Yes

B86. Please provide details in the space below.

KRW 136.8 billion in 2016 and KRW 146.8 billion in 2017 of Health Promotion Fund were used for national tobacco control policy and programmes.

B87A. Please indicate the year of the data used to answer questions B81 to B86:

2018

C1. GENERAL OBLIGATIONS

C1. With reference to Article 5

C111. Have you developed and implemented comprehensive multisectoral national tobacco control strategies, plans and programmes in accordance with the Convention?

Yes

C112. Have you partially developed and implemented tobacco control strategies by including tobacco control in national health, public health or health promotion strategies, plans and programmes?

N/A

C113. Is any aspect of tobacco control that is referred to in the Convention included in any national strategy, plan or programme?

N/A

C114[C114a]. Have you established or reinforced and financed: [a focal point for tobacco control?]

Yes

C114[C114b]. Have you established or reinforced and financed: [a tobacco control unit?]

Yes

C114[C114c]. Have you established or reinforced and financed: [a national coordinating mechanism for tobacco control?]

Yes

C115. Please provide details (e.g. the nature of the national coordinating mechanism, the institution to which the focal point for tobacco control or the tobacco control unit belongs).

*Focal points for tobacco control

-Division of Health Promotion of the Bureau of Health Policy at the Ministry of Health and Welfare is responsible for the national tobacco control policies including pictorial warning, smoke free policy, public awareness programs and education, smoking cessation services and youth smoking prevention program in schools, etc.

-Six government officials including two deputy directors and four officers are fully involved in tobacco control policies and programs.

*Tobacco control units

- Division of Health Promotion of the Bureau of Health Policy at the Ministry of Health and Welfare :

- National Tobacco Control Centre: established in Korea Health Promotion Foundation, an affiliated agency of Ministry of Health and Welfare, in March 2015. NTCC is composed of two divisions and four teams. It supports and advocates policy implementation, develops guidelines and programmes, promotes cooperation among various stakeholders in tobacco control, and conducts monitoring and evaluation of the national tobacco control policies.

- Laboratory for Harmful Use of Tobacco: established in Korea Centres for Disease Control and Prevention, an affiliated agency of Ministry of Health and Welfare, in November 2015. It is composed of 11 members in charge of testing and measuring contents and emissions of cigarettes.

*National coordinating mechanism for tobacco control

- National Health Promotion Policy Committee: An inter-ministerial agency to examine and review the health promotion issues such as tobacco control. The chair of the committee is vice-minister of Ministry of Health and Welfare and the committee members consist of fifteen people from eight ministries' bureau directors and non-government sector.

- Tobacco Control Policy Advisory Group: The advisory group, managed by the NTCC, is composed of 7 sub-groups including the topics with respect to regulation, academic parts, education, communication, adolescents, monitoring and service with more than 40 experts in related areas.

C116. Please provide a brief description of the progress made in implementing Article 5.1 and 5.2 (General obligations) in the past two years or since submission of your last report.

*Ministry of Health and Welfare with the Ministry of Strategy and Finance announced the Action Plan for Non-price Tobacco Control Measures(May 10th, 2016)

1) Assurance of full implementation of pictorial warning on tobacco products (entry into force on December 23th, 2016)

2) Tackling any efforts to hide or conceal pictorial health warning when displaying tobacco products

3) Proposing ban on advertising of tobacco at retail shops around schools

4) Review and amendment of taxation for e-cigarette, establishing verification system for indicated ingredients, improving safety control of nicotine liquid

5) Proposing ban on sale of "kiddie pack(less than 20 cigarettes)", ban on flavouring

6) Improving national tobacco cessation services and anti-tobacco campaign

C117. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C12. Protection of public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C121. protecting public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry?

Yes

C122. ensuring that the public has access, in accordance with Article 12(c), to a wide range of information on tobacco industry activities relevant to the objectives of the Convention, such as in a public repository?

No

C123. Please provide details in the space below.
In accordance with Code of Conduct for Public Officials (Presidential Decree), it addresses the government officials' conduct in general. It prohibits officer to receive all sorts of treats from any individual or organization that will get advantages or disadvantages as a direct result of decision or implementation of government policies or public projects (defined in Article 2.1(g)) as well as encourages impartially performing their tasks.
C124. Please provide a brief description of the progress made in implementing Article 5.3 in the past two years or since submission of your last report.
C125. Have you utilized the "Guidelines for implementation of Article 5.3 of the WHO FCTC" when developing or implementing policies in this area?
Yes
C126. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. https://extranet.who.int/dataform/655321?token={TOKEN}&=en
* Everyone involved or engaged in tobacco control related projects, researches, policy development, etc. is asked to certify his/her conflict of interest with tobacco industry.
* Especially for a person who may affect directly/indirectly tobacco-related decision making, such as a member of Tobacco Health Warnings Committee, should sign the Conflict of Interest Statement.
C127. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
C128. Please attach the relevant documentation.
C128[filecount]. filecount - Please attach the relevant documentation.

C2. MEASURES RELATING TO THE REDUCTION OF DEMAND FOR TOBACCO

C2. With reference to Articles 6-14
C21. Price and tax measures to reduce the demand for tobacco Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:
C211. tax policies and, where appropriate, price policies on tobacco products so as to contribute to the health objectives aimed at reducing tobacco consumption?
Yes
C212. prohibiting or restricting, as appropriate, sales to international travellers of tax- and duty-free tobacco products?
Yes
C213. prohibiting or restricting, as appropriate, imports by international travellers of tax- and duty-free tobacco products?
Yes
C214. Please provide a brief description of the progress made in implementing Article 6 (Price and tax measures to reduce the demand for tobacco) in the past two years or since submission of your last report.
*In order to impose similar tax level for all types of tobacco products, tax on the HTP using tobacco sticks(e.g. IQOS, Glo, Ili), newly launched in domestic market since May 2017, has been increased up to 90% of tax imposed on cigarettes. - Individual consumption tax: KRW 126 to KRW 529 per 20 sticks (Nov. 2017) - Health Promotion Fund: KRW 438 to KRW 750 per 20 sticks (Dec. 2017) - Tobacco excise tax: KRW 528 to KRW 897 per 20 sticks (Jan. 2018)
C215. Have you utilized the "Guidelines for implementation of Article 6 of the WHO FCTC" when developing or implementing policies in this area?
Yes

C216. Please provide details in the space below or refer to section H of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

*When preparing and consulting with relevant ministries and stakeholders regarding measures described in C214 (Imposing the National Health Promotion Fund on tobacco products other than cigarette, raising tobacco tax, restricting sales to international travellers of tax-free tobacco products), the Guideline has been widely used in order to advocate importance of implementing the measures.

C217. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C218. Please attach the relevant documentation.

C218[filecount]. filecount - Please attach the relevant documentation.

0

C22. Protection from exposure to tobacco smoke Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C221. banning tobacco smoking in indoor workplaces, public transport, indoor public places and, as appropriate, other public places ?

Yes

C222[1]. What is the type/nature of the measure providing for the ban? [national law]

Yes

C222[2]. What is the type/nature of the measure providing for the ban? [subnational law(s)]

Yes

C222[3]. What is the type/nature of the measure providing for the ban? [administrative and executive orders]

Yes

C222[4]. What is the type/nature of the measure providing for the ban? [voluntary agreements]

Yes

C222[5]. What is the type/nature of the measure providing for the ban? [other measures (please specify in C223 below)]

Yes

C223. Please provide a brief explanation of the type/nature and content of the measures providing for the ban.

There are mainly five types of measures banning tobacco smoking in Korea.

1) National law: National Health Promotion Act 1995 sets the target facilities for the smoking ban and also imposes fines on offenders up to KRW 100,000 for smoking in non-smoking area.

2) Municipal by-laws: any municipalities are able to designate non-smoking areas and impose fines to the offenders through municipal by-laws.

3) Administrative order: Enforcement Regulations of National Health Promotion Act specifies the range of penalties to offenders like smoking in smoke-free zone or violation against smoke-free regulations.

4) Voluntary agreements: some institutions such as student clubs at universities, company, and apartment dwellers have their own self-regulating rules for banning tobacco smoking based on bottom-up voluntary movements.

5) Others: a number of private companies reflect employees' smoking habit in performance assessment as well as entrance examinations; and Ministry of Health and Welfare awards a prize every year, on the World No Tobacco Day, to the best company for its effort for employees' health promotion with smoking cessation programs.

C224. Do any of these measures provide for a mechanism/ infrastructure for enforcement?

Yes

C225. Please provide details of this system.

Amended National Health Promotion Act provides a legal ground. Mayors or governors of local governments are able to appoint officers called a smoking-surveillant for monitoring smoking behaviours in smoke-free areas and its compliance. This was entered into force in July 2014.

C226a[1]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor workplaces: [government buildings]

None

C226c[5]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [restaurants]
Complete

C226c[6]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [other (please specify below)]
Partial

C226cc. Please provide a brief explanation of any "other" policies in the space below
Sports facilities

C227. Please provide a brief summary of complete and partial measures, with specific details of the partial measures that have been implemented:

C227a. Banning tobacco smoking in indoor workplaces
The whole of the following facilities are designated as non-smoking area.
-Government offices, public institutions, schools, health-care facilities, child nursing facilities, private teaching institutes, and office buildings, factories and complex buildings with a total floor area of at least 1,000 square meters.

C227b. Banning tobacco smoking in public transport
The whole of the following facilities are designated as non-smoking area.
-The public transport including lobbies, platforms and underground passages in transportation facilities such as airports, ferries, railway stations, bus terminals, taxis, transportation with a seating capacity of at least 16 passengers, children transport vehicles.

C227c. Banning tobacco smoking in indoor public places
The whole of the following facilities are designated as non-smoking area.
1. Youth activity centre, library, children's play facilities.
2. Places of public performance with at least 300 seats
3. Superstores and shopping malls in an underpass.
4. Tourist lodging facilities.
5. Sports facilities with a capacity of at least 1,000 spectators.
6. Social Welfare facilities, public baths.
7. Juvenile game providing business, general game providing business, business providing Internet computer game facilities, and combined distribution and game providing business under the Game Industry Promotion Act
8. Restaurants, cafeteria and bakeries, comic book rental business.

C228. Please provide a brief description of the progress made in implementing Article 8 (Protection from exposure to tobacco smoke) in the past two years or since submission of your last report.
Multi-family housing(since Sept. 2016), indoor sports facility(since Dec. 2017), an area within a radius of 10m from the boundary of a kindergarten and a childcare centers(from Jan.2019) have been newly designated as non-smoking area pursuant to the amendment to the National Health Promotion Act

C229. Have you utilized the "Guidelines for implementation of Article 8 of the WHO FCTC" when developing or implementing policies in this area?
No

C2210. Please provide details in the space below or refer to section B of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

C2211. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
Pursuant to the Article 9 of the National Health Promotion Act, all indoor public areas should be smoke-free. The Act allows designated smoking rooms under certain condition if needed, but in order to protect vulnerable populations(patients, children,etc) from harm of secondhand smoke, medical institutions and schools are not allowed to have a DSR indoor.

C2212. Please attach the relevant documentation.

C2212[filecount]. filecount - Please attach the relevant documentation.
0

C23. Regulation of the contents of tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C231. testing and measuring the contents of tobacco products?
Yes

C232. testing and measuring the emissions of tobacco products?
Yes

C233. regulating the contents of tobacco products?
No

C234. regulating the emissions of tobacco products?
No

C235. Please provide a brief description of the progress made in implementing Article 9 (Regulation of the contents of tobacco products) in the past two years or since submission of your last report.
*Korea Center for Disease Control
- Released results on contents analysis of flavoured cigarettes including cigarettes with capsule (Jan. 2017)
- Acquired ISO/IEC 17025 accreditation for tobacco contents and emissions testing (Aug. 2017)

*Korea Food and Drug Administration
- Initiated testing/analysis of nicotine, tar, and other 9 carcinogens in the Heated Tobacco Product (Aug. 2017)

C236. Have you utilized the "Guidelines for implementation of Articles 9 and 10 of the WHO FCTC" when developing or implementing policies in this area?
Yes

C237. Please provide details in the space below or refer to section C of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&lang=en>
* Two provisions with respect to reduced ignition propensity (RIP) cigarette were newly established on Article 11 of Tobacco Business Act; manufacture and import of reduced ignition propensity and its performance certification on Article 11-5 and designation of certification authority to fire prevention performance on Article 11-6.(inserted on January 21, 2014, entered into force on July 22, 2015)

* Government announced plan to regulate flavoured tobacco since 2018 as part of the Action Plan on Non-price Tobacco Control Measures (May 2016)

C238. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
* Review of Regulation on the Article 12 of Enforcement Decree of the Tobacco Business Act (Presidential Decree) mentions that in every three years the validity of labelling standard of tobacco product's contents should be reviewed pursuant to Article 9(2) and required improvement measures should be made. (inserted on December 30, 2013)

*Indication of tobacco products constituents(Article 25-2 of Tobacco Business Act)
-Article 25-2, indication of tobacco products constituents newly inserted on January 21, 2014. This provision states labelling of the emission contents in one cigarette and testing and measuring its emission is required.

*Research on analyzing constituents and emissions of tobacco products based on global standard is currently being conducted by Ministry of Food and Drug Safety (previous Korea Food and Drug Administration). The budget of KRW 8,100 million will be offered for 6 years until 2018.

C239. Please attach the relevant documentation.

C239[filecount]. filecount - Please attach the relevant documentation.
0

C24. Regulation of tobacco product disclosures Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C241[1]. requiring manufacturers or importers of tobacco products to disclose to Government authorities information about the: [contents of tobacco products?]

No

C241[2]. requiring manufacturers or importers of tobacco products to disclose to Government authorities information about the: [emissions of tobacco products?]

Yes

C242[1]. requiring public disclosure of information about the: [contents of tobacco products?]

No

C242[2]. requiring public disclosure of information about the: [emissions of tobacco products?]

Yes

C243. Please provide a brief description of the progress made in implementing Article 10 (Regulation of tobacco product disclosures) in the past two years or since submission of your last report.

C244. Have you utilized the "Guidelines for implementation of Articles 9 and 10 of the WHO FCTC" when developing or implementing policies in this area?

No

C245. Please provide details in the space below or refer to section C of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

C246. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

*Indication of tobacco products constituents(Article 25-2 of Tobacco Business Act)
- Manufacturers, importers and sellers of tobacco products must label the emissions (limited to nicotine, tar) in one cigarette on the product package.

C247. Please attach the relevant documentation.

C247[filecount]. filecount - Please attach the relevant documentation.

0

C25. Packaging and labelling of tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C251. requiring that packaging, individual cigarettes or other tobacco products do not carry advertising or promotion?

No

C252. requiring that packaging and labelling do not promote a product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?

Yes

C253. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products carry health warnings describing the harmful effects of tobacco use?

Yes

C254. ensuring that the health warnings are approved by the competent national authority?

Yes

C255. ensuring that the health warnings are rotated?

Yes

C256. ensuring that the health warnings are clear, visible and legible?

Yes

C257. Does your law mandate, as a minimum, a style, size and colour of font to render the warning clear, visible and legible?

Yes

C258. ensuring that the health warnings occupy no less than 30% of the principal display areas?
Yes
C259. ensuring that the health warnings occupy 50% or more of the principal display areas?
Yes
C2510. ensuring that health warnings are in the form of, or include, pictures or pictograms?
Yes
C2511. Does the Government own the copyright to these pictures and pictograms?
Yes
C2512. Would you grant a non-exclusive and royalty-free licence for the use of health warnings developed in your jurisdiction with other Parties?
Yes
C2513[1]. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [constituents of tobacco products?]
No
C2513[2]. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [emissions of tobacco products?]
Yes
C2514. requiring that the warnings and other textual information appear on each unit packet and package and on any outside packaging and labelling in the principal language or languages of the country?
Yes
C2515. Please provide a brief description of the progress made in implementing Article 11 (Packaging and labelling of tobacco products) in the past two years or since submission of your last report.
*Implementation of pictorial health warning on tobacco products entered into force from December 23rd, 2016. - The amended National Health Promotion Act mandates all tobacco products to include pictorial image in the health warning. According to the new law, a health warning including text and pictorial image should cover at least 50% of the size of the tobacco package, where the size of pictorial image should be more than 30% of it. - Tobacco Health Warnings Committee to review and develop health warnings for regular rotation (every 24 months) pursuant to the law has been established.
C2516. Have you utilized the "Guidelines for implementation of Article 11 of the WHO FCTC" when developing or implementing policies in this area?
Yes
C2517. Please provide details in the space below or refer to section D of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. https://extranet.who.int/dataform/655321?token={TOKEN}&lang=en
The Ministry of Health and Welfare has been utilizing the Guidelines for implementation of Article 11 when drafting the Decree of the National Health Promotion Act and relevant notifications in order to assure full implementation of pictorial health warning. Pictorial Warning Database has been widely used when developing new warnings for regular rotation mandated by the law.
C2518. If you have any other relevant information pertaining to or not covered in this section, please provide details in the space below.
In regard to the answer of C252, Korean government has restricted the labelling which possibly misleads the public from January 21, 2015 pursuant to Article 25-5 of Tobacco Business Act (inserted January 21, 2014). It states that manufacturers and importers should not use a false sense of any term, sentence, brand, shape, or signs on the packaging or advertising. In regard to the answer of C2513, According to the Article 25-2 of Tobacco Business Act, Indication of Tobacco Ingredients, it stated that the major contents in the smoke of one cigarette are indicated on the wrapping paper of each tobacco pack. The contents in the smoke are not tobacco constituents but its emissions.

C26. Education, communication, training and public awareness Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C261. educational and public awareness programmes? (Please refer to programmes implemented since submission of your two-year report.)

Yes

C262[1]. To whom are these programmes targeted? [adults or the general public]

Yes

C262[2]. To whom are these programmes targeted? [children and young people]

Yes

C262[3]. To whom are these programmes targeted? [men]

Yes

C262[4]. To whom are these programmes targeted? [women]

Yes

C262[5]. To whom are these programmes targeted? [pregnant women]

Yes

C262[6]. To whom are these programmes targeted? [ethnic groups]

No

C262[7]. To whom are these programmes targeted? [other (please specify)]

Yes

C262[other]. To whom are these programmes targeted? [Other]

Military men, riot policemen.

C263[1]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [age]

Yes

C263[2]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [gender]

Yes

C263[3]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [educational background]

No

C263[4]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [cultural background]

No

C263[5]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [socioeconomic status]

No

C263[6]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [other (please specify)]

No

C263[other]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [Other]

C264[1]. Do these educational and public awareness programmes cover: [health risks of tobacco consumption?]

Yes

C264[2]. Do these educational and public awareness programmes cover: [health risks of exposure to tobacco smoke?]

Yes

C264[3]. Do these educational and public awareness programmes cover: [benefits of the cessation of tobacco use and tobacco-free lifestyles?]

Yes

C264[4]. Do these educational and public awareness programmes cover: [adverse economic consequences of tobacco production?]

No

C264[5]. Do these educational and public awareness programmes cover: [adverse economic consequences of tobacco consumption?]

Yes

C264[6]. Do these educational and public awareness programmes cover: [adverse environmental consequences of tobacco production?]

No

C264[7]. Do these educational and public awareness programmes cover: [adverse environmental consequences of tobacco consumption?]

Yes

C265[1]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [public agencies?]

Yes

C265[2]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [nongovernmental organizations not affiliated with the tobacco industry?]

Yes

C265[3]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [private organizations?]

Yes

C265[4]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [other (please specify)?]

Yes

C265[other]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [Other]

school

C266. Are the elaboration, management and implementation of communication, education, training and public awareness programmes guided by research and do they undergo pre-testing, monitoring and evaluation?

Yes

C267[1]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [health workers?]

Yes

C267[2]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [community workers?]

Yes

C267[3]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [social workers?]

No

C267[4]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [media professionals?]

No

C267[5]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [educators?]

Yes

C267[6]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [decision-makers?]

Yes

C267[7]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [administrators?]

Yes

C267[8]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [other (please specify)]

Yes

C267[other]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [Other]

Military men, riot policemen.

C268. Please provide a brief description of the progress made in implementing Article 12 (Education, communication, training and public awareness) in the past two years or since submission of your last report.

< Anti-tobacco campaigns in 2016>

- With the theme of "Smoking is a disease, Quitting is the cure", the campaign raised awareness on the entry into force of pictorial health warning from Dec. 2016.
- Modelling after US CDC's Tips from Formal Smokers campaign, Korean version of Tips campaign was developed and launched via national TV, radio ads to inform harmful consequences of tobacco use.

< Anti-smoking campaigns in 2017>

- Implementing public advertisement under the theme "If you don't quit today, there is no tomorrow" to raise awareness on harmful ingredients of tobacco products and risks of being exposed to the toxic constituents.
- Expanding communicational activities via social media, including 'web drama', 'web-toon' and 'viral video', to target young population
- Since 2007, Anti-tobacco Campaign Supporters, groups of college students(young adults) for tobacco control advocacy activities, has been recruited and operated every year in order to promote tobacco-free environment.

C269. Have you utilized the "Guidelines for implementation of Article 12 of the WHO FCTC" when developing and implementing policies in this area?

No

C2610. Please provide details in the space below or refer to section E of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

C27. Tobacco advertising, promotion and sponsorship Have you adopted and implemented, where appropriate, any legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes:

C271. instituting a comprehensive ban on all tobacco advertising, promotion and sponsorship?

No

C272[1]. Does your ban cover: [display and visibility of tobacco products at points of sales?]

N/A

C272[2]. Does your ban cover: [the domestic Internet?]

N/A

C272[3]. Does your ban cover: [the global Internet?]

N/A

C272[4]. Does your ban cover: [brand stretching and/or brand sharing?]

N/A

C272[5]. Does your ban cover: [product placement as a means of advertising or promotion?]
N/A
C272[6]. Does your ban cover: [the depiction of tobacco or tobacco use in entertainment media products?]
N/A
C272[7]. Does your ban cover: [tobacco sponsorship of international events or activities and/or participants therein?]
N/A
C272[8]. Does your ban cover: [contributions from tobacco companies to any other entity for "socially responsible causes" and/or any other activities implemented under the umbrella of "corporate social responsibility" by the tobacco industry?]
N/A
C272[9]. Does your ban cover: [cross-border advertising, promotion and sponsorship originating from your territory?]
N/A
C272[10]. Does your ban cover: [the same forms of cross-border advertising, promotion and sponsorship entering your territory for which domestic regulation apply?]
N/A
C273. are you precluded by your constitution or constitutional principles from undertaking a comprehensive ban on tobacco advertising, promotion and sponsorship?
No
C274. applying restrictions on all tobacco advertising, promotion and sponsorship?
No
C275. applying restrictions on cross-border advertising, promotion and sponsorship originating from your territory with cross-border effects?
No
C276. prohibiting those forms of tobacco advertising, promotion and sponsorship that promote a tobacco product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?
Yes
C277. requiring that health or other appropriate warnings or messages accompany all tobacco advertising, promotion and sponsorship?
Yes
C278. restricting the use of direct or indirect incentives that encourage the purchase of tobacco products by the public?
Yes
C279. requiring the disclosure to relevant Government authorities of expenditures by the tobacco industry on advertising, promotion and sponsorship not yet prohibited?
No
C2710[1]. restricting tobacco advertising, promotion and sponsorship on: [radio?]
Yes
C2710[2]. restricting tobacco advertising, promotion and sponsorship on: [television?]
Yes
C2710[3]. restricting tobacco advertising, promotion and sponsorship on: [print media?]
Yes
C2710[4]. restricting tobacco advertising, promotion and sponsorship on: [the domestic Internet?]
Yes
C2710[5]. restricting tobacco advertising, promotion and sponsorship on: [the global Internet?]
No
C2710[6]. restricting tobacco advertising, promotion and sponsorship on: [other media (please specify below)?]
Yes

C2710[other]. restricting tobacco advertising, promotion and sponsorship on: [Other]
Movie theatre

C2711[1]. restricting tobacco sponsorship of: [international events and activities?]
No

C2711[2]. restricting tobacco sponsorship of: [participants therein?]
No

C2712. cooperating with other Parties in the development of technologies and other means necessary to facilitate the elimination of cross-border advertising?
No

C2713. imposing penalties for cross-border advertising equal to those applicable to domestic advertising, promotion and sponsorship originating from your territory in accordance with national law?
No

C2714. Please provide a brief description of the progress made in implementing Article 13 (Tobacco advertising, promotion and sponsorship) in the past two years or since submission of your last report.

C2715. Have you utilized the "Guidelines for implementation of Article 13 of the WHO FCTC" when developing and implementing policies in this area?
No

C2716. Please provide details in the space below or refer to section F of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. https://extranet.who.int/dataform/655321?token={TOKEN}&=en

C2717. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

*C276

The Minister of Health and Welfare may order any person who puts an advertisement misleading the citizens about health awareness to take corrective measures, such as change of contents, or to prohibit the relevant advertisement (Art. 7 (1) of the National Health Promotion Act)

*C277

A manufacturer or an importer and distributor of tobacco under the Tobacco Business Act (hereinafter referred to as "manufacturer or importer") shall print and inscribe the following phrases on the front, rear, and sides of the packaging of tobacco and advertisements (Art. 9-2 (1) of the National Health Promotion Act)

*C278

Any manufacturers, import and sale business entities and wholesalers shall not conduct any act of offering money or goods to retailers or any similar act prescribed by Presidential Decree, in order to promote their tobacco sales (Art. 25-4 of the Tobacco Business Act)

*C2710

Advertisement on Tobacco may be placed only by the following means : displaying or posting advertising materials inside the retail shops, inserting and advertisement in printed media(limited up to ten times a year for each group of products and not more than two pages each time, and banning advertisement in printed media for women or juveniles), sponsoring events(excluding those intended for women or juveniles), placing an advertisement in an airplane and a passenger ship operating on an international line. (Art. 9-4 of the National Health Promotion Act)

* Broadcasting

- According to the Article 28(Soundness) of the Broadcasting Review Regulations, broadcasting companies should take prudence when describing or airing contents related to smoking.

- Especially, a scene describing smoking of children or adolescent is banned in under Article 45(Appearance).

- In accordance with the Article 44(Acceptance level) of the Regulation, the Korea Communication Standards Commission warns the broadcasting companies not to air smoking scene during the Juvenile Protection Times(7~9 a.m., 1~10 p.m. in principle; 7 a.m.~10 p.m. on a national holiday or vacation)

- Furthermore, Korean Broadcasting System(KBS), after its announcement that drama scenes containing tobacco consumption leads to the enticement of smoking among viewers, declared December 1st, 2002 as "KBS Drama No Smoking Day" and eliminated all scenes containing tobacco in dramas. SBS (Seoul Broadcasting System) participated on the same month, and MBC (Munhwa Broadcasting Corporation) joined on 2004, and these three major public networks have essentially eliminated smoking scene in TV drama since then.

- However, emergence of cable/satellite TV channels where tobacco product and smoking scenes are presented without regulation poses challenges

C2813b. Please provide other details in the space below.

C2814. Please provide a brief description of the progress made in implementing Article 14 (Demand reduction measures concerning tobacco dependence and cessation) in the past two years or since submission of your last report.
*Reinforcing and expanding national smoking cessation support services.
- Reinforcing and expanding of National Smoking Cessation Clinic (Budget: KRW 33 billion in 2016, KRW 38.5 billion in 2017, KRW 38.4 billion in 2018)
- Implementation of smoking cessation services at the hospitals/clinics/dentists (approx. 12,000 places as of 2017) registered for smoking cessation service
- Designation of specialized smoking cessation centres (18 centres in total) at local level
- Expanding the smoking cessation program for military men and riot policemen (Limited access until 2014; since 2015, all military and riot policemen benefit the program.)
Please refer to section C2811 for details.

C2815. Have you utilized the "Guidelines for implementation of Article 14 of the WHO FCTC" when developing and implementing policies in this area?
No

C2816. Please provide details in the space below or refer to section G of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

C2817. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

*C282

-In addition to the National Smoking Cessation Clinic which can be utilized in-person (refer to section C2811), to support smokers, and under the auspice of the Ministry of Health and Welfare, the quit-line under the National Cancer Centre has been implemented since 2006.

-The Internet is already being utilized to disseminate information on smoking cessation since 2002 in the form of a guide (<http://nosmokeguide.or.kr/>).

*C288

-In regards to C288, there is no separate restriction for smoking cessation counselling, so general medical practitioners including practitioners who complete public health are also able to provide counselling.

-In addition, only those in possession of a nursing license are able to conduct the services of a midwife in Korea, thus it'd be ambiguous and inefficient to distinguish the two in terms of licensing.

*C289

-(Medicine, Pharmacology) To include curriculum on the diagnosis of smokers, circumstances and ingredients of medication

-(Dentistry) To include curriculum on the relationship between smoking and plaque, cavity and carcinoma of the oral cavity

-(Nursing) To include curriculum on community-based nursing interventions for the treatment of smoking

-(Health Sciences) To include content on smoking-related diagnosis and examination on medical records

C2818. Please attach the relevant documentation.

C2818[filecount]. filecount - Please attach the relevant documentation.

C3. MEASURES RELATING TO THE REDUCTION OF THE SUPPLY OF TOBACCO

C3. With reference to Articles 15-17

C31. Illicit trade in tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C311. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining the origin of the product?

No

C312. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining whether the product is legally sold on the domestic market?

No

C313. requiring that unit packets and packages of tobacco products for retail and wholesale use that are sold on the domestic market carry the statement: "Sales only allowed in ..." or carry any other effective marking indicating the final destination of the product?

No

C314. developing a practical tracking and tracing regime that would further secure the distribution system and assist in the investigation of illicit trade?

No

C315. requiring that marking is presented in legible form and/or appears in the principal language or languages of the country?

No

C316. requiring the monitoring and collection of data on cross-border trade in tobacco products, including illicit trade?

No

C317. facilitating the exchange of this information among customs, tax and other authorities, as appropriate, and in accordance with national law and applicable bilateral and multilateral agreements?

No

C318. enacting or strengthening legislation, with appropriate penalties and remedies, against illicit trade in tobacco products, including counterfeit and contraband cigarettes?
Yes

C319. requiring that confiscated manufacturing equipment, counterfeit and contraband cigarettes and other tobacco products derived from illicit trade are destroyed, using environment-friendly methods where possible, or disposed of in accordance with national law?
Yes

C3110. adopting and implementing measures to monitor, document and control the storage and distribution of tobacco products held or moving under suspension of taxes or duties?
No

C3111. enabling the confiscation of proceeds derived from illicit trade in tobacco products?
Yes

C3112. promoting cooperation between national agencies and relevant regional and international intergovernmental organizations in investigations, prosecutions and proceedings, with a view to eliminating illicit trade in tobacco products, with special emphasis on cooperation at regional and subregional levels?
No

C3113. licensing or other actions to control or regulate production and distribution in order to prevent illicit trade?
Yes

C3114. Please provide a brief description of the progress made in implementing Article 15 (Illicit trade in tobacco products) in the past two years or since submission of your last report.
* Monitoring information for illicit tobacco trade and execution of special investigation (2 times per year)

* C314
-To prevent any possible smuggling or bootlegging of duty-free cigarettes due to the price hike in January 2015, a monitoring mechanism to surveil entire processes including, but not limited to, manufacturing, logistics and distribution of tobacco is under development by the Korea Customs Service and Ministry of Interior. The idea is to liaise the "Import and Export System" and "Local Taxes Management System" of the Korean Customs Service and the Ministry of Interior respectively to create the "Integrated Tobacco Management System"

*C319
-Confiscated goods have been disposed of in accordance with the Anweisung of Korea Customs Service.

*C3111
-In accordance with Article 30 of the Tobacco Business Act, tobacco leaf and related products that are related to crime should be confiscated, and when confiscation is not possible, an estimated price of the products should be paid.

C3115. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C32. Sales to and by minors Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C321. prohibiting the sales of tobacco products to minors?
Yes

C321a. Please specify the legal age:
19

C322. requiring that all sellers of tobacco products place a clear and prominent indicator inside their point of sale about the prohibition of tobacco sales to minors?
Yes

C323. requiring that, in case of doubt, each seller of tobacco products requests that the purchaser provides appropriate evidence of having reached full legal age?

Yes

C324. banning the sale of tobacco products in any manner by which they are directly accessible, such as open store shelves?

No

C325. prohibiting the manufacture and sale of sweets, snacks, toys or any other objects in the form of tobacco products which appeal to minors?

Yes

C326. prohibiting the sale of tobacco products from vending machines?

No

C327. Do you ensure that tobacco vending machines are not accessible to minors and/or do not promote the sale of tobacco products to minors?

Yes

C328[1]. prohibiting and/or promoting the prohibition of the distribution of free tobacco products: [to the public?]

Yes

C328[2]. prohibiting and/or promoting the prohibition of the distribution of free tobacco products: [to minors?]

Yes

C329. prohibiting the sale of cigarettes individually or in small packets?

Yes

C3210. providing for penalties against sellers and distributors in order to ensure compliance?

Yes

C3211. prohibiting the sales of tobacco products by minors?

Yes

C3212. Please provide a brief description of the progress made in implementing Article 16 (Sales to and by minors) in the past two years or since submission of your last report.

*Amended definition of tobacco related articles harmful to juveniles(from "device and components for inhaling nicotine liquid" to "device and components for inhaling tobacco contents including nicotine liquid, etc.") and banned sale of device for Heated Tobacco Product to minors (Oct.2017)

*Designated product mimicking smoking behaviour as articles harmful to juvenile under the Juvenile Protection Act, such as Vitamin Stick and banned its sale to minors (Dec. 2017)

C3213. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

*C321

- In accordance with Article 17(Cancellation, etc. of Designation as Retailer) of the Tobacco Business Act, when a retailer has sold tobacco to adolescents(minors), the city mayor, governor or head of Gu can order business suspension for up to a maximum of 1 year.

- Tobacco retailer or tobacco seller through vending machine shall indicate the phrase 'Ban on selling tobacco to minors' in retail store or front of the machine under Paragraph 1 of Article 25(Indication of harmfulness to juveniles, etc.) of Enforcement Decree of the Juvenile Protection Act. According to Paragraph 2 of the same Article, it is stipulated that the warning phrase of 'It is prohibited to sell cigarettes to minors under the age of 19' should be posted on the back of the cigarette pack.

*C3211

- Minors shall be prohibited from registering the business of importing and selling tobacco or the business of wholesaling tobacco under Article 14(Disqualification of the Registration of Tobacco Sales Business) of the Tobacco Business Act.

- In accordance with Article 16(Designation of the Retailers) of the Tobacco Business Act, the person wishing to conduct tobacco retail sales business (refers to the business of selling directly to consumers) shall be designated as the retailer by the mayor or governor. However, minors do not apply.

C42. Liability Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C421[SQ001]. Does your tobacco control legislation contain measures regarding criminal liability for any violations of that tobacco control legislation?

Yes

C422[SQ001]. Do you have separate criminal liability provisions in relation to tobacco control (outside of the tobacco control legislation)?

No

C423[SQ001]. Do you have any civil liability measures that are specific to tobacco control?

No

C424[SQ001]. Do you have any general civil liability provisions that could apply to tobacco control?

Yes

C425[SQ001]. Do you have civil or criminal liability provisions that provide for compensation for adverse health effects and/or for reimbursement of medical, social or other relevant costs?

No

C426[SQ001]. Has any person in your jurisdiction launched any criminal and/or civil liability action, including compensation where appropriate, against any tobacco company in relation to any adverse health effect caused by tobacco use?

Yes

C427[SQ001]. Have you taken, as appropriate, any legislative, executive, administrative and/or other action against the tobacco industry for full or partial reimbursement of medical, social and other relevant costs related to tobacco use in your jurisdiction?

Yes

C428. Please provide a brief description of any progress made, as appropriate, in implementing Article 19 (Liability) in the past two years or since submission of your last report.

The National Health Insurance Service filed a lawsuit against three domestic and foreign tobacco manufacturing companies — KT&G, British American Tobacco and Philip Morris — in April of 2014, and 12th court hearing had been made as of Feb. 2018.

Tobacco litigation consists of five issues: 1) the possibility of the NHIS's direct claim for the damages against tobacco companies; 2) the causality between smoking and lung cancer; 3) product liability of tobacco companies; 4) tort liability, and 5) the range of the amount of damages.

Through the 12th open court hearings, there was a fierce confrontation between the NHIS and the tobacco companies on the three issues, including the possibility of the NHIS's direct claim for the damages against tobacco companies, smoking and lung cancer, and product liability of tobacco companies.

C429. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
*In regard to C421 answer, it is addressed in Penal Provisions, Chapter 5, Tobacco Business Act.
*In regard to C424 answer, it is addressed generally in Product Liability Act and Torts in Article 750 of Civil Act.
*In regard to C425 answers, it is addressed in Right of Indemnity, Article 58 of National Health Insurance Act. It stated that Article 58(1), When the Corporation (it means National Health Insurance Service) has provided an insurance benefit to a policyholder or dependent because the grounds for the insurance benefit have arisen due to the act of a third party, the Corporation shall have the right to claim compensation from the third party up to the amount of the expenses incurred for the benefit concerned.
C4210. Please attach the relevant documentation.
C4210[filecount]. filecount - Please attach the relevant documentation.

C43. Research, surveillance and exchange of information Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:
C431[1]. developing and/or promoting research that addresses: [determinants of tobacco consumption?]
Yes
C431[2]. developing and/or promoting research that addresses: [consequences of tobacco consumption?]
Yes
C431[3]. developing and/or promoting research that addresses: [social and economic indicators related to tobacco consumption?]
Yes
C431[4]. developing and/or promoting research that addresses: [tobacco use among women, with special regard to pregnant women?]
No
C431[5]. developing and/or promoting research that addresses: [the determinants and consequences of exposure to tobacco smoke?]
Yes
C431[6]. developing and/or promoting research that addresses: [identification of effective programmes for the treatment of tobacco dependence?]
Yes
C431[7]. developing and/or promoting research that addresses: [identification of alternative livelihoods?]
No
C431[other]. developing and/or promoting research that addresses: [Other]
Policy evaluation and effect analysis, Analysis on harm substance of e-cigarette, Development of policies and programs related to tobacco control, etc.
C432. training and support for all persons engaged in tobacco control activities, including research, implementation and evaluation?
Yes
C433[1]. a national system for epidemiological surveillance of: [patterns of tobacco consumption?]
Yes
C433[2]. a national system for epidemiological surveillance of: [determinants of tobacco consumption?]
Yes
C433[3]. a national system for epidemiological surveillance of: [consequences of tobacco consumption?]
Yes
C433[4]. a national system for epidemiological surveillance of: [social, economic and health indicators related to tobacco consumption?]
Yes

C433[5]. a national system for epidemiological surveillance of: [exposure to tobacco smoke?]
Yes
C433[other]. a national system for epidemiological surveillance of: [Other]
Recognition rates on Anti-smoking campaign; e-cigarette experience rates
C434. Please list all surveys, including the year of the survey, that you have undertaken in the past.
Appendix 1. Korea National Health & Nutrition Examination Survey 2014 (published by Ministry of Health and Welfare in 2015) Appendix 2. Korea Youth Risk Behavior Web-based Survey 2015 (published by Ministry of Health and Welfare in 2015)
C435. Does your country have any plans to repeat any of the above or to undertake a new tobacco survey within three to five years of your last survey? Please provide details in the space below.
Under Article 16 of National Health Promotion Act, Korea National Health & Nutrition Examination Survey has been carried out annually for adults. It includes current smoking rates and second-hand smoking exposure rates. From 2014, urine cotinine test has been also added. In addition, Korea Youth Risk Behavior Web-based Survey is conducted every year to determine adolescents' health risks including current smoking rates and age of first smoking.
C436[1]. regional and global exchange of publicly available national: [scientific, technical, socioeconomic, commercial and legal information?]
No

D. INTERNATIONAL COOPERATION AND ASSISTANCE

D0. Pursuant to Article 21.1(c) and in accordance with Article 26, have you either provided or received financial or technical assistance (be it through unilateral, bilateral, regional, subregional or other multilateral channels, including relevant regional and international intergovernmental or nongovernmental organizations and financial and development institutions) for the development and strengthening of multisectoral, comprehensive tobacco control programmes of developing country Parties and Parties with economies in transition in any of the following areas:
D1[1]. development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance provided]
Yes

D1[2]. development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance received]
Yes

D2[1]. provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance provided]
Yes

D2[2]. provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance received]
Yes

D3[1]. appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance provided]
Yes

D3[2]. appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance received]
Yes

D4[1]. provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance provided]
Yes

D4[2]. provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance received]
Yes

D5[1]. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance provided]
Yes

D5[2]. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance received]
Yes

D6[1]. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance provided]
Yes

D6[2]. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance received]
Yes

D7. Please identify the Party or Parties from which assistance was received or to which assistance was provided.

D8. Please provide information about any assistance provided or received in the space below.

- Participating the WHO FCTC Impact Assessment(Mar. 2016) which contributed to build good example and evidence on the WHO FCTC implementation and its positive impact in improving national tobacco control policy.
- Organizing overseas training for the Regional Tobacco Cessation Centers, community health clinics, school teachers for youth smoking prevention programmes in order to facilitate information exchange with relevant organizations and institutions abroad, at least once per year.
- Drafting and proposing a decision on gender-specific tobacco control at the WHO FCTC COP7 in order to raise awareness on the importance of considering gender-specific elements when developing tobacco control and to contribute promotion of sustainable tobacco control(Nov. 2016)
- Hosting "International Symposium on Tobacco Control: An evaluation and the way forward", with the sponsorship of the WHO WPRO, to reinforce the importance of socioeconomic aspects of tobacco control and to strengthen global networking for further exchange of knowledge among experts (Mar. 2017)
- Hosting "Asia Pacific Quitline Network Workshop" to share experiences of quitline in the region and to provide trainings for new tobacco cessation services.(Sept. 2017)
- Organizing the "Global Forum on Tobacco Control : tacking new challenges" in November 2017 to evaluate one-year implementation of pictorial health warnings as well as to discuss newly emerging issues including the Heated Tobacco Products with the participation of guest speakers from the WHO, Thailand, Switzerland, Japan
- Participating the Plain Packaging Workshop hosted by the FCTC Convention Secretariat to explore the international trends in tobacco packaging and labelling as well as to discuss on Korea's further strategy in tobacco packaging regulation.(Oct. 2017)
- Participating the ASEAN+3 Conference on NCDs hosted by the government of the Philippines to share good practices and recent progress in Korea's national tobacco control policies, highlighting development of national tobacco cessation services.(Oct. 2017)
- Participating the 2nd meeting of the Global Tobacco Regulators' Forum to share and discuss national situation and policies regarding the Heated Tobacco Products (Mar. 2018)
- Participating the 17th World Conference on Tobacco or Health to share research outcomes in Korea and to explore key issues in tobacco control in March 2018.

D9. If you have not received or provided assistance in any of the aforementioned areas, please identify any financial or technical assistance that may be under consideration, if appropriate.

D10. Have you encouraged relevant regional and international intergovernmental organizations and financial and development institutions in which you are represented to provide financial assistance for developing country Parties and for Parties with economies in transition to assist them in meeting their obligations under the Convention?

Yes

D11. Please provide details in the space below.

* At the ASEAN +3 Conference on NCDs(Oct. 2017, Manila), Korea presented its policy and experience of earmaking tax for national tobacco control programmes, and encouraged ASEAN secretariat and member countries for allocation of funds especially by showing the progress in national tobacco cessation services since tobacco price raise in 2015.

E. PRIORITIES AND COMMENTS

E1. What are the priorities for implementation of the WHO Framework Convention on Tobacco Control in your jurisdiction?

Ban on display of tobacco products at retail stores, Comprehensive ban on tobacco advertising, promotion and sponsorship, Regulation on tobacco product (including flavours in cigarettes),Heated Tobacco Products and other emerging tobacco products.

E2. Have you identified any specific gaps between the resources available and the needs assessed for implementing the WHO Framework Convention on Tobacco Control?

No

E3. Please provide details in the space below.

E4. What, if any, are the constraints or barriers, other than lack of resources, you have encountered in implementing the Convention?

- Since the launching of the HTPs in May 2017, regulating and testing of tobacco products become an emerging challenge especially in controlling novel tobacco product. Ministry of Health and Welfare reaffirms that all tobacco products are harmful and there is no zero risk from using any types of tobacco products, and advocates its position with national and international evidence.

E5[1]. Do you have any of the following products available on your national tobacco market? [smokeless tobacco products]

Yes

E5[2]. Do you have any of the following products available on your national tobacco market? [water pipe tobacco]
Yes

E5[3]. Do you have any of the following products available on your national tobacco market? [ENDS/ENNDS]
Yes

E5[other]. Do you have any of the following products available on your national tobacco market? [Other]

E6[1]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [smokeless tobacco products]
Yes

E6[2]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [water pipe tobacco]
Yes

E6[3]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [ENDS/ENNDS]
Yes

E6[other]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [Other]

E7. If you have any relevant information related to questions E5 and E6, please provide details in the space below.

*E5 and E6
- Warning texts shall be labelled on all types of tobacco products including chewing tobacco, snus, and waterpipe tobacco, ENDS, and HTPs (Please refer to the answer of C2515)
- Health Promotion Fund has been imposed on tobacco products other than cigarette including ENDS, smokeless tobacco products and waterpipe tobacco, and HTPs. (Please refer to the answer of B83 and B84)
- In case of ENNDS, if the product is approved by the Ministry of Food and Drug Safety (previously Korea Food and Drug Administration) as Quasi-Drug product, it can be advertised and sold in domestic market as a smoking cessation device.
- Regulations applied to cigarette also apply to the HTPs, including similar tax level and structure, banning use of product in non-smoking areas, implementing health warnings on packages, etc.

E8. Please provide any other relevant information not covered elsewhere that you consider important.

E9. Your suggestions for further development and revision of the reporting instrument:
