D. Article 11

D1. D1 Does your legislation require health warnings to be positioned on both front and back of each package, rather than just one side? (Section "Location" under the Guidelines)

Yes

D1p1. D1.1 Please provide details, as appropriate.

Under the Standardised Packaging of Tobacco Regulations 2015 a combined health warning (one of the text warnings listed in Annex 1 to the EU Tobacco Products Directive together with a corresponding colour photograph, as specified in the picture library in Annex II to that Directive(1); and the following smoking cessation information: "Get help to stop smoking at www.nhs.uk/quit") must appear on both the front and back surfaces of the unit pack and any container pack, and the same text warning and corresponding colour photograph must appear on both surfaces.

D2. D2 Does your legislation require health warnings to be positioned at the top of the principal display areas rather than at the bottom? (Section "Location" under the Guidelines)

Yes

D2p1. D2.1 Please provide details, as appropriate.

Under The Tobacco and Related Products Regulations 2016, a combined health warning must appear at the top edge of the surface concerned.

D3. D3 Does your legislation require the frame of the health warning to be excluded from the size of the warning itself? (Section "Size" under the Guidelines)

Yes

D3p1. D3.1 Please provide details, as appropriate.

Under The Tobacco and Related Products Regulations 2016, a health warning must cover the entire area that is reserved for it, surrounded by a black border of a width of 1mm inside the area which is reserved for it.

D4[D4p1]. D4 Does your legislation require rotation of warnings to be implemented by (Section "Rotation" under the Guidelines): [D4.1 - having multiple health warnings and messages appearing concurrently?]

Yes

D4[D4p2]. D4 Does your legislation require rotation of warnings to be implemented by (Section "Rotation" under the Guidelines): [D4.2 - setting a date after which the health warning and message content will change, such as a new set of warnings after 12-36 months?]

Yes

D4p3. D4.3 Please provide details, as appropriate.

Under The Tobacco and Related Products Regulations 2016, a producer of a tobacco product for smoking (other than an importer) must select the photograph used for the purposes of regulation from the set of photographs which is specified for the production year during which the pack is produced; and so that each of the 14 photographs in a specified set appears on between 1/24 and 1/12 of the total number of packs under each brand name produced by that producer within that production year.

Each set of photographs are used for one year and then on a rotating cycle:

the set of photographs contained in Set 1 of Annex II to the Tobacco Products Directive is specified for the production year 2016-2017 and every third production year thereafter;

the set of photographs contained in Set 2 of Annex II to that Directive is specified for the production year 2017-2018 and every third production year thereafter;

the set of photographs contained in Set 3 of Annex II to that Directive is specified for the production year 2018-2019 and every third production year thereafter.

("production year" means a period of 12 months beginning with 20th May and ending with 19th May.)

D4p4. D4.4 If none of the above two methods described in D4.1 and D4.2 are applied, please describe how rotation takes place.

D5[D5p1]. D5 Do your health warnings address the following issues (Sections "Message content" and "Targeting population subgroups" under the Guidelines): [D5.1 - harmful health effects of tobacco use?]

Yes

D5[D5p2]. D5 Do your health warnings address the following issues (Sections "Message content" and "Targeting population subgroups" under the Guidelines): [D5.2 - impact of exposure to tobacco smoke?]

Yes

D5[D5p3]. D5 Do your health warnings address the following issues (Sections "Message content" and "Targeting population subgroups" under the Guidelines): [D5.3 - advice on cessation?]

Yes

D5[D5p4]. D5 Do your health warnings address the following issues (Sections "Message content" and "Targeting population subgroups" under the Guidelines): [D5.4 - the addictive nature of tobacco?]

Yes

D5[D5p5]. D5 Do your health warnings address the following issues (Sections "Message content" and "Targeting population subgroups" under the Guidelines): [D5.5 - adverse economic and social outcomes? (for example, annual cost of purchasing tobacco products)?]

No

D5[D5p6]. D5 Do your health warnings address the following issues (Sections "Message content" and "Targeting population subgroups" under the Guidelines): [D5.6 - the impact of tobacco use on others? (premature illness of one's father due to smoking, for example, or death of a loved one due to exposure to tobacco smoke)]

Yes

D5[D5p7]. D5 Do your health warnings address the following issues (Sections "Message content" and "Targeting population subgroups" under the Guidelines): [D5.7 - tobacco industry practices?]
