## B1. TOBACCO CONSUMPTION

Prevalence of tobacco use
Smoking prevalence in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered, e.g. 15 years old and over, 18-64 years; see B112)
Current smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
27
Current smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
17
Current smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
2.5
Current smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
17
Current smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
15
Current smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
17
Daily smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
17
Daily smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
17
Daily smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
2
Daily smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
Daily smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
10
Daily smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
Occasional smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
10

Occasional smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
0.5
Occasional smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
5
Former smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
17
Former smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
1.5
Former smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
9
Never smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
56
Never smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
96
Never smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
76
Please indicate the smoking tobacco products included in calculating prevalence for question B11:
Cigarettes manufacturées et roulées, pipe, cigare, narguilé
Please indicate the age range to which the data used to answer question B11 refer: [Age range][From]
15
Please indicate the age range to which the data used to answer question B11 refer: [Age range][To]
75
Please indicate the year of the data used to answer question B11:
2010
Please indicate the source of the data used to answer question B11:
Enquête GATS , Algérie 2010
Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Current smoker]
est une personne qui au moment de l'enquête fume un quelconque produit
Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Daily smoker]
est celui qui fume un quelconque produit du tabac au moins une fois par
Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Occasional smoker]
est celui qui fume mais pas tous les jours
Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Former smoker]
est une personne qui, au moment de l'enquête ne fume pas du tout
Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Never smoker]
est une personne qui n'a jamais fumé meme une ou deux bouffées

Please provide a brief explanation of the trend in smoking prevalence in the adult population in the past two years or since submission of your last report.
La prévalence de la consommation du tabac avec fumée pour la tranche d'âge( 25- 65 ans ) était de 19,8%. (Enquête STEPS Wise 2003) . ( <a href="http://www.who.int/chp/steps/STEPS_Report_Algeria.pdf">http://www.who.int/chp/steps/STEPS_Report_Algeria.pdf</a> ) Pour la même tranche d'âge , la prévalence de la consommation du tabac avec fumée est 17,3 %. Enquête GATS - MSPRH 2010 ( <a href="http://www.ands.dz">http://www.ands.dz</a> )
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
15
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
24
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
20
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
25
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
34
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
33
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
35
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
44
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
30
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
45
Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
54

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

64

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

2

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

15

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

24

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Please indicate the smoking tobacco products included in calculating prevalence for question B12:

Cigarettes, pipe, cigare, narguilé

Please indicate the year of the data used to answer question B12:

2010

Please indicate the source of the data used to answer question B12:

Enquête GATS ,, Ministère de la Santé de la Population et de la Réforme Hospitalière

Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.

La prévalence du tabagisme est plus importante chez les jeunes que chez les sujets âgés de 45 ans et plus (STEPS de 2003 et GATS 2010.

Prevalence of smokeless tobacco use in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18-64 years; see B132)

Males [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

9.8

Males [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

Males [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

Males [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

Males [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

Females [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]  
0.8

Females [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

Females [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

Females [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

Females [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

TOTAL (males and females) [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]  
5.3

TOTAL (males and females) [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

TOTAL (males and females) [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

TOTAL (males and females) [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

TOTAL (males and females) [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

Please indicate the smokeless tobacco products included in calculating prevalence for question B13:

tabac à chiquer (chema)

Please indicate the age range to which the data used to answer question B13 refer: [Age range][From]  
15

Please indicate the age range to which the data used to answer question B13 refer: [Age range][To]  
75

Please indicate the year of the data used to answer question B13:  
2010

Please indicate the source of the data used to answer question B13:  
Enquête GATS Algérie 2010, Ministère de la Santé, de la Population et de la Réforme Hospitalière

Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Current user]  
personne qui au moment de l'enquête consomme du tabac sans fumée.

Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Daily user]  
qui consomme du tabac sans fumée au moins 1 fois par jour.

Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Occasional user]

Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Former user]

qui était autrefois un consommateur quotidien de tabac sans fumée et qui ne consomme plus du tout à la date de l'enquête

Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Never user]

qui n'a jamais consommé du tabac sans fumé

Please provide a brief explanation of the trend in smokeless tobacco use in the adult population in the past two years or since submission of your last report.

La prévalence de la consommation du tabac sans fumée était plus élevée chez les sujets âgés 25-64 ans selon l'enquête STEPS de 2005 comparativement à l'enquête GATS de 2010.

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

15

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

24

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

6

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

25

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

34

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

10

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

35

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

44

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

11

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

45

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - end age]

64

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

6

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - start age]

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - end age]

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - start age]

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - end age]

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - start age]

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - end age]

Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

Please indicate the smokeless tobacco products included in the answer to question B14:

Tabac à chiquer (chema)

Please indicate the year of the data used to answer question B14:

2010

Please indicate the source of the data used to answer question B14:

Enquête GATS Algérie 2010, Ministère de la santé, de la Population et de la Réforme Hospitalière

Please provide a brief explanation of the trend in current use of smokeless tobacco by adult age groups in the past two years or since submission of your last report.

La prévalence de la consommation du tabac sans fumée augmente quand l'âge augmente

Tobacco use by ethnic group(s) (please include all smoking or smokeless tobacco products in prevalence data) [Current users 3][Ethnic group(s)]

Neant

Tobacco use by ethnic group(s) (please include all smoking or smokeless tobacco products in prevalence data) [Current users 3][MALES - Prevalence (%)]

Tobacco use by ethnic group(s) (please include all smoking or smokeless tobacco products in prevalence data) [Current users 3][FEMALES - Prevalence (%)]

Tobacco use by ethnic group(s) (please include all smoking or smokeless tobacco products in prevalence data) [Current users 3][TOTAL (males and females) - Prevalence (%)]

Tobacco use by ethnic group(s) (please include all smoking or smokeless tobacco products in prevalence data) [Current users 3][Ethnic group(s)]

## B2-B9. HEALTH, SOCIAL AND ECONOMIC INDICATORS

Exposure to tobacco smoke
Do you have any data on exposure to tobacco smoke in your population?
Yes
Please provide details in the space below (e.g. exposure by gender, at home, in the workplace, on public transport).
<p>Exposition à la maison : 27,5%</p> <p>- dans les lieux publics : 61,3%</p> <p>61,3 % des enquêtes déclarent qu'elles sont exposées au tabagisme passif dans les lieux publics clos (bureau, café, restaurants, transports, centres commerciaux).</p> <p>-dans les lieux publics extérieurs : 62,1%</p> <p>62,1 % des enquêtes déclarent qu'elles sont exposées au tabagisme passif dans les lieux publics extérieurs (jardin, stade, parcs, plages).</p>
Please indicate the year of the data used to answer question B21:
2013
Please indicate the source of the data used to answer question B21:
Enquête GYTS, Ministère de la Santé de la Population et de la Réforme Hospitalière
Please attach the relevant documentation.
filecount - Please attach the relevant documentation.
0
Tobacco-related mortality
Do you have information on tobacco-related mortality in your population?
Yes
What is the estimated total number of deaths attributable to tobacco use in your population?
If available, please provide any additional information on mortality attributable to tobacco use (e.g. lung cancer, cardiovascular diseases) in your jurisdiction.
<p>Il n'existe pas de données sur la mortalité liée au tabac, néanmoins, il existe des informations sur les pathologies liées au tabagisme :</p> <p>- Pour le cancer du poumon, au cours de l'année 2013, le taux d'incidence était de 20 cas pour 100 000 habitants, (dont 80 % sont des fumeurs). Ce qui donne un nombre moyen de kc du poumon de 8000 par an.</p> <p>- Pour les maladies cardiovasculaires qui représentent 21 % des décès, le tabac est responsable dans 12 % des cas des maladies cardiovasculaires.</p>
Please indicate the year of the data used to answer question B32 and 33:
2013
Please indicate the source of the data used to answer questions B32 and B33:
registres des cacers
Please submit a copy of the study you refer to:
filecount - Please submit a copy of the study you refer to:
0
Tobacco-related costs

Do you have information on the economic burden of tobacco use in your population, e.g. the overall cost of tobacco use imposed on your society?  
No

Please provide details (e.g. direct (health care-related) and indirect costs and, if possible, the method used to estimate these costs).

Please indicate the source of the data used to answer question B42:

Please submit a copy of the study you refer to:

### C3. MEASURES RELATING TO THE REDUCTION OF THE SUPPLY OF TOBACCO

With reference to Articles 15–17

Illicit trade in tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining the origin of the product?

No

requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining whether the product is legally sold on the domestic market?

No

requiring that unit packets and packages of tobacco products for retail and wholesale use that are sold on the domestic market carry the statement: "Sales only allowed in ..." or carry any other effective marking indicating the final destination of the product?

No

developing a practical tracking and tracing regime that would further secure the distribution system and assist in the investigation of illicit trade?

No

requiring that marking is presented in legible form and/or appears in the principal language or languages of the country?

Yes

requiring the monitoring and collection of data on cross-border trade in tobacco products, including illicit trade?

Yes

facilitating the exchange of this information among customs, tax and other authorities, as appropriate, and in accordance with national law and applicable bilateral and multilateral agreements?

Yes

enacting or strengthening legislation, with appropriate penalties and remedies, against illicit trade in tobacco products, including counterfeit and contraband cigarettes?

Yes

requiring that confiscated manufacturing equipment, counterfeit and contraband cigarettes and other tobacco products derived from illicit trade are destroyed, using environment-friendly methods where possible, or disposed of in accordance with national law?

Yes

adopting and implementing measures to monitor, document and control the storage and distribution of tobacco products held or moving under suspension of taxes or duties?

Yes

enabling the confiscation of proceeds derived from illicit trade in tobacco products?

Yes

promoting cooperation between national agencies and relevant regional and international intergovernmental organizations in investigations, prosecutions and proceedings, with a view to eliminating illicit trade in tobacco products, with special emphasis on cooperation at regional and subregional levels?

Yes

licensing or other actions to control or regulate production and distribution in order to prevent illicit trade?

Yes

Please provide a brief description of the progress made in implementing Article 15 (Illicit trade in tobacco products) in the past two years or since submission of your last report.

Le commerce illicite et la contrebande de tabac est réprimé par les dispositions de l'ordonnance 05-06 de l'année 2005, relative à la lutte contre la contrebande. Cette ordonnance prévoit des sanctions comportant: la confiscation du tabac et des moyens de transport saisis; + la confiscation de tous matériels destinés à la fabrication illicite de tabac + des peines d'emprisonnement. Par ailleurs, la contrefaçon est sanctionnée dans le cadre d'une réglementation nationale qui a transposé les dispositions de la législation type de l'OMC en la matière dans le cadre de la protection des droits de propriété intellectuelle liés au commerce (les ADPIC).

Toutes les marchandises de contrefaçon (tabac et autres) sont systématiquement saisies et détruits par décision de justice. De même que le propriétaire de la marque contrefaite peut demander des réparations civiles.

## D. INTERNATIONAL COOPERATION AND ASSISTANCE

Pursuant to Article 21.1(c) and in accordance with Article 26, have you either provided or received financial or technical assistance (be it through unilateral, bilateral, regional, subregional or other multilateral channels, including relevant regional and international intergovernmental or nongovernmental organizations and financial and development institutions) for the development and strengthening of multisectoral, comprehensive tobacco control programmes of developing country Parties and Parties with economies in transition in any of the following areas:

development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance provided]  
No

development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance received]  
No

provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance provided]  
No

provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance received]  
No

appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance provided]  
No

appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance received]  
No

provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance provided]  
No

provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance received]  
No

identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance provided]  
No

identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance received]  
No

promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance provided]  
No

promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance received]  
No

Please identify the Party or Parties from which assistance was received or to which assistance was provided.

Please provide information about any assistance provided or received in the space below.

If you have not received or provided assistance in any of the aforementioned areas, please identify any financial or technical assistance that may be under consideration, if appropriate.

Have you encouraged relevant regional and international intergovernmental organizations and financial and development institutions in which you are represented to provide financial assistance for developing country Parties and for Parties with economies in transition to assist them in meeting their obligations under the Convention?  
No

Please provide details in the space below.

## E. PRIORITIES AND COMMENTS

What are the priorities for implementation of the WHO Framework Convention on Tobacco Control in your jurisdiction?

- Poursuite de la mise en œuvre de la stratégie nationale de lutte antitabac conformément aux dispositions de la CCLAT.
- Renforcement de l'application de la réglementation relative à l'interdiction de l'usage du tabac dans les lieux publics
- Augmentation des mises en gardes sanitaires sur les méfaits du tabac sur les paquets de cigarettes en vue d'atteindre les dispositions fixées par la CCLAT.
- Mise en oeuvre de la stratégie nationale d'aide au sevrage tabagique.
- Développement du système de surveillance de la consommation du tabac par le lancement d'étude dans toutes les catégories de la population générale.

Have you identified any specific gaps between the resources available and the needs assessed for implementing the WHO Framework Convention on Tobacco Control?

No

Please provide details in the space below.

What, if any, are the constraints or barriers, other than lack of resources, you have encountered in implementing the Convention?

Do you have any of the following products available on your national tobacco market? [smokeless tobacco products]

Yes

Do you have any of the following products available on your national tobacco market? [water pipe tobacco]

Yes

Do you have any of the following products available on your national tobacco market? [ENDS/ENNDS]

No

Do you have any of the following products available on your national tobacco market? [Other]

Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [smokeless tobacco products]

Yes

Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [water pipe tobacco]

No

Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [ENDS/ENNDS]

No

Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [Other]

If you have any relevant information related to questions E5 and E6, please provide details in the space below.

Please provide any other relevant information not covered elsewhere that you consider important.

Your suggestions for further development and revision of the reporting instrument:
