4. Taxation [Help](#)

The Taxation section refers to:

Article 6.3: The Parties shall provide rates of taxation for tobacco products and trends in tobacco consumption in their periodic reports to the Conference of the Parties, in accordance with Article 21.

Article 6.2: Without prejudice to the sovereign right of the Parties to determine and establish their taxation policies, each Party should take account of its national health objectives concerning tobacco control and adopt or maintain, as appropriate, measures which may include:

(a) implementing tax policies and, where appropriate, price policies, on tobacco products so as to contribute to the health objectives aimed at reducing tobacco consumption.

(a) Please provide your rates of taxation for tobacco products for all levels of government, and be as specific as possible (specify the type of tax: excise, VAT or sales, import duties) (ref. **Article 6.3**). [Help](#)

(a) It is important that you are as specific as possible. Please list each tax separately and for each tax, specify the rate (or amount in the case of certain taxes - e.g., excise tax) and the base (i.e., what is the rate or amount applied to). If the tax is a percentage, please carefully detail to what amount this percentage applies. Nominal values should be given in local currency.

For E.U. produced tobacco products:

excise duty: 57,5% x most popular retail price (under Decision for each year of the Ministry of Finance, for 2008: 57,5% x 3,00 euros).

V.A.T.: 19% x (retail price - V.A.T.) or for easier calculations it is normally used as 15,97 % x retail price.

For non E.U. tobacco products:

excise duty: as described above

V.A.T.: the same as above

import taxes : E.E. L 286/31.10.2007

(b) Please attach the relevant documentation (ref. **Article 6.3**). (Please provide documentation in one of the six official languages, if available.) [Help](#)
