B1. TOBACCO CONSUMPTION

B1. Prevalence of tobacco use
B11. Smoking prevalence in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered, e.g. 15 years old and over, 18-64 years; see B112)
B11A[1_SQ001]. Current smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
15.3
B11A[1_SQ002]. Current smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
B11A[2_SQ001]. Current smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
15.0
B11A[2_SQ002]. Current smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
B11A[3_SQ001]. Current smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
15.2
B11A[3_SQ002]. Current smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
B11B[1_SQ001]. Daily smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
11.1
B11B[1_SQ002]. Daily smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
B11B[2_SQ001]. Daily smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
11.9
B11B[2_SQ002]. Daily smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
B11B[3_SQ001]. Daily smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
11.5
B11B[3_SQ002]. Daily smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]

B11C[1_SQ001]. Occasional smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
4.2

B11C[2_SQ001]. Occasional smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
3.1

B11C[3_SQ001]. Occasional smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
3.7

B11D[1_SQ001]. Former smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
36.6

B11D[2_SQ001]. Former smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
34.9

B11D[3_SQ001]. Former smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
35.7

B11E[1_SQ001]. Never smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
48.1

B11E[2_SQ001]. Never smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
50.0

B11E[3_SQ001]. Never smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
49.0

B111. Please indicate the smoking tobacco products included in calculating prevalence for question B11:
all smoking

B112[1_SQ001]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][From]
18

B112[1_SQ002]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][To]
69

B113A. Please indicate the year of the data used to answer question B11:
2015

B113B. Please indicate the source of the data used to answer question B11:
2015 May - December Household Surveys done by Gallup. see annex 1.

B114[SQ001]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Current smoker]
smokes daily or less than daily

B114[SQ002]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Daily smoker]
smokes daily

B114[SQ003]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Occasional smoker]
smokes less than daily

B114[SQ004]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Former smoker]
smoked but has stop smoking

B114[SQ005]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Never smoker]
has never smoked

B115. Please provide a brief explanation of the trend in smoking prevalence in the adult population in the past two years or since submission of your last report.

Smoking prevalence among adults has been decreasing last years in Iceland.

Results for each age group should be interpreted with caution due to small sample size. Comparison of prevalence of daily smoking by age group for last years can be seen in provided Annex 1, page 15.

B12[B12a_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

18

B12[B12a_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

29

B12[B12a_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

12

B12[B12b_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

30

B12[B12b_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

39

B12[B12b_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

17

B12[B12c_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

40

B12[B12c_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

49

B12[B12c_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

19

B12[B12d_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

50

B12[B12d_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

59

B12[B12d_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

16

B12[B12e_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

60

B12[B12e_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

69

B12[B12e_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

14

B12[B12ee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12ee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12ee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12eee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12eee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12eee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12eeee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12eeee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12eeee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12f_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

18

B12[B12f_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

29

B12[B12f_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

9

B12[B12g_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

30

B12[B12g_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

39

B12[B12g_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

19

B12[B12h_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

40

B12[B12h_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

49

B12[B12h_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

11

B12[B12i_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

50

B12[B12i_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

59

B12[B12i_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

22

B12[B12j_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

60

B12[B12j_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

69

B12[B12j_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

16

B12[B12jj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jjj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jjj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jjj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jjjj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jjjj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jjjj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12k_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12k_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12k_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12l_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]	18
B12[B12l_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]	29
B12[B12l_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	10
B12[B12m_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]	30
B12[B12m_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]	39
B12[B12m_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	18
B12[B12n_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]	40
B12[B12n_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]	49
B12[B12n_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	15
B12[B12o_B12x1]. B121. Please indicate the smoking tobacco products included in calculating prevalence for question B12:

all smoking

B122A. Please indicate the year of the data used to answer question B12:

2015

B122B. Please indicate the source of the data used to answer question B12:

2015 May - December Household Surveys done by Gallup. see annex 1.

B123. Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.

Smoking prevalence among adults has been decreasing last years in Iceland in all age groups and in all areas. Results for each age group should be interpreted with caution due to small sample size. Comparison of prevalence of daily smoking by age group for last years can be seen in provided Annex 1, page 15.

B13. Prevalence of smokeless tobacco use in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18-64 years; see B132)

B161. Please indicate the tobacco products included in calculating prevalence for question B16:

All smoking .
Used smokeless tobacco once or more last 30 days (oral).

B162A. Please indicate the year of the data used to answer question B16:

2015

B162B. Please indicate the source of the data used to answer question B16:

2015 population survey done by Rannsóknir og Greining - University of Reykjavik. Development in substance abuse prevention in Iceland 1997 to 2015. See Annex 2

B163. Please provide the definition of "current smoking/tobacco use" used to answer question B16 in the space below.

Daily smoking.

B164. Please provide a brief explanation of the trend in tobacco use by young persons in the past two years or since submission of your last report.

Smoking prevalence among young people in Iceland remains low. This is for the age group 15-16 year old or 10th graders. Smoking prevalence among this age group decreased rapidly in Iceland some years ago but only in the year 2009 it was around 10% daily smoking.

B165. Please attach the relevant documentation.

B11new[SQ005_SQ002]. Male [Never smokers][Average number of the most-consumed smoking tobacco product used per day]

B2-B9. HEALTH, SOCIAL AND ECONOMIC INDICATORS

B2. Exposure to tobacco smoke

B21. Do you have any data on exposure to tobacco smoke in your population?

Yes

B22. Please provide details in the space below (e.g. exposure by gender, at home, in the workplace, on public transport).

The study refers to exposure to tobacco smoke at home of 3 year old children.
Environmental Tobacco Smoke in Icelandic Homes: Infant Exposure and Parental Attitudes and Behaviour
Development within Iceland between 1995 and 2006
The full report of this survey is given in Annex 3

B23A. Please indicate the year of the data used to answer question B21:

2007

B23B. Please indicate the source of the data used to answer question B21:
Two data sets are available; one from 1995 and the other from 2006.
B24. Please attach the relevant documentation.

B3. Tobacco-related mortality
B31. Do you have information on tobacco-related mortality in your population?
Yes
B32. What is the estimated total number of deaths attributable to tobacco use in your population?
199.0000000000
B33. If available, please provide any additional information on mortality attributable to tobacco use (e.g. lung cancer, cardiovascular diseases) in your jurisdiction.
Gender breakdown: 102 men and 97 women. Reference is in annex 4 to this report.
B34A. Please indicate the year of the data used to answer question B32 and 33:
2012
B34B. Please indicate the source of the data used to answer questions B32 and B33:
2012, Icelandic Heart Association
B35. Please submit a copy of the study you refer to:
[[{"title":"","comment":"","size":"48.64","name":"annex_4_2012_%20Icelandic%20Heart%20Association.doc","filename":"fu_fcndws2gneepduj","ext":"doc"}]]

B4. Tobacco-related costs
B41. Do you have information on the economic burden of tobacco use in your population, e.g. the overall cost of tobacco use imposed on your society?
Yes
B42. Please provide details (e.g. direct (health care-related) and indirect costs and, if possible, the method used to estimate these costs).
The social costs due to smoking in Iceland in 2000 were assessed as being around ISK 19 billion. In that year, about 28% of Icelandic men and about 26% of Icelandic women smoked daily or sometimes. About 44% of the men and 50% of the women had never smoked and about 28% of the men and 24% of the women were former smokers. ³ About 10% of pregnant women in Iceland smoke throughout the pregnancy. ⁴ Using this information as a guideline, the number of deaths in Iceland due to smoking was assessed. The conclusions indicated that about 416 persons died from smoking in 2000, there of 228 men and 188 women. The additional health costs in 2000, which are the most extensive factor of the direct costs are assessed at about ISK 5.3 billion. The smoke-related health costs of newborns was assessed as ISK 13,4 billion The social costs in Iceland could be around ISK 20-21 billion (direct costs around 7 billion; indirect costs about 5-6 billion; intangible costs around 7.8 billion). Method and source to estimate costs are in summary on page 64-67 (english summary).
B43A. Please indicate the year of the data used to answer question B42:
2003
B43B. Please indicate the source of the data used to answer question B42:
2003, Institute of Economics Studies, University of Iceland. Full report is in annex 6 to this report. Summary in english on page 64-67.

Specific

B83[B83iiii_B83x2]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Other tobacco products][Type of tax]

B83[B83iiii_B83x3]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Other tobacco products][Rate or amount]

B83[B83iiii_B83x4]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Other tobacco products][Base of tax5]

B83[B83iiii_B83x1]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Other tobacco products][Product]

B83[B83iiii_B83x2]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Other tobacco products][Type of tax]

B83[B83iiii_B83x3]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Other tobacco products][Rate or amount]

B83[B83iiii_B83x4]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Other tobacco products][Base of tax5]

B84. Please briefly describe the trends in taxation for tobacco products in the past two years or since submission of your last report in your jurisdiction.

The VAT was lowered from 25.5% to 24%. The Specific tax was raised by 1.5%.
This leads to lower taxation on tobacco products for the last two years if inflation is taking into part.
Retailers however have taken bigger share of the price and have done so for some years. Also recently for the fact that the icelandic krona have got stronger and therefore possibly better price for the tobacco products to buy from abroad.

B85. Do you earmark any percentage of your taxation income for funding any national plan or strategy on tobacco control in your jurisdiction?

Yes

B86. Please provide details in the space below.

0,9% of all sold tobacco is earmarked for tobacco control and tobacco prevention (not as a percentage of taxation)

In May 2011 the Public Health Institute was merged with the Directorate of Health (DH) in Iceland. At that time specialist committees on prevention in specific areas, such as tobacco and alcohol appointed by the Directorate replaced the independent Tobacco Control committee. All earmarked funding of tobacco and alcohol prevention was joined in a new Public Health Fund, in accordance with a regulation from the Minister of Health. Board members include, among others, participants from the specialist committees of the Directorate. The current regulation defines that 65% are to be allocated to programs run by or in conjunction with the Directorate of Health and 35% of the funds to specific projects by application

C1. GENERAL OBLIGATIONS

C1. With reference to Article 5

C111. Have you developed and implemented comprehensive multisectoral national tobacco control strategies, plans and programmes in accordance with the Convention?

N/A

C112. Have you partially developed and implemented tobacco control strategies by including tobacco control in national health, public health or health promotion strategies, plans and programmes?

N/A

C113. Is any aspect of tobacco control that is referred to in the Convention included in any national strategy, plan or programme?

N/A

C114[C114a]. Have you established or reinforced and financed: [a focal point for tobacco control?]

Yes

C114[C114b]. Have you established or reinforced and financed: [a tobacco control unit?]

Yes

C114[C114c]. Have you established or reinforced and financed: [a national coordinating mechanism for tobacco control?]

Yes

C115. Please provide details (e.g. the nature of the national coordinating mechanism, the institution to which the focal point for tobacco control or the tobacco control unit belongs).

Issues of tobacco control is a collaboration between the Ministry of Welfare and the Directorate of Health. Focal point for tobacco control belongs formally to Ministry of Welfare

C116. Please provide a brief description of the progress made in implementing Article 5.1 and 5.2 (General obligations) in the past two years or since submission of your last report.

Ministry of Welfare, Directorate of Health along with other stakeholders have conducted a public policy in tobacco control. This policy paper has not yet been published.

C117. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C12. Protection of public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C121. protecting public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry?
Yes

C122. ensuring that the public has access, in accordance with Article 12(c), to a wide range of information on tobacco industry activities relevant to the objectives of the Convention, such as in a public repository?
No

C123. Please provide details in the space below.
Comprehensive tobacco control law that include display ban on tobacco trademarks and ban on any form of media coverage of individual products for other purposes than to warn of their harmful effects.
<http://eng.velferdarraduneyti.is/acts-of-Parliament/nr/19484> (act 7)

C124. Please provide a brief description of the progress made in implementing Article 5.3 in the past two years or since submission of your last report.
Ministry of Welfare has taken a positive step forward in tobacco control by working on a official public policy in tobacco control. The policy has not been published yet.

C125. Have you utilized the "Guidelines for implementation of Article 5.3 of the WHO FCTC" when developing or implementing policies in this area?
N/A

C126. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C127. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C128. Please attach the relevant documentation.

C22. Protection from exposure to tobacco smoke Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C221. banning tobacco smoking in indoor workplaces, public transport, indoor public places and, as appropriate, other public places ?
Yes

C222[1]. What is the type/nature of the measure providing for the ban? [national law]
Yes

C222[2]. What is the type/nature of the measure providing for the ban? [subnational law(s)]
No

C222[3]. What is the type/nature of the measure providing for the ban? [administrative and executive orders]
No

C222[4]. What is the type/nature of the measure providing for the ban? [voluntary agreements]

C222[5]. What is the type/nature of the measure providing for the ban? [other measures (please specify in C223 below)]

C223. Please provide a brief explanation of the type/nature and content of the measures providing for the ban.
In REGULATIONS on smoking restrictions from 12 April 2007 says:

Objective and scope

The provisions of these Regulations apply to restrictions on tobacco smoking in accord with the provisions of the Tobacco Control Act. The objective of the Regulations is to ensure that non-smokers are not caused harm or discomfort by tobacco smoke.

C224. Do any of these measures provide for a mechanism/ infrastructure for enforcement?
Yes

C225. Please provide details of this system.

The Administration of Occupational Safety and Health, local government health committees, the Icelandic Maritime Administration and the Civil Aviation Administration monitor, as applicable, compliance with the provisions of these regulations, in accord with legislation applying to those bodies.

Should a member of staff of an institution or company believe that the provisions of these regulations are being violated, he/she may make a complaint to the Administration of Occupational Safety and Health, the Icelandic Maritime Administration or the Civil Aviation Administration, in accord with legislation applying to those bodies.

Should a customer or client of an institution or company believe that the provisions of these Regulations are being violated, he/she may direct a complaint to the health committee in the relevant monitoring region, in accord with legislation applying to local government health committees.

Violations of these regulations are subject to the Tobacco Control Act no. 2002 and, as applicable, to the provisions of the Working Environment, Health and Safety in the Workplace Act and the Hygiene and Pollution Control Act.

C226cc. Please provide a brief explanation of any "other" policies in the space below

C227. Please provide a brief summary of complete and partial measures, with specific details of the partial measures that have been implemented:

C227a. Banning tobacco smoking in indoor workplaces

Tobacco smoking is prohibited on premises where business is conducted. It is, however, permissible, with respect to the part of the business premises to which the public does not have access, see art. 6, to allocate a special space for tobacco smoking. Should a member of staff have a personal workspace connected to other workspace solely via a closable door, and should his/her work responsibilities not require others to enter his/her workspace, the employer/manager of the workplace may, notwithstanding para. 1, permit him/her to smoke in the workspace. Should two or more people work in the same workspace, all of whom smoke, the smoking ban may be waived, on the same conditions, if all agree. A member of staff may at any time revoke his/her agreement, and should he/she cease smoking it is automatically revoked. A workspace where smoking is permitted must not be used by others as smokers' space. If substances which may be carcinogenic, other than tobacco smoke, are in the atmosphere of the workspace (as steam, smoke, dust or droplets) smoking shall not be permitted there. Smoking is prohibited in dormitories, bedrooms and sleeping compartments belonging to the workplace, shared by two or more people. The ban may be waived if all those who use the sleeping accommodation smoke, and if all are in agreement to permit smoking. A member of staff may at any time revoke his/her agreement, and should he/she cease smoking it is automatically revoked.

The provisions of arts. 1 to 3 also apply to tents and other camp accommodation belonging to a workplace.

The restrictions on tobacco smoking on business premises under paras. 1, 2 and 3 apply also to tobacco smoking in ships, aircraft, vehicles and machinery used for commercial purposes. Smoking is, however, permitted on open decks of ships. Should the public have access to a ship, aircraft or vehicle, art. 7 applies as relevant.

The provisions of paras. 1 to 3 do not apply to business carried on in a private home, nor in a private vehicle, provided that the premises or vehicle in question are/is used only by individuals in the same family or members of the same household. Should the public have access to the private home or vehicle, the provisions of arts. 6 and 7 apply.

C227b. Banning tobacco smoking in public transport

Tobacco smoking is prohibited in transport, such as vehicles, ships and aircraft, to which the public have access for payment. Management of passenger vessels may permit smoking on open decks. Management of aircraft may permit smoking in part of the passenger cabin on international commercial flights which do not call in Iceland. But it shall always be ensured that no discomfort is caused to non-smokers. On passenger vessels, staff may be permitted to smoke in accord with the provisions of art. 8.

C227c. Banning tobacco smoking in indoor public places
The legislation allows for an exemption of smoking of staff in restaurants: in restaurants designated smoking area can be set up (not for customers)
C228. Please provide a brief description of the progress made in implementing Article 8 (Protection from exposure to tobacco smoke) in the past two years or since submission of your last report.
Enforcement of the ban on smoking in public places (bars and restaurants) from 2007 has not had many problems. However the legislation allows for an exemption of smoking of staff in restaurants: in restaurants designated smoking area can be set up (not for customers)
This exclude Iceland to have a complete ban in bars and restaurants by definition of a complete ban.
C229. Have you utilized the "Guidelines for implementation of Article 8 of the WHO FCTC" when developing or implementing policies in this area?
N/A
C2210. Please provide details in the space below or refer to section B of the additional questionnaire. C27. Tobacco advertising, promotion and sponsorship Have you adopted and implemented, where appropriate, any legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes:

C271. instituting a comprehensive ban on all tobacco advertising, promotion and sponsorship?
Yes

C272[1]. Does your ban cover: [display and visibility of tobacco products at points of sales?]
Yes

C272[2]. Does your ban cover: [the domestic Internet?]
Yes

C272[3]. Does your ban cover: [the global Internet?]
No

C272[4]. Does your ban cover: [brand stretching and/or brand sharing?]
Yes

C272[5]. Does your ban cover: [product placement as a means of advertising or promotion?]
Yes

C272[6]. Does your ban cover: [the depiction of tobacco or tobacco use in entertainment media products?]
Yes

C272[7]. Does your ban cover: [tobacco sponsorship of international events or activities and/or participants therein?]
Yes

C272[8]. Does your ban cover: [contributions from tobacco companies to any other entity for "socially responsible causes" and/or any other activities implemented under the umbrella of "corporate social responsibility" by the tobacco industry?]
Yes

C272[9]. Does your ban cover: [cross-border advertising, promotion and sponsorship originating from your territory?]
No

C272[10]. Does your ban cover: [the same forms of cross-border advertising, promotion and sponsorship entering your territory for which domestic regulation apply?]
No

C273. are you precluded by your constitution or constitutional principles from undertaking a comprehensive ban on tobacco advertising, promotion and sponsorship?	N/A
C274. applying restrictions on all tobacco advertising, promotion and sponsorship?	N/A
C275. applying restrictions on cross-border advertising, promotion and sponsorship originating from your territory with cross-border effects?	N/A
C276. prohibiting those forms of tobacco advertising, promotion and sponsorship that promote a tobacco product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?	N/A
C277. requiring that health or other appropriate warnings or messages accompany all tobacco advertising, promotion and sponsorship?	N/A
C278. restricting the use of direct or indirect incentives that encourage the purchase of tobacco products by the public?	N/A
C279. requiring the disclosure to relevant Government authorities of expenditures by the tobacco industry on advertising, promotion and sponsorship not yet prohibited?	N/A
C2710[1]. restricting tobacco advertising, promotion and sponsorship on: [radio?]	N/A
C2710[2]. restricting tobacco advertising, promotion and sponsorship on: [television?]	N/A
C2710[3]. restricting tobacco advertising, promotion and sponsorship on: [print media?]	N/A
C2710[4]. restricting tobacco advertising, promotion and sponsorship on: [the domestic Internet?]	N/A
C2710[5]. restricting tobacco advertising, promotion and sponsorship on: [the global Internet?]	N/A
C2710[6]. restricting tobacco advertising, promotion and sponsorship on: [other media (please specify below)?]	N/A
C2711[1]. restricting tobacco sponsorship of: [international events and activities?]	N/A
C2711[2]. restricting tobacco sponsorship of: [participants therein?]	N/A
C2712. cooperating with other Parties in the development of technologies and other means necessary to facilitate the elimination of cross-border advertising?	No
C2713. imposing penalties for cross-border advertising equal to those applicable to domestic advertising, promotion and sponsorship originating from your territory in accordance with national law?	No
C2714. Please provide a brief description of the progress made in implementing Article 13 (Tobacco advertising, promotion and sponsorship) in the past two years or since submission of your last report.	No progress made in this area since submission of 2014 report
C2715. Have you utilized the "Guidelines for implementation of Article 13 of the WHO FCTC" when developing and implementing policies in this area?	N/A

C2716. Please provide details in the space below or refer to section F of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

C2717. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C2718. Please attach the relevant documentation.

C2718[filecount]. filecount - Please attach the relevant documentation.

C28. Demand reduction measures concerning tobacco dependence and cessation Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C281. developing and disseminating appropriate, comprehensive and integrated guidelines based on scientific evidence and best practices?

Yes

C282[1]. programmes to promote cessation of tobacco use, including: [media campaigns emphasizing the importance of quitting?]

Yes

C282[2]. programmes to promote cessation of tobacco use, including: [programmes specially designed for underage girls and young women?]

Yes

C282[3]. programmes to promote cessation of tobacco use, including: [programmes specially designed for women?]

Yes

C282[4]. programmes to promote cessation of tobacco use, including: [programmes specially designed for pregnant women?]

Yes

C282[5]. programmes to promote cessation of tobacco use, including: [telephone quitlines?]

Yes

C282[6]. programmes to promote cessation of tobacco use, including: [local events, such as activities related to World No Tobacco Day or National No Smoking Day, if appropriate?]

Yes

C282[7]. programmes to promote cessation of tobacco use, including: [other (please specify)?]

No

C282[other]. programmes to promote cessation of tobacco use, including: [Other]

C283[1]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [educational institutions?]

Yes

C283[2]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [health-care facilities?]

Yes

C283[3]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [workplaces?]

Yes

C283[4]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [sporting environments?]

Yes

C283[5]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [other (please specify)?]

No

C283[other]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [Other]

C284[1]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [tobacco control?]

Yes

C284[2]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [health?]

No

C284[3]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [education?]

Yes

C285. inclusion of programmes on the diagnosis and treatment of tobacco dependence in your health-care system?

No

C286[1]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [primary health care]

N/A

C286[2]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [secondary and tertiary health care]

N/A

C286[3]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [specialist health-care systems (please specify below)]

N/A

C286[4]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [specialized centres for cessation counselling and treatment of tobacco dependence]

N/A

C286[5]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [rehabilitation centres]

N/A

C287[1]. Are the services provided in these settings covered by public funding or reimbursement schemes? [primary health care]

C287[2]. Are the services provided in these settings covered by public funding or reimbursement schemes? [secondary and tertiary health care]

C287[3]. Are the services provided in these settings covered by public funding or reimbursement schemes? [specialist health-care systems (please specify below)]

C287[4]. Are the services provided in these settings covered by public funding or reimbursement schemes? [specialized centres for cessation counselling and treatment of tobacco dependence]

C287[5]. Are the services provided in these settings covered by public funding or reimbursement schemes? [rehabilitation centres]

C287[6]. Are the services provided in these settings covered by public funding or reimbursement schemes? [other (please specify below)]

C287b. Please provide other details in the space below.

C288[1]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [physicians]
N/A
C288[2]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [dentists]
N/A
C288[3]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [family doctors]
N/A
C288[4]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [practitioners of traditional medicine]
N/A
C288[5]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [other medical professionals (please specify below)]
N/A
C288[6]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [nurses]
N/A
C288[7]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [midwives]
N/A
C288[8]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [pharmacists]
N/A
C288[9]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [Community workers]
N/A
C288[10]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [Social workers]
N/A
C288[11]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [other (please specify)]
N/A
C289[1]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [medical?]
No
C289[2]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [dental?]
No
C289[3]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [nursing?]
No
C289[4]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [pharmacy?]
No
C289[other]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [Other]
C2810. facilitating accessibility and/or affordability of pharmaceutical products for the treatment of tobacco dependence?
Yes

C2811. Where and how can these products be legally purchased in your country?
Pharmacy 2 mg and less can be legally purchased from different retailers.
C2812[1]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction? [nicotine replacement therapy]
Yes
C2812[2]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction? [bupropion]
Yes
C2812[3]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction? [varenicline]
Yes
C2812[4]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction? [other (please specify)]
No
C2812[other]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction? [Other]
C2813[1]. Are the costs of these products covered by public funding or reimbursement? [nicotine replacement therapy]
None
C2813[2]. Are the costs of these products covered by public funding or reimbursement? [bupropion]
None
C2813[3]. Are the costs of these products covered by public funding or reimbursement? [varenicline]
None
C2813[4]. Are the costs of these products covered by public funding or reimbursement? [other (please specify below)]
C2813b. Please provide other details in the space below.
C2814. Please provide a brief description of the progress made in implementing Article 14 (Demand reduction measures concerning tobacco dependence and cessation) in the past two years or since submission of your last report.
There is full awareness of lack of cessation and likely to be addressed in official public policy that is now in process. There is also ongoing work with a new webpage on how to stop using tobacco along with support material
C2815. Have you utilized the "Guidelines for implementation of Article 14 of the WHO FCTC" when developing and implementing policies in this area?
N/A
C2816. Please provide details in the space below or refer to section G of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. https://extranet.who.int/dataform/655321?token={TOKEN}&=en
C2817. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C3. MEASURES RELATING TO THE REDUCTION OF THE SUPPLY OF TOBACCO

C3. With reference to Articles 15-17
C31. Illicit trade in tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:
C311. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining the origin of the product?
Yes
C312. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining whether the product is legally sold on the domestic market?
Yes
C313. requiring that unit packets and packages of tobacco products for retail and wholesale use that are sold on the domestic market carry the statement: "Sales only allowed in ..." or carry any other effective marking indicating the final destination of the product?
No
C314. developing a practical tracking and tracing regime that would further secure the distribution system and assist in the investigation of illicit trade?
No
C315. requiring that marking is presented in legible form and/or appears in the principal language or languages of the country?
N/A
C316. requiring the monitoring and collection of data on cross-border trade in tobacco products, including illicit trade?
No
C317. facilitating the exchange of this information among customs, tax and other authorities, as appropriate, and in accordance with national law and applicable bilateral and multilateral agreements?
N/A
C318. enacting or strengthening legislation, with appropriate penalties and remedies, against illicit trade in tobacco products, including counterfeit and contraband cigarettes?
N/A
C319. requiring that confiscated manufacturing equipment, counterfeit and contraband cigarettes and other tobacco products derived from illicit trade are destroyed, using environment-friendly methods where possible, or disposed of in accordance with national law?
N/A
C3110. adopting and implementing measures to monitor, document and control the storage and distribution of tobacco products held or moving under suspension of taxes or duties?
N/A
C3111. enabling the confiscation of proceeds derived from illicit trade in tobacco products?
N/A
C3112. promoting cooperation between national agencies and relevant regional and international intergovernmental organizations in investigations, prosecutions and proceedings, with a view to eliminating illicit trade in tobacco products, with special emphasis on cooperation at regional and subregional levels?
N/A
C3113. licensing or other actions to control or regulate production and distribution in order to prevent illicit trade?
N/A
C3114. Please provide a brief description of the progress made in implementing Article 15 (Illicit trade in tobacco products) in the past two years or since submission of your last report.
We do not have any official data on illicit trade on tobacco products.
C3115. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C3116. Please attach the relevant documentation.

C3116[filecount]. filecount - Please attach the relevant documentation.

C32. Sales to and by minors Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C321. prohibiting the sales of tobacco products to minors?
Yes

C321a. Please specify the legal age:
18

C322. requiring that all sellers of tobacco products place a clear and prominent indicator inside their point of sale about the prohibition of tobacco sales to minors?
Yes

C323. requiring that, in case of doubt, each seller of tobacco products requests that the purchaser provides appropriate evidence of having reached full legal age?
Yes

C324. banning the sale of tobacco products in any manner by which they are directly accessible, such as open store shelves?
Yes

C325. prohibiting the manufacture and sale of sweets, snacks, toys or any other objects in the form of tobacco products which appeal to minors?
Yes

C326. prohibiting the sale of tobacco products from vending machines?
Yes

C327. Do you ensure that tobacco vending machines are not accessible to minors and/or do not promote the sale of tobacco products to minors?
N/A

C328[1]. prohibiting and/or promoting the prohibition of the distribution of free tobacco products: [to the public?]
Yes

C328[2]. prohibiting and/or promoting the prohibition of the distribution of free tobacco products: [to minors?]
Yes

C329. prohibiting the sale of cigarettes individually or in small packets?
Yes

C3210. providing for penalties against sellers and distributors in order to ensure compliance?
Yes

C3211. prohibiting the sales of tobacco products by minors?
Yes

C3212. Please provide a brief description of the progress made in implementing Article 16 (Sales to and by minors) in the past two years or since submission of your last report.
Results showed through randomized control system done by town council near Reykjavik for many years that young people can buy tobacco to some extent.
This is one priority to consider when making new official tobacco policy in tobacco control in Iceland

C3213. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C43. Research, surveillance and exchange of information Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C431[1]. developing and/or promoting research that addresses: [determinants of tobacco consumption?]
Yes

C431[2]. developing and/or promoting research that addresses: [consequences of tobacco consumption?]
Yes

C431[3]. developing and/or promoting research that addresses: [social and economic indicators related to tobacco consumption?]
Yes

C431[4]. developing and/or promoting research that addresses: [tobacco use among women, with special regard to pregnant women?]
Yes

C431[5]. developing and/or promoting research that addresses: [the determinants and consequences of exposure to tobacco smoke?]
No

C431[6]. developing and/or promoting research that addresses: [identification of effective programmes for the treatment of tobacco dependence?]
No

C431[7]. developing and/or promoting research that addresses: [identification of alternative livelihoods?]
Yes

C431[other]. developing and/or promoting research that addresses: [Other]

C432. training and support for all persons engaged in tobacco control activities, including research, implementation and evaluation?
No

C433[1]. a national system for epidemiological surveillance of: [patterns of tobacco consumption?]
No

C433[2]. a national system for epidemiological surveillance of: [determinants of tobacco consumption?]
No

C433[3]. a national system for epidemiological surveillance of: [consequences of tobacco consumption?]
No

C433[4]. a national system for epidemiological surveillance of: [social, economic and health indicators related to tobacco consumption?]
No

C433[5]. a national system for epidemiological surveillance of: [exposure to tobacco smoke?]
No

C433[other]. a national system for epidemiological surveillance of: [Other]

C434. Please list all surveys, including the year of the survey, that you have undertaken in the past.

C435. Does your country have any plans to repeat any of the above or to undertake a new tobacco survey within three to five years of your last survey? Please provide details in the space below.

C436[1]. regional and global exchange of publicly available national: [scientific, technical, socioeconomic, commercial and legal information?]
Yes

C436[2]. regional and global exchange of publicly available national: [information on the practices of the tobacco industry?]
No
C436[3]. regional and global exchange of publicly available national: [information on the cultivation of tobacco?]
No
C437[1]. an updated database of: [laws and regulations on tobacco control?]
Yes
C437[2]. an updated database of: [information about the enforcement of laws on tobacco control?]
No
C437[3]. an updated database of: [pertinent jurisprudence?]
No
C438. Please provide a brief description of the progress made in implementing Article 20 (Research, surveillance and exchange of information) in the past two years or since submission of your last report.
Surveys on tobacco consumption are done 3-4 times a year. Data dates back to 1985 A survey on all tobacco use. Emphasized on smokeless tobacco use among men. Done by Capacent-Gallup 2015 for Directorate of Health The report of the survey is provided in Annex 1 to this report
C439. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

D. INTERNATIONAL COOPERATION AND ASSISTANCE

D0. Pursuant to Article 21.1(c) and in accordance with Article 26, have you either provided or received financial or technical assistance (be it through unilateral, bilateral, regional, subregional or other multilateral channels, including relevant regional and international intergovernmental or nongovernmental organizations and financial and development institutions) for the development and strengthening of multisectoral, comprehensive tobacco control programmes of developing country Parties and Parties with economies in transition in any of the following areas:
D1[1]. development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance provided]
No
D1[2]. development, transfer and acquisition of technology, knowledge, skills, capacity and expertise related to tobacco control? [Assistance received]
Yes
D2[1]. provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance provided]
No
D2[2]. provision of technical, scientific, legal and other expertise to establish and strengthen national tobacco control strategies, plans and programmes? [Assistance received]
Yes
D3[1]. appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance provided]
No

D3[2]. appropriate training or sensitization programmes for appropriate personnel in accordance with Article 12? [Assistance received]
Yes

D4[1]. provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance provided]
No

D4[2]. provision of the necessary material, equipment and supplies, as well as logistic support, for tobacco control strategies, plans and programmes? [Assistance received]
Yes

D5[1]. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance provided]
No

D5[2]. identification of methods for tobacco control, including comprehensive treatment of nicotine addiction? [Assistance received]
Yes

D6[1]. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance provided]
No

D6[2]. promotion of research to increase the affordability of comprehensive treatment of nicotine addiction? [Assistance received]
No

D7. Please identify the Party or Parties from which assistance was received or to which assistance was provided.
As a Governmental organization under Ministry of welfare we receive information and support from many and in many ways and issues. For example WHO work related to implementing FCTC. Also for The theme and tools for World No Tobacco Day. For EU we have received support and as a member of EES been able to take part in some tobacco control programs. Last TobTax program aimed to build capacity and knowledge in taxation on tobacco. We have participated in EU program called Smokefree Class Competition for over 16 years This program has been very successful in our country. More recently we took part in cross Europe research program called Smoking in movies also a EU funded program, coordinated by IFT-nord in Kiel in Germany.

D8. Please provide information about any assistance provided or received in the space below.
In 2012 Nordic country's formed a network in tobacco control and tobacco prevention. There have been two network meetings since then, first in Helsinki 2012, Reykjavik 2013, Oslo 2014, Copenhagen 2015 and Helsinki 2016.
As for provided assistance Iceland have exchanged information on tobacco control work and prevention through this new Nordic network and also to Greenland, Faroe Islands and Aland.
As part of our policy Iceland have never and will never accept any funding from the tobacco industry.

D9. If you have not received or provided assistance in any of the aforementioned areas, please identify any financial or technical assistance that may be under consideration, if appropriate.

D10. Have you encouraged relevant regional and international intergovernmental organizations and financial and development institutions in which you are represented to provide financial assistance for developing country Parties and for Parties with economies in transition to assist them in meeting their obligations under the Convention?
No

D11. Please provide details in the space below.

E. PRIORITIES AND COMMENTS

E1. What are the priorities for implementation of the WHO Framework Convention on Tobacco Control in your jurisdiction?
Implementing public policy in tobacco control to be followed with action plan to enforce the policy

E2. Have you identified any specific gaps between the resources available and the needs assessed for implementing the WHO Framework Convention on Tobacco Control?
No

E3. Please provide details in the space below.

E4. What, if any, are the constraints or barriers, other than lack of resources, you have encountered in implementing the Convention?

Iceland has a very small population, little over 300 thousand inhabitants. We do not have manpower and institutions to deal with all issues and aspects of the Convention as we would want.

Cooperation is very valuable for Iceland in lower the harm caused by tobacco consumption.

E5[1]. Do you have any of the following products available on your national tobacco market? [smokeless tobacco products]

Yes
