Ministry of Health invested supported by World Health Organization anti-tobacco mass media campaigns in order to further reduce smoking and smokeless tobacco prevalence in 2015. The mass media designed in order to deliver behavior change among smokers and also to support the introduction of Tobacco Control Act 2010, enjoy better recall among smokers on the harms of smoking and urge of quitting. Based on the media impact study 2013, television dominates the reach both in urban and rural followed by radio in rural. Therefore, hard hitting television spots and radio jingles on ill effects of smoking, second hand smoke and smokeless tobacco were produced and aired through national television and various radio stations viz. BBS radio, Kuzoo FM, radio valley etc. for a period of May and June 2015. Tobacco Control initiatives also strengthen using social media, print media mobile SMS reaching individuals to promote quitting and educate harms of tobacco use. Moreover, infographics and flyers on anti tobacco were also being used as a medium to control tobacco consumption. Ministry of Health signs a contract periodically with media houses based on the fund availability.
