A. ORIGIN OF THE REPORT

A2. Information on national contact responsible for preparation of the report:
A2a. Title
Dr
A2a[other]. Title [Other]
A2b. Family name
Fernández Muñoz
A2c. First name
Yadira
A2d. Full name of institution
Ministerio de Salud
A2e[A122]. Mailing address [Mailing address 1]
MINSA -10123-1000
A2e[A123]. Mailing address [Mailing address 2]
A2e[A124]. Mailing address [Post code]
MINSA
A2e[A125]. Mailing address [Post box]
10123-1000
A2e[A126]. Mailing address [City]
San José, Costa Rica

A2f. Country	Costa Rica
A2g. E-mail	yadira.fernandez@misalud.go.cr
A2h. Alternative email address	yafemu@hotmail.com
A2i. Telephone number	506-2256-2828
A2j. Fax number	
A3. Signature of government official submitting the report:	
A3a. Title	Dr
A3a[other]. Title [Other]	
A3b. Family name	Amador Brenes
A3c. First name	Nydia
A3d. Full name of institution	Ministerio de Salud
A3e[A122]. Mailing address [Mailing address 1]	MINSA -10123-1000
A3e[A123]. Mailing address [Mailing address 2]	
A3e[A124]. Mailing address [Post code]	MINSA
A3e[A125]. Mailing address [Post box]	10123-1000
A3e[A126]. Mailing address [City]	San José, Costa Rica
A3f. Country	Costa Rica
A3g. E-mail	nydia.amador@misalud.go.cr
A3h. Alternative email address	nyamador@gmail.com
A3i. Telephone number	506-2256-2828
A3j. Fax number

B1. TOBACCO CONSUMPTION

B1. Prevalence of tobacco use
B11. Smoking prevalence in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered, e.g. 15 years old and over, 18-64 years; see B112)
B11A[1_SQ001]. Current smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
13
B11A[1_SQ002]. Current smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
B11A[2_SQ001]. Current smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
4
B11A[2_SQ002]. Current smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
B11A[3_SQ001]. Current smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
9
B11A[3_SQ002]. Current smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
B11B[1_SQ001]. Daily smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
8
B11B[1_SQ002]. Daily smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
14
B11B[2_SQ001]. Daily smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
3
B11B[2_SQ002]. Daily smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
11

B11B[3_SQ001]. Daily smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

6

B11B[3_SQ002]. Daily smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]

13

B11C[1_SQ001]. Occasional smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

5

B11C[2_SQ001]. Occasional smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

1

B11C[3_SQ001]. Occasional smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

3

B11D[1_SQ001]. Former smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

56

B11D[2_SQ001]. Former smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

60

B11D[3_SQ001]. Former smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

57

B11E[1_SQ001]. Never smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

87

B11E[2_SQ001]. Never smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

96

B11E[3_SQ001]. Never smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

91

B111. Please indicate the smoking tobacco products included in calculating prevalence for question B11:

La GATS indaga los siguientes productos: cigarrillos, puros, pipas, Cigarrillos manufacturados, Cigarrillos enrollados a mano, Kreteks.

La prevalencia es de 8.7 se refiere solo a cigarrillos: Incluye cigarrillos manufacturados y cigarrillos armados a mano.

B112[1_SQ001]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][From]

15

B112[1_SQ002]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][To]

100

B113A. Please indicate the year of the data used to answer question B11:

2015

B113B. Please indicate the source of the data used to answer question B11:

GATS. Dirección Vigilancia de la Salud, Unidad de Seguimiento de Indicadores de Salud. Ministerio de Salud

B114[SQ001]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Current smoker]

toda persona que ha fumado cualquier cantidad de tabaco en los últimos 30 días

B114[SQ002]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Daily smoker]

la persona que fuma todos los días

B114[SQ003]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Occasional smoker]
el que haya fumado en el último año, pero no en el último mes

B114[SQ004]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Former smoker]
persona que habiendo fumado alguna vez, no fumó en el último año.

B114[SQ005]. Please provide the definitions of “current smoker”, “daily smoker”, “occasional smoker”, “former smoker” and “never smoker” used in this report. [Never smoker]
persona que nunca ha fumado

B115. Please provide a brief explanation of the trend in smoking prevalence in the adult population in the past two years or since submission of your last report.
La tendencia de la prevalencia del consumo de tabaco en la población adulta es a descender. al comparar los resultados obtenidos de 1990 (18.7%) 1995 (17.5%) 2001 (15.7%) 2006 (14.8%), 2010 (13.4%) de los estudios efectuados por el IAFA , con el resultado obtenido en la GATS 2015 se evidencia el efecto la Ley General de Control de Tabaco y sus Efectos Nocivos en la Salud No. 9028 vigente desde el 2012 dado que la prevalencia del consumo de tabaco descendió aproximadamente en 4 puntos porcentuales al estar en 9.1 % la general y 8.9% la de fumadores actuales.

B12[B12a_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
15

B12[B12a_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
24

B12[B12a_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
11

B12[B12b_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
25

B12[B12b_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
44

B12[B12b_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
14

B12[B12c_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
45

B12[B12c_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
64

B12[B12c_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
16

B12[B12d_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

65

B12[B12d_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

100

B12[B12d_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

8

B12[B12e_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12e_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12e_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12ee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12ee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12ee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12eee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12eee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]

B12[B12eee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12eeee_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]

B12[B12eeee_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
B12[B12eeee_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
B12[B12f_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
15
B12[B12f_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
24
B12[B12f_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
3
B12[B12g_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
25
B12[B12g_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
44
B12[B12g_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
5
B12[B12h_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
45
B12[B12h_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
65
B12[B12h_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
5
B12[B12i_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]
55
B12[B12i_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]
100

B12[B12k_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]	15
B12[B12k_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]	24
B12[B12k_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	7
B12[B12l_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]	25
B12[B12l_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]	44
B12[B12l_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	10
B12[B12m_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]	45
B12[B12m_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]	64
B12[B12m_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	10
B12[B12n_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]	65
B12[B12n_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]	100
B12[B12n_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]	5
B12[B12o_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]	

B12[B12o_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12o_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12oo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12oo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12oo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12ooo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12ooo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12ooo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12oooo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12oooo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12oooo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B121. Please indicate the smoking tobacco products included in calculating prevalence for question B12:

La GATS indaga los siguientes productos cigarrillos, puros, pipas, Cigarrillos manufacturados, Cigarrillos enrollados a mano, Kreteks.

La prevalencia es de 8.7 se refiere solo a cigarrillos: Incluye cigarrillos manufacturados y cigarrillos armados a mano

B122A. Please indicate the year of the data used to answer question B12:

2015

B122B. Please indicate the source of the data used to answer question B12:
GATS. Dirección Vigilancia de la Salud, Unidad de Seguimiento de Indicadores de Salud. Ministerio de Salud

B123. Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.
La tendencia de la pre-valencia del consumo de tabaco para fumar por grupos de edad es a descender. Evidenciándose el efecto La Ley General de Control de Tabaco y sus Efectos Nocivos en la Salud No. 9028 vigente desde el 2012.

B13. Prevalence of smokeless tobacco use in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18–64 years; see B132)

B13A[1_B13x1]. Males [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.1

B13C[4_B13x1]. TOTAL (males and females) [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B13C[5_B13x1]. TOTAL (males and females) [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

B131. Please indicate the smokeless tobacco products included in calculating prevalence for question B13:

La GATS pregunta por tabaco sin humo ,tabaco para mascar y tabaco en polvo. El tabaco sin humo es el tabaco que no se fuma, sino que se aspira o inhala por la nariz, se mantiene en la boca o se mastica.

The consumption of smokeless tobacco in the country is low, the importation of such products started in 2015 with 40 bundles, whose weight was 0.18252 tons , valued cif 5272.75 and US \$ invoiced value in 5130 as reported by the Ministry of Finance. (The recorded data is extracted from the GATS 2015)

B132[1_SQ001]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][From]

15

B132[1_SQ002]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][To]

100

B133A. Please indicate the year of the data used to answer question B13:

2015

B133B. Please indicate the source of the data used to answer question B13:

GATS. Dirección Vigilancia de la Salud, Unidad de Seguimiento de Indicadores de Salud. Ministerio de Salud

B134[SQ001]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Current user]

toda persona que ha consumido cualquier producto de tabaco sin humo en los últimos 30 días

B134[SQ002]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Daily user]

se estima que es la persona que consume productos de tabaco sin humo todos los días

B134[SQ003]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Occasional user]

el que consumió productos de tabaco sin humo en el último año, pero no en el último mes

B134[SQ004]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Former user]

persona que habiendo consumido productos de tabaco sin humo alguna vez, no consumió en el último año

B134[SQ005]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Never user]

persona que nunca ha consumido productos de tabaco sin humo

B135. Please provide a brief explanation of the trend in smokeless tobacco use in the adult population in the past two years or since submission of your last report.

En Costa Rica el uso de los productos de tabaco sin humo es bajo, datos de las importaciones del Ministerio de Hacienda del 2014 indican que el Tabaco para mascar es el producto que ingresa al país con una cantidad de 182,52 kg que equivale a 0.2 toneladas

B14[B12a_B12x1]. B161. Please indicate the tobacco products included in calculating prevalence for question B16:

De acuerdo al cuestionario aplicado por el IAFA en la Encuesta Global sobre Tabaco en Jóvenes Costa Rica, 2013. Los productos de Tabaco incluidos fueron: Cigarrillos, puros, mini puros o puritos, pipas, pipas de agua, rape y tabaco para mascar.

Recently, new data were gathered through the Fourth National Survey on Drug Use in High School Students (2015, IAFA). These data are provided in an annex. They are also available at: www.datosabiertos.iafa.go.cr.

B162A. Please indicate the year of the data used to answer question B16:

2015

B162B. Please indicate the source of the data used to answer question B16:
Fourth National Survey on Drug Use in population secondary, by the Institute on Alcoholism and Drug Dependence

B163. Please provide the definition of "current smoking/tobacco use" used to answer question B16 in the space below.
«consumo actual de tabaco para fumar »
Tasa o porcentaje de prevalencia del consumo de tabaco en el último mes: proporción de personas en una población que consumieron tabaco durante los últimos 30 días. A esta prevalencia se le llama también consumo activo.
«consumo actual tabaco sin humo»
Tasa o porcentaje de prevalencia del consumo de otros productos de tabaco sin humo (como tabaco de mascar, rapé u otros) en el último mes; proporción de personas de una población que consumieron otros productos de tabaco sin humo. A esta prevalencia se le llama también consumo activo.

B164. Please provide a brief explanation of the trend in tobacco use by young persons in the past two years or since submission of your last report.
Al comparar la información de los datos correspondientes al período 2013 con las tres rondas previas (1999, 2002, 2008), se evidencian cambios importantes en relación al consumo de tabaco entre los jóvenes con edades entre 13 y 15 años, al marcarse una tendencia a la disminución en el consumo.
Las tasas de fumado actual de cigarrillos en los estudiantes costarricenses (13 a 15 años) muestran un descenso significativo desde la primera exploración mediante la GYTS en 1999. En efecto la prevalencia activa se redujo de 17.8% en 1999 (18.2% en hombres, 17.3% en mujeres) a 5% en 2013 (5.7% y 4.3% en hombres y mujeres respectivamente). La prevalencia general de fumado de cigarrillos en estos estudiantes es de 20%, la cual junto con la prevalencia de consumo activo, se encuentra entre las tasas de bajo consumo al compararse con el nivel internacional
TRIBU En un estudio realizado en escolares y jóvenes de 12 a 15 años se determinó diferentes percepciones hacia el tabaco, las cuales están muy permeadas por su dinámica social y por el contexto cultural, la respuesta recurrente ante su conocimiento sobre el tabaco es que es "malo porque produce cáncer de pulmones"; pese a que la generalidad de los entrevistados desconocen concretamente qué es el cáncer, lo que puede causar y lo que significa en términos de salud. Sin embargo, existe una tendencia marcada por la curiosidad -con plena consciencia de que se trata de una conducta punible desde los espacios de autoridad- hacia la idea de probar el cigarrillo, práctica que se genera en grupos de amigos, de edades semejantes y con exclusión de figuras adultas.
When making a comparison between the results of the last two surveys in high school population (2012 and 2015) an important tobacco consumption among young secondary decline is evident. This decrease is presented to the student population of both sexes, although in 2015 the consumption of tobacco in the male population continues to outpace consumption in female population. The importance of appropriate policies, coupled with preventive intervention in early childhood, resulting in the decrease in active current consumption of tobacco.

B2. Exposure to tobacco smoke

B21. Do you have any data on exposure to tobacco smoke in your population?

Yes

B22. Please provide details in the space below (e.g. exposure by gender, at home, in the workplace, on public transport).

Exposición pasiva al humo de tabaco adultos GATS 2015

El 6,3% de adultos quienes trabajan en espacios cerrados (100 mil) estuvieron expuestos al humo de tabaco en su lugar de trabajo. Un 4,9% de adultos (200 mil adultos) estuvieron expuestos al humo de tabaco en su hogar y el 7,9% de adultos (100 mil adultos) quienes visitaron un restaurante en los últimos 30 días, estuvieron expuestos al humo de Tabaco.

Exposición pasiva al humo de tabaco jóvenes GYTS 2013

El 16.7% de los estudiantes estuvo expuesto al humo del tabaco en su hogar. El 40% de los estudiantes estuvo expuesto al humo de tabaco ajeno en los lugares públicos cerrados y el 44.1% en lugares públicos abiertos.

B3. Tobacco-related mortality

B31. Do you have information on tobacco-related mortality in your population?

Yes

B32. What is the estimated total number of deaths attributable to tobacco use in your population?
5277.0000000000

B33. If available, please provide any additional information on mortality attributable to tobacco use (e.g. lung cancer, cardiovascular diseases) in your jurisdiction.
La mortalidad atribuible al consumo de tabaco para el 2014 (5277 muertes) indica 1613 fallecimientos por Neoplasias Malignas, 2892 por enfermedades cardiovasculares, 827 por enfermedades respiratorias y 55 condiciones peri natales.

B52. Please provide information on the volumes of duty-free sales (e.g. product, unit, quantity), if available.
En Costa Rica solo en las tiendas libres del IMAS ubicadas en los Aeropuertos Juan se venden sin impuestos los productos de tabaco para uso personal, en este momento solo se vende el producto manufacturado en el país. De acuerdo al Informe Final de Gestión del Lic. Fernando Sánchez Matarrita Subgerencia Gestión de Recursos del IMAS indica que "las compras de tabaco se tienen completamente suspendidas" desde el 2014 Por lo cual, se requiere de una negociación con los productores internacionales, con la finalidad de evaluar la reactivación del producto, cumpliendo con la normativa nacional de etiquetado. A la fecha no hay consignados en la base de Declaraciones Juradas productos de tabaco por parte del IMAS

B84. Please briefly describe the trends in taxation for tobacco products in the past two years or since submission of your last report in your jurisdiction.

La tendencia es a ir aumentando. La Dirección General de Hacienda actualiza anualmente, el monto del impuesto a los productos de tabaco, considerando la variación del índice de precios al consumidor (IPC) que determina el Instituto Nacional de Estadística y Censos (INEC). Mediante resolución RES-DGH-0010-2015 de las catorce horas con treinta minutos del cuatro de marzo del dos mil quince se actualiza dicho impuesto de 21,88 colones a 22,65 colones.

B85. Do you earmark any percentage of your taxation income for funding any national plan or strategy on tobacco control in your jurisdiction?

Yes

B86. Please provide details in the space below.

60% = Caja Costarricense de Seguro Social, para diagnóstico, tratamiento y prevención de enfermedades asociadas al tabaquismo. Fortalecimiento de la Red Oncológica Nacional, para la prevención, el diagnóstico, el tratamiento, la rehabilitación y los cuidados paliativos del cáncer.

20%= Ministerio de Salud, para que cumpla las funciones encomendadas en la presente ley

10% = Instituto sobre Alcoholismo y Farmacodependencia para los Programas de Cesación y el Programa de Educación para la Prevención e información sobre el consumo de Tabaco y sus derivados.

10% =Instituto Costarricense del Deporte y la Recreación para el cumplimiento de sus funciones vinculadas con el deporte y la recreación.

No

C123. Please provide details in the space below.

C124. Please provide a brief description of the progress made in implementing Article 5.3 in the past two years or since submission of your last report.

A partir del establecimiento del Programa Control de tabaco se ha generado una serie de alianzas estratégicas que facilitan el quehacer cotidiano en la lucha contra la injerencia de la industria tabacalera y favorecen la implementación de la Ley 9028A raíz de la solicitud presentada al congreso legislativo por 2 diputados con el fin de efectuar modificación al artículo 18 de la Ley incisa a) que dice " Se prohíbe vender cajetillas que contengan menos de 20 cigarrillos "surge el grupo de difusión integrado por profesionales , ONG y sociedad civil donde a través del whats app se alerta cuando se percibe la injerencia de la industria tabacalera en el accionar del país para mitigar el efecto de la Ley 9028 para coordinar acciones.

C125. Have you utilized the "Guidelines for implementation of Article 5.3 of the WHO FCTC" when developing or implementing policies in this area?

Yes

C126. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

Artículo 5.3 Conflicto de interés

En 2015 se efectuó taller de sensibilización cuyo fin fue crear conciencia para proteger las políticas de la salud pública de la interferencia de la industria tabacalera el que participaron Presidencia de la Republica, Ministerio de Salud, Ministerio de Economía, Industria y Comercio, COMEX y Sociedad Civil con apoyo de la OPS, a partir de allí se formuló una propuesta de Plan de Acción que coordina la Dra. Amador.

C127. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

Artículo 14

Se confecciona en 2014 la Herramienta para promover la implementación del artículo 14 del CMCT sobre abandono del consumo de tabaco para ello se reúne un grupo de expertos conducidos por la Dirección de Garantía de Acceso a los Servicios de Salud del Ministerio de Salud y se elabora el documento Análisis de Situación de País una herramienta para analizar el abandono del consumo de tabaco a nivel de país versión 1 que se envía al Dr. Martin Raw el cual hace un análisis inicial de los datos aportados emitiendo un informe con algunas aclaraciones, recomendaciones y sugerencias que fueron revisados noviembre del 2014 por los involucrados.

En este momento se está en la construcción de la Estrategia Nacional para el Control de Tabaco.

Puertos y aeropuertos
Paradas de bus, taxi, así como de cualquier otro medio de transporte remunerados de personas

C227. Please provide a brief summary of complete and partial measures, with specific details of the partial measures that have been implemented:

C227a. Banning tobacco smoking in indoor workplaces

Año 1995 LEY No. 7501: REGULACION DEL FUMADO
Año 2012 a partir de la implementación de la Ley General y el Reglamento de control del tabaco y sus efectos nocivos en la salud ° 9028 las únicas excepciones son : las casas destinadas exclusivamente a la habitación familiar, los espacios abiertos delimitados por la Dirección General de Adaptación Social en los Centros Penitenciarios (solo para las personas privadas de libertad) y los espacios físicos ocupados por las Embajadas

C227b. Banning tobacco smoking in public transport

2012 ley 9028.

C227c. Banning tobacco smoking in indoor public places

1995 Ley 7501 y 2012 Ley 9028.

C228. Please provide a brief description of the progress made in implementing Article 8 (Protection from exposure to tobacco smoke) in the past two years or since submission of your last report.

Esta medida ha sido muy beneficiosa para la población porque se protege su salud y el medio ambiente su alcance se refleja en la disminución de la prevalencia de fumado: sin embargo es necesario iniciar la lucha para que no se fume en las casas destinadas a la habitación familiar con el fin de proteger a las generaciones presente y futuras. Es importante anotar que según la encuesta GATS solo el 49% de los encuestados estuvieron expuestos al humo de tabaco en los hogares.
Por otra parte en el l reglamento se establecen otras disposiciones que son importantes mencionar:
Artículo 6 : De la información a las personas con discapacidad visual.
Artículo 7: Del derecho de las personas y deberes de propietarios, gerentes, administradores, representantes y demás perso-nas con poder de decisión, de los espacios o lugares públicos y privados, cien por ciento (100%) libres de la exposición al humo de tabaco y sus derivados.
Artículo 8: Obligaciones de las personas propietarias, representantes legales, gerentes, administradoras y jercas institucionales de los lugares públicos y privados, cien por ciento (100%) libres de la exposición al humo de tabaco y sus derivados.
Artículo 9: De los avisos y la señalización en los lugares y espacios públicos y privados cien por ciento (100%) libres de la exposición al humo de tabaco y sus derivado.
En el artículo 36 de la Ley se establecen las sanciones por el incumpliendo al artículo 5: Sitios prohibidos para fumar :
a) Con multa del diez por ciento (10%) de un salario base, a las personas físicas que fumen en los sitios prohibidos.
b) Con multa del quince por ciento (15%) de un salario base, a las personas responsables y jercas que incumplan el deber de colocar, en los sitios prohibidos para fumar, los avisos con la frase Prohibido fumar, ambiente libre de humo de tabaco" y con el símbolo internacional de prohibido fumar, así como cualquier otro aviso que establezca el reglamento de esta ley.
c) Con multa del cincuenta por ciento (50%) de un salario base a quien incurra en alguna de las siguientes conductas:
i.- A quien ocupe el cargo de administrador, director, curador, fiduciario, apoderado y demás personas físicas con facultades de decisión, en cualquier empresa o institución pública o privada, cuando se compruebe que han permitido el fumado en sitios prohibidos.

C229. Have you utilized the "Guidelines for implementation of Article 8 of the WHO FCTC" when developing or implementing policies in this area?

Yes

C2210. Please provide details in the space below or refer to section B of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&en>

Si al implementarse el Sistema Nacional de Infractores que cuenta con un módulo externo para que cualquier ciudadano pueda efectuar denuncias, aportar aclaraciones y consultar los casos en firme pendiente de pago por incumplimiento al Art.5 Sitios Prohibidos para fumar de la Ley General de control de tabaco y sus efectos nocivos en la salud.

C268. Please provide a brief description of the progress made in implementing Article 12 (Education, communication, training and public awareness) in the past two years or since submission of your last report.

El Ministerio de Salud a través del desarrollo de Proyectos en los 3 niveles de Gestión ha emprendido acciones de información y educación a la población con el fin de controlar y detener las consecuencias negativas e incluso adictivas del consumo de tabaco, por cuanto este produce morbilidad, mortalidad y discapacidad.

Por su parte La Caja Costarricense de Seguro Social tiene una lucha frontal contra el fumado en dos áreas, la primera en la parte atencional, con las clínicas de cesación y el segundo frente es evitar que la gente empiece a fumar especialmente las personas jóvenes, para ello se ha dado a la tarea de buscar estrategias para poder llegarle diferente a la gente, no solo estamos usando las redes sociales, sino que se le está diciendo a la gente que nos ayude a luchar contra el tabaco”.

El IAFA cuenta con programas de promoción dentro de los cuales se destaca el Club de vencedores y Deje y gane.

Durante el 2015 se desarrolla Taller con los responsables de comunicación del IAFA, ICODER, CCSS y Ministerio de Salud planteándose de manera conjunta el plan de comunicación a desarrollarse en el 2016

C269. Have you utilized the “Guidelines for implementation of Article 12 of the WHO FCTC” when developing and implementing policies in this area?

Yes

C2610. Please provide details in the space below or refer to section E of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

Si al aplicar un enfoque multisectorial en el plan de comunicación y basándose en datos de investigaciones , esto conlleva una mejor utilización de los recursos.

C2611. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C3. MEASURES RELATING TO THE REDUCTION OF THE SUPPLY OF TOBACCO

C3. With reference to Articles 15–17

C31. Illicit trade in tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C311. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining the origin of the product?

Yes

C312. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining whether the product is legally sold on the domestic market?

Yes

C313. requiring that unit packets and packages of tobacco products for retail and wholesale use that are sold on the domestic market carry the statement: "Sales only allowed in ..." or carry any other effective marking indicating the final destination of the product?

Yes

C314. developing a practical tracking and tracing regime that would further secure the distribution system and assist in the investigation of illicit trade?

No

C315. requiring that marking is presented in legible form and/or appears in the principal language or languages of the country?

Yes

C316. requiring the monitoring and collection of data on cross-border trade in tobacco products, including illicit trade?
Yes
C317. facilitating the exchange of this information among customs, tax and other authorities, as appropriate, and in accordance with national law and applicable bilateral and multilateral agreements?
Yes
C318. enacting or strengthening legislation, with appropriate penalties and remedies, against illicit trade in tobacco products, including counterfeit and contraband cigarettes?
Yes
C319. requiring that confiscated manufacturing equipment, counterfeit and contraband cigarettes and other tobacco products derived from illicit trade are destroyed, using environment-friendly methods where possible, or disposed of in accordance with national law?
Yes
C3110. adopting and implementing measures to monitor, document and control the storage and distribution of tobacco products held or moving under suspension of taxes or duties?
Yes
C3111. enabling the confiscation of proceeds derived from illicit trade in tobacco products?
Yes
C3112. promoting cooperation between national agencies and relevant regional and international intergovernmental organizations in investigations, prosecutions and proceedings, with a view to eliminating illicit trade in tobacco products, with special emphasis on cooperation at regional and subregional levels?
Yes
C3113. licensing or other actions to control or regulate production and distribution in order to prevent illicit trade?
No
C3114. Please provide a brief description of the progress made in implementing Article 15 (Illicit trade in tobacco products) in the past two years or since submission of your last report. ("La Policía de Control Fiscal coordina con sus homólogos de Panamá las rutas complejas de los productos ilícitos, trabajando con controles con base en riesgo e inteligencia para detectar la producción y distribución "clandestinas" ilícitas y la producción no declarada de productores").
C3115. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below. Se implementó una línea de coordinación interinstitucional e intersectorial entre Ministerio de Salud, Ministerio de Hacienda: Dirección General de Aduanas, Policía de Control Fiscal, Fuerza Pública y Policía Municipal permitiendo el trabajo conjunto para optimizar los recursos y evitar duplicidad de funciones, cuyo objetivo es detectar productos de tabaco ilícitos falsificados y contrabando que circula en el país de manera ilegal, según lo contempla la Ley General de Control de Tabaco y sus Efectos Nocivos en la Salud Pública (Ley 9028). Se efectuaron acciones de abogacía de manera tal que los miembros de la Comisión Permanente Especial de Relaciones Internacionales y Comercio Exterior emitieron el DICTAMEN UNÁNIME AFIRMATIVO sobre el proyecto: "APROBACIÓN DEL PROTOCOLO PARA LA ELIMINACIÓN DEL COMERCIO ILÍCITO DE PRODUCTOS DE TABACO", expediente N.º 19.448, iniciativa del Poder Ejecutivo. El proyecto fue iniciado el 20 de enero de 2015, y publicado en La Gaceta N.º 40, de 26 de febrero de 2015. Y en este momento ocupa el lugar número 22 en la corriente legislativa. Es importante mencionar que se reanudó la coordinación con los funcionarios del Ministerio de Hacienda dado el interés de las autoridades actuales, a fin de implementar un sistema de seguimiento y localización de los productos de tabaco y sus derivados, el cual permitiría identificar los puntos de desvío de las cajetillas para su distribución ilegal. A partir de diciembre del 2014 el Ministerio de Hacienda y la Cámara Costarricense Norteamericana de Comercio (AmCham) utilizan la aplicación web www.mercado.ilegal.com que permite a los ciudadanos reportar de forma directa situaciones de comercio ilegal en el país y se creó el www.catalogomercadoilegal.com Decreto # 35410 MEIC-G-SP-H publicado en la Gaceta N° 95 del 20 de mayo del 2014 se declara de interés público y nacional la lucha contra el comercio ilícito y se crea la comisión mixta contra el comercio ilícito Ley para mejorar la lucha contra el contrabando N 9328 Gaceta 220 del 12 de noviembre del 2015

C33. Provision of support for economically viable alternative activities Have you adopted and implemented, where appropriate, measures or programmes on any of the following:

C331[1]. promoting economically viable and sustainable alternatives for: [tobacco growers?]
No

C331[2]. promoting economically viable and sustainable alternatives for: [tobacco workers?]
No

C331[3]. promoting economically viable and sustainable alternatives for: [tobacco individual sellers?]
No

C332. Please provide a brief description of the progress made in implementing Article 17 (Provision of support for economically viable alternative activities) in the past two years or since submission of your last report.
Desde 1999 con la apertura comercial se redujo el área de siembra, para el 2014 en el país se cultivaron 33 hectáreas que se usa para la producción de puros artesanal. Por otra parte a partir de esa década se da la reconversión del uso del suelo hacia el cultivo de piña, caña de azúcar, café y ganadería.
Solo hay 2 industrias del Tabaco en Costa Rica: Tabacalera Costarricense Sociedad Anónima, Philip Morris International (PMI) que manufactura cigarrillos para el consumo nacional. Cuenta con aproximadamente 350 empleados y tiene su planta de producción en La Rivera de Belén Heredia y la Bristsh American Tobacco Central América S. A. BACTA sucursal CR tiene la oficina regional de la empresa, que se encargan de coordinar las labores de Mercadeo, Finanzas, Recursos Humanos, Tecnología y Asuntos Corporativos de las operaciones en el área. Solo hay venta y distribución de cigarrillos, cuenta con 275 empleados y se ubica en San Joaquín Flores Heredia
En cuanto a los pequeños vendedores (pulperías-puestos-supermercados y otros) estos deben cumplir con las indicaciones de la Ley General de Control de Tabaco y sus efectos nocivos en la Salud para poder comercializar cualquier producto de Tabaco.

C333. Have you utilized the "Policy options and recommendations on economically sustainable alternatives to tobacco growing (in relation to Articles 17 and 18 of the WHO FCTC)" when developing and implementing policies in this area?
No

C334. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

D9. If you have not received or provided assistance in any of the aforementioned areas, please identify any financial or technical assistance that may be under consideration, if appropriate.

D10. Have you encouraged relevant regional and international intergovernmental organizations and financial and development institutions in which you are represented to provide financial assistance for developing country Parties and for Parties with economies in transition to assist them in meeting their obligations under the Convention?

No

D11. Please provide details in the space below.

E. PRIORITIES AND COMMENTS

E1. What are the priorities for implementation of the WHO Framework Convention on Tobacco Control in your jurisdiction?

Acciones de abogacía a fin de que la Asamblea Legislativa apruebe el proyecto de ley para que la ratificación del Protocolo de Comercio Lícito de Productos del tabaco
Fortalecer las instituciones gubernamentales en sus esfuerzos por mejorar la salud pública mediante el diagnóstico, tratamiento y prevención de enfermedades asociadas al tabaquismo
Estudios ambientales de las emisiones de productos del tabaco
Capacitación en regulación de los aditivos en los productos de tabaco como el mentol, componente que se ha demostrado que aumenta la dependencia al tabaco
Mejorar control sobre publicidad de las compañías de tabaco a través de internet y las redes sociales.
Disminuir el hábito de fumar en el hogar y en los vehículos de uso privado donde se transportan niños
Implementar sistema de seguimiento y localización de los productos de tabaco y sus derivados, con la finalidad de identificar los puntos de desvío de las cajetillas para su distribución ilegal.
Fortalecer las acciones de control, fiscalización y sanciones que se le asigna al Ministerio de Salud para el cumplimiento cabal de la Ley y su reglamento
Implementar la aplicación del artículo 5.3 del CMCT

E2. Have you identified any specific gaps between the resources available and the needs assessed for implementing the WHO Framework Convention on Tobacco Control?

Yes

E3. Please provide details in the space below.

Al restringir el gobierno el presupuesto para el control de tabaco obtenido de los tributos a éste

E4. What, if any, are the constraints or barriers, other than lack of resources, you have encountered in implementing the Convention?

Instituciones que no han asumido las responsabilidades establecidas en la Ley 9028
Poco recurso humano para el control y fiscalización del cumplimiento de la Ley por parte del Ministerio de Salud a quien la ley 9028 responsabiliza de esta tarea.
Interferencia de la Industria Tabacalera a través de grupos fachada

E5[1]. Do you have any of the following products available on your national tobacco market? [smokeless tobacco products]

Yes

E5[2]. Do you have any of the following products available on your national tobacco market? [water pipe tobacco]

Yes

E5[3]. Do you have any of the following products available on your national tobacco market? [ENDS/ENNDS]

Yes

E5[other]. Do you have any of the following products available on your national tobacco market? [Other]

Tabaco para mascar, para liar, para pipa y puros

E6[1]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [smokeless tobacco products]

Yes

E6[2]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [water pipe tobacco]

Yes

E6[3]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [ENDS/ENNDS]

Yes

E6[other]. Have you adopted and implemented any policy or regulation that is specific to the following tobacco products? [Other]

Tabaco para liar Tabaco para mascar Tabaco para pipa Puros

E7. If you have any relevant information related to questions E5 and E6, please provide details in the space below.

Estos productos de Tabaco para poder comercializarse en el territorio nacional deben cumplir con las disposiciones contempladas en la Ley General de control de tabaco y sus efectos nocivos en la salud Ley 9028 y su Reglamento. En Costa Rica estas variedades son poco utilizadas sin embargo de los productos de tabaco sin humo se importa el tabaco para mascar de la marca Copenhagen y Skoal, así como para narguile el tabaco de la marca Mazaya y Nakhla de acuerdo a la base de Declaraciones Juradas de los ingredientes y emisiones de los productos de Tabaco y sus derivados.

E8. Please provide any other relevant information not covered elsewhere that you consider important.

E9. Your suggestions for further development and revision of the reporting instrument:
