firstname. First name
Ivanhoe
lastname. Last name
Escartin
attribute_1. Country
Philippines

A. ORIGIN OF THE REPORT

A2. Information on national contact responsible for preparation of the report:
A2a. Title
Dr
A2a[other]. Title [Other]
A2b. Family name
Caluag
A2c. First name
Ma. Elizabeth
A2d. Full name of institution
Department of Health
A2e[A122]. Mailing address [Mailing address 1]
Disease Prevention and Control Bureau,
A2e[A123]. Mailing address [Mailing address 2]
Third Floor, Building No. 14, Department of Health, San Lazaro Compound, Rizal Avenue, Sta. Cruz, Manila
A2e[A124]. Mailing address [Post code]
1003
A2e[A125]. Mailing address [Post box]
A2e[A126]. Mailing address [City]
Manila
A2f. Country
Philippines
A2g. E-mail
elizabethcaluag@yahoo.com

A2h. Alternative email address	ddo.ncdpc@gmail.com
A2i. Telephone number	+63 2 6517800
A2j. Fax number	+63 2 7322493
A3. Signature of government official submitting the report:	
A3a. Title	Dr
A3a[other]. Title [Other]	
A3b. Family name	Baquilod
A3c. First name	Mario
A3d. Full name of institution	Department of Health
A3e[A122]. Mailing address [Mailing address 1]	Disease Prevention and Control Bureau
A3e[A123]. Mailing address [Mailing address 2]	First Floor, Building 14, Department of Health, San Lazaro Compound, Rizal Avenue, Sta. Cruz, Manila
A3e[A124]. Mailing address [Post code]	1003
A3e[A125]. Mailing address [Post box]	
A3e[A126]. Mailing address [City]	Manila
A3f. Country	Philippines
A3g. E-mail	dpcb.mbaquilod@gmail.com
A3h. Alternative email address	marbaquilod@yahoo.com
A3i. Telephone number	+63 2 6517800
A3j. Fax number	+63 2 7110380
A3k. Web page	www.doh.gov.ph
A4[SQ001][1]. Period of reporting: [Start date][Scale 1]	January

A4[SQ001][2]. Period of reporting: [Start date][Scale 2]
2014
A4[SQ002][1]. Period of reporting: [End date][Scale 1]
December

B1. TOBACCO CONSUMPTION

B1. Prevalence of tobacco use
B11. Smoking prevalence in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered, e.g. 15 years old and over, 18-64 years; see B112)
B11A[1_SQ001]. Current smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
47.7
B11A[1_SQ002]. Current smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
11.3
B11A[2_SQ001]. Current smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
9.0
B11A[2_SQ002]. Current smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
7.0
B11A[3_SQ001]. Current smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
28.3
B11A[3_SQ002]. Current smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
10.6
B11B[1_SQ001]. Daily smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
38.2
B11B[1_SQ002]. Daily smokers [MALE][Average number of the most-consumed smoking tobacco product used per day]
11.3
B11B[2_SQ001]. Daily smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
6.9
B11B[2_SQ002]. Daily smokers [FEMALE][Average number of the most-consumed smoking tobacco product used per day]
7.0
B11B[3_SQ001]. Daily smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
22.5
B11B[3_SQ002]. Daily smokers [TOTAL (males and females)][Average number of the most-consumed smoking tobacco product used per day]
10.6

B11C[1_SQ001]. Occasional smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
9.4
B11C[2_SQ001]. Occasional smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
2.1
B11C[3_SQ001]. Occasional smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
5.8
B11D[1_SQ001]. Former smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
16.7
B11D[2_SQ001]. Former smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
5.9
B11D[3_SQ001]. Former smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
11.3
B11E[1_SQ001]. Never smokers [MALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
35.6
B11E[2_SQ001]. Never smokers [FEMALE][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
85.2
B11E[3_SQ001]. Never smokers [TOTAL (males and females)][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
60.2
B111. Please indicate the smoking tobacco products included in calculating prevalence for question B11: The smoking tobacco products included in calculating the prevalence for question B11 are: manufactured and hand-rolled cigarettes, kretek, pipe, cigars, cheroots or cigarillos and water pipe.
B112[1_SQ001]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][From]
15
B112[1_SQ002]. Please indicate the age range to which the data used to answer question B11 refer: [Age range][To]
100
B113A. Please indicate the year of the data used to answer question B11:
2009
B113B. Please indicate the source of the data used to answer question B11:
2009 Philippines Global Adult Tobacco Survey (GATS)
B114[SQ001]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Current smoker] Includes both daily and occasional (less than daily) smoker
B114[SQ002]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Daily smoker] Smoking at least one tobacco product everyday or nearly everyday over a period of a month or more
B114[SQ003]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Occasional smoker] Less than daily smokers
B114[SQ004]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Former smoker] Smoked tobacco in the past but currently do not smoke
B114[SQ005]. Please provide the definitions of "current smoker", "daily smoker", "occasional smoker", "former smoker" and "never smoker" used in this report. [Never smoker] Does not smoke at all

B115. Please provide a brief explanation of the trend in smoking prevalence in the adult population in the past two years or since submission of your last report.
The smoking prevalence used in this report is still based on the first Philippine Global Adult Tobacco Survey (GATS) in 2009. Data from the 2015 Philippine GATS is still for analysis. Therefore, trend in smoking prevalence is not yet available.
B12[B12a_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
15
B12[B12a_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
24
B12[B12a_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
39
B12[B12b_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
25
B12[B12b_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
44
B12[B12b_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
56
B12[B12c_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
45
B12[B12c_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
64
B12[B12c_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
48
B12[B12d_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - start age]
65
B12[B12d_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Range - end age]
100
B12[B12d_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
37

B12[B12f_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

24

B12[B12f_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

3

B12[B12g_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

25

B12[B12g_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

44

B12[B12g_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

8

B12[B12h_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

45

B12[B12h_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

64

B12[B12h_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

15

B12[B12i_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

65

B12[B12i_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

100

B12[B12i_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

21

B12[B12j_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12j_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12j_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jjj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jjj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jjj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12jjjj_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - start age]

B12[B12jjjj_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Range - end age]

B12[B12jjjj_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [FEMALES - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12k_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

15

B12[B12k_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

24

B12[B12k_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

21

B12[B12l_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]
25
B12[B12l_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]
44
B12[B12l_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
32
B12[B12m_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]
45
B12[B12m_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]
64
B12[B12m_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
31
B12[B12n_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]
65
B12[B12n_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]
100
B12[B12n_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
28
B12[B12o_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]
B12[B12o_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]
B12[B12o_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
B12[B12oo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12oo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12oo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12ooo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12ooo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12ooo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B12[B12oooo_B12x1]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - start age]

B12[B12oooo_B12x3]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Range - end age]

B12[B12oooo_B12x2]. Smoking prevalence in the adult population (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers1][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B121. Please indicate the smoking tobacco products included in calculating prevalence for question B12:

The smoking tobacco products included in calculating the prevalence for question B12 are: manufactured and hand-rolled cigarettes, kretek, pipe, cigars, cheroots or cigarillos and water pipe.

B122A. Please indicate the year of the data used to answer question B12:

2009

B122B. Please indicate the source of the data used to answer question B12:

2009 Philippines Global Adult Tobacco Survey (GATS)

B123. Please provide a brief explanation of the trend in current smoking prevalence by age group in the past two years or since submission of your last report, if data are available.

The current smoking prevalence by age group used in this report is still based on the first Philippine Global Adult Tobacco Survey (GATS) in 2009. Data from the 2015 Philippine GATS is still for analysis. Therefore, the trend in current smoking prevalence by age group is not yet available.

B13. Prevalence of smokeless tobacco use in the adult population (all) (Please provide prevalence data for total adult population, and identify the age considered in B132, e.g. 15 years old and over, 18-64 years; see B132)

B13A[1_B13x1]. Males [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

2.8

B13A[2_B13x1]. Males [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]

1.8

B13A[3_B13x1]. Males [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
1.0
B13A[4_B13x1]. Males [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
B13A[5_B13x1]. Males [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
B13B[1_B13x1]. Females [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
1.2
B13B[2_B13x1]. Females [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
1.0
B13B[3_B13x1]. Females [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.2
B13B[4_B13x1]. Females [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
B13B[5_B13x1]. Females [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
B13C[1_B13x1]. TOTAL (males and females) [Current users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
2.0
B13C[2_B13x1]. TOTAL (males and females) [Daily users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
1.4
B13C[3_B13x1]. TOTAL (males and females) [Occasional users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
0.6
B13C[4_B13x1]. TOTAL (males and females) [Former users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
B13C[5_B13x1]. TOTAL (males and females) [Never users][Prevalence (%) (please include all smokeless tobacco products in prevalence data)]
B131. Please indicate the smokeless tobacco products included in calculating prevalence for question B13:
The smokeless tobacco products included in calculating prevalence for question B13 are: chewing tobacco, snuff tobacco, betel quid with tobacco
B132[1_SQ001]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][From]
15
B132[1_SQ002]. Please indicate the age range to which the data used to answer question B13 refer: [Age range][To]
100
B133A. Please indicate the year of the data used to answer question B13:
2009
B133B. Please indicate the source of the data used to answer question B13:
2009 Philippines Global Adult Tobacco Survey (GATS)
B134[SQ001]. Please provide the definitions of "current user", "daily user", "occasional user", "former user" and "never user" (of smokeless tobacco products) used in this report in the space below. [Current user]
Includes both daily and occasional user

B134[SQ002]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Daily user]
Use smokeless tobacco at least one time everyday or nearly everyday over a period of a month or more
B134[SQ003]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Occasional user]
Less than daily user
B134[SQ004]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Former user]
Use smokeless tobacco in the past but is currently not a user of smokeless tobacco
B134[SQ005]. Please provide the definitions of “current user”, “daily user”, “occasional user”, “former user” and “never user” (of smokeless tobacco products) used in this report in the space below. [Never user]
Does not use smokeless tobacco at all
B135. Please provide a brief explanation of the trend in smokeless tobacco use in the adult population in the past two years or since submission of your last report.
The prevalence of smokeless tobacco use in the adult population indicated in this report is still based on the first Philippine Global Adult Tobacco Survey (GATS) in 2009. Data from the 2015 Philippine GATS is still for analysis. Therefore, the trend in smokeless tobacco use in the adult population is not yet available.
B14[B12a_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]
15
B14[B12a_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]
24
B14[B12a_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
1
B14[B12b_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]
25
B14[B12b_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]
44
B14[B12b_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]
3
B14[B12c_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]
45
B14[B12c_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]
64

B14[B12c_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

33

B14[B12d_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - start age]

65

B14[B12d_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [MALES - current smokers2][Range - end age]

B14[B120000_B12x1]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - start age]

B14[B120000_B12x3]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Range - end age]

B14[B120000_B12x2]. Prevalence of smokeless tobacco use in the adult population (current users) by age group (by age groups) (If data are available, please provide prevalence data by age group, and identify the age group considered, preferably by 10-year categories, e.g. 25-34, 35-44 years) [TOTAL (males and females) - current smokers2][Prevalence (%) (please include all smoking tobacco products in prevalence data)]

B141. Please indicate the smokeless tobacco products included in the answer to question B14:

The smokeless tobacco products included in the answer to the question B14 are: Chewing tobacco, snuff tobacco, betel quid with tobacco

B142A. Please indicate the year of the data used to answer question B14:

2009

B142B. Please indicate the source of the data used to answer question B14:

2009 Philippines Global Adult Tobacco Survey (GATS)

B143. Please provide a brief explanation of the trend in current use of smokeless tobacco by adult age groups in the past two years or since submission of your last report.

The prevalence of current use of smokeless tobacco by adult age groups is still based on the first Philippine Global Adult Tobacco Survey (GATS) in 2009. Data from the 2015 Philippine GATS is still for analysis. Therefore, the trend in current use of smokeless tobacco by adult age groups is not yet available.

B161. Please indicate the tobacco products included in calculating prevalence for question B16:
The tobacco products included in calculating prevalence for question B16 are: cigarettes, kretek, pipes, cigars

B162A. Please indicate the year of the data used to answer question B16:
2015

B162B. Please indicate the source of the data used to answer question B16:
2015 Philippine Global Youth Tobacco Survey (GYTS)

B163. Please provide the definition of "current smoking/tobacco use" used to answer question B16 in the space below.
Definition of current tobacco use is "smoked tobacco anytime during the past 30 days."

B164. Please provide a brief explanation of the trend in tobacco use by young persons in the past two years or since submission of your last report.
The trend in current cigarette smoking by young person has increased by 25%, from 8.9% in 2011 to 12% in 2015.

B2-B9. HEALTH, SOCIAL AND ECONOMIC INDICATORS

B2. Exposure to tobacco smoke
B21. Do you have any data on exposure to tobacco smoke in your population?
Yes
B22. Please provide details in the space below (e.g. exposure by gender, at home, in the workplace, on public transport). 13-15 y/o: More than two in five students live in homes where others smoke and close to three in five students are exposed around others outside the home; half the students have one or more parents who smoke and 95% of students have friends who smoke. 15 y/o and above: Among the 61 million adults, 39.6% are exposed to tobacco smoke at home, 36.9% are exposed at work, 55.3% are exposed in public transport, 33.9% in restaurants, 25.5% in government buildings and 7.6% in health facilities.
B23A. Please indicate the year of the data used to answer question B21:
2009
B23B. Please indicate the source of the data used to answer question B21:
2009 Philippine GATS and 2015 Philippine GYTS
B24. Please attach the relevant documentation.

1
B3. Tobacco-related mortality

B31. Do you have information on tobacco-related mortality in your population?
No
B32. What is the estimated total number of deaths attributable to tobacco use in your population?
B33. If available, please provide any additional information on mortality attributable to tobacco use (e.g. lung cancer, cardiovascular diseases) in your jurisdiction.
B34B. Please indicate the source of the data used to answer questions B32 and B33:
B35. Please submit a copy of the study you refer to:
B35[filecount]. filecount - Please submit a copy of the study you refer to:
0
B4. Tobacco-related costs
B41. Do you have information on the economic burden of tobacco use in your population, e.g. the overall cost of tobacco use imposed on your society?
Yes
B42. Please provide details (e.g. direct (health care-related) and indirect costs and, if possible, the method used to estimate these costs).
The average cigarette expenditure per month among manufactured cigarette smokers was Php326.4 pesos. Annually, an estimated 1 - 2% of the Gross Domestic Product (GDP) is spent on health, and economic costs due to tobacco-related deaths, disease and lost productivity.
B43A. Please indicate the year of the data used to answer question B42:
2009

B8. Taxation of tobacco products (with reference to Articles 6.2(a) and 6.3)
B81. What proportion of the retail price of the most popular price category of tobacco product consists of taxes (e.g. sum of excise, sales and import duties (if applicable) and value added tax/goods and services tax (VAT/GST))?
70.0000000000
B82[SQ001]. How are the excise taxes levied (what types of taxes are levied)? [Specific tax only]
No
B82[SQ002]. How are the excise taxes levied (what types of taxes are levied)? [Ad valorem tax only]
No
B82[SQ003]. How are the excise taxes levied (what types of taxes are levied)? [Combination of specific and ad valorem taxes]
Yes
B82[SQ004]. How are the excise taxes levied (what types of taxes are levied)? [More complex structure (please explain below)]
Yes

B82a. If a more complex structure of taxes (please explain): A combination of Ad valorem and specific tax is levied on tobacco products. For cigars, an Ad valorem tax rate of 20% based on NRP is levied per piece of cigar plus a specific tax rate. By 2017, it is expected that tax rates will become unitary, as provided by law.
B83[B83a_B83x1]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Smoking tobacco products][Product] Cigarettes packed by hand
B83[B83a_B83x2]. If available, please provide details on the rates of taxation for tobacco products at all levels of Government and be as specific as possible (specify the type of tax, e.g. VAT, sales, import duties) [Smoking tobacco products][Type of tax] Specific

B84. Please briefly describe the trends in taxation for tobacco products in the past two years or since submission of your last report in your jurisdiction.

Since the implementation of Republic Act No. 10351 otherwise known as the Sin Tax Law which started in January 2013, taxation for tobacco products has dramatically increased. This trend in taxation for tobacco products will continue to increase until 2017 when it becomes unitary. After 2017, there will be a continuous increase in taxation by 4% per year.

For the Sin Tax Law Incremental Revenue for Health, Php 14.22 billion pesos was earmarked in 2013, Php 9.12 billion pesos in 2014 and Php 33.74 billion pesos in 2015.

B85. Do you earmark any percentage of your taxation income for funding any national plan or strategy on tobacco control in your jurisdiction?

No

B86. Please provide details in the space below.

B92A. Please indicate the year of the data used to answer question B91:

2014

B92B. Please indicate the source of the data used to answer question B91:

Sworn Statements /Statement of Removals and Excise Tax Collection Report (from Official Register Books)

B93. Please briefly describe the trend in the prices of tobacco products in the past two years or since submission of your last report in your jurisdiction.

Available data from the Sworn Statements submitted consisted only of the manufacturer's cost/price and did not include the mark-ups, which are used to determine the retail price. Likewise, there was no survey conducted on the retail price of tobacco products. The survey could have been used as a basis to determine the trend in the prices of tobacco products.

Note regarding the source of data: The Sworn Statements/ Statement of Removals and Excise Tax Collection report from the Bureau of Internal Revenue Official Register of Books which was used to answer the questions under B8 (Taxation of Tobacco Products) and B9 (price of Tobacco Products) cannot be attached to this report.

B94. Please attach the relevant documentation.

C112. Have you partially developed and implemented tobacco control strategies by including tobacco control in national health, public health or health promotion strategies, plans and programmes?

N/A

C113. Is any aspect of tobacco control that is referred to in the Convention included in any national strategy, plan or programme?

N/A

C114[C114a]. Have you established or reinforced and financed: [a focal point for tobacco control?]

Yes

C114[C114b]. Have you established or reinforced and financed: [a tobacco control unit?]

Yes

C114[C114c]. Have you established or reinforced and financed: [a national coordinating mechanism for tobacco control?]

Yes

C115. Please provide details (e.g. the nature of the national coordinating mechanism, the institution to which the focal point for tobacco control or the tobacco control unit belongs).

The Department of Health (DOH) designated the Health Promotion and Communication Service (HPCS) as the National Tobacco Control Coordinating Office (NTCCO) through Department Order # 2011-0029 dated February 7, 2011. The HPCS served as the Tobacco Control Unit with its HPCS Director as the focal point person for tobacco control. Selected staff from the HPCS provided about 25% - 75% of their full time employment to tobacco control. In addition, three (3) full time staff were hired to implement the Bloomberg Initiative Project RIO-401B. Some departments of the DOH assign staff from their unit to work on tobacco control based on demand. NTCCO activities were financed from the grant provided by the International Union Against Tuberculosis and Lung Disease (The Union) with counterpart funds from the HPCS.

The DOH has a National Tobacco Control strategy document for 2011-2016. This document outlines the goals and strategies to implement tobacco control in the country. 13 Sector-wide Anti-Tobacco (SWAT) Sub-committees were organized to coordinate activities related to the implementation of FCTC Articles 5.3, 6,8,9,10,11,12,13,14,15,17,18 and 20.

At the sub-national levels, Regional Tobacco Control Networks headed by the Health Promotion Coordinators of the Regional Health Offices coordinated and implemented tobacco control activities in their respective regions.

C116. Please provide a brief description of the progress made in implementing Article 5.1 and 5.2 (General obligations) in the past two years or since submission of your last report.

In December 14, 2015, the management of the National Tobacco Control Program was transferred from the Health Promotion and Communication Service (HPCS) to the Disease Prevention and Control Bureau (DPCB) by virtue of Department Order 2015-0270. As of the last report in 2014, seven (7) out of thirteen (13) SWAT sub-committees were active, with the Sub-committee on Article 5.3 as the most active. The Sub-committee on Article 5.3 is led by the Philippine Civil Service Commission (CSC), with funding support from The Union.

C117. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C12. Protection of public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C121. protecting public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry?

Yes

C122. ensuring that the public has access, in accordance with Article 12(c), to a wide range of information on tobacco industry activities relevant to the objectives of the Convention, such as in a public repository?

Yes

C123. Please provide details in the space below.

The Department of Health and the Civil Service Commission (CSC) issued the Joint Memorandum Circular (JMC) No. 2010-01 dated June 26, 2010 on "Protection of the Bureaucracy Against Tobacco Industry Interference". The JMC adopted the guidelines set forth by the WHO-FCTC in implementing Article 5.3. A SWAT Sub-committee on Article 5.3 was established headed by the Civil Service Commission to coordinate efforts in protecting public health policies from tobacco industry interests. Tobacco Industry interference is monitored and reported to the Sub-committee.

C124. Please provide a brief description of the progress made in implementing Article 5.3 in the past two years or since submission of your last report.

To date, a total of 216 orientations on the JMC had been conducted by the Civil Service Commission (CSC), Department of Health (DOH), Framework Convention Alliance Philippines (FCAP) and Health Justice (HJ) to various government officials, administrative officers, legal officers and other employees. Several orientations had also been given by the CSC and DOH Regional Offices to their respective constituents and other regional agencies. A total of 70 agencies both at the national, regional and local government level had adopted the JMC policy in their respective agencies.

The Article 5.3 Sub-committee led by the CSC continues to hold regular meetings to act on reported violations of the JMC. The Sub-committee continues to monitor and hear reports on violations. The online reporting mechanism for complaints against violations of the JMC, which is coursed through the CSC Help Desk: Contact Center ng Bayan, remains to be available for reporting from the public.

Moreover, the Philippines through the CSC was also designated as a Technical Assistance provider for Article 5.3 to other countries under the South-South and Triangular and Cooperation Meeting.

C125. Have you utilized the "Guidelines for implementation of Article 5.3 of the WHO FCTC" when developing or implementing policies in this area?

Yes

C126. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. https://extranet.who.int/dataform/655321?token={TOKEN}&_en

C127. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C2. MEASURES RELATING TO THE REDUCTION OF DEMAND FOR TOBACCO

C2. With reference to Articles 6-14

C21. Price and tax measures to reduce the demand for tobacco Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C211. tax policies and, where appropriate, price policies on tobacco products so as to contribute to the health objectives aimed at reducing tobacco consumption?

Yes

C212. prohibiting or restricting, as appropriate, sales to international travellers of tax- and duty-free tobacco products?

Yes

C213. prohibiting or restricting, as appropriate, imports by international travellers of tax- and duty-free tobacco products?

Yes

C214. Please provide a brief description of the progress made in implementing Article 6 (Price and tax measures to reduce the demand for tobacco) in the past two years or since submission of your last report.

Since the passage of the Sin tax Bill, the Department of Health (DOH) had received sin tax incremental revenues earmarked for health from the excise tax on alcohol and tobacco products. Department of Health budget increase by 57% in 2014 and is expected to increase by 63% in 2015 from the 2013 budget level.

C215. Have you utilized the "Guidelines for implementation of Article 6 of the WHO FCTC" when developing or implementing policies in this area?

Yes

C216. Please provide details in the space below or refer to section H of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>

C217. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C218. Please attach the relevant documentation.

[]

C218[filecount]. filecount - Please attach the relevant documentation.

0

C22. Protection from exposure to tobacco smoke Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C221. banning tobacco smoking in indoor workplaces, public transport, indoor public places and, as appropriate, other public places ?

Yes

C222[1]. What is the type/nature of the measure providing for the ban? [national law]

Yes

C222[2]. What is the type/nature of the measure providing for the ban? [subnational law(s)]

Yes

C222[3]. What is the type/nature of the measure providing for the ban? [administrative and executive orders]

Yes

C222[4]. What is the type/nature of the measure providing for the ban? [voluntary agreements]
No

C222[5]. What is the type/nature of the measure providing for the ban? [other measures (please specify in C223 below)]
No

C223. Please provide a brief explanation of the type/nature and content of the measures providing for the ban.

The national law on Republic Act 9211 or the Tobacco Regulations Act provides a ban on selected public places, transport facilities, access restriction to minors, ban on advertising and promotions as well as printed health warnings. The law also allows for designated smoking areas within indoor workplaces and public places. The passage of the Graphic Health Warning law had recently required the use of pictures in cigarettes packs to warn consumers on the harmful effects of tobacco use.

Sub-national laws include ordinances issued by provinces, cities or municipalities. These are drafted by the local legislative council and implemented at localities administered either by the Provincial Governors, City/ Municipal Mayors and Barangay Captains. Local laws on tobacco control may be more stringent than the national law in view of the autonomy provided to local government units by the Local Government Code of 1991.

Administrative or Executive Orders refer to policy issuances by the national government agencies on tobacco control. Policy issuances are based on the authorities given by the law, by the President of the Philippines, international treaties or respective mandates of government agencies. Policies apply to all constituent offices at the regional and local levels which are administered by the agency. The policies guide actions of the government agency in the implementation of its mandate and functions related to tobacco control. Examples include the prohibition of smoking in government facilities, schools and public conveyances issued by the Civil Service Commission, Department of Education and Land Transportation Franchising and Regulatory Board, respectively.

C224. Do any of these measures provide for a mechanism/ infrastructure for enforcement?
Yes

C225. Please provide details of this system.

Republic Act 9211 mandates the Inter-agency Committee on Tobacco as its implementing arm, provided with exclusive power to administer and implement provisions of the law. The Committee is headed by the Department of Trade and Industry (DTI) as Chairperson and the Department of Health (DOH) as Co-Chairperson. Members include the Department of Agriculture, Department of Justice, Department of Environment and Natural Resources, Department of Science and Technology, Department of Education, National Tobacco Administration, representative from the Tobacco Industry and a Non-government Organization. The Monitoring and Enforcement Guideline (MEG) of RA 9211 details the designation and functions of pilot agencies in the implementation of the law as well as the procedures in the filing of complaints, investigation and reporting. Violations have corresponding penalties under the law.

At the sub-national level, the Local Government Units (LGUs) may assign or deputize a specific task force to enforce the ordinance on tobacco control. The composition of the task force differs from each LGU, and may include but not be limited to the City/ Municipal Departments such as the City/ Municipal Health Office or City/ Municipal Environment and Natural Resources Office, the Local Police Force, Sanitary Inspectors or Traffic Enforcers. Local Tobacco Control Councils may be created to serve as the implementation arm of the LGU. Most of the local enforcers at the sub-national level are authorized to issue citation tickets for violation of their local ordinances. Similarly, violations have corresponding penalties.

Under administrative and executive order, enforcement is assigned to a specific office within the agency, tasked to regulate or implement the policy. Monitoring and enforcement guidelines are issued to set out the procedures.

C226a[1]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor workplaces: [government buildings]
Complete

C226a[2]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor workplaces: [health-care facilities]
Complete

C226a[3]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor workplaces: [educational facilities6]
Complete

C226a[4]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor workplaces: [universities]
Complete

C226a[5]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor workplaces: [private workplaces]
Partial

C226a[6]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor workplaces: [other (please specify below)]

C226aa. Please provide a brief explanation of any "other" policies in the space below

C226b[1]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Public transport: [airplanes]
Complete

C226b[2]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Public transport: [trains]
Complete

C226b[3]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Public transport: [ferries]
Partial

C226b[4]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Public transport: [ground public transport (buses, trolleybuses, trams)]
Complete

C226b[5]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Public transport: [motor vehicles used as places of work (taxis, ambulances, delivery vehicles)]
Partial

C226b[6]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Public transport: [private vehicles]
None

C226b[7]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Public transport: [other (please specify below)]

C226bb. Please provide a brief explanation of any "other" policies in the space below

C226c[1]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [cultural facilities]
Complete

C226c[2]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [shopping malls]
Partial

C226c[3]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [pubs and bars]
Partial

C226c[4]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [nightclubs]
Partial

C226c[5]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [restaurants]
Partial

C226c[6]. Please specify the settings and extent/comprehensiveness of measures applied in indoor workplaces, public transport, indoor public places and, as appropriate, other public places. Indoor public places: [other (please specify below)]

C226cc. Please provide a brief explanation of any "other" policies in the space below

C227. Please provide a brief summary of complete and partial measures, with specific details of the partial measures that have been implemented:

C227a. Banning tobacco smoking in indoor workplaces
For private indoor workplaces, partial ban to tobacco smoking is enforced. The enforcement of a no smoking policy is highly depended on the individual policies or health programs enforced by each company.

C227b. Banning tobacco smoking in public transport
Tobacco smoking is prohibited in all public conveyances including airplanes, buses, taxis, jeepney and tricycles. Not included in the ban are ferries and private motor vehicles.

C227c. Banning tobacco smoking in indoor public places
Government buildings, health care facilities, as well as educational institutions and universities are prohibited from smoking tobacco. These prohibitions are covered by the policies from the Department of Health and Department of Education. However, shopping malls, pubs and bars, nightclubs, and restaurants only have partial banks. Policies depend on the company and compliance to city/ municipal ordinances.

C228. Please provide a brief description of the progress made in implementing Article 8 (Protection from exposure to tobacco smoke) in the past two years or since submission of your last report.
At the sub-national level, there is an increasing number of Local Government Units with local ordinances on 100% smoke free environments. Efforts are being made to ensure that local ordinances are consistent with FCTC provisions. The implementation of the Red Orchid Award (ROA) served as an incentive for LGUs to pursue a 100% smoke free environment in their localities. Local ordinances consistent with the FCTC guidelines were made criteria for selection of the winning LGUs in the ROA. The DOH was able to identify LGUs with good practices on 100% smoke free environment through the ROA. As a result, a network of LGUs leading in the implementation of 100% smoke free environment was organized through the Smoke Free Cities Asean Network (SCAN).

C229. Have you utilized the "Guidelines for implementation of Article 8 of the WHO FCTC" when developing or implementing policies in this area?
Yes

C2210. Please provide details in the space below or refer to section B of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>
An LGU ordinance template consistent with FCTC guidelines for the implementation of Article 8 was developed for use of LGUs aiming to formulate their local ordinance to promote protection against tobacco smoke.

C2211. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C2212. Please attach the relevant documentation.

C25. Packaging and labelling of tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C251. requiring that packaging, individual cigarettes or other tobacco products do not carry advertising or promotion?
Yes
C252. requiring that packaging and labelling do not promote a product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?
Yes
C253. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products carry health warnings describing the harmful effects of tobacco use?
Yes
C254. ensuring that the health warnings are approved by the competent national authority?
Yes
C255. ensuring that the health warnings are rotated?
Yes
C256. ensuring that the health warnings are clear, visible and legible?
Yes
C257. Does your law mandate, as a minimum, a style, size and colour of font to render the warning clear, visible and legible?
Yes
C258. ensuring that the health warnings occupy no less than 30% of the principal display areas?
Yes
C259. ensuring that the health warnings occupy 50% or more of the principal display areas?
Yes
C2510. ensuring that health warnings are in the form of, or include, pictures or pictograms?
Yes
C2511. Does the Government own the copyright to these pictures and pictograms?
No
C2512. Would you grant a non-exclusive and royalty-free licence for the use of health warnings developed in your jurisdiction with other Parties?
Yes
C2513[1]. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [constituents of tobacco products?]
Yes
C2513[2]. requiring that each unit packet and package of tobacco products and any outside packaging and labelling of such products contain information on relevant: [emissions of tobacco products?]
No
C2514. requiring that the warnings and other textual information appear on each unit packet and package and on any outside packaging and labelling in the principal language or languages of the country?
Yes
C2515. Please provide a brief description of the progress made in implementing Article 11 (Packaging and labelling of tobacco products) in the past two years or since submission of your last report.
The Graphic Health Warning Law (GHW) in the Philippines was passed in August 2014. The first set of 12 GHW templates was published in March 3, 2015. A Graphic Health Warning Implementing Rules and Regulations was finalized in November 2015 and was published in February 11, 2016. By March 4, 2016, all tobacco product manufacturers are required to adopt the GHW templates in the packaging and labeling of their tobacco products. By November 2016, all retail stores are required to have displayed tobacco products with GHWs.
C2516. Have you utilized the "Guidelines for implementation of Article 11 of the WHO FCTC" when developing or implementing policies in this area?
Yes
C2517. Please provide details in the space below or refer to section D of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. https://extranet.who.int/dataform/655321?token={TOKEN}&=en

C2518. If you have any other relevant information pertaining to or not covered in this section, please provide details in the space below.

There is a sworn statement/attestation that tobacco industries will comply with GHW. Any violation will be dealt with accordingly.

C2519. Please attach the relevant documentation.

No

C262[7]. To whom are these programmes targeted? [other (please specify)]

No

C262[other]. To whom are these programmes targeted? [Other]

C263[1]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [age]

Yes

C263[2]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [gender]

Yes

C263[3]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [educational background]

Yes

C263[4]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [cultural background]

Yes

C263[5]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [socioeconomic status]

Yes

C263[6]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [other (please specify)]
No

C263[other]. Do you reflect the following key differences among targeted population groups in educational and public awareness programmes? [Other]

C264[1]. Do these educational and public awareness programmes cover: [health risks of tobacco consumption?]
Yes

C264[2]. Do these educational and public awareness programmes cover: [health risks of exposure to tobacco smoke?]
Yes

C264[3]. Do these educational and public awareness programmes cover: [benefits of the cessation of tobacco use and tobacco-free lifestyles?]
No

C264[4]. Do these educational and public awareness programmes cover: [adverse economic consequences of tobacco production?]
No

C264[5]. Do these educational and public awareness programmes cover: [adverse economic consequences of tobacco consumption?]
No

C264[6]. Do these educational and public awareness programmes cover: [adverse environmental consequences of tobacco production?]
No

C264[7]. Do these educational and public awareness programmes cover: [adverse environmental consequences of tobacco consumption?]
No

C265[1]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [public agencies?]
Yes

C265[2]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [nongovernmental organizations not affiliated with the tobacco industry?]
Yes

C265[3]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [private organizations?]
No

C265[4]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [other (please specify)?]
No

C265[other]. awareness and participation of the following agencies and organizations in development and implementation of intersectoral programmes and strategies for tobacco control: [Other]

C266. Are the elaboration, management and implementation of communication, education, training and public awareness programmes guided by research and do they undergo pre-testing, monitoring and evaluation?
Yes

C267[1]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [health workers?]
Yes

C267[2]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [community workers?]
Yes

C267[3]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [social workers?]
Yes

C267[4]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [media professionals?]
Yes

C267[5]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [educators?]
Yes

C267[6]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [decision-makers?]
Yes

C267[7]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [administrators?]
Yes

C267[8]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [other (please specify)]
Yes

C267[other]. Are appropriate and special training or sensitization and awareness programmes on tobacco control addressed to: [Other]
legal

C268. Please provide a brief description of the progress made in implementing Article 12 (Education, communication, training and public awareness) in the past two years or since submission of your last report.
Information, Education and Communication (IEC) materials produced cover a variety of tobacco control areas such as: smoke free environment and Article 5.3., which includes both traditional and digital communications. The Regional Tobacco Control Networks (RTCN) working on tobacco control promotion also developed their own IEC materials.

C269. Have you utilized the "Guidelines for implementation of Article 12 of the WHO FCTC" when developing and implementing policies in this area?
Yes

C2610. Please provide details in the space below or refer to section E of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}<=en>

C2611. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C2612. Please attach the relevant documentation.

C2612[filecount]. filecount - Please attach the relevant documentation.

C27. Tobacco advertising, promotion and sponsorship Have you adopted and implemented, where appropriate, any legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes:

C271. instituting a comprehensive ban on all tobacco advertising, promotion and sponsorship?
No

C272[1]. Does your ban cover: [display and visibility of tobacco products at points of sales?]
N/A

C272[2]. Does your ban cover: [the domestic Internet?]
N/A

C272[3]. Does your ban cover: [the global Internet?]
N/A

C272[4]. Does your ban cover: [brand stretching and/or brand sharing?]	N/A
C272[5]. Does your ban cover: [product placement as a means of advertising or promotion?]	N/A
C272[6]. Does your ban cover: [the depiction of tobacco or tobacco use in entertainment media products?]	N/A
C272[7]. Does your ban cover: [tobacco sponsorship of international events or activities and/or participants therein?]	N/A
C272[8]. Does your ban cover: [contributions from tobacco companies to any other entity for "socially responsible causes" and/or any other activities implemented under the umbrella of "corporate social responsibility" by the tobacco industry?]	N/A
C272[9]. Does your ban cover: [cross-border advertising, promotion and sponsorship originating from your territory?]	N/A
C272[10]. Does your ban cover: [the same forms of cross-border advertising, promotion and sponsorship entering your territory for which domestic regulation apply?]	N/A
C273. are you precluded by your constitution or constitutional principles from undertaking a comprehensive ban on tobacco advertising, promotion and sponsorship?	No
C274. applying restrictions on all tobacco advertising, promotion and sponsorship?	Yes
C275. applying restrictions on cross-border advertising, promotion and sponsorship originating from your territory with cross-border effects?	No
C276. prohibiting those forms of tobacco advertising, promotion and sponsorship that promote a tobacco product by any means that are false, misleading, deceptive or likely to create an erroneous impression about its characteristics, health effects, hazards or emissions?	No
C277. requiring that health or other appropriate warnings or messages accompany all tobacco advertising, promotion and sponsorship?	No
C278. restricting the use of direct or indirect incentives that encourage the purchase of tobacco products by the public?	No
C279. requiring the disclosure to relevant Government authorities of expenditures by the tobacco industry on advertising, promotion and sponsorship not yet prohibited?	No
C2710[1]. restricting tobacco advertising, promotion and sponsorship on: [radio?]	Yes
C2710[2]. restricting tobacco advertising, promotion and sponsorship on: [television?]	Yes
C2710[3]. restricting tobacco advertising, promotion and sponsorship on: [print media?]	Yes
C2710[4]. restricting tobacco advertising, promotion and sponsorship on: [the domestic Internet?]	Yes
C2710[5]. restricting tobacco advertising, promotion and sponsorship on: [the global Internet?]	Yes

C2710[6]. restricting tobacco advertising, promotion and sponsorship on: [other media (please specify below)?]
No

C2710[other]. restricting tobacco advertising, promotion and sponsorship on: [Other]

C2711[1]. restricting tobacco sponsorship of: [international events and activities?]
Yes

C2711[2]. restricting tobacco sponsorship of: [participants therein?]
Yes

C2712. cooperating with other Parties in the development of technologies and other means necessary to facilitate the elimination of cross-border advertising?
Yes

C2713. imposing penalties for cross-border advertising equal to those applicable to domestic advertising, promotion and sponsorship originating from your territory in accordance with national law?
No

C2714. Please provide a brief description of the progress made in implementing Article 13 (Tobacco advertising, promotion and sponsorship) in the past two years or since submission of your last report.
The Philippine Constitution does not preclude a comprehensive ban on TAPS. Under RA 9211, TAPS is restricted in national media and outdoor advertisements. In 2015, the Department of Health conducted a TAPS monitoring in 16 selected municipalities and cities. Results indicated good practices among selected LGUs implementing a comprehensive ban on TAPS. However, TAPS were also found to be rampant in points of sale and other localities such as variety stores and restaurants that advertise tobacco products through the use of posters or other colaterals. Comprehensive TAPS ban was made a criteria in the selection of ROA winners.

C2715. Have you utilized the "Guidelines for implementation of Article 13 of the WHO FCTC" when developing and implementing policies in this area?
Yes

C2716. Please provide details in the space below or refer to section F of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <https://extranet.who.int/dataform/655321?token={TOKEN}&=en>
The Food and Drug Administration (FDA) was sued by the Philip Morris Fortune Tobacco Corporation Inc. (PMFTCI) for disallowing its permit application to conduct a sales promotion event. Supreme Court ruling decided in favour of Philip Morris stating that it is Inter-Agency Committee on Tobacco (IAC-T) and not the DOH who has primary jurisdiction to regulate sales promotion activities.

C2717. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C2718. Please attach the relevant documentation.

C2718[filecount]. filecount - Please attach the relevant documentation.

C28. Demand reduction measures concerning tobacco dependence and cessation Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C281. developing and disseminating appropriate, comprehensive and integrated guidelines based on scientific evidence and best practices?
Yes

C282[1]. programmes to promote cessation of tobacco use, including: [media campaigns emphasizing the importance of quitting?]
Yes

C282[2]. programmes to promote cessation of tobacco use, including: [programmes specially designed for underage girls and young women?]
No

C282[3]. programmes to promote cessation of tobacco use, including: [programmes specially designed for women?]
No
C282[4]. programmes to promote cessation of tobacco use, including: [programmes specially designed for pregnant women?]
No
C282[5]. programmes to promote cessation of tobacco use, including: [telephone quitlines?]
No
C282[6]. programmes to promote cessation of tobacco use, including: [local events, such as activities related to World No Tobacco Day or National No Smoking Day, if appropriate?]
Yes
C282[7]. programmes to promote cessation of tobacco use, including: [other (please specify)?]
No
C282[other]. programmes to promote cessation of tobacco use, including: [Other]
C283[1]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [educational institutions?]
No
C283[2]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [health-care facilities?]
Yes
C283[3]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [workplaces?]
Yes
C283[4]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [sporting environments?]
No
C283[5]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [other (please specify)?]
No
C283[other]. design and implementation of programmes aimed at promoting the cessation of tobacco use, in such locations as: [Other]
C284[1]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [tobacco control?]
Yes
C284[2]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [health?]
Yes
C284[3]. inclusion of diagnosis and treatment of tobacco dependence and counselling services for cessation of tobacco use in national programmes, plans and strategies for: [education?]
No
C285. inclusion of programmes on the diagnosis and treatment of tobacco dependence in your health-care system?
Yes
C286[1]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [primary health care]
Yes
C286[2]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [secondary and tertiary health care]
Yes

C286[3]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [specialist health-care systems (please specify below)]
Yes

C286[4]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [specialized centres for cessation counselling and treatment of tobacco dependence]
Yes

C286[5]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [rehabilitation centres]
No

C286[other]. Which structures in your health-care system provide programmes for the diagnosis and treatment of tobacco dependence? [Other]

C287[1]. Are the services provided in these settings covered by public funding or reimbursement schemes? [primary health care]
Partially

C287[2]. Are the services provided in these settings covered by public funding or reimbursement schemes? [secondary and tertiary health care]
Partially

C287[3]. Are the services provided in these settings covered by public funding or reimbursement schemes? [specialist health-care systems (please specify below)]
None

C287[4]. Are the services provided in these settings covered by public funding or reimbursement schemes? [specialized centres for cessation counselling and treatment of tobacco dependence]
None

C287[5]. Are the services provided in these settings covered by public funding or reimbursement schemes? [rehabilitation centres]
None

C287[6]. Are the services provided in these settings covered by public funding or reimbursement schemes? [other (please specify below)]
None

C287b. Please provide other details in the space below.

C288[1]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [physicians]
Yes

C288[2]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [dentists]
No

C288[3]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [family doctors]
Yes

C288[4]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [practitioners of traditional medicine]
Yes

C288[5]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [other medical professionals (please specify below)]
No

C288[6]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [nurses]
Yes

C288[7]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [midwives]
Yes
C288[8]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [pharmacists]
No
C288[9]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [Community workers]
Yes
C288[10]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [Social workers]
Yes
C288[11]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [other (please specify)]
No
C288[other]. Which health and other professionals are involved in programmes offering treatment for tobacco dependence and counselling services? Health professionals including: [Other]
C289[1]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [medical?]
Yes
C289[2]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [dental?]
No
C289[3]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [nursing?]
Yes
C289[4]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [pharmacy?]
No
C289[other]. training on tobacco dependence treatment incorporated into the curricula of health professional training at pre- and post-qualification levels at the following schools: [Other]
C2810. facilitating accessibility and/or affordability of pharmaceutical products for the treatment of tobacco dependence?
No
C2811. Where and how can these products be legally purchased in your country?
C2812[1]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction? [nicotine replacement therapy]
N/A
C2812[2]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction? [bupropion]
N/A
C2812[3]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction? [varenicline]
N/A
C2812[4]. Which pharmaceutical products are legally available for the treatment of tobacco dependence in your jurisdiction? [other (please specify)]
N/A

C2813[1]. Are the costs of these products covered by public funding or reimbursement? [nicotine replacement therapy]
C2813[2]. Are the costs of these products covered by public funding or reimbursement? [bupropion]
C2813[3]. Are the costs of these products covered by public funding or reimbursement? [varenicline]
C2813[4]. Are the costs of these products covered by public funding or reimbursement? [other (please specify below)]
C2813b. Please provide other details in the space below.
C2814. Please provide a brief description of the progress made in implementing Article 14 (Demand reduction measures concerning tobacco dependence and cessation) in the past two years or since submission of your last report.
C2815. Have you utilized the "Guidelines for implementation of Article 14 of the WHO FCTC" when developing and implementing policies in this area?
Yes

C3. MEASURES RELATING TO THE REDUCTION OF THE SUPPLY OF TOBACCO

C3. With reference to Articles 15-17
C31. Illicit trade in tobacco products Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:
C311. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining the origin of the product?
Yes
C312. requiring marking of all unit packets and packages of tobacco products and any outside packaging of such products to assist in determining whether the product is legally sold on the domestic market?
Yes
C313. requiring that unit packets and packages of tobacco products for retail and wholesale use that are sold on the domestic market carry the statement: "Sales only allowed in ..." or carry any other effective marking indicating the final destination of the product?
Yes
C314. developing a practical tracking and tracing regime that would further secure the distribution system and assist in the investigation of illicit trade?
Yes

C315. requiring that marking is presented in legible form and/or appears in the principal language or languages of the country?
Yes

C316. requiring the monitoring and collection of data on cross-border trade in tobacco products, including illicit trade?
Yes

C317. facilitating the exchange of this information among customs, tax and other authorities, as appropriate, and in accordance with national law and applicable bilateral and multilateral agreements?
No

C318. enacting or strengthening legislation, with appropriate penalties and remedies, against illicit trade in tobacco products, including counterfeit and contraband cigarettes?
Yes

C319. requiring that confiscated manufacturing equipment, counterfeit and contraband cigarettes and other tobacco products derived from illicit trade are destroyed, using environment-friendly methods where possible, or disposed of in accordance with national law?
Yes

C3110. adopting and implementing measures to monitor, document and control the storage and distribution of tobacco products held or moving under suspension of taxes or duties?
Yes

C3111. enabling the confiscation of proceeds derived from illicit trade in tobacco products?
No

C3112. promoting cooperation between national agencies and relevant regional and international intergovernmental organizations in investigations, prosecutions and proceedings, with a view to eliminating illicit trade in tobacco products, with special emphasis on cooperation at regional and subregional levels?
Yes

C3113. licensing or other actions to control or regulate production and distribution in order to prevent illicit trade?
No

C3114. Please provide a brief description of the progress made in implementing Article 15 (Illicit trade in tobacco products) in the past two years or since submission of your last report.
To counter illicit cigarette activities, the Bureau of Internal Revenue (BIR) has implemented various measures such as the affixture of internal revenue stamps with security features on imported and locally manufactured cigarettes and the use of Internal Revenue Stamps Integrated System (IRSIS) for the ordering, distribution and monitoring capability that will ensure the collection of correct excise tax on cigarette products as prescribed under Revenue Regulations No. 7-2014. Another measure is the institutionalization of the Electronic Official Registry Book (e-ORB) on tobacco products which is an automated facility that allows excise taxpayers to electronically submit the ORBs for monitoring and reconciliation purposes with the end view of uncovering possible discrepancies on declarations of removals of cigarette manufacturers. Also implemented is the round the clock (24/7) monitoring of Revenue Officers on Premise (ROOPs) on cigarette manufacturer's plant sites and the installation of Close Circuit Camera (CCTV) to close monitor the operations of one major cigarette manufacturer.

C3115. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C3116. Please attach the relevant documentation.

C3116[filecount]. filecount - Please attach the relevant documentation.

C32. Sales to and by minors Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C321. prohibiting the sales of tobacco products to minors?
Yes

C321a. Please specify the legal age:
18

C322. requiring that all sellers of tobacco products place a clear and prominent indicator inside their point of sale about the prohibition of tobacco sales to minors?
Yes
C323. requiring that, in case of doubt, each seller of tobacco products requests that the purchaser provides appropriate evidence of having reached full legal age?
Yes
C324. banning the sale of tobacco products in any manner by which they are directly accessible, such as open store shelves?
Yes
C325. prohibiting the manufacture and sale of sweets, snacks, toys or any other objects in the form of tobacco products which appeal to minors?
No
C326. prohibiting the sale of tobacco products from vending machines?
Yes
C327. Do you ensure that tobacco vending machines are not accessible to minors and/or do not promote the sale of tobacco products to minors?
N/A
C328[1]. prohibiting and/or promoting the prohibition of the distribution of free tobacco products: [to the public?]
No
C328[2]. prohibiting and/or promoting the prohibition of the distribution of free tobacco products: [to minors?]
Yes
C329. prohibiting the sale of cigarettes individually or in small packets?
No
C3210. providing for penalties against sellers and distributors in order to ensure compliance?
Yes
C3211. prohibiting the sales of tobacco products by minors?
Yes
C3212. Please provide a brief description of the progress made in implementing Article 16 (Sales to and by minors) in the past two years or since submission of your last report.
<p>Sections 7 to 12 of the Republic Act of 9211 (Tobacco Regulation Act of 2003) on Access Restrictions has prohibited the sale and distribution of tobacco products to minors, purchase of tobacco products from a minor, sale of tobacco products by a minor and for a minor to smoke tobacco products. Moreover, sale of tobacco products is prohibited within 100 meters of school perimeters as well as sale to minors by means of a vending machine or any self-service facility. The law also requires warning to minors about unlawful sale or distribution to minors of tobacco products at points of sale and need for age verification during purchase.</p> <p>The Department of Education has issued policies to address sales of cigarettes to and by minors within the school such as school premises, school canteens and in the implementation of school activities. Policies are: Operating Guidelines on Canteen Management, 100% Smoke Free Environment, adoption and observance of related provisions of RA 9211 as well as the adoption and implementation of the Joint Memorandum Circular on Protecting the Bureaucracy Against Tobacco Industry Interference (Article 5.3).</p> <p>The Metropolitan Manila Development Authority (MMDA) through their Balik Eskwela (Back to School) program conducts daily inspection of stores for display of tobacco products and warning to minors, within the 100% meter school perimeters in Metropolitan Manila. To date, 2,183 stationary stores and 780 ambulant vendors had been monitored by the MMDA for compliance to access restriction laws.</p>
C3213. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.
<p>The Department of Education (DepEd) has initiated the development of a Comprehensive Policy and Guidelines on Tobacco Control to address not only the problem of smoking in schools and Department premises but also address tobacco industry interference in DepEd implementation policies in the guise of Corporate Social Responsibility (CSR). The DepEd policy includes education and information on harmful effects of tobacco use and exposure to second hand smoke as well as tobacco industry interference tactics; and guidelines to access effective cessation intervention services. It also includes guidelines on the enforcement of absolute smoking bans, access restrictions to minors, ban on tobacco outdoor advertisements, promotion and sponsorship as well as school donations received through the CSR activities of tobacco companies.</p>

C33. Provision of support for economically viable alternative activities Have you adopted and implemented, where appropriate, measures or programmes on any of the following:
C331[1]. promoting economically viable and sustainable alternatives for: [tobacco growers?]
Yes
C331[2]. promoting economically viable and sustainable alternatives for: [tobacco workers?]
Yes
C331[3]. promoting economically viable and sustainable alternatives for: [tobacco individual sellers?]
No
C332. Please provide a brief description of the progress made in implementing Article 17 (Provision of support for economically viable alternative activities) in the past two years or since submission of your last report.
Through the South-South and Triangular Cooperation Meeting for the implementation of the WHO FCTC, the Philippines was selected as a Technical Assistance Recipient for Article 17 and 18. Feedback had been made to the relevant Article 17 National Tobacco Control Committee. A team composed of representatives from the Department of Agriculture, Department of Agrarian Reform, Department of Labor and Employment and the Department of Health, including representatives from the Regional Health Office and Agricultural Office had been organized to travel to Brazil to study their Alternative Livelihood Program. It is expected that the Philippine team will develop a proposed country specific project on Alternative Livelihood for Tobacco Farmers.
C333. Have you utilized the "Policy options and recommendations on economically sustainable alternatives to tobacco growing (in relation to Articles 17 and 18 of the WHO FCTC)" when developing and implementing policies in this area?
No
C334. Please provide details in the space below or refer to section I of the additional questionnaire. Response to this question or to the additional questionnaire is voluntary. <a href="https://extranet.who.int/dataform/655321?token={TOKEN}<=en">https://extranet.who.int/dataform/655321?token={TOKEN}<=en

C42. Liability Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C421[SQ001]. Does your tobacco control legislation contain measures regarding criminal liability for any violations of that tobacco control legislation?
Yes

C422[SQ001]. Do you have separate criminal liability provisions in relation to tobacco control (outside of the tobacco control legislation)?
Yes

C423[SQ001]. Do you have any civil liability measures that are specific to tobacco control?
Yes

C424[SQ001]. Do you have any general civil liability provisions that could apply to tobacco control?
Yes

C425[SQ001]. Do you have civil or criminal liability provisions that provide for compensation for adverse health effects and/or for reimbursement of medical, social or other relevant costs?
Yes

C426[SQ001]. Has any person in your jurisdiction launched any criminal and/or civil liability action, including compensation where appropriate, against any tobacco company in relation to any adverse health effect caused by tobacco use?
Yes

C427[SQ001]. Have you taken, as appropriate, any legislative, executive, administrative and/or other action against the tobacco industry for full or partial reimbursement of medical, social and other relevant costs related to tobacco use in your jurisdiction?
No

C428. Please provide a brief description of any progress made, as appropriate, in implementing Article 19 (Liability) in the past two years or since submission of your last report.

C429. If you have any other relevant information pertaining to but not covered in this section, please provide details in the space below.

C4210. Please attach the relevant documentation.

C4210[filecount]. filecount - Please attach the relevant documentation.

C43. Research, surveillance and exchange of information Have you adopted and implemented, where appropriate, legislative, executive, administrative or other measures or have you implemented, where appropriate, programmes on any of the following:

C431[1]. developing and/or promoting research that addresses: [determinants of tobacco consumption?]
No

C431[2]. developing and/or promoting research that addresses: [consequences of tobacco consumption?]
No

C431[3]. developing and/or promoting research that addresses: [social and economic indicators related to tobacco consumption?]
Yes

C431[4]. developing and/or promoting research that addresses: [tobacco use among women, with special regard to pregnant women?]
No

C431[5]. developing and/or promoting research that addresses: [the determinants and consequences of exposure to tobacco smoke?]
No

C431[6]. developing and/or promoting research that addresses: [identification of effective programmes for the treatment of tobacco dependence?]
No

C431[7]. developing and/or promoting research that addresses: [identification of alternative livelihoods?]
No

C431[other]. developing and/or promoting research that addresses: [Other]

C432. training and support for all persons engaged in tobacco control activities, including research, implementation and evaluation?
No

C433[1]. a national system for epidemiological surveillance of: [patterns of tobacco consumption?]
Yes

C433[2]. a national system for epidemiological surveillance of: [determinants of tobacco consumption?]
Yes

C433[3]. a national system for epidemiological surveillance of: [consequences of tobacco consumption?]
No

C433[4]. a national system for epidemiological surveillance of: [social, economic and health indicators related to tobacco consumption?]
No

C433[5]. a national system for epidemiological surveillance of: [exposure to tobacco smoke?]
Yes

C433[other]. a national system for epidemiological surveillance of: [Other]

C434. Please list all surveys, including the year of the survey, that you have undertaken in the past.
Global Adult Tobacco Survey (GATS): CY 2009, 2015 Global Youth Tobacco Survey (GYTS): CY 2003, 2007, 2011, and 2015 Social Weather Station (SWS): CY 1998, 2008, 2009, 2010, 2012, 2013, 2014, 2015 Global School-based Health Survey: CY 2000, 2003, 2007, 2011, 2015 National Demographic Health Survey (NDHS) National Nutrition Health Survey (NNHS)
C435. Does your country have any plans to repeat any of the above or to undertake a new tobacco survey within three to five years of your last survey? Please provide details in the space below.
Yes, the Department of Health has plans to conduct the GATS and GYTS with funding from the DOH budget.
C436[1]. regional and global exchange of publicly available national: [scientific, technical, socioeconomic, commercial and legal information?]
Yes
C436[2]. regional and global exchange of publicly available national: [information on the practices of the tobacco industry?]
Yes
C436[3]. regional and global exchange of publicly available national: [information on the cultivation of tobacco?]
Yes
C437[1]. an updated database of: [laws and regulations on tobacco control?]
Yes
